SERVICE NEWS IN BRIEF

"I'M COMING HOME"

Issued in solemn warning this 13th day of June, 1953.

To the neighbors, friends and relatives of one Richard S. Dilsaver.

Fill the reefer with cold beverages! Get those civies out of moth balls!

Dear citizens:

Very soon the above signed will be in your midst, dehydrated, demobilized and demoralized, to take his place once more as a human being, with freedom and justice for all; engaged in the liberty and somewhat declared pursuit of happiness.

In making joyous preparation to welcome him back into organized society, you must make allowance for the crude environment which has been his miserable lot during recent months. In a sense, he might be a little Asiatic, suffering from Japanese Yapparatta, a little too much Saki or Korsan Makjoo. Therefore show no alarm if he prefers to squat instead of sitting in a chair or shows a tendency to bow when meeting or saying goodbye to someone. Keep cool when he pours gravy on his dessert at the supper table. Don't look at him with doubt when he shouts "Eetaws" at you. He really meant to say "Come here." Never ask him why the Smith boy held a higher rank than he did, and make no flattering remarks about the Airborne or Air Force and above all, never, never mention the Marine corps in his presence!!!

This man will run amuck if you mention rotation or reenlistment or what happened to General Dodd. And for good reason keep in mind that beneath this tanned exterior there beats a heart of gold. Treasure this for after many months of cards and shooting the breeze with his buddies. This will be the only thing of value that he has left.

With kindness, tolerance and an occasional bit of good spirits (never place Tori or Saki in front of him), you will again be able to rehabilitate what is now a hollow shell of the happy man you once knew.

P.S. Send no more letters c/o APO 6, Pohang-dong Inchon-Do, or Koie-Do and all that Korean Jibberish.

My new address
Mr. Richard Dilsaver
91 Southampton Av.
Columbus 4, Ohio.

Dance Music Band Concert To Be Sunday

On Sunday evening, July 5 at Schiller Park, the Columbus Federation of Musicians will present it's version of "Jazz at the Philharmonic" when a large dance band under the capable direction of Clair V. Barnard will provide a concert of all dance music.

This departure from the usual program of the concert band is the result of many requests from enthusiasts of this type of music and every effort has been made to have all types of modern dance music played. In addition to the numbers by the entire band, various small groups will be drawn to present the accepted styles of the modern bands such as Dixieland and the Rhumba.

Vocals will be handled by Russell Butler and Leslie Wendell and the instrumental solos by Doc McLain and Earl March.

Barnard is well qualified to handle this concert being himself an outstanding performer with the Tommy Dale Orchestra. In addition, he is an instructor of instrumental music at West High School and is also a member of the Aladdin Temple Shrine Band. During World War II, he served with an Air Force Band.

The concert will start promptly at 8:00 p. m. and has been made possible by funds provided by the Recreational Department of the City of Columbus and the Columbus Federation of Musicians through a grant from the Music Performance Trust Fund of the Recording and Film Industries.

Damages Asked In Child's Death

Damages of $150,000 are asked by the mother of an eight-year-old Demorest-rd girl killed in a truck-school bus crash Apr. 10 near Grove City.

Mrs. Thelma D. Haimerl, 3019 Demorest-rd, filed the suit with Clerk of Courts Roy King against Jacob F. Dahms, Covington, Ky., driver of the truck, and William Enderlein & Co., Inc. of Cincinnati, owners of the truck.

Joyce Haimerl was killed when the truck, loaded with produce for Columbus markets, smashed into the rear of the school bus which was discharging pupils in Rt. 62 about one and a half miles north of Grove City.

In her petition, Mrs. Haimerl said her daughter was crushed between the school bus and a guard rail as a result of the "wanton and willful misconduct" of the defendants. She charged the truck driver was driving more than 60 miles per hour and that he failed to stop the truck or take the center lane of the highway which was "completely open and unobstructed."

Dahms is under indictment for second-degree manslaughter in connection with the fatal crash.

Scouts Sponsor Sale Of Flags

There need be no lack of display of the American Flag this July 4, if Boy Scout Troop 131 of New Rome under the leadership of Scoutmaster Verlyn Pyles and Assistant Scoutmaster Jack Kidwell, have anything to do about it.

The troop has launched a sale of American Flags with the two-fold program of having adequate display of the flag on holidays as well as to derive funds from the sale of the flags to send scouts to summer camp.

The Scouts offer prompt delivery on 3 by 5, 4 by 6 and 5 by 8 flags and staffs. They are offering 2 by 3 flags at $3.25, 3 by 5 flags at $5.95; 4 by 6 flags at $8.75 and 5 by 8 flags at $12.50 all plus tax. Staffs of 6 feet height are 25 cents in ash or hickory and 8 feet staffs cost 40 cents.

To be assured of a flag for July 4 the Scouts ask that orders be called to FR. 8-5986 or to RA. 6813.

Camp Chase Nine Loses Two Big Ones By Scores Of 2-0 and 10-9

The Camp Chase-Beasley Grove Junior Baseball team lost its third and fourth games in the Legion Gold League the past week, giving the team a 2-4 record and leaving only an outside chance of winning the championship.

Bexley (7-0), Franklin (5-2) and Smith Barratt (6-1) must each come out with four losses at the end of the season to give Camp Chase a tie. Each of these teams has seven games left to play and each will meet Camp Chase in the second round. Providing Camp Chase wins all its remaining games, it must still depend on three other teams to beat Bexley, two other to beat Smith Barratt, and one other to beat Franklin. If this should happen the league would end in a four way tie. Possible but not probable.

Franklin 2, Camp Chase 0

Two safe bunts by pitcher Bill Spratley, a single by right fielder Jim Cobb, and a hard smash by center fielder Gary Nebinger which would have been good for a triple if he had not neglected to touch second (he got credit for a single) were the only hits Camp Chase was able to collect off Franklin's right-handed Chuck Kessler last Thursday at OSU as they lost 2-0.

A walk and two singles accounted for one run for Franklin in the first and two singles and an error gave them another in the fourth.

Camp Chase had the bases loaded in the fifth with only one out but was unable to score as Kessler struck out the next two batters.

Kessler struck out seven and walked only one as he tied Camp Chase's hands. Spratley for Camp Chase was very effective as he scattered six hits while walking three and fanning six.

Camp Chase 4, Circleville 1

Circleville's Hall Adkins Post Legion team lost its second non-league tilt of the season to Camp Chase 4-1 at Ted Lewis Field in Circleville last Saturday.

Right-hander Dixie Howell allowed only two hits while walking none and striking out five of the Circleville team in a game that saw Camp Chase receive credit for nine put outs in the outfield and four in the infield by the fly ball route.

Howell singled and tripled in four trips and catcher Jim Hughes collected two singles in four trips. "Ole number 26" Dave Randall, Camp Chase's first baseman, led the hitting with three singles in four trips. He also led in popularity with the Circleville powder-puff brigade in the cheering section.

Scioto No. 2, 10; Camp Chase, 9

Five errors and weak hitting virtually knocked Camp Chase out of the race for the Gold League championship in Legion ball last Sunday at West.

Two unearned runs in the first inning and two more in the seventh for Scioto tell the story quickly. Scioto took the lead in the first with four runs. Camp Chase picked up two in the second but Scioto bounced back with two more in the third to make the score Scioto 6, Camp Chase 2, at the end of the third.

Camp Chase took the lead in the fifth after scoring one in the fourth. In the big fifth inning they batted around as they received three walks, an error and belted three singles to score four runs and take the lead, 7-6 Scioto came right back with three hits to take the lead 8-7, and scored two more in the seventh for a total of 10 runs.

With the score 10-7, Scioto in the ninth, Camp Chase began a rally that ended one short of sending the game extra innings. The Scioto pitcher struck out the last Camp Chase hitter with the bases loaded.

Camp Chase Wins Two Games; Now In Tie For First Place Position

The Camp Chase Little Bigger League team swamped Circleville 14-5 at Ted Lewis field in Circleville last Wednesday night. Right hander Mike Posey scattered three hits to the Circleville nine while walking three and fanning 12 in a seven inning game under the lights.

Clapsaddle and Posey each got two hits for Camp Chase while the big gun was first baseman Dave Randall who belted two doubles and two singles in five trips while Jim Mentel was right behind him with three singles. Mentel played right field. Price, Wilson, Watkins, and Coe also hit safely in the 15 hit attack on Circleville.

Camp Chase 17, Linden AC 1

Two weeks ago Camp Chase was defeated 5-2 by Buckeye Electric. One week ago Linden AC was defeated 3-2 by the West Side Pirates. Last Friday night the West Side Pirates played Buckeye Electric while Camp Chase met Linden AC. The game was expected to be a tight one.

Spratley scored as he got on on an error, stole second, went to third on an infield out and took a big turn at third to draw a throw. The ball went through the third baseman, allowing Spratley to score. In the second inning Ronnie Nebinger singled, attempted to steal second and went to third when the second baseman bobbled the ball on the throw.

Thus, smart base running got the first two runs of the game, runs that put enough pressure on the opposition to cause them to blow sky high.

Camp Chase scored three more in the third, none in the fourth, and then really went to work in the fifth inning as they batted around, and then three more to score 10 runs.

Right-hander Jim Mentel had Linden handcuffed with only three hits while allowing only three walks and striking out 10 in the seven-inning game. At the same time his teammates got behind him with a 13-hit slaughter. Edwards and Dinsch each singled while Randall, Ron Nebinger Wilson and Coe collected two each. Nebinger had a well hit triple as one of his two hits. Pitcher Jimmy Mentel helped his own cause with three singles in four trips to lead the hitting for Camp Chase.

While Camp Chase was winning easily over a team that gave the Pirates trouble (3-2), the Pirates were beating Buckeye Electric 8-1, the only team to defeat Camp Chase so far this season. Thus, Buckeye Electric and Camp Chase are tied for first place with four wins and one loss each. Camp Chase must play both the West Side Pirates and Buckeye Electric once each in the remaining eight games, however. It will be against these teams that Camp Chase will see its hopes live or die.

Cocherl And Westgate EUB Win In The YMCA Junior Church Loop

By Dick Wilson

The undefeated remained undefeated in the second session of play in the Hilltop YMCA Junior Church League held at Westgate Park on Tuesday evening of last week.

Cocherl Memorial Alliance showed their heavy hitting power was not just temporary, as they "clobbered" an undermanned Avondale EUB 20 to 2. The Avondale nine started out like they meant to make a real ball game of it as they held the Cocherl boys scoreless for the first inning. And then the "big guns" let loose as the Johnson coached team tallied 6, 5, 4, 1 and 4 runs in the following innings at bat.

The Avondale nine managed to get a runner across home in the fourth and sixth innings. Kent Banbury scored in the fourth and Daniel Edwards scored in the sixth. Gary Baker went the pitching route for the winning nine and Howard Morris once again received for him. Howard Tucker was credited with the loss and Gary Rayot was his battery mate.

		R	H	E

The Hilltop YMCA also proved that they are championship contenders as they continued with their high-scoring ways in beating Glenwood Methodist 28 to 5.

"Big Furry" once again hurled good ball for the "Y" nine as he gave up only three hits and four walks. Warren Pemberton, who was benched the first game because of a wrist injury, did a good job behind the plate in holding up Furry's offerings. Bill Burke was credited with the loss although he was relieved later in the game by John Hammel.

Glenwood's runs were scored by Herb Cosad, Dave Darby and Robert Kreig. All members of the "Y" Leaders managed to score at least once. John Kuntz led his team in scoring as he crossed the plate four times for four times at bat.

Not to be outdone by the other two league leaders, Westgate EUB sharpened their batting eyes and went on a run spree to get 27 hits and 28 runs off a scrappy but inexperienced Hoge Memorial nine. Ronnie Ireland performed masterfully on the mound for the victors as he held the Presbyterians to four hits and three runs.

Dick Glass, Don Morris and John Smith crossed the plate one time apiece for the losers and all members of the winning nine scored at least once, Tom Reeves led his team in scoring five tallies as he also looked sharp on the defense.

HBA Warning On Racket Is Sounded

C. H. Campbell, executive secretary of the Hilltop Business Association, has issued the following warning to members of the association.

"One or more men representing themselves as representatives of the U.A.W. union at Ternstedt have approached local business men offering to deliver the business of union members in return for a fee and promise of discounts to the members of the union."

Campbell advises that this is a racket and to have no part of it.

Harry Graham
Your Shoetrician in SEILLER'S
Says:

"SHOE DOGS"

For years I've heard old shoe men speak of each other as "shoe dogs." Sort of a nick-name like calling firemen "smoke-eaters." I never thought much about this until one day when I was visiting a friend who has a smart dog. Naturally he is proud of the dog's accomplishments and so I had to watch him go through his tricks. The very first one was this . . . an old shoe was brought out, the dog stuck his nose in it, sniffed a few times and then trotted into the house. In a few minutes he returned with the exact mate of that shoe. A cute trick, sure, but after that I didn't want anyone calling me a shoe dog.

It reminded me too much of some so-called shoe-fitters I have known. The ones who take off your old shoe and start pawing around trying to find what size it was. You can almost imagine that they too are sniffing. Then they trot back to the stock-room and return with shoes exactly the same size as your old ones. To my way of thinking that is what a shoe dog is . . . some one who isn't interested enough to measure the customer's feet to find out for himself what size shoe the customer should have.

Too many people have foot troubles and no small amount of corns, callouses and bunions are traced directly to poorly fitted shoes. Whenever you or your children get shoes be sure your feet are measured and your shoes are fitted on by some one who is more than a "shoe dog."

Pfc. Richard Layne

CAMP LEJEUNE, N.C.—Marine Private First Class Richard C. Layne, son of Mr. and Mrs. D. R. Smith, of 639 Eureka-av, is a member of the Camp Lejeune varsity track team and competed in the All-Marine track and field meet here June 11-13.

Pfc. Layne was a memeber of Lejeune's football squad last year, having attended Ohio State University and the University of Southern California before entering the Marine Corps in Nov. 1951.

Layne participates in the shot put and discus events for Lejeune and has taken several firsts, seconds and thirds this season. His best throw in the hot put was a 48-foot four and one-half inch heave in the recent meet with Quantico, which set a new track record here and unofficially broke the All-Marine record of 48 feet one-half inch.

W. Park Methodist Leads Senior Church League

West Park Methodist continued to lead the second round of play in the West Senior Church Softball League this week as they notched up their third consecutive win at the expense of Burgess EUB by a score of 5-2.

Methodist twirler Bill Kearney tossed a four hitter and was well on his way to his third consecutive shutout, but two infield errors and a single gave the Brethren two unearned tallies in the final frame.

Dick Nader's homerun featured the loop leaders' attack.

Avondale EUB, behind the brilliant one-hit, 15-strikeout pitching of Chuck Larkin, blanked Hoge Memorial by a score of 11-0. Fred Laderer singled, leading off in the final inning to spoil the bid for a no-hitter.

Galbreath and Hines led the winners with two safeties apiece, each including a homerun.

Next Monday, July 6, at Westgate, West Park Methodist tangles with Glenwood Methodist in a contest that will probably decide the second round championship, as both are undefeated.

Avondale EUB plays Burgess EUB in the other scheduled game.

Hoge Memorial has the bye.

Summer Fun Program Now In Operation

The summer fun program of the Central YMCA, Boys' Branch, is in full operation with many boys participating.

Swimming instruction in the "Y" pool, games in the gymnasium, craft classes, lobby games, weekly hikes and trips, and special events are on the program which will continue until Sept. 19.

Among the popular features of the summer will be bus trips to South Y Park, Columbus Zoo, Blendon Woods, Mohican Forest as well as other interesting trips.

The first groups have completed their orientation and the opportunity is now offered to additional boys to join in the fun and training throughout the summer.

Interested boys and parents may get full information at the YMCA, 40 W. Long-st, or by calling AD. 1131, Boys' Branch.

Volunteer Firemen and West Park Are Tied For YMCA League Lead

By Dick Wilson

The Volunteer Firemen kept up their hot pace in the Hilltop YMCA Intermediate Church League as they blasted Columbus Chapter Order of DeMolay to the tune of 14-7. DeMolay is subbing for the Pythgroans in the league because the Pythgroans have been unable to field a team due to players being drafted and working.

Bob Green once again did not give up a hit, but his wildness and lack of control kept him continuously in hot water as he walked 16 batters. The Firemen's tight infield also helped Green as several balls were stopped and caught which could have easily gone for extra bases.

Jim Jones was credited with the loss as he gave up 13 hits and walked 6 men.

The hitting department was led by Chuck Lantz and Paul Anderson of the Firemen who each got 3 for 5 times at bat. Dave Gurley looked good afield for the losers and Ron Guyton, who was switched from outfield to first for the Firemen starred defensively for the victors.

The Church of Christ kept up its slow pace in the league as it was once again bombarded from all angles by the opposition to the score of 30 to 2. While Earl Gates once again did a good steady job of pitching for the Methodists, Bob Moose and Bob Lloyd shared the duty of throwing and ducking. Moose was credited with the loss.

Dick Moose, Dan Timmons and Gary Koontz scored for the losers and all the Methodists tallied at least once. George Breckenridge looked good afield for the victors while Ron Dixon starred defensively for the C. of C. nine.

Lions-Kiwanis Little League Baseball Play Is Started

The Glenwood Hilltop Lions-Kiwanis Little League got under way Thursday, June 25, with a double header game following the pre-game ceremonies.

The League was opened with a flag raising, followed by a pledge to the flag. Short talks were given by the Kiwanis representative, Frank Mason, and by the recreation department supervisor of Little Leagues, Jerold Feddersen.

The opening game between the Tigers from Holton Playground and the Cowboys from Columbian (Hauntz) Playground was won by the Cowboys 29-0.

Opening the game with a six run first inning, the Cowboys continued to pound the Tigers' pitchers, who were having trouble finding the plate. Between the walks that loaded the bases and the timely hitting of the Cowboys, they had little trouble taking their first contest.

The Tigers used West, Renner, O'Conner and Cowley in their attempt to halt the Cowboys. The Cowboys pitched their ace, Larry Goodin, the route. A scratch single by Crowley prevented Goodin from obtaining a perfect game.

The second game of the opening day double header found the Eagles tangling with the Cougars. The Eagles, opening the game, came in with three runs in the first; the Cougars came back in the second with two to make it 3-3 in the third. The Eagles opened up in the top of the third to collect nine more runs This lead was built in the following innings to make the final score 21-4.

The Cougar pitchers, Jordan, Fleming and Karns, were pounded hard by the Eagles for 17 hits, while the Eagles' ace, Brown, gave up only three hits.

The final game of this week's league play on Friday had the remaining two teams in the six team circuit battling it out Traditional as their names, the Yankees and Dodgers battled to a 17-6 game, with the Yankees taking the edge.

Kelly Richards pitched four-hit ball for the Yankees while his teammates collected nine hits, including four baggers by Crawford and Strickler. Wolf was relieved in the fifth by Hummel for the Dodgers. The errors committed behind Wolf and Hummel gave the Yankees their victory.

Old Timers Kick-Off Hilltop YMCA Looper League Action

Grunts and groans were the order of the day as Hilltop ball players of yesteryears made their debut in the Hilltop YMCA Looper "Slo-Pitch" League at Westgate Park last Thursday evening.

The Hilltop Record and New Rome went five innings before the game was called because of rain. At this time the New Rome nine was leading 5-3. Lee Koontz and Ren Green were the losing battery and Ralph LaRue and Cliff Couter were credited as the winning battery.

Hitting honors were taken by the losing team as Ken McClelland hit the lone homer of the game. Bill Coon and Gerald Roberts scored the other two tallies for the losers.

Bill Hamilton, J. P. Fenner, LaRue, Frank Bowers and Verlyn Pyles tallied for the winners.

	R	H	E

Both the Hilltop Post Office and Hillcrest Baptist teams showed they may have been hitting greats at one time as both teams hit to good advantage, but the Mailmen tallied 18 while the churchmen could only gather 13.

The winning pitcher was Gene Williams and his battery mate was Robert Jackson. Jackson led the victors in scoring as he crossed the plate three times in three times at bat. Jim Cardosi wielded the "big stick" for the losers as he racked up two runs.

The Baptists started off with a bang as they scored 8 of their 13 runs in the first inning, but all the running around the bases winded the "old-timers" too bad; and they just couldn't keep up the pace.

H. P. Of. 4 8 4 0 2 0 0—	18	20	2
H. Bap. 8 1 1 0 0 3 0—	13	15	2

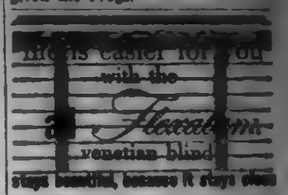
The Hilltop Kiwanis club surprised all the fans and themselves as they played heads-up ball for five innings to hold a highly favored Westgate EUB team on even terms. But then the Williams coached team found their batting eyes and went on an eight run spree in the last two innings to walk away with the ball game.

Ray McVay led the hitting department for the losers as he accumulated three for three. Bob Horn was the heavy slugger for the victors as he got three for four, two being home runs. Dick Nash starred afield for the losers, and Bill Williams looked exceptionally good afield for the victors.

W. EUB	0	0	0	2	0	3	5—	10	11	1
H. Kiw.	0	0	0	0	0	1	1—	3	10	2

Next week Dick Wonderle's Post Office team will face Ed Johnson's Kiwanians; Lee Koontz's Record [illegible] will meet Bill Williams' West[illegible] EUB team and Jim Smith's New Rome bunch will meet L. G. Tallman's Hillcrest Baptists.

All games are played on Thursday evenings at Westgate Park at 6:00 p. m.



Frogs Defeat Glenwood 8-4

The Glenwood Intermediate team took on the Camp Chase Frogs in a practice game Friday. The Glenwood team, pitching each of its pitchers in rotation, was beaten by the Frogs 8-4.

Glenwood pitched Lefty Flannagan for two innings. He was tagged for six hits and five runs. Flannagan pitched to 12 men and gave up only two walks and six hits. Hill pitched for one inning and was wild, giving up three walks and one hit and three runs. The last three innings were pitched by Longmire, who faced 13 men, striking out six. He allowed one hit, two walks and no runs.

Hinton, the Frog's pitcher, gave up seven hits and six walks and struck out four.

The Glenwood entry in the City Intermediate Knothole League was not able to bunch the hits gotten off Hinton to offset the early lead given the Frogs.

RICH MAN, POOR MAN . . .
GOOD HEALTH FOR ALL

Have a Good Vacation

"Have a good vacation." You say those words and hear them constantly these days as the annual vacation begins.

You've planned to have a wonderful time.

But there are hazards, and it's well to plan for them. A vacation can be ruined by an emergency you aren't prepared for.

The Columbus Tuberculosis Society advises you to take along a first aid kit, plenty of sunburn and poison ivy lotion. But there's another piece of equipment that is vitally important, the Society says, and that is your own attitude in an emergency.

Accidents will happen, and sometimes they happen when medical help isn't close at hand. One of the greatest dangers in any type of accident is shock.

Scientifically speaking, shock is the result of a relative lack of blood in the body. It may be caused by bleeding, internally or externally, or by loss of water and salt, such as from sweating in heat exhaustion, or from excessive vomiting or diarrhea.

It may also be caused by expansion of the blood vessels brought on by acute anxiety, contact with high voltage wires, or by severe pain. It often results in too little blood reaching the brain, producing drowsiness and unconsciousness. If not overcome promptly, death can occur.

Only a doctor, of course, can give blood or plasma transfusions or administer drugs. But the Columbus Tuberculosis Society states, the presence of a person who keeps his head at the scene of an accident may be almost equally important in saving a life. Counteracting anxiety by reassurance, assuming a calm and cheerful manner, and diverting the patient's attention are important aspects of treating shock.

In addition, a calm person will remember to give liquid if the case is one of loss of body fluid; to lower the patient's head if there is lack of blood in the brain. You may not be sure of your ability to apply a tourniquet for bleeding, but remember that a little pressure at the right place may stop bleeding. You can keep a cool head and help the patient merely by the way you behave in the emergency. He may owe you his life.

There is no place like home if the place is home like.

The alarm clock gets you up—the rest is up to you.

Jelly Roll Pinwheels

End that Fourth of July party with a bang by serving a Jelly Roll Pin Wheel for dessert. Nothing's more fun than celebrating this all American holiday with a party, when food, table decorations, and the yard all can carry the "red, white and blue" theme of the day. With our own Star Spangled banner floating from flag pole or porch, there's a security and satisfaction in gathering friends and family for a day of games and visiting.

The menu, planned to allow the hostess to enjoy the party rather than to cook and serve, will include Firecracker rolls, a Fourth of July version of the hot dog, the traditional potato salad, relishes, favorite beverages, and the Jelly Roll Pin Wheel for dessert. The party will pop with interest, fun and good eating.

July 4 Picnic Will Benefit St. Vincent's

St. Vincent's Orphanage will hold its annual picnic and bazaar, to which the public is invited, on Saturday, July 4, from 11 a. m. to 11 p. m.

Chairman James Albers announces that youngsters and their parents will find many interesting attractions during the day's activities and that an innovation this year will be announcements of special gifts every hour starting at 12 noon.

A special ham dinner will be served by the Sisters from 5 p. m. until 9 p. m. and will be priced at $1 for adults and 50 cents for children.

The main attraction will be the presentation of the keys to a brand new 1953 Chevrolet cabriolet automobile to some fortunate person.

The annual event has been presented for almost 50 years as a traditional part of the civic activity of Columbus, for the families and friends of the orphanage who stay at home or visit in the city on July 4. Proceeds raised during this affair help to defray operating expenses of the home for children, who range in age from two to 16 years.

Mrs. Michael R. Hackett
Photo by J. Curtis Allen

Rev. William Hackett officiated when Miss Mary Jo Veit exchanged marriage vows with his cousin, Mr. Michael R. Hackett on Saturday, June 20. The 9:30 a. m. ceremony took place in St. Mary Magdalene Church.

Miss Veit is the daughter of Mr. and Mrs. Clarence J. Veit, 234 S. Westmoor-av, and Mr. Hackett is the son of Mrs. Clara T. Hackett and the late Mr. William J. Hackett of London.

The bride was escorted to the altar by her uncle, Mr. Philip A. Veit. She wore a gown of white chantilly lace and nylon tulle, designed with a fitted bodice of lace over satin and a V-shaped neckline formed by folds of tulle. The long sleeves tapered into points over her hands. The bouffant satin and lace skirt with accordion pleated tiers, cascaded over a hoop and crinoline petticoat, and a panel of lace enhanced the complete circular train.

Her fingertip veil of illusion fell from a juliet cap of satin. She carried a colonial bouquet of white roses and wore a pearl necklace belonging to her mother.

Miss Donna Veit attended her sister as maid-of honor and the bridesmaids were Mrs. Roger Veit, sister-in-law of the bride and Miss Mary Lou Rea.

The attendants were gowned in lime green strapless taffeta dresses with handkerchief tiers of tulle and lace jackets. The bridesmaids carried yellow daisy colonial bouquets and the maid-of-honor carried a similar bouquet with pink daisies.

Dr. William Hackett, brother of the bridegroom, served as bestman, and seating the guests were Dr. Harry G. Crawford of London, Mr. Roger Veit, brother of the bride.

The reception was held at the Dispatch Country Club immediately following the ceremony, and the hostesses were Marilyn Mathews, Jo-Ann Stevens, Mary Ann Hardman and Mrs. Eugene Watson.

Camp Chase Auxiliary Installs Newly-Elected Officers For '54

Mrs. Rogers Myers, president of the 12th District American Legion Auxiliary, is pictured above as she presented the gavel to Helen Jones, newly installed president of Camp Chase Post 98, Auxiliary in ceremonies held last Friday night.

Auxiliary Unit to Camp Chase Post 98, American Legion, held its installation of officers at Schmelzer's Restaurant Friday night, June 26, preceded by dinner, with Mrs. C. W. Wagner serving as chairman.

The following officers were installed by Mrs. Roger Myers, 12th District chairman: Mrs. Robert Jones, president; Mrs. William Boothe, first vice president; Mrs. John Martindale, second vice president; Mrs. Reynold Greene, secretary; Mrs. John Wolfe, treasurer; Mrs. Walter Zimmer, corresponding secretary; Mrs. Ernest Brown, chaplain; Mrs. Roderick Eckle, historian; Mrs. Joseph Thompson, executive committee member, and Mrs. Clarence Kinnen, sergeant-at-arms.

Distinguished guests from the Department of Ohio included Mrs. Linus Schmelzer, vice president, Delphos, O.; Mrs. Lester Nimon, Canton, O., second vice-president; Mrs. Olive Alestock, treasurer, Athens, and Mrs. Florence McCarley, chairman Franklin County Council, Columbus.

Others present, and certainly beaming with utmost happiness were the parents of Helen Jones, the newly elected president, Mr. and Mrs. Roy Hastings, and her brother, David and his wife, as well as many from other auxiliaries of the city.

On Wednesday night of this week both the retiring and the duly elected and installed executive committees of Camp Chase Unit No. 98 met in the Post Club rooms for dinner, with the retiring officers serving as hostesses, at which time the newly elected officers embarked on their new year and took over the reins. Judging from the optimism displayed by the new officers, there seems to be no question but what this will be an outstanding Auxiliary year.

The first regular meeting of the Auxiliary will be Friday evening, July 3, which will be the last meeting of the summer. Let's all turn out and give our newly elected officers a grand boost and then we can relax until fall.

A Hilltopper Abroad—

Mrs. C. G. Lyday Recounts Experiences While Abroad

From Stuttgart, Germany ,comes another letter from Mrs. Jemima Lyday, describing their travels abroad. Mr. and Mrs. C. G. Lyday, 65 S. Westmoor-av., accompanied by their son, Major Vieman Lyday who is stationed in Germany, have been touring Europe this summer.

She writes that they have been taking short trips by auto from Stuttgart, and have covered more than 6000 miles. Among the very lovely trips they have enjoyed was the one to Switzerland and south to Milan, Italy.

They visited Garmisch, the playground of Europe, located on the Austrian border in the Tyrolean Alps. This is a great ski-ing resort, with the season beginning in Oct. and often lasting until July. This year 100 inches of snow fell. They took a cog railroad train partway up the mountain and then continued to the top by cable car.

At Garmisch the United States maintains a very fine hotel, the General Patton, for the use of servicemen and their families as a rest place, and at very moderate rates.

Another fascinating place not far from Stuttgart is Baden-Baden, the internationally famous health resort. The large hotels stretch for miles, and beautiful streets, ornate and immense buildings and beautifully landscaped gardens make it indeed a place of beauty.

The city with the heaviest bomb damage that they have seen was Pforzheim, which was 90% demolished. Thousands of bombers flew over at one time and in 20 minutes the city was in ruins. Where large buildings once stood, there is now just one small store doing business while the rest of the building is being constructed. They have been most impressed with the rebuilding throughout Germany.

They are preparing to leave Stuttgart for Paris. From there they will go to London, and then to Southampton to embark for home.

Hilltoppers Wed In May 29 Rites

The bride was given in marriage by her father and a reception was held at the home of the bride's parents immediately following the ceremony.

The couple is residing at 96 Highland-av.

Mary Circle Plans Luncheon, July 9

Assisting her will be her daughter, Mrs. Dwight Dixon, Mrs. M. H. Allison, Mrs. Leroy Hopper and Mrs. Charles Links Mrs. N. S Edberg will lead the meditation, and Mrs W. J. Monaghan the Christian Outreach.

The committee will serve refreshments, and everyone is requested to bring her own table service.

Independence Day

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness."

From the Declaration of Independence, adopted by the Continental Congress, July 4, 1776.

Down through the years has come our priceless heritage of Liberty . . . so dearly won . . . so gallantly defended by generations of brave Americans. It now becomes our responsibility to protect and preserve these precious rights. To their perpetuation, let us all (in the spirit and words of the Founders) "mutually pledge to each other, our Lives, our Fortunes and our Sacred Honor."

Youth Congress Delegates Return

Mrs. Beatrice Harris, 2368 Mecca-rd and Katherine Abbott, 1347 Little-av, returned home Thursday from San Francisco, Calif., where they represented the Eastwood Seventh-day Adventist church at the denomination's Pan-American Youth Congress.

Some 2,000 official district delegates appointed by home churches throughout North and South America attended this congress. About 15,000 attended the five-day sessions ending June 20.

The theme of the conference was, "Christ Above All." Mrs. Harris took movies of the interesting places visited and some of the activities and personnel at the congress. She and Katherine Abbott will give a full report of the San Francisco congress with its colorfully costumed representatives from Hawaii, and Central and South America, and will show the movies taken by her during the young people's meeting at the Eastwood Seventh-day Adventist church at 7:45 p. m. July 10.

A lifetime of good example is much better than a library of good advice.

Free Chest X-Ray Unit To Visit This Area Next Week

ADULTS ONLY? WHAT A PITY!—Free chest X-rays coming to the West Side Monday through Saturday, will be limited to adults, over 15. But these youngsters find the project exciting just the same. Previewing the latest promotional materials are, left to right, Linda Sue Weaver, 167 S. Burgess-av; Patty Mae Slaughter, 137 S. Burgess-av; and Janice Sue Malone, 139 S. Burgess-av. The Christmas Seal X-ray Cruiser will be at Souder and W. Broad, Monday; Hague and Broad, Tuesday; and Sullivant and Richardson, Wednesday. The last three days, it will park at Central Point. Time: 2:30 to 8:30 p. m.

Free chest X-rays will be brought to the West Side for a six-day stand, Monday, when the Columbus Tuberculosis Society parks its Christmas Seal X-ray cruiser at four convenient locations.

The West Side service is part of the get-acquainted tour being conducted by the society for a month in the city's suburban areas.

The TB organization aims to acquaint all residents with the new X-ray facilities which their purchases of Christmas seals have made possible, and to encourage their use by everyone.

Monday's stand is at W. Broad-st and Souder-av. Tuesday's at W. Broad-st and Hague-av, and Wednesday's at Sullivant and Richardson-av.

Then the cruiser will be located at Central Point, W. Mound and Harrisburg-pk for three days.

The society is now finishing a week's stand at Town and Country Shopping Center, E. Broad-st, the first lap of the month-long public service itinerary.

All X-rays will be given from 2:30 to 8:30 p. m. No undressing is required. Results are confidential.

X-rays, which take only a second, can reveal any abnormality in the chest area, the Columbus Tuberculosis Society stressed today.

All X-rays are free, financed by annual Christmas seal sale contributions.

Philippines Missionary To Speak Here

Rev. Joseph Pitts

Rev. Joseph Pitts will be speaking at the Bellows-av Church of the Nazarene July 3, 4, 5, Friday and Saturday evenings at 7:30 and Sunday at 10:30 a. m. and 7:00 p. m.

Missionary for the Church of the Nazarene in the Philippine Islands since 1948, Rev. Pitts has recently returned to the United States for his first furlough. While in this country, he will be engaged in extensive deputation work.

The first Nazarene missionary to the Philippines, Rev. Pitts supervised four organized churches and several preaching points on the islands of Luzon, Mindoro, Payan, and Negros. At present there are 14 Sunday schools with a total enrollment of 695. A Bible training school under construction at Baguio City, Luzon, will soon be ready for use.

Rev. Pitts became aware of the extreme need in the Philippines when he served there as a US Army chaplain during World War II. He was among the liberating forces that landed on Luzon in 1945. After his discharge he evangelized in this country until appointed by his denomination to organize and superintend the Philippine work.

Cuba is touched by the Atlantic Ocean, the Gulf of Mexico and the Caribbean Sea.

Somebody's waiting for this invitation... FROM YOU

Take someone to church this week... you'll both be richer for it
There's somebody in our town... maybe the new family down the street... maybe the people next door... or that youngster at the office... There's someone in town you know... or know about, who would be really flattered if you asked them to go—with you—to church or synagogue.
Ask them—this week—won't you?

At The Playgrounds

By Pat Martindale

Highland

On June 24 Highland-av School Playground held a doll show and contest with 43 dolls of every description entered. One girl had dolls from eight states and another had a Japanese doll dressed in a Japanese warrior outfit. Those who won prizes were Barbara Munter for the prettiest doll; Judy Taylor for the doll with the nicest hair; Mae Brown for the largest; Beverly Wright for the smallest; Carol Wright for the best dressed; Judy Barrett for the most comical and Sandra Hunt for the most unusual.

Judges in the doll contest were Mrs. Neal Russell, 207 Belvidere-av; Mrs. Richard Culpeper, 422 Palmer-rd; Mrs. Robert Maxwell, 104 Highland-av; Mrs. Howard Creamer, 128 Highland-av; Mrs. Richard Wright, 146 Highland-av; Mrs. Donna Weaver, 155 Wayne-av, and Mrs. Alice Williams, 175 Clarendon-av.

On Friday, June 26, Highland held a pet show and the children brought all kinds of pets.

John Burroughs

The first week at John Burroughs Playground was not a too happy one for the dozens of younger boys and girls who were without their "teacher" as they call the lady who handles the crafts program, story hour and little games.

Charles Beachler, head supervisor, wishes to apologize for this lack and hopes to have this spot filled very soon. He says the grounds seem only half open to the customary activities. Anyone interested and qualified for this part-time important work might yet to be of help to Mr. Beachler as the Board of Education was still vainly trying to locate the replacement as the week ended.

Otherwise customary facilities are available and the building is open each evening until eight o'clock for those who like to spend it on the courts and in the swings. According to Mr. Beachler the horse-shoe pits will be readied as soon as he can get help attending the building in the evening. He wishes to extend an invitation to all children in the Burroughs area to attend the activities during the summer.

Glenwood

On Monday, July 6, Glenwood Playground will hold a bike race in preparation for the City Bike Races at Franklin Park on Wednesday, July 8. The events will include a one mile race for boys and girls from 16 to 18 years of age; one-half mile race for 12 to 15 years and 100 yards for 8 to 11 year olds. There will be a straight line race, obstacle race and 40 yard race for each class.

Sharpen your shooting eye for the foul shooting contest at Glenwood on July 6 and 7. Special contests for boys and girls up to 13 years old, 14 and 15 years old and 16 through 18 years of age. All are invited to take part.

The center champions will enter the city contest on July 9. Entries can be obtained from any of the Glenwood supervisors.

Wednesday night, July 1, was celebrated as Family Night at Glenwood Playground. Families brought picnic suppers between 6 and 7 p. m. There were games and songs for everyone.

The following is the Glenwood Playground schedule:

Daily 1 to 2 p. m.—Crafts such as cutouts, modeling, weaving, painting, puppets, etc.

Daily 3 to 4 p. m.—Children's Hour—Stories, games and songs.

Thursday, 5 to 7 p. m.—Tennis courts.

Wednesday 7 to 8:30 p. m.—Special events such as family night on July 1, 6:30; July 8—Bicycle races; July 15—Skits; July 22—Float parade, and on July 22—Pioneer Day at Central High School. (Glenwood will close on July 22 evening)

Friday, 8 to 9 p. m.—Outdoor movies.

Sidney and Nelson Green's Collie, "Prince," captured the "grand champion" ribbon while Bill and Steve Featheroll's Police dog took the runner-up grand prize at Glenwood's pet show, Wednesday, June 24. First place at the prettiest pet was the "grand champion" collie. Second place went to John Miller's Collie-Cocker dog while Bill and Steve Featheroll's Police dog was a close third.

Susan Scholten's two flying squirrels took top honors as the most unusual pets entered in the show. Mrs. Roush's goldfish were second.

The ribbon for the best groomed pet went to Sidney and Nelson Green's collie.

Norman Easterbrook's aphid easily captured first place as the smallest pet. Danny Ruff's Boxer pup and Toni Warren's Pomeranian pup won second and third respectively.

Bill and Steve Featheroll's Police dog was the largest pet in the show and a Collie-Terrier entered by Victor Smith was chosen the most affectionate pet while John Miller's Collie-Cocker was second. Larry Mead's Terrier was the liveliest and Toni Warren's Pomeranian pup was a very close second. The most awkward pet was Norman Esterbrook's aphid. The cutest pets were Susan Scholten's flying squirrels and Danny Ruff's Boxer pup.

In determining the most obedient pet, John Miller's Collie-Cocker took first while the Collie, Prince was the best performer.

Westgate

At Westgate Playground, the YMCA will show movies each Thursday at 7:30 p. m.

On Friday at 11 a. m. Mrs. Edwards will have a variety show in which all playground participants are asked to take a part and display their talents. Mrs. Edwards will teach square dancing each day from 11 to 12 o'clock and Billy Jordan, assistant supervisor, will be in charge of the story hour from 3 to 4 p. m. Daily craft programs will be held between 2 and 4 p. m.

The Westgate supervisors wish to extend a special invitation to all children and adults to participate in the programs scheduled at the playground during the summer months.

The City Recreation Department will sponsor a "Learn To Swim" week during the week of July 13. Boys and girls in all age groups are invited to take advantage of these free lessons. Registrations should be made with the playground supervisor in your location.

Registrations can be placed at Glenwood, Holton, Highland, Columbian and Westgate Playgrounds.

OLD-TIME FOURTH OF JULY

Bring back the days of the picnics
When everything was safe and sane;
When there were no week-end casualties
And nothing was spoiled (except by rain).
Bring back the harmless fireworks
And the bands that played loud and long
And the hour before the end of the day
When everyone joined in a lusty —
Bring back the happy weariness
Of children with dreams in their eyes
After a day of fun and food—
Oh for those old-time Fourth of Julys!

H. Knox Patten, age 88.

Mail — From practically everybody: "Is it hot enough for you?" . . . From a vacationing friend: "It's wonderful to see roadside signs near lake resorts which say 'Get your nice juicy worms here,' especially after you've just et" . . . From my favorite shutin: "Bess should have gone along to the White House when Harry returned to the scene of the crime She and Mamie could have had a good cry together and Bess could give her the low-down on all the neighbors —which ones are catty and which ones borrow and never pay back, etc."

Charles Dickens said it — "No one is useless in this world who lightens the burden of it for someone else" . . . Anonymous said—"An open mind leaves a chance for someone to drop a worthwhile thought into it" . . . Ralph Waldo Emerson—"No one can work me injury but myself" . . . Elihu Root —"Men do not fail; they give up trying" . . . Constitution of United Nations — "Since wars begin in the minds of men, it is in the minds of men that the defenses of peace must be constructed" . . . and Bovee said—"Good men have the fewest fears."

It IS true what they say about Dixie hospitality; it's also true that one half doesn't know how the other half lives. All this is brought on by a recent trip to a little town in Mississippi that nobody outside of the state of Mississippi ever heard of. To get there you fly low (65 mph) for miles and miles over a highway as flat as a board. For those miles and miles you see nothing but cotton fields; small screenless, fallen-in shacks of the cotton field workers, and heat waves. We were there the hottest day of the year so far, and there was only one shady spot in the state except a few trees in the little towns we passed, and that was a fairly cool roadside park. How they manage it is beyond me, but with all the heat, the people we saw were friendly and eager to give directions and other information. It was Hospitality Week in Mississippi, but from what I've observed, every week is hospitality week—south of Kentucky. My favorite shutin has raved about the South, especially Tennessee, North Carolina and Virginia, and now I see why. The only thing that is lovelier than a morning down south is a morning in Ohio, I reckon. Nashville is a lovely town, full of churches and friendly people, but don't ever try to find a street in that town after dark. There are no street lights—think I'll write a letter to the editor down there about it. If you haven't seen the South, this is a good time to see it. They drive carefully down there too. Ohioans could take a few lessons.

Heard on the radio—Young Adam wandered around the Garden of Eden before one of his ribs became Eve. To his amazement he saw an old man pottering about the garden, and asked "How did you get here and where did you come from?" The old man's reply: "Ah, can't you guess? I'm a Russian."

SOUNDS IN THE NIGHT

Trucks, passing up and down the street;
Trucks;
An argument between two men
Who've spent a lot of time and bucks
In a corner grocery-store (?)—
Trucks;
Music from a radio;
Faint sound of a slamming door
Down the street; a baby's cry;
Trucks!

Broken Leg Retards Recovery For Young Victim Of Polio

Virginia Lee Jarvis

Eight-year-old Virginia Lee Jarvis of 6977 W. Broad-st felt that her battle with polio since October, 1950, was just about at an end until misfortune again struck at her recently and felled her with a broken right leg while she was exercising her already weakened limbs.

The pretty little girl, daughter of Mr. and Mrs. Nolle Jarvis, had been keeping up her studies in school while at home and is in the third grade of school. She had hoped to be able to attend school again this fall but her newest misfortune has dispersed that hope.

At present her hope is for a collapsible wheel chair that can be fitted into a car. Anyone knowing where such a chair can be obtained is asked to contact William Coulthard at FR. 8-5895.

Franklin-Twp. Trustees Buy Firehouse Site

Announcement was made this week by the Franklin Township Board of Trustees of the purchase of a three-acre tract of land at the Georgesville-rd and Sullivant-av intersection from the Ternstedt Division of General Motors.

A spokesman for the trustees said that the triangular shaped tract of land with a frontage of 600 feet along Sullivant-av will be used for the Franklin Township No. 2 firehouse and will also serve as a central training area for the other Franklin Township fire departments.

It was pointed out, however, that the construction of the new fire department building would be made impossible unless renewal of the current fire levy is made by the voters of the township.

Purchase price of the three acre tract of land was revealed as being $3,300.

Complete Plans For Trabue-rd Widening Job

Final plans for the widening of Trabue-rd from McKinley-av to the Rome-Hilliards-rd, a major project that includes a 40-foot roadway through San Margherita, have been completed, Guy Elbin, Franklin County engineer, said today.

Elbin said the plans have been forwarded to the state highway department.

The federal government and the state will participate in the big widening project which is designed to aid the flow of traffic from the expanding area to the west around the big industrial plants along U.S. 40.

Trabue, a major west side route, will be widened to 24 feet pavement west to the Rome-Hilliards-rd. The pavement, which passes by the new municipal golf course, now is 16 and 18 feet wide.

Through San Margherita, however, the pavement will be 40 feet wide, plus curbs and sidewalks—a total of 49 feet.

Final plans for the project were completed soon after Elbin's staff completed arrangements for the purchase of all right of way needed for widening. In San Margherita, right of way purchases made necessary, the setting back of fences along some properties.

The roadway to be widened is 3.27 miles long. Elbin said he expected bids to be received by late fall and construction to be begun next spring. The project is expected to be completed by fall of 1954.

County Home Death Ruled As A Suicide

The death of a 75-year-old resident of the Franklin County Home, who died Saturday in Alum Crest Hospital of gunshot wounds, has been ruled a suicide by Dr. John H. Richardson, acting coroner.

The victim, Mason Morris, formerly of 288 S. Davis-av, a resident of the home since November, 1951, was found lying in his bed by James Luby, who also lives at the home. A bullet from a 32-caliber revolver had entered Morris' left temple and emerged from his right temple. He died several hours after inflicting the wound.

Dr. Richardson said officials at the home did not know where Morris obtained the gun, but added that he was permitted to come and

One of the attractions at the Hilltop Lions Club third annual celebration of the Fourth of July was the Traveling Zoo which drew the interest of young and old alike as they watched the antics of the simians within the cages. Planning Nearly Completed For 10th Annual Hilltop Bean Dinner

As the dates of July 28 and 29 draw nearer the tempo of activity around the offices of the Hilltop Business Association begins to increase with the various committees of the annual Hilltop Bean Dinner constantly checking in on progress of the event.

This week however, executive secretary Charles H. Campbell said that plans for the tenth annual community affair are pretty well completed with but a few more details to be ironed out before Westgate Park becomes a bee hive of activity.

Thus far for the big show all plans have been settled for a beauty queen contest, for many rides by the Gooding Amusement Co. and an actual working model of a space ship by the air forces as well as an F-84 Sabre Jet. In addition there will be various displays by the military, a baby contest, greased pig and greased pole contest, prize awards both nights of the affair and beans will be served on both days of the community get-together.

One of the highlights of the Bean Dinner will be a challenge match tug-of-war contest which will pit teams of the Hilltop Kiwanis Club and the Hilltop Lions Club against one another. The contest is unique in that the teams will be stationed on both sides of Marden Lake. In order for a team to win it must drag the other team to the opposite shore of the lake. To date much interest has been evidenced in this event of the 1953 Bean Dinner.

On Tuesday of the Bean Dinner there will be the bicycle and doll buggy parade with prizes being awarded to the winners.

Ray Dethy, chairman of the Bean Dinner display tent, said this week that a new arrangement has been worked out for the Hilltop mer-

This contract also includes surface sealing of Sullivant-av from Whitethorne-av to Hague-av.

The contract for this work was awarded to Max J. Zeller, Inc., at a bid price of $23,615.60.

The majority of these sheet asphalt pavements were constructed prior to 1930 and have become badly cracked, requiring perpetual maintenance work. This surface sealing will fill the cracks, produce a smooth, water-proof surface, and will extend the life of the pavements many years.

The cost of this operation is financed with gasoline tax monies and no assessments will be charged to the abutting property owners.

Thousands Witness Huge Local July 4th Celebration

More than 8,000 persons flocked into Magly Field last Saturday night to witness the Hilltop Lions Club's third annual celebration of July 4. A star studded variety show and mammoth display of fireworks at the finale drew the plaudits of the thousands in attendance.

Columbus police on duty during the day long festivities at West High School paid tribute to the local service organization for its sponsorship of the celebration and their efforts to promote "a safe and sane" July 4th on the Hilltop. Police also lauded the cooperation of the public in observing the traffic rules set up for the celebration. They pointed out that there was not even a fender scraping incident reported and that pedestrians and motorists cooperated wholeheartedly to make their task much easier despite the huge crowd.

During the afternoon the kiddies of the community really had their fun engaging in many contests and vieing for the wealth of prizes offered. In the opening event the best decorated vehicle contest saw prizes awarded to Freddie Mick, 186 Nashoba-av, for first; Marialice Schmitt, 286 S. Brinker-av, second; while Carol Deitrich, 234 S. Roys-av, Mary Ann Beran, 244 S. Roys-av, and Carolyn Beranek, 244 S. Roys-av, shared third place honors.

The best dressed cowboy award went to Charles Graham, 45 S. Harris-av, and the best dressed cowgirl award to Patty Wheeler, 58 N. Warren-av.

Many other prizes were awarded during the afternoon in a peanut hunt, penny hunt, lollypop scramble, hat race for boys and girls, shoe race for boys and girls, sack race for boys and girls, wheelbarrow race for boys and girls, paper plate throw for boys and girls, match box race for boys and girls, and softball throw for boys and girls.

The afternoon festivities were then topped off by trampoline artist Jim Bailey, who drew plaudits of the crowd for his skill.

The evening performance of a variety show which preceded the fireworks was headed up by popular TV personality, "Spooks" Beckman, of WLW-C. First on the show were Joe Papuano and Sherry Hamilton with a dance routine; then Nancy Wilson, vocalist; Dave Fisher, tap dancer; the Eddie Mann trio; Judy Fanimore, in song and dance; Pat Meisse in pantomime; the Green Weed Boys, Bob Thompson, Owen Erwin and Dave Warner in their hillbilly routine; the Lions quartet of Ray Hunt, Ralph Kagay, Tom Igle and Bob Igle and Jago the Chimp.

Lions Club members this week expressed their thanks to the following merchants and business men of the area who contributed prizes and funds to help them in the promotion of the big celebration. They are:

Milton P. Hain Past Camp Chase Leader Dies

Milton P. Hain

Milton P. Hain, 113 Whitethorne-av, past commander of Camp Chase Post 98 of the American Legion and personnel director of the Ohio Department of Liquor Control, died Tuesday afternoon at Mercy Hospital following an extended illness of several months duration.

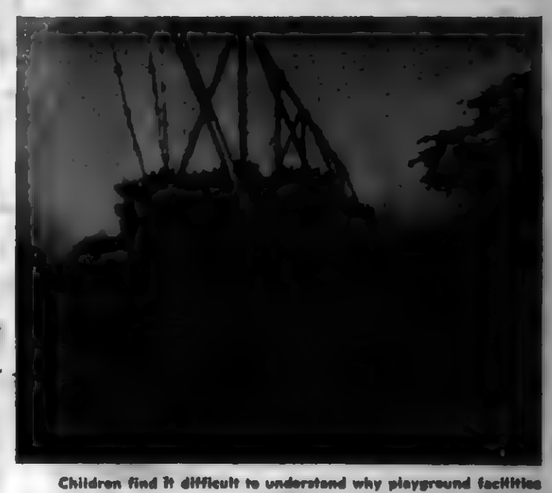
Funeral services will be held at the Jerry Spears Funeral Home Friday afternoon, with Rev. A. J. Wold officiating. Interment will be made in Sunset Cemetery.

Poor Maintenance Of Hilltop Park Areas Draws Criticism From Residents



Here is an example of neglect in the parks of the Hilltop area. Weeds and bushes growing up around the playground facilities, making it difficult for the children of the community to find worthwhile play. This too in Holton Park.

At Westgate Park this is supposed to be a drinking fountain near the baseball diamonds. This in a city the size of Columbus, where there is a Board of Health that constantly talks of sanitation. Small children at play use this unsanitary method of securing a drink of water.

Maintenance at Westgate Park has been negligible as can be seen in the above photo taken at the site where the Hilltop Bean Dinner will be held later this month. Lack of attention has given the weeds all the opportunity they needed to kill out the once beautiful lawns in the wooded area.

Children find it difficult to understand why playground facilities are even placed at some of the parks in the area, when the swings (such as these at Holton Park) are locked up so that they cannot gain access to them.

Two years ago this light in the old Westgate shelterhouse was broken by some boys who were apprehended by juvenile authorities. The boys were made to pay for the four broken lights, but after a two year lapse they still have not been replaced.

Above is pictured what at one time was a beautiful park on the Hilltop—Holton Park covered with rubble, with piles of dirt along the creek bank that create ugly scenes like these shown.

Here at Westgate Park, at one time called by city officials "the most beautiful in the city," is further example of neglect. This is the half of the lake that was dammed off to provide a sunken garden. Today it is a breeding place for mosquitos, instead of a beauty spot and after two years still unfinished.

This mound of earth deposited behind one of the backstops on one of the Westgate diamonds could have been put to better use filling in holes at the various bases which fill with water after even a light rain.

Record Want Ads Prove Selling Power

Mrs. H. E. Coffman of 462 S. Eureka-av, has a cherry tree that gave more fruit than she could use this year. She has been using the want ads of the Record for quite a few years so she decided to advertise the cherries for sale.

Mrs. Coffman tells us she has always had good luck using the Record want ads, "but the cherry ad was tops." She says she could have sold the whole tree a number of times.

Perhaps you have something you would like to sell or buy. Almost anything you could possibly want or need you will more than likely find advertised in the Hilltop Record want ads. If not, place an ad under the "wanted to buy" classifications and let people contact you.

READ AND USE THE RECORD WANT ADS. YOU GET QUICK AND SPONTANEOUS RESULTS.

BARE-FOOTED BOYS

Is it all right for children to go bare-footed? This is a question asked of me quite often at this time of year. And since I have been dealing with children's shoe and foot problems actively for 28 years, I have formed some pretty definite ideas on this subject as well as on some others, such as whether high or low shoes are best for babies.

At any rate, I believe that going bare-footed is very desirable for any child, even the ones who have weak arches or ankles. There is only one qualification . . . going bare-footed is good if the child is on a resilient surface, such as sand, grass or soft earth. It is definitely harmful on hard floors, cement side-walks or black-top. Since modern conditions compel many youngsters to play where there is very little grass or sand, I think sandals and the rubber soled canvas shoes are the next best, in that they give protection with freedom of movement.

But, do get a good quality of play shoe . . . it is worn during the most active months of the year. Cheap sandals and gym shoes fail to protect and may harm growing feet.

On Wednesday, July 1, the Pennsylvania Bobcats defeated the Westgate Red Sox in a game at Westgate Park. Dodroe of the Bobcats pitched fine ball, limiting the Red Sox to a single blow. The Bobcats in turn were able to solve the Red Sox slants of Ed Schmitt for 16 runs on 16 hits. Dodroe struck out 18 batters in the six inning game.

John Burroughs

Play at John Burroughs was up to par this week with the children welcoming Miss Johnson, Tuesday, as stories and hand-work got underway.

Plans got underway for a trip to Blacklick Woods for a picnic and blanks will be sent home by the children for permission from parents. Parents may also attend the picnic if they wish.

Rainy evenings spoiled the softball games last week and most everything else but the team is ready and tournament contestants are working on horseshoe, badminton, checkers, etc. Ring toss, bean bag and bounce ball have been great fun in the court as it's always cool there.

Attendance has been good at Burroughs but there's always room for more, afternoon or evening, young or old. If you'd like, come sit in the swings and watch the play of the others. We usually stay open until 8 p. m.

Meanwhile, the North Side Merchants team was unable to touch right hander Bill Spratley in either the first or second inning. In the third a walk, a safe bunt, (the only hit off Spratley) a batter hit by the pitcher and an error allowed two runs to score, the only runs scored by North Side Merchants. In all the other innings the side was retired in order.

Randall led the hitting for Camp Chase with 3 singles while McDonald and Spratley each singled twice and Ron Nebinger singled and homered. Mentel got the only other extra base hit as he doubled in the 5th.

LETTERS TO THE EDITOR

To Editor of The Hilltop Record:

I am writing this letter hoping that you will publish it and maybe help wake up some of the people on the Hilltop.

My pet gripe is about the recreational facilities and condition of same for an area as large as the Hilltop and growing every day.

I notice by the daily papers that they are trying to arouse an interest in baseball again by working on the youngsters. It is my opinion that they are working from the wrong end. There are and always have been enough children interested in baseball if they have a place to play the game.

I know of at least ten baseball teams now on the Hilltop and only one baseball diamond (it's used for "so" ball) at Westgate Park. Baseball should not be played on it because the backstop is not high enough.

The Hilltop better wake up and provide for additional parks along with their building of homes. I have sold my home and am moving away so that my boys will have decent places to play and not want to roam the streets, and get in trouble. Thank you.

Mrs. E. Meyer.

Dear Editor:

Residents of Columbus are indeed fortunate in being able to hear the best bands in this city Sunday nights at Schiller Park. The first concert on Sunday, June 21 was under the direction of Wilbur Crist of Capital University's music staff and was a splendid example of what can be done with a competent musician as director and band personnel of the city's best band men (there was also a lady bassoonist.)

The concert on June 28 was under the direction of Alphonse Cincione, a director well known in music circles and we were very disappointed when rain stopped the concert after the fourth number. The first number, the overture from Zampa was well done as was to be expected from so able a director as Mr. Cincione. Next came a Sousa march, a Rhumba and then came a piccolo solo by Walter Lynas the dean of flute and piccolo players in these parts. This number required the utmost skill and was done in truly artistic style by Mr. Lynas. Then the rain stopped what promised to be a great musical treat.

Those who do not attend these concerts are really missing something.

Hilliards Racing Program Reaches The Midway Point

The 41-night harness racing meeting at Hilliards Raceway has reached the mid-way point, and so far during the current meet, new records are in prospect for both the attendance and the pari-mutuel play.

According to Charlie Hill, president of Hilliards Raceway, the growing interest in the harness races can be attributed to the quality of the races being presented. Close, exciting finishes, Mr. Hill pointed out, are made possible by evenly matched fields. James Lynch, racing secretary at the Hilliards oval, has been successful in drawing the type of entries that result in close races.

For the past week, more than 50 per cent of the races were determined by photo finishes, and two contests ended as dead heats.

William "Doc" McMillen, the popular reinsman from London, O., continues to be the leading driver of the meeting. James Edwards and Harry Miller are battling for second place in the standings with Olen Humphres and Hugh Beatty also in contention.

Post time nightly for harness racing at Hilliards is 8:15 p. m. Every Monday night is Ladies' Night.

Goodin Leads Cowboys To Three Victories

The Columbian Cowboys are leading the Glenwood Little League with a 3-0 record. Following their two victories this week.

Larry Goodin turned in the masterpiece of all pitchers, a no ball game against the Cougars. His team won the game 30-0. Goodin gave up no hits, two walks and struck out 12 and hit one.

In their second game of the week Goodin was touched in the third by Roberts of the Eagles for a clean single to spoil his bid for his second no hitter. The Cowboys won their second game 10-0 over the Eagles.

In three games in Little League this year, Larry Goodin of the Cowboys has pitched two one hitters and one no hitter and has not given up a run. The Cowboys have yet to face the Yankees and the Dodgers in league play in the first round.

The Dodgers lost to the Holton Tigers via the forfeit route as the rains caused some of the Dodgers to expect a cancellation of the game.

In spite of the rains this week the Glenwood League has not had a cancellation of a scheduled game.

The Tigers defeated the Eagles in the opening game of the week's play 13-6. Brown, the Eagles pitcher struck out 10, gave up 11 walks and 10 hits while the Tigers pitcher, B. Castle struck out 4 and gave up six walks and five hits.

Frank Henson was pounding the horsehide for the Tigers as he collected three for four: a single, a double and a triple. Steve Fetheroff of the Eagles got a round tripper off Castle.

In the final game of the Glenwood League this week the Yankees faced the Cougars in the tightest game this season. The Cougars moved into a first inning lead of four runs, in the third the Yankees got three and one in the 4th and 5th while the Cougars got one in the top of the fourth to have the game tied at five all in the sixth and final. The Cougars were unable to get a run in the sixth while the Yankees scored after Richards walked and Crawford and Strickler singled to bring in the winning run.

The Yankees started Richards and relieved him in the first with Obde and Obde was relieved in the second by Crawford who finished the game. The Yankees' pitchers were caught by Strickler. The Yankee pitching gave up only three hits and struck out 13 and gave 13 walks and had six errors. The Cougars pitched little lefty Bill Karns all the way. Karns gave up eight hits and 11 walks while striking out seven, he had three errors behind him. This was the closest, best played game in the league to date.

Methodists, Firemen Tie For Loop Lead

By Dick Wilson

Despite heavy rain and a muddy diamond West Park and Volunteer Firemen battled to a 9-9 tie as the game was called due to darkness. The end of the first round of play gives each team two wins and one tie.

Bishop was starting pitcher for Volunteers but was relieved by Green in the fifth inning who held West Park to two hits for the balance of the game.

Gates, pitcher for West Park was in top form and allowed only 10 scattered hits. The big guns for West Park were Gates, Gyton, and Schooley, who collected seven hits. Volunteer's Bishop, Shouting, Spence and Reashaw rapped out ten hits to keep their team in the game.

The Church of Christ won over DeMolay 28-7 to finish in third place in the first round. Pitcher Lloyd of Church of Christ held DeMolay to ten hits while his team collected 20 hits off DeMolay's pitcher Swisher.—Koonts, Moore, Dixon, Weaver, Timmons and Lloyd were the big hitters for Church of Christ while Wilson, Gurley, Berlo, Webb and Edwards did the hitting for DeMolay.

Hilltop Doctor Gives All Out Support To Current Free Chest X-Ray Program

The week-long Christmas Seal X-ray program on the West Side draws to a close at Central Point Thursday, Friday and Saturday. Lending their support to the chest-check program are members of the Benjamin Kovitz family, 2961 W. Broad-st. Dr. Kovitz is a former TB patient. Addressing X-ray flyers, mailed to all merchants on the West Side, are, left to right, Sonia, 18, Dr. Kovitz, Johanna, 6, David, 2, and Deborah, 4. In back is Mrs. Kovitz.

Even doctors can get tuberculosis!

Even psychiatrists will find TB a mental and emotional problem!

No one knows better than Dr. Benjamin Kovitz, 2160 W. Broad-st. Dr. Kovitz reassumes his duties for the first time this week as psychiatrist at Columbus State Hospital. He was discharged from Benjamin Franklin (TB) Hospital in April.

The doctor mused on "doctors as patients" while he and his attractive black-haired wife and four children helped the Columbus Tuberculosis Society prepare letters to West Side merchants.

The direct-mail pieces announced the week-long Christmas seal X-ray program for West Siders, which started at W. Broad-st and Souder-av Monday and continues Thursday, Friday and Saturday at Central Point.

"It's true," Dr. Kovitz admitted, in his simple, straightforward manner, "doctors often make worse patients than laymen."

"It's true also that persons in the medical profession are more likely to catch tuberculosis because of contact with TB patients, as well as with ill persons who have TB without knowing it.

"My case of tuberculosis was found very early, through a chest X-ray, and I had to stay in the hospital only four months—an unusually short time.

"My medical knowledge helped because I knew I would draw 'a sentence' (hospitalization) of from only three to six months. But typical of many doctors, with their special knowledge about the body, I also heaped up needless worries. And many of my problems were mental.

"So many visitors used to envy my enforced vacation, but people can't understand what it means to lie on your back, separated from family and familiar routines, with the whole future a great big question-mark." Dr. Kovitz a devoted family man, looked with pride upon his family group.

The genial husky-looking doctor claims he was luckier than many. He had a hobby—drawing.

The walls of his comfortable living room on the state hospital grounds bear a number of his pictures, including a caricature of himself—"the guy I know best."

One of the most practical uses for his art was to explain to his youngsters why he was in the hospital. They were all puzzled at the separation, especially four-year-old Debbie.

"I spent hours writing illustrated letters of hospital life. I also drew outline pictures—partial faces and bodies—and the youngsters—all of them interested in drawing—filled in the features and mailed them back."

Dr. Kovitz will not be working full time at the Columbus State Hospital again for "at least a year." And don't think "taking it easy" is easy for a doctor, either! He knows all the reasons for it, but it's one of his hardest tasks!

Advice to others? Get to the Christmas Seal X-ray Cruiser during the Columbus Tuberculosis Society's month-long get-acquainted tour. Chances are you won't have TB, according to Dr. Kovitz. But if you should have, the time to find it is in its very beginning stages when its cure will work the least hardships.

The Christmas Seal X-ray Cruiser sets out for W. Mound-st and Harrisburg-pk today (Thursday) to operate at Central Point for the balance of the week.

The X-ray bus will provide free chest checks for everyone over 15 from 2:30 to 8:30 p. m.

The Columbus Tuberculosis Society emphasizes that a chest X-ray once a year is an important precaution against tuberculosis. Regardless of your place of residence, you will be welcomed at the chest X-ray bus during the next three days.

Hilltop, West Side and Grove City ministers lent their support to the free chest X-ray program Sunday. Thirteen clergymen on the West Side and several from Grove City urged their congregations in pulpit and bulletin announcements to take advantage of the X-ray program. In addition chest X-ray flyers were distributed through church programs.

The Central Point stand will be the fifth bus stop in the Columbus Tuberculosis Society's month-long "get-acquainted" tour. The Christmas Seal X-ray cruiser has already operated at Town and Country, W. Broad and Souder W. Broad and Hague, and Sullivant and Richardson-avs.

Also on schedule through July 24 are stops in Clintonville, Linden and the South Side.

All X-rays are free, paid for by Christmas seals.

No undressing is required, and each chest check takes only a few seconds. Results are confidential.

Firemen's Athletic Association Sponsors Circus On July 17-18

Klein's Circus Show will appear at the Red Bird Stadium on Friday, July 17, and Saturday, July 18, under the sponsorship of the Columbus Fire Department Athletic Association. Circus acts from all corners of the globe will be presented in the show.

Included in the many acts will be Irma and Rio; unicycle and ladder artists; the Great Kosmar, Cuban wire sensation; Zavatta's Dogs; Don Antonio, aerial cloud swing; acrobats and clowns.

Nelson's educated pigs slide down sliding boards, teeter-totter, and do many other difficult feats. The Parroff Trio climb 120 feet high in the air, using no safety devices and performing breath-taking feats.

Two evening performances will be given, at 8 p. m. on Friday and Saturday nights. A matinee will be presented at 2:15 p. m. on Saturday. Tickets may be obtained at any Columbus Fire House.

Glenwood Knothole Loop Opens

The opening game for the Glenwood Tribe in the West Intermediate Knothole League was won by the Camp Chase Yanks, 15-0.

Larry Witherup's single in the seventh with two outs spoiled Courtney, the Camp Chase pitcher's bid for a no-hit ball game.

Courtney struck out seven of the Tribe and got excellent support from his team mates to come close to the no hitter. He walked four.

Longmire, of the tribe, gave up 11 hits and had 13 bobbles committed behind him to make his task extra hard and easy for the Yanks to score.

The Glenwood entries in the Junior Knothole Leagues were rained out of their regular schedule this week. The Reds tangled with the Blue in a practice game on Thursday morning with the Reds taking the four inning contest 4-2. The shake down game for the two teams indicates that the Glenwood entries in the Junior Knothole this year will be strong contenders for the titles in their leagues.

Mike Wolf pitched all the way for the Reds. He gave up two hits, struck out seven and gave up five walks in pitching to 15 batters.

Larry Goodin pitched the first two innings for the Blues. He gave up 3 hits and struck out four. Hamilton finished the game, giving up three hits, struck out two and walked [illegible].

Wayne Robbins of the Reds tagged one of Hamiltons offerings in the fourth for a round tripper with two team mates on. The curcuit blow by Robbins gave the game to the Reds as they were trailing at the time.

Plans Are Drawn For Legion All-Star Games

Two hundred boys playing Legion Junior Baseball in Franklin County met in the Council Chambers of City Hall last night to make plans for the second annual "Legion All Star Double Header" to be held at Red Bird Stadium Wednesday, July 22.

They were advised as to how the teams would be selected and as to what would be expected of them if the promotion was to be a success.

Each player then accepted 10 tickets to sell. Admission is $1 per person with children under 12 free when with an adult.

Last year's "All Star Double Header" drew 1,200 people who were all well satisfied with the brand of baseball played. The "Blue" team came from behind in both games to win both ends of the twi-night affair.

This year there will be a team selected from each league, the "Blue" and the "Gold." Blue and Gold are Legion colors.

Camp Chase, Boys' Club, and Southway are all in the "Gold" league.

All profits from the "All Star" game will be used to supplement the funds used for Legion Junior baseball next year. Division of profits is 60 per cent to be divided among the 15 teams playing Legion Junior Baseball and 40 per cent remaining in the "All Star Game Baseball Fund" of Franklin County Council, promoters of the All Star games.

Bill Ferguson, coach of the Camp Chase team, is chairman of the All Star games, with John Cotter of Franklin and Russ Vallery of Malcolm Jeffrey Posts as the other two members on his committee.

Methodists Capture Loop Title

By Woody Owen

West Park Methodist, behind one hit twirling of Bill Kearney, captured the second round championship in the West Sr. Church Softball League last Monday evening at Westgate Park by trouncing previously unbeaten Glenwood Methodist by a score of 9-1.

Tom Arnold led the champs' assault with three safeties while Jim Remington acquired the losers' only safety, a single, in the fifth inning.

Avondale EUB nosed out Burgess EUB by a score of 3-1 as Chuck Larkin allowed four safeties and fanned 14.

Schedule for Monday, July 13 is as follows: Glenwood Methodist vs. Avondale EUB: Burgess EUB vs. Hoge Memorial; West Park Methodist, bye.

Sierra Nevada. In English means snowy range.

Hilltop Parks

(Continued from Page 1)

The manner in which Hilltop parks have been permitted to go to rack and ruin, this week, drew the ire of Hilltop residents and service organizations after a series of incidents which have brought to public attention the fact that proper maintenance of the parks has been sorely lacking.

After many complaints had been registered with The Hilltop Record the cameraman sallied forth this week to see just how much attention had been given to phone calls to Columbus City Hall. The Record in its survey of two Hilltop Parks, Westgate and Holton, found these conditions:

At Holton Park only half of the swings were up for the use of children who frequent that area; bushes blocked the sliding board steps; no benches are in the park for visitors to sit on; the shelterhouse is empty with no facilities provided; there is only one table in the entire park area; there was no water in the wading pool; rest rooms facilities at the park were both locked with the words "Boys" and "Girls" marked on the doors with black crayon; weeds are in abundance throughout the entire park area; fill dirt has been piled at various points throughout the park and is entirely weed covered and there is no ball diamond available at this park.

At Westgate Park conditions were found to be in worse shape with weeds and dirt to be found everywhere; drinking fountains were found to be highly unsanitary; obscene language was scrawled all over the boys' rest room doors; ball diamonds are in terrible shape; backstops at the ball diamonds have large holes in the wire netting; a new basketball court in the park is situated next to the street and the ball frequently bounds into the thoroughfare, causing parents and drivers much anxiety; tennis courts are lighted and in good shape but a charge of 25 cents per hour per person is being made before anyone can play on the courts; weeds are growing out of the spoutings at the rest rooms and shelter house; lights broken at the shelterhouse two years ago have never been replaced; the portion of the old lake which was dammed off to make a sunken garden is a mass of weeds and water trapped in the area is a breeding place for mosquitos; shrubbery within the park has never been trimmed; boys of the Little League delayed their playing schedule awaiting a ball diamond to be cleaned up, the work was never done and the boys themselves cleared enough of the area that they may have a place for their games; the new lake is in fairly good shape but boulders placed across the old entrances to the park serve no useful purpose because the parking areas are located too far from the activities within the park.

These are some of the conditions about which a number of Hilltoppers have registered complaints and which officials at Columbus City Hall have chosen to ignore. Much criticism has been leveled toward officials in appropriating huge sums for a rose garden located miles from the city proper while the park areas within the city have been allowed to be neglected, and become eyesores.

Seen at Seiller's

Feet hot? Burn and itch? Today we're writing a note for the men folk who have uncomfortable feet, as many do on these hot summer days.

The first thing necessary to foot comfort is correct sock size. How can you be sure? Get the "expands" socks at Seiller's, they are the only sock that fit as though they were custom knit for you. You don't buy them by size: You just ask for several pairs of "Expands" socks. They stretch very easily, just enough to fit snugly, without binding, therefore wrinkle free for assured foot ease and comfort. They are wonderful socks for teen age boys whose feet grow by leaps and bounds it seems. They NEVER outgrow them. Further good news, they're guaranteed for ONE WHOLE YEAR against holes caused by wear. I know that sounds a little hard to believe but it's true. Ask for them, try them, and see for yourself.

The next most important thing for cool, comfortable feet are white socks. The absence of dye makes for better foot health, and what could be neater and cooler than a fresh, clean pair of snow white socks?

For the ladies Seiller's have the white all spun nylon cushion foot "Sun Sox," They are a sport sock that stops at the top of your shoe for cooler comfort. Shrink resistant and soft as cashmere at only 39c and 75c.

Give more thought to your feet, keep them cool and comfortable, for their good condition and comfort are necessary to the health and well being of your whole body and your own personal joy in life, not to mention your disposition. —Adv.

Gloria Hegenberger, Ray Dethy United In Double-Ring Rites

Mrs. Ray C. Dethy

Baskets of white gladioli and lilies of the valley, with seven-branch candelabra and greenery, decorated the altar of St. Aloysius Church on June 6 for the 10 a.m. double ring ceremony uniting Miss Gloria Ann Hegenberger, daughter of Mr. and Mrs. Paul Hegenberger, 651 S. Eureka-av, and Mr. Ray C. Dethy son of Mr. and Mrs. Raymond A. Dethy, 2518 W. Broad-st.

Escorted to the altar by her father, the bride wore a gown of white imported chantilly lace and nylon tulle, featuring slim princess lines. The portrait neckline was fashioned with lace appliques and long sleeves tapering into points over the hands. The fitted bodice continued into a bouffant skirt of layers of tulle, extending into a chapel train. Her headpiece was a bonnet of illusion attached to an imported illusion veil. The bridal bouquet was a cascade of white carnations, centered with a white orchid.

The attendants were gowned alike in waltz-length frocks of nylon tulle over taffeta with matching stoles. Mrs. Patrick McMillin, the matron of honor, was in peacock blue. Miss Joan Hartung wore coral. They both carried cascades of white carnations and daisies tinted to contrast with their gowns. Their headpieces of taffeta with tiny plumes at the side completed their ensembles. Miss Sue Ann Dethy, sister of the bridegroom, was junior bridesmaid, wearing a ballerina length gown of white nylon tulle. In her hair she wore a band of carnations and carried a bouquet of pink and white carnations.

Mr. James Gorman of Akron served as best man. Seating the guests were Mr. Paul Hegenberger, brother of the bride and Mr. Jack Ryan.

For her daughter's wedding Mrs. Hegenberger chose navy blue crepe, complemented by a corsage of pink carnations. The bridegroom's mother wore a dress of light blue lace and her corsage was also of pink carnations.

Serving as hostesses at the 2 p.m. reception at Balcony Hall were Mrs. Paul Hegenberger, Jr., Mrs. Dolph Smith and Mrs. Norris Boothe.

When the couple left on their wedding trip to Lake Erie, the bride was wearing a white linen dress trimmed in green with matching stole and white accessories, and the orchid from her bridal bouquet.

Mr. Dethy is now stationed at Fort Meade, Md., where the couple plan to make their home.

Kirwin-Herschede Nuptial Rites Event Of June 13 At Cincinnati

Mrs. John Francis Kirwin

Our Lord Christ the King Church in Cincinnati was the setting for the marriage of Miss Mary Frances Herschede and Mr. John F. Kirwin on Saturday June 13. Rev. Edward J. Quinn read the 10:30 a. m. nuptial mass.

The bride is the daughter of Mr. and Mrs. Frank A. Herschede of Cincinnati and the bridegroom is the son of Mrs. Frank M. Kirwin of Columbus and the late Mr. Kirwin.

Given in marriage by her father, the bride wore a gown of white Swiss organdy over taffeta, styled with a full-length skirt of plain organdy, with alternate tiers of embroidered and plain organdy falling from the waistline at the back to form a cathedral train. An Empire waistline was topped by the embroidered organdy which was fashioned into a V-neckline bodice with capped sleeves. Her double-tiered veil of tulle was attached to a cap of appliqued flowers and pearls, and she carried a prayer book topped with a white orchid and stephanotis corsage.

Mrs. Patrick Tonti, sister of the bridegroom, was the matron-of-honor and the bride's other attendants were Mrs. Adam L. Bedmar, also of Columbus, Miss Carole Fuller of Cincinnati and Miss Harriette Harris of Martin's Ferry, O. They wore strapless gowns of white organdy over yellow taffeta and matching shrug jackets. Yellow taffeta sashes formed an Empire waistline and yellow flowers and green leaves were appliqued to the bodices and hemlines of the gowns.

The bride's attendants also wore tiny yellow straw headbands with face veils and carried baskets of garden flowers with yellow-centered white daisies and larkspur predominating.

Mr. Joseph Kirwin attended his brother as best man, and seating the guests were Mr Frank A. Herschede, Jr., brother of the bride, Mr. Russell Alban and Mr. George Frost of Columbus and Mr. George Howell, Jr., of Massillon.

For her daughter's wedding Mrs. Herschede chose a gown of soft blue shantung, with leaves of the same fabric outlining the neckline, a hat of pale blue feathers, trimmed with satin leaves, and a corsage of sweetheart roses. Mrs. Kirwin's gown of mauve shantung was decorated with rhinestone-studded flowers on the bodice, and was worn with a matching jacket and a hat of shaded mauve flowers. Her corsage was of purple orchids.

Unable to attend the wedding were the bride's brother-in-law and sister, Lt. and Mrs. Robert O. Aders, who are in Japan. Lt. Aders is stationed there with the navy.

The bride will be graduated in August from Ohio State University, where she is a member of Pi Beta Phi. Mr. Kirwin is a graduate of Ohio State, and is a member of Phi Delta Theta.

The couple is now residing at 968 S. Harris-av.

MAKE YOUR
DECISION NOW!
ASK YOUR
FUNERAL DIRECTOR
He'll tell you it's wise to plan your family burial estate NOW!
Because people turn to him in time of sorrow, he knows as well that is no time for the bereaved to have to hurriedly select a cemetery lot.
He'll tell you "the selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

Show them the Way...this week
A child's trust is a precious thing.
Instinctively your little ones rely upon your example . . .
so the pattern you set becomes their pattern, too.
By taking them to worship with you every week
they will come to know God . . . to be at ease with Him
. . . to feel the strength and warmth of His love.
And you will be building the foundation for a richer
and happier life for your whole family.

Golfing Slants

By JACK KIDWELL

Despite excessive amounts of rain, sun and rain, a record number of golfers turned out for the holiday week-end.

Although there are clubs, balls and divots flying in every direction, I have always felt a golf course is the safest place to be during the vacation season.

Frequent showers the past four days have greened our fairways and at this moment all our mowers are busy cutting grass.

As yet the rain, heat and humidity have caused no damage to the turf on the greens, but number four shows signs of weakening this morning.

To date there are 40 qualifiers in the club championship with nine days left to complete an 18-hole qualifier round.

Qualifying scores determine the flight in which a player is placed. Match play by flight will start Saturday, July 18. First round matches must be completed by July 25.

There were no holes in one the past week but Ray Vennetti knocked an eagle three in on number eight, which was a big factor in his sub par round of 71.

Mike Hurdman and Homer Ramey each blistered the ball for rounds of 73, but were closely followed by Herb Weisenberger with 74, Al McFadden with 78, and Tom Waters at 76.

Al Muth turned in a best ever of 82 while Mary Baker shot 96 for her best ever.

Qualifying scores to date in the club championship are as follows:

Mike Hurdman, 73; Herb Weisenberger, 74; Al McFadden, 75; Tom Waters, 76; Herb Shivers, 79; Ed Tonti, 80; Bill Wilhelm, 81; Berl Taylor, 81; Troy Brown, 81; Wayne Montague, 81; George Kanavel, 82; Norm Hannish, 83; Allen Neiderlitz, 83; Rex Lynch, 83; Elmer McDermitt, 83.

Vern Neiderlitz, 86, John Allen, 87; Bobby Brokaw, 88; Lloyd Green, 89; Don Skipper, 89; Don Anderson, 90; Al Hutt, 90; Kelley Grahm, 90; Dean Mathews, 91; Rodger Baird, 92; Harry Dunigan, 93; Dusty Rhodes, 94; Nick Katsanos, 94; Andy Blum, 96; Lester Yerian, 96; Ray Boles, 97; Greg McEttrick, 98; Chuck Ranney, 98; Benny Huffman, 101; Harry Walters, 104.

Legion Junior Baseball

Camp Chase Nine Whipped By Boys' Club Squad 5-4

Camp Chase's ace right hander Bill Spratley shackled the Boys' Club Legion team with but five hits and a safe bunt only to see three errors in one inning change victory to defeat.

Camp Chase scored two in the second inning as Jim Hughes led off with a single to left and went to third as Dave Randall singled to right. Dick Shultz layed down and beat out a bunt to score Hughes and Karl Davis singled to center to score Randall.

Boys' Club scored one in the second on a walk, error, and a single.

In the third Gary Nebinger led off with a single to center, Hughes walked and Randall singled to score Nebinger.

Camp Chase scored again in the sixth as Dick Shultz singled, Jim Cobb sacrificed him to second and he scored as Karl Davis' grounder went through the Boys' Club second baseman.

Behind 4 to 1 as they came to bat in the 8th the Boys' Club team scored 4 runs as Spahn was safe on an error, Taylor was safe on an error, and Walt Dolder doubled to center to score two. Hakes then singled, sending Dolder to third and Crawford singled to score Dolder and Hakes.

Camp Chase had two on with one out in the ninth as Nebinger and Hughes each singled but were unable to score as the next two batters struck out.

Dolder's double and singles by Hakes and Crawford were the hits that hurt Camp Chase. Gary Nebinger once again led the hitting for Camp Chase with 4 singles in 5 trips. Hughes, Randall and Schultz each had two singles in four trips.

the older folks call it. Toboso is very small in population but very large in history and is one of the oldest towns in the state. It is close to famous Black Hand Rock whose legend is familiar to most Ohioans. Homecoming Day was celebrated by a lunch which was spread in the basement of the modern high school building, and a program across the road from the school, in the afternoon. The ladies of the town and vicinity had worked hard so the lunch was more than adequate; the church nicely decorated with vases of flowers from yards and gardens of the town. During the afternoon services, mention was made of those who "had passed on," and faces that were young faces when I knew them as a child when I spent summer vacations on my grandfather's farm near Toboso, are not now so young. Of course mine isn't either, for those summers were many summers ago.

"He giveth power to the faint."

"FOR WHOM THE BELL TOLLS"

Air crews have had it and the war goes on
And I have had it if I die tomorrow.
Not needing the marvelous conceits of Donne
Or any word of fear or sound of sorrow.
Love I have had, the climax of "I lives."
Traditionally the enemy of death.
That like an Old Testament prophet power-dives
And takes away the hard-drawn, precious breath.
Yeats read much in old poems all his life
And prophecies and dreams of golden sages.
Condensed past wisdom into a few pages.
But in his passionate intellectual strife
Had not the art new generations praise.
To cram a life-time into seven days.

If you wish to regain some of the peace and serenity of the old days; if you've begun to think you're pretty important and need to be cut down to size by people who tell you they remember you when you were an ugly "kinda dumb" kid, just go back to an old white church where you once went to Sunday School. I guarantee it'll work. I'm glad I went back to Black Hand even though it did make me realize all over again how old I am!

Mail—From a reader who signed the card R.K.G.: "You said your husband is your sweetest critic. You must not have been married very long" . . . (Dear RKG: The way it went to the front office was "severest critic," but maybe somebody up there knows my better ½. Anyway, I've been married for years and years and to the same critic. Thank you for writing.) From an old schoolmate: "We wore out two road maps of Kentucky, trying to find Mammoth Cave. We saw lots of caves but not Mammoth, though some road signs called attention to caves more mammoth than Mammoth. In Pennsylvania we mark things clearly. We don't like any state but Pennsylvania so we'll stay in it." If I knew how to spell it, I'd write the word that means tish tish. Everyone to his own taste, or to each his own—or something.

Mayor Requests Residents Halt Watering Lawns

Hilltop and Westgate residents were asked Wednesday to eliminate lawn sprinkling, as a means to end the serious water shortage. And the weatherman said rain wasn't likely before late Friday.

The plea was made by Mayor Oestreicher and officials in the water engineers' office, who regarded the current water lack as due solely to the resumption of lawn sprinkling.

So serious was the shortage that Westgate Parks' 1,000,000-gallon tank, which normally holds 39 feet of water, was empty at 8:30 o'clock Tuesday. As the evening progressed the water level in the tank began to rise again slowly. The same situation prevailed Monday night, water engineers revealed.

When the tank empties, water pressure is at low ebb in certain West Side areas.

Officials of the Ternstedt Division of General Motors, Inc., said they will be able to continue operations, but would have to resort to the plant's 100,000 gallon reserve storage tank.

The water lack assumed even more serious aspects in view of the continued hot, dry weather predicted for Columbus and vicinity.

West Franklin Ass'n To Meet Friday at 8 P.M.

The purpose of this meeting will be to hear zoning case No. 249, Mrs. J. H. Wedemeyer; case No. 250 Commonwealth Developers Inc. and case No. 253, Peoples Development Co., all of whom are asking for a change in zoning.

At same evening delegates will hear a report from the fact finding board in regard to its progress and will have the privilege of meeting the man who is making the survey.

It is very important that every organization be represented by a delegate, an alternate and as many members as possible.

West Gate Craftsman Plan Fete

Under the sponsorship of the West Gate Craftsman Club of the F. & A M. the annual lawn festival of that organization will be held this Saturday at the West Gate Temple Grounds, 2925 W. Broad-st beginning at 6 p. m. and continuing until midnight.

Planned for the annual affair is open air round and square dancing, music, fireworks, sandwiches, soft drinks, baked beans, a fish pond, novelty stands, coffee, ice cream and candy.

Members of the Craftsman Club this week were urging everyone to attend the gala affair and to bring the entire family.

Hilltopper Scores Straight "A" Grades

Two Columbus freshmen made straight "A" grades during the Spring Quarter in the College of Engineering at the Ohio State University, according to Lawrence D. Jones, secretary of the college. They are: Allen E. Jones, 610 Richards-rd and William E. Thompson, 380 Midland-av.

Five Hilltop Frank Smiths Confuse Registrar In Simultaneous Appearance At X-ray Unit

Five Frank Smiths and one registration clerk got quite a start when the quintet seeking X-rays came up with the same first name and the same address area. Registering at the Christmas Seal X-ray Cruiser, left to right are Frank E. Smith, 837 S. Hague-av; Frank J. Smith, 44 S. Burgess-av; Frank A. Smith, 1466 Sullivant-av, Frank D. Smith, 82 S. Terrace-av, and Frank A. Smith, 182 S. Sylvan-av.

Frank Smith meet Frank Smith meet Frank Smith meet Frank Smith all from the West Side!

With 2,000 Smiths—38 of them named Frank—in the city telephone directory, should a registration clerk be surprised when five Frank Smiths show up at the Christmas Seal X-ray Cruiser at the same time?

Mrs. Marguerite Benedict, 474 Larcomb-av, Columbus Tuberculosis Society registrar, was! Especially when she found that five of them were West Siders. None of the Franks were related. Only two of them were even casually acquainted.

The Smith boys had their X-rays taken at the Christmas Seal X-ray Cruiser at Central Point shopping area where the bus operated last Thursday, Friday and Saturday.

The X-ray bus has surpassed the halfway point in its month-long "get-acquainted" tours of the city. Friday it heads south on the following schedule: Friday, Livingston and Kelton-avs; Monday, Frebis and Champion-avs; Tuesday, Mohawk and Whittier-sts; Wednesday, Southwood-av and Fourth-st, and next Thursday and Friday, Parsons and Barthman-avs.

Daily time schedule is 2:30 to 8:30 p. m.

What did the Frank Smiths say as they shook hands all around?

Frank E., 837 S. Hague, to Frank J., 44 S. Burgess: "Well, by golly! This is a story!"

Frank A. (1466 Sullivant) to Frank A (1825 Sylvan): "Wait 'til I tell my wife!"

Frank D (82 S. Terrace): "Boy! It's nice to know I've got nice company!"

Incidentally, there is more variety in the occupations of the Smith boys than in their names.

Frank E. is a credit manager. Frank J., an architectural engineer, Frank A. a building superintendent. Frank A. a restaurant owner, and Frank D. a partner in a Welding Supply Service.

The Columbus Tuberculosis Society is now looking for the two who didn't show up. There are seven Frank Smiths who live on the West Side.

Rescued After Boat Capsizes

James O. Detrow, 34, of 2234 Safford-av, was rescued Sunday in Sandusky Bay from an overturned boat to which he had clung six hours after his companion drowned.

Coast Guardsmen still were dragging the bay for the body of Harley Short, about 50, of Wightman's Grove, near Fremont. The boat had overturned in the mouth of the Sandusky River, about two miles from White's Landing.

Detrow, his wife and two sons and a daughter, had left Columbus Wednesday on a vacation trip.

Eisenhower Names Hilliards Man To FCA

President Eisenhower Monday nominated Carl R. Arnold of Hilliards, O. to be governor of the Farm Credit Administration.

Arnold, a former Agriculture Department official, will succeed Ivy W. Dugan, who recently resigned.

Arnold, 62, was nominated for the remainder of a six-year term which began last June 15.

He owns two farms near Hilliards and is a Republican.

Local Man Wins Promotion In Farm Bureau

Appointment of Dean W. Jeffers, RFD 1, Reynoldsburg, to a newly-created position, director of operations, with the Farm Bureau Insurance Companies was announced today by Howard Hutchinson, vice-president—operations.

At the same time it was announced that James W. Barnett 471 N. Hague-av, would replace Mr. Jeffers as manager of central operations.

Norwich School Area Transferred

Part of the Norwich Special School District was absorbed last week by the Norwich Local School District, after the move was approved by the County Board of Education.

A merger movement was defeated earlier this spring when some residents in the special district, located in the southeastern quarter of the township, strongly protested.

Last week's move involved a shift of approximately one-half the special district to the local. Boundaries of the transferred area exclude sections where voters entered objections.

Sportsmen Plan Outing

All procedes derived from the picnic will be used for the conservation of wild life.

Special Efforts Are Indicated To Provide Better Maintenance

Following the Hilltop Record's expose on the conditions of two of the Hilltop Parks last Thursday officials lost no time in remedying the situation.

Mayor Robert T. Oestreicher, Wednesday afternoon accompanied by members of his official cabinet at City Hall and officials of interested organizations of the Hilltop made a personal tour of the two parks, Westgate and Holton to determine just what conditions do exist.

Accompanying the Mayor on the tour were Dewey Garner, administrative assistant to the mayor; Nick J. Barack, director of Columbus Recreation Department; Ray Deitz, superintendent of Parks and Forestry; Jerry Spears Jr., Hilltop member of Columbus City Council; Robert Schmidt, president of Hilltop Community Council; Jack Alkire, president of Hilltop Business Association; William Jones and the editor of The Hilltop Record.

It was indicated that a special effort will be made to correct some of the deficiencies which currently exist at the two parks, but it was also pointed out that a special levy may be asked in order to properly maintain the parks and prevent their deterioration.

In the meantime Recreation Department Barack has indicated that his department is planning an overhaul of the baseball diamonds at Westgate Park sometime later in the fall, pointing out that at the present time his department is handicapped by the lack of funds.

In the meantime recreation department workers during this past week pointed out that the reasons for water not being turned into the wading pols at the two parks was because of a request from the Mayor's office made at the time for the water shortage of a few weeks ago.

It was also pointed out that a recreation department ruling is that swings at the parks not be

Spears Funeral Home Being Remodeled

Pictured above is the Jerry Spears Funeral Home at 2692 W. Broad-st which is currently undergoing a remodeling and addition to the present funeral home facilities. Estimates call for a $55,000 program to complete the remodeling and addition at 2685-2693 W. Broad-st. When completed the new building will have a frontage of 94 feet with a large chapel between the two current buildings completely air conditioned and equipped with elevator service. A colonial style front will also be installed. Jerry Spears, Sr., this week directed attention to the fact that the two present buildings provide ample facilities for services during the remodeling program.

Midwestern Hayride Star Will Appear At Hilltop Bean Dinner

A Swiss grandmother and a pawn shop guitar were two factors contributing heavily to shaping and directing the career of Bonnie Lou, the young and attractive Swiss yodeler and ballad singer of WLW and WLW-T, who will appear the the tenth annual Hilltop Bean Dinner, July 28-29.

Just 28 years old, married and the mother of a five year old daughter, Bonnie Lou has spent more than half her years entertaining in radio.

A student of serious music on the violin for five years, Bonnie Lou at the age of 11 decided she wanted a guitar. Her mother went to a pawn shop, bought an instrument for a few dollars, and saw the profit from her daughter's musical training coming from the folk music field.

After a few years of radio in Bloomington, Ill., and Kansas City she came to WLW in May, 1945, where she immediately made a hit on the "Midwestern Hayride" then fed to a network of midwest stations. The same year she married Glenn Edwins and stayed with WLW for a year and a half, winning many friends with her delightful personality and unique way of singing a song.

She returned with her husband to Bloomington, Ill. and after singing with many "pop" bands returned with her family to WLW in 1951. Her first appearance before the cameras of WLW-T was with the assurance of a veteran performer.

Bonnie Lou

Ballads and western [illegible] could well be her specialty but what Bonnie Lou does to a Swiss yodel song would make the Alps sit up and take notice.

New Hoge Church Adds To Hilltop Skyline

Pictured above is a W. Broad-st scene where the new Hoge Memorial Church is adding a new facet to the Hilltop skyline. Designed to accommodate 750 persons during worship services and a church school enrollment of more than 900 the new stone edifice will have cost $300,000 upon completion. Cornerstone for the new church was laid on Nov. 23 with Rev. A. J. Weld and other church dignitaries in attendance.

Little Oranges Take Lead In Hilltop YMCA Little Nine League

By Dick Wilson

The Little Oranges gained undisputed first place in the Hilltop YMCA Little Nine League as they defeated the Little Greens 7-4 last Friday at West High School in a make-up game which had been postponed on Wednesday because of rain.

The Oranges jumped into an early lead as they scored three runs in their half of the first inning. The Greens came back in the first of the second and scored two runs; but they were never able to forge ahead of the fighting Orange men at any time in the contest.

Lefty Lyn Hegele started for the losers and was relieved in the third inning by Glen Rohrer who held the Orangemen scoreless for the last three innings. Bob Saint went the route for the winners and was never in serious trouble. Clark Andrews looked good defensively for the losers and John Peterson looked exceptionally good in the field for the visitors. Dave Brady led the Orangemen hitting attack with two singles and a fielders choice in three times at bat.

The Little Browns were knocked out of a first place tie as they were upset 10-6 by the Little Blacks. Tommy Morrison was the pitcher all the way for the winners and gave up 8 hits, one being a home run by Ernie DiGiola, and only two walks. Billy Ingle was the losing pitcher as he gave up 5 hits but he was very liberal as he issued 10 walks. These walks were very costly as five of the walks were runs scored. Ingle struck out 10 batsmen, and Morrison whiffed 11 of the Brownsmen.

Don Heane, star center fielder for the Little Blacks, not only looked very good defensively, but he led his team's hitting department as well with two doubles and one single in three times at bat. Jackie Morical starred in the slugging department for the losers as he accumulated two singles and a triple in three times at bat.

Dick Rice's Little Blues surprised everyone as they upset the Little Maroons 6-4 in a contest which was in doubt until the final out. This was the first victory for the Blues. Tom Sines was the starting pitcher for the winners, but he had to be saved by "Fireman" Daryl Corbett in the fourth when the Maroons pushed across three scores. Sines was credited with the win. The losing pitcher was Big Mike Engle who gave up all 6 runs in the four innings he worked. He was relieved in the fifth by Don Barnes who retired the last six batters on 21 pitched balls and had six strike outs to his credit.

Don Barnes also starred for the Maroons in other departments as he looked very good in his short stop position and scored two of his teams 4 runs. He got three hits in three times at bat. Cliff Shoemaker was the "Big Stick" for the winners as he got two hits in three trips to the plate. Ronnie Saint looked good defensively for the victors as he successfully handled several hard chances from his short stop position.

The Purples and Reds fight for the cellar position ended up with the Reds going down to the tune of 7-1 as the Purples got three hits off Mike Cantlon and the Reds were also only able to get three hits off the offerings of Lefty Dave Doersam. Doersam was the winning pitcher and Cantlon was credited with the loss. Jack Sims looked good defensively for the Little Purples and Jan Lawrence did a good job behind the plate for the losers.

Next week the Little Reds face the Blacks, the Purples meet the undefeated Oranges, the Browns and Maroons clash and the Greens meet the Blues.

Skating on ice is possible because the weight of the body melts the ice and the skater really is traveling on a film of water which freezes again as the weight is removed.

Flu Bug Stymies News From Rome This Week

Today's edition of The Hilltop Record carries no news of the happenings in Rome during the past week. Mrs. James Whalen, our topnotch reporter from that area has been wrestling about with a case of summer flu and unable to assemble her column for the week.

Mrs. Whalen assures us, however, that next week, the News of Rome will be on hand as usual, providing the flu bug doesn't take another whirl at her.

Emile Reiss Is In Mayor Race As A Write-In

Emile Reiss

A Hilltop man, Emile Reiss, 1909 Sullivant-av, has provided the forthcoming primary election of August with one of those unusual quirks that are few in political circles. He is an official write-in candidate for the post of mayor.

Reiss at the time of filing was short of the required number of signatures, but instead filed with the Board of Elections a declaration of candidacy which was accepted. This will enable him to be recognized as a candidate although he will not be listed on the ballot.

Reiss, aged 54, has been in the practice of law for the past 30 years in both Ohio and Michigan. He was also formerly a school teacher. He is a veteran of World War I and a member of Malcolm-Jeffrey Legion Post.

Your Youth

By Bob Schmidt - Dick Wilson

Here is a reminder to all you guys and gals that the Hilltop YMCA Summer Fun Club is really going strong, and the "Y" will award special Summer Fun Club emblems to all boys and girls who register in the program and earn enough points by taking part in the various events. Each boy and girl is required to earn at least 50 points; so you better get down to the "Y" right away and get your application blanks so you can start taking part in the rubber-neck tours, special events, hikes and craft classes. Points are also given for new memberships, attending Camp Alfred Willson and attendance at Little Nine baseball games and practices.

The emblem will be awarded to the boys and girls who have earned them at an Awards Night ceremony which will be held Aug. 12 at 7:30 in the new Westgate Park Shelter. As an added attraction, the Summer Fun Club member with the highest number of points will receive a special prize at this event. Last week members of the club went to a Red Bird baseball game, went on a tour through Dad's Old Fashioned Root Beer plant and had a scavenger hunt. Next week the club will see another Red Bird game, go on a surprise tour and have a Treasure Hunt.

Of course, the Little Nine Baseball League is a part of the club. Points are given for attendance at games and practices. These points can go toward the big Summer Fun Club emblem, but special smaller awards will be given to all Little Nine players.

Another part of the Summer Fun Club is a Hilltop wide movie schedule. On Tuesday at 8:00 all boys and girls in the Holton Park neighborhood, are invited to the park to see free movies. The neighborhood gang at Westgate Park is invited to them at their park on Thursday at 8:00. Glenwood offers them to the kids in the east end of the Hilltop every Friday evening at 8:00. If you do not live close to any of these parks, you can come down to the "Y" office every Friday afternoon at 3:00 and see a complete show.

Speaking of shows reminds me that congratulations are in order to the Hilltop Lions Club on a very successful Fourth of July celebration and show held at West High field. Bob Edgar was the chairman of this event and our thanks go to him and his committee for helping make this a sane and safe holiday for our youth of the Hilltop.

Kiwanis-Lions Little League Ends First Round Of Play

The first round of league play has been completed with the Cowboys owning the only unbeaten record with a string of five victories. The Cowboys downed the Yankees 7-3 and the Dodgers 5-1 this week to finish their first round of play.

The Cowboys tangled with the Yankees on Tuesday. The Yankees tossed a scare in the Cowboy camp in the early innings as the Yankee sluggers, Crawford and Strickler, hit Goodin for triples and homeruns. Strickler got a two-run homer off Goodin in the third. Goodin, not to be outdone, turned slugger and tagged Richards' offering for a two-run homer in the second.

For the first time this year Goodin was pressed as he was tagged for four hits and five walks. Richards, the Yankee pitcher, struck out 11 Cowboys and allowed eight hits.

In their game on Thursday the Cowboys downed the Dodgers 5-1 in a game in which the Dodgers were forced to play with eight players. Goodin was in good form as he fanned 15 Dodgers and allowed two hits and two walks. Wolf, pitching for the Dodgers, was tagged for five hits, one walk and he struck-out seven.

Costly bobbles by the Dodgers allowed the Cowboys to pull away in the third inning. Two successive errors put two Cowboys on base and Goodin's well hit triple allowed two to score ahead of him, and on the throw in another error was made, which allowed Goodin to score.

Helping Hand Is Extended To Arthritic Sufferers Here

A helping hand is being extended to arthritis and rheumatism sufferers here.

The recently organized Franklin County Chapter of the Arthritis and Rheumatism Foundation today appealed to everyone suffering from arthritis or rheumatism to register with the chapter office in the Bardahl Building, 334 Marconi-blvd.

"It only takes a card or a letter, even a telephone call," explained Jerry J. Walsh, executive director of the chapter.

"We can't help those afflicted with arthritis and rheumatism unless we know who they are," said Walsh. "Those registering with the chapter should include on the card or in the letter their name, address and telephone number."

In urging registration with the chapter, Walsh pointed out that there are an estimated 25,000 to 30,000 arthritis and rheumatism sufferers in Franklin County.

"A distressing number of these sufferers (and their families) erroneously believe that they have a hopeless disease and that medical care can offer them nothing," said Walsh. "The chapter hopes to appraise the needs of these sufferers in the community so that they may be properly referred to adequate medical care and rehabilitation.

Walsh said that the chapter hopes to be able to provide certain to many indigent arthritics who until now have not been able to buy the "wonder drug." He said the chapter also hopes to finance a number of hospital beds for care of arthritis and rheumatism victims; and to increase the research facilities here and distribute the latest information on arthritis and rheumatism.

The Arthritis and Rheumatism Foundation is a national organization which is entirely non-profit and philanthropic in character.

Telephone number of the Franklin County Chapter office in the Bardahl Building is FLetcher 5384.

Want Ad Results Surprise Advertiser

Another advertiser has obtained the best results at the lowest cost possible. Mrs. F. Reese of 29 Whitethorne-av, placed this want ad in The Hilltop Record:

GLIDER, GOOD CONDITION, 6 CUSHIONS PRACTICALLY NEW $20. JO. 4633 after 5 p. m.

This is the first time Mrs. Reese has ever tried the want ads. She was really pleased and we dare say a little surprised at the results. She had a great many calls but she said she sold it with the very first call.

People all over town have heard what good results you get from the Record want ads. Why not try them yourself? You'll find you do get good results from them. It's the cheapest way to tell the most people what you have for sale.

Call RA. 1125 or RA. 1126 for want ad results.

LETTERS TO THE EDITOR

Editor, The Hilltop Record
2465 W. Broad St.
Columbus, Ohio
Dear Editor.

Your recent article in the last issue of your fine publication with regard to the deplorable condition of parks on the Hilltop is not only timely but is a truthful summary of actual conditions existing that should be corrected by our city fathers.

A fine park is a tribute to the pride of any community, but when a park or other public grounds is neglected and run down, and is no longer representative of the spirit and reputation of the area that it serves, the people are deprived of the recreation and services for which it is originally provided, and it becomes a liability to the neighborhood.

The Hilltop of this great city is one of its best neighborhoods, and we have here many attributes not possessed by other parts of the community; the people take great pride in the appearance of their homes, their streets, alleys, parks and general environment. We cannot afford to let the officials of our city "short-change" us by letting the parks and other public grounds become an eye-sore and a disgrace to the prestige of the Hilltop.

In many ways, the Hilltop is given consideration only when the mayor and city fathers feel like it, although we are one of the most important parts of the city, and pay our taxes without delay, and it is hoped that steps will be taken without delay to clean up our park system, restore their beauty, and give us a haven of recreation fitting for our people, especially the children.

In conclusion, I wish to suggest that the police department detail special policemen to patrol our parks to prevent molestation, and wipe out disorder and abuse of the privileges. I say: clean up our parks and keep them clean, and make the Hilltop the best residential community in the best city in America.

If elected mayor of the city of Columbus, since I live on the Hilltop, I will give this community very special attention in all hings, and promise a beautiful park system for this area as well as other parts of our city.

Sincerely yours,
Emile Reiss, Attorney at Law
Independent Write-In Candidate for Mayor of Columbus.

Camp Chase Little Bigger Nine Wins Two More League Games

The Camp Chase-Beasley Grove Little Bigger League baseball team won its sixth and seventh victories against one defeat this past week. Thus, with two games against St. Mary's and one each against the West Side Pirates, Briggsdale and Buckeye Electric remaining they are assured of at least third place in the National division of the Central Ohio Little Bigger League.

A win in all of the five remaining contests would send them to Cincinnati for the state playoffs on July 29. If they should lose to either the West Side Pirates or Buckeye Electric and win the rest they would be assured of a tie for first place in the league with a playoff for the state finals.

Last Wednesday at West right hander Bill Spratley hurled a no-hit game against the Boys' Club team only to see a run score as he walked two and made two bobbles himself.

Spratley scored the first run for Camp Case, however, as he lashed a vicious triple to right center and scored on Posey's single to right.

Second Baseman Mike Posey and Bill Spratley led Camp Chase's hitting with two each while Dave Randall's single and Chuck Coe's double were the balance of the six hits granted by Boys' Club's right hander Deveraux.

Jimmy Mentel tossed a three hit shutout against Suburban Motor Freight Friday at West for his second victory over that team. He beat them 11-0 earlier in the season.

Ron Nebinger, George Watkins, and Mentel each hung up a double and single and Bill Spratley and Dave Randall collected two singles each as those five players accounted for 10 of the 11 hits off the Suburban pitcher. Larry Dinsch was the only other Camp Chase player to hit safely.

At Chillicothe, Veterans' Hospital last Saturday Camp Chase's younger players on the Little Bigger team made many sit up and take notice as they played errorless ball before a large crowd of veterans.

All five 13-year-olds started the game. They are Kenny Clapsaddle at second, Larry Price at third, Stan Huff, catcher, Mike McDonald at short, and Paul Pennell in right field.

George Watkins and Mike Posey led the hitting for Camp Chase as they each tripled while Ron Nebinger singled and doubled.

The Little Bigger team was scheduled to play an important game against the West Side Pirates at Central last night, too late to make this edition. They make another trip to Chillicothe Vets Saturday to play against the Delaware team.

Glenwood Athletics

Knothole League

The Glenwood Tribe, the Glenwood Center entry in the intermediate knothole league, journeyed to Dublin Wednesday for a practice game. The Tribe came from behind to best the Dublin boys 9-7.

Early inning bobbles got the Tribe's pitcher, Longmire, in trouble but timely hitting and good baseball enabled the Tribe to come from behind to win. The Tribe spotted the Dublin team five runs before they were able to get a run. They then picked up two runs in the fourth to start their scoring. Poston with two for three and Williams with two for four led the Tribe in hitting.

Paul Longmire, working on the mound for the Tribe, fanned 16, walked one, hit one and gave up 10 hits and seven runs.

The Tribe got nine runs on eight hits and were struck out six times and walked four times and committed seven costly bobbles.

The Tribe had drawn a bye in the regular league play this week.

The Glenwood senior team entry in the Senior Knothole League has not played a game. Three games were scheduled with two of them being rained out and the third not played because of the lack of umpires.

The Glenwood Reds took a real trouncing at the hands of the West Side Pirates in a Junior Knothole game on Tuesday. The Pirates collected 21 hits and 33 runs with the aid of 22 errors by the Reds.

Miwe Wolf pitched all the way for the Reds. Mike Hixson, who played for the Glenwood team last year effectiveld held the Reds to two hits.

Little League

At the halfway mark, Lefty Larry Goodin, the Cowboys' pitcher, has a very impressive record. He has five wins and no losses. He has pitched a no hitter, two one hitters, a two hitter and four hitter. He pitched a total of 19 scoreless innings (three games) before giving up a run. Larry has struck out 49 in five games to average 9.5 per game.

The most surprising pitching of the first round of league play has been the pitching of little "Lefty" Bill Karns, a nine-year-old pitcher for the Cougars. Bill has won one and lost two and appeared in relief in one game. Bill walked five, struck out 13 and gave up four hits in the game he won with the Cougars against the Tigers. He was beaten by the Yankees 6-5, but held the Yankee hitting to eight as he struck out seven. He has struck out 30 in three games to average 10 per game.

The Eagles lost a close one to the Dodgers in another league game this week. The Eagles had a commanding lead in the sixth 11-7 but the Dodgers began to hit and the hitting of the Dodger pitcher, Mike Wolfe, won the game. Mike Wolf had a big day at the bat, collecting a single, a double and the last inning a grand slam homer with three on base to win the game.

The Cougars and the Tigers tangled in what started to be a pitchers' battle as Karns and Bill Castle of the Cougars erupted with three runs. Two walks followed by Witt's triple scored three for the Cougars. The Cougars picked up another run in the fourth. The Tigers came roaring back in the fifth to collect three but it wasn't enough. The four-hit pitching of Karns of the Cougars was too much for the Tigers. Karns set the Tigers down in the clinches.

Both Karns of the Cougars and B. Castle of the Tigers pitched the tightest ball for the season. Karns gave up four hits, struck out 13 and walked five. Castle gave up four hits, struck out 15 and walked six.

The final game of the week's play had the Tigers and the Yankees meeting on Friday. This meeting completed the first round for the Tigers who now have a two won and three loss record. The Tigers were able to get three hits and two runs off the Yankee pitcher Crawford. Castle the Tiger pitcher, was pounded by the Yankee sluggers for 13 hits and 18 runs. He struck out nine and walked four and had 11 errors behind him. Crawford struck out nine and walked four and had six errors behind him.

The Yankees with Friday's win are now in second place with a two and two record.

Women Ready Campaign For United Appeals

Pictured above are the women who will head up this year's campaign by the women's division of the Red Cross-United Appeals Drive on the West Side. Left to right they are Mrs. W. B. Spence, vice-chairman; Mrs. Robert Reeves, chairman, and Mrs. Fred L. Dinsch, vice-chairman.

Plans for the Women's Division of the United Appeal-Red Cross campaign are being stepped up as many more volunteer solicitors will be needed in the 1954 drive due to their concentrated one-week campaign.

Mrs. Harold K. Schellenger, 4554 Starret-rd, again heads the Women's Division and is a vice-chairman to Livingston L. Taylor who is chairman of the campaign to raise funds in the united appeal for the Heart Association, Community Chest, Cancer Society, USO, and the Cerebral Palsy Association as well as for the Red Cross.

Mrs. Robert M. Reeves, 96 North Huron-av, is chairman of the West Unit of the Women's Division. She will be assisted in mapping the solicitation plans in this community by Mrs. W. B. Spence, 348 Letchworth-av, and Mrs. Fred L. Dinsch, 41 S. Huron-av, vice-chairmen.

The women will concentrate their drive into a period of one short week, starting Monday, Oct. 12, the second week of the county-wide campaign which begins Oct. 5.

The women in several sections of the city will try to accomplish their entire house-to-house canvas on Monday, Oct. 12, using the rest of the week for "call-backs" and completing their reports.

As 3500 volunteer solicitors in this division worked in last years campaign, at least an additional 1500 will be needed for the 1954 United Appeal-Red Cross drive.

Any one in this community who is willing to solicit for this short period is asked to call one of the above named leaders or United Appeals office, Women's Division, MAin-6693.

Legion All Star Baseball At Red Bird Stadium On July 22

Next Wednesday, July 22 will see Red Bird Stadium the scene of the second annual "Legion All Star Double Header."

Oevr 200 boys 15, 16 and 17 years of age are playing Legion Junior Baseball on 15 teams divided into two leagues the "Blue" and the "Gold" leagues.

The first game is for seven innings and is scheduled to start at 5:00 p. m., with the second game under the lights for nine innings to start at 8:30 p. m.

A between games program has been arranged highlighting Second Regiment Band directed by Howard Adams and managed by Robert S. Thompson. They are noted as the most colorful marching jazz band in the country and play coast to coast. Many Columbusites will recall their "jazz sessions" in many local parades. They are billed as having the "strutinest drum majorettes in the world."

Admission is $1.00 each with children under 13 admitted free when with an adult. Tickets may be purchased from any boy playing Legion Junior Baseball, Legion Posts and member or members of the Legion Auxiliary.

All proceeds will be used 100% for Legion Junior Baseball in the future William D. Ferguson, Past Commander of Camp Chase Post, is chairman of the "All Star Double Header" while the other two members of the three member committee in charge are John Cotter of Franklin Post and Russ Vallery of Malcolm-Jeffery Post. John Clifford and William Jaster of Scioto Post are co-chairmen in charge of advance ticket sales.

Firemen Still Winning In Church League

By Bob Schmidt

West Park and Volunteer Firemen continued their winning percentage with wins over DeMolay and Church of Christ.

Church of Christ played heads up ball but the big guns of Firemen — Gyton, Spence, Fielding and Anderson blasted out enough hits to build their score to 20. Church of Christ kept in the ball game and through the powerful hitting of Dick Moose, Beard, Bishop managed to turn up 11 runs.

Although the score was 10-3 the boys from DeMolay have greatly improved their game. This team could be the dark horse of this league, so lets all watch the progress of this team. West Park was hitting and fielding good as usual and pitcher Gatens allowed only three hits.

The DeMolay team was fighting an uphill struggle and are improving each game. Pitcher Edwards allowed only 8 hits but needed better support from his team.

Tonight Volunteer Firemen vs. DeMolay, Diamond No. 3; Church of Christ vs. West Park Methodist Diamond No. 4.

Health Officer Gives Warning Of Peak Season For Polio

Keep rested, keep healthy and keep clean was the admonition issued today by Dr. O. M. Goodloe, city health commissioner, as the peak season for cases of poliomyelitis approaches. From mid-July through August usually is the period of high incidence for the disease in this area.

"Experience has shown the child who is well-nourished, who is kept clean while living in sanitary surroundings and who does not become over-tired is least apt to be stricken with polio," Dr. Goodloe explained.

"We are recommending that all children, including the teen age group, take two 10 to 15 minute rest periods each morning and afternoon and that they lie down a while at lunch and dinner time, in addition to their eight to 10 hour nightly sleeping period," he said.

Columbus swimming pool operators, in line with this policy, are clearing the pools for rest purposes 10 minutes out of each hour.

"High resistance and cleanliness seems to be the best answer we have for polio protection," Dr. Goodloe added. "Children should wash their hands and face before each meal and after elimination. They should each have their own soap, towel and wash cloth and their own glassware and table service. Extra precautions to maintain a high degree of sanitation around the house and yard should be taken and children should not be permitted to mingle with children with whom they aren't already associating."

Columbus itself has had six cases of poliomyelitis reported this season, as compared with five for the same period in 1952, which was the second high of all time for the year, with a total of 75 cases.

World Champ Softball Nine To Appear Here

World Softball Champions, the Briggs Beautyware team from Detroit, Mich., will appear in Columbus on Sunday, Aug. 9, under the auspices of the Zooligans according to announcement by N. J. Barack, its president.

Briggs team has been a power in softball for several years having won three world championships with the last one occuring at Bridgeport, Conn., last September. In winning that title Briggs team won five straight games and will defend its national title at Miami, Fla. Sept. 19-24.

As in all Zooligans promotions the proceeds from this game will benefit the Columbus Zoo and the Boys Club.

Buttons were first put on men's coat sleeves by Frederick the Great, to keep his soldiers from wiping their noses on their sleeves.

GLENWOOD

Porcupines, turtles, skunks and other animals of the forest are appearing on the Glenwood Playground, however they are harmless as they are being made of clay and paper in preparation for the Pioneer Day float which Glenwood will enter in the parade on July 23, sponsored by the city recreation department.

The theme of Glenwood's float will be the legend of Johnny Appleseed who tramped through the Ohio woods making friends with the settlers and Indians alike with his Bible and sacks of appleseeds. All children who wish to appear as Indians or early settlers are invited to come to the playground in costume for a dress rehearsal of the float on Wednesday evening, July 22.

Wednesday night, July 15, is skit night at Glenwood Center. Local talent will perform with baton twirling, comic imitations, songs and fun for all from 7 to 8 p.m. The entire family is invited to come and bring a picnic supper.

Alice Martin won the girls' foul shooting tournament, with Ronnie Hill winning for the boys, in the city-wide foul shooting contests at Schiller Center last Thursday. Alice won in the junior division while Ronnie won in the intermediate division. Jerry Hummel placed third in the junior boys' division.

In Glenwood's foul shooting tourney, Dee Elliott won the junior girls' tourney, Mike Wolfe placed first in the junior boys' tourney, Shirley Berio was first in the intermediate girls while Ronnie Hill was first in the intermediate boys' division and Bernice Montoney held the highest score for the senior girls.

Glenwood Blue Eagles defeated New Rome 15 to 1: in the first Glenwood Girls' Softball League Tuesday, July 7, at New Rome.

At the end of the first inning the Glenwood team held a 7-3 lead. In the second inning Rome came from behind to lead 8-7. New Rome added three more runs in the third to make the score 11-7. The Blue Eagles brought in some runs in the fourth to lead 14-11 and one more run was scored in the fifth by Glenwood to make the final score Glenwood Blue Eagles 15, New Rome 11. Berio pitched for Glenwood while Smith hurled for New Rome.

HIGHLAND

Besides the regular schedule at Highland several special events are taking place. John Carey and James Harlan represented Highland in the bicycle races held at Franklin Park last week and on Thursday Richard Jones and Ronald Benton were representatives in the foul shooting tournament held at Schiller Park. Starting Friday, Highland participants began work on their float for Pioneer Day July 23.

JOHN BURROUGHS

Last week was a busy one for John Burroughs with the doll show being the outstanding feature of the week. Many beautiful dolls were brought to the contest and the cutest doll was one from Sharon Amore's collection the prettiest was Carol Tigyer's and the eldest belonged to Charlene Giddes.

The small boys brought toys for the show, the oldest, a mechanical dancing coupie was entered by Skippy Cunningham and the toy voted the best liked was a huge fire truck belonging to Crist Zara.

The older girls of the "Kraft Clan" have been tearing rags and crocheting rugs.

The feature game of the week has been dodge ball played on the court while the softball team finally made connections with an evening of favorable weather and defeated Dana Avenue on Wednesday by a score of 9 to 5. The regulars were scarce because of vacations and other conflicting games, but pitcher Dick Thomas did a good chore on the mound and put the game on ice with a homer, scoring two other runners ahead of him.

Kenny Carpenter and Larry Steece, the fast stepping shortstop, Ricky Steece covered centerfield, Larry Bigler did well at first, Jack Talmadge at second and Tom Lewis was at third. Others subbing were Gus Miller, Don Miller and John Agrieste. The boys need more games with boys of junior age. Any team available afternoons or evenings, please get in touch with Burroughs supervisor Charles Beachler.

Parents are asked to sign and return the bus ride picnic slips the youngsters are bringing home this week so they will have their reservations for the trip.

HOLTON

The children with their floats for the Pioneer Day parade from Holton appeared on WBNS-TV on Wednesday, July 22, with their entries. The program is sponsored by the city recreation department and participants from all city playgrounds appear daily on the program at 8:45 a. m.

Entries in the float parade will be a covered wagon by Stephen Dodson with Stephen and little Lois Echols dressed as pioneers and Judy and Joyce Henry dressed as a bride and groom on a bicycle built for two.

A complete program of activities is offered from 12 m. until 8 p. m. daily for children of all ages on the Holton playground by supervisors Edna Echols and Floyd Elliott.

LETTERS TO THE EDITOR

Editor,
The Hilltop Record
2465 W. Broad-st
Columbus, Ohio
Dear Sir:

We were very much interested to note the pictures and captions concerning the upkeep of public parks of the Hilltop district in The Hilltop Record of July 9, 1953.

Although we are recent arrivals in Columbus, about three months, we have been very much disappointed in the parks of this community. Perhaps we are spoiled since we have spent the past six years in California and the state of Washington, but it does seem useless to attempt to maintain recreation apparatus in a public park and yet keep that same apparatus under padlock so that it cannot be enjoyed. Normally I would try to keep criticism on a constructive level but I must confess that I am writing this letter to "blow off steam," and also to thank you for bringing this matter before the public so that something might be developed to correct the situation.

Sincerely,
J. W. Rambo

Hilltop civic and service organizations and local citizens in the meantime have indicated their approval of the manner in which The Hilltop Record presented the story last week depicting the many unsightly conditions which currently are in evidence at the local parks. Strong disapproval is being voiced at the manner in which the parks are being maintained.

Two Teams Are Undefeated In "Y" Junior Church League

By Dick Wilson

Cocherl Memorial Alliance church and Hilltop YMCA Leaders Club took the lead in the Hilltop YMCA Junior Church League last Tuesday at Westgate Park as both teams retained their undefeated records.

The Leaders remained in first place in the league as they "clobbered" an undermanned Hoge team to the tune of 29-6. The game was strictly a comedy affair as clowning and "horse-play" were predominant on both teams. While the Leaders were coasting into their tie for first place, Cocherl was battling a strong Westgate EUB to stay in the first place position.

The game was a see-saw affair with first one team in the lead and then the other. At the end of the regular seven innings, the game was tied at 10-10. In their half of the first extra inning, the Alliance nine was able to get one run across. Westgate came close to tieing up the game once again in the bottom half as Tom Reeves hit a triple but was called out on a close play as he tried to stretch the hit into a home run.

Jack Kight, who hurled in place of Ron Ireland who had a sore arm, was the losing pitcher. Gary Baker was credited with the win as he once again performed masterfully on the mound. Howard Morris was once again the defensive star for the Alliance team as he handled the fast and hard offerings of his battery mate in a very capable fashion.

The third game of the evening was to be a battle of Avondale EUB and Glenwood Methodist to see which team would sneak out of the cellar. Avondale failed to field enough men to start the game; so Glenwood won a 7-0 forfeit.

Schedule for Tuesday, July 16 is as follows: Avondale EUB vs. Westgate EUB; Hoge Memorial vs. Glenwood Methodist; Hilltop YMCA Leaders vs. Cocherl Memorial Alliance.

Team	W	L
Cocherl Memorial	3	0
Hilltop YMCA	3	0
Westgate EUB	2	1
Glenwood Methodist	1	2
Avondale EUB	0	3
Hoge Memorial	0	3

Your Shoetrician in SEILLER'S Says:
BABY'S FEET GROW
Eight or ten years ago, when I was making foot talks pretty regularly to schools and mothers' groups, I had an illustration I used when speaking to smaller children, which very dramatically illustrated an important point. I likened children's feet to a potted plant. The plant grew until the roots filled the container and if the plant was not transplanted to a larger flower-pot, the matted and tangled roots would become so choked that the plant would die. I told the youngsters that their feet were the plant, their toes the roots, their shoes the flower-pot. If mother and daddy didn't trans-plant their feet to larger shoes their toes would become crooked and ugly trying to find room to grow.
And that is very true . . . small children will out-grow a whole shoe size which is about a third of an inch, every three months on an average. Be sure to provide this growing space by having the child's feet checked for shoe size by a competent shoe fitter about three months after the last shoes were purchased. Good feet are a priceless asset — it is your duty to help your children have them.

St. Aloysius Church Scene Of Saturday Morning Nuptial Mass

Mrs. Joseph Edward Boisvert

Miss Barbara Ann Easley, daughter of Mr. and Mrs. Archie F. Easley, 192 S. Terrace-av and Mr. Joseph Edward Boisvert son of Mr. and Mrs. Alphonse Boisvert, Buffalo, N.Y., were married Saturday, July 11, Rev. Metzger officiated at the 9 a.m. nuptial mass at St. Aloysius Church, before an altar decorated with palms and vases of white gladiolus and white daisies.

Given in marriage by her father, the bride wore a gown of white nylon tulle with a full circular train. Her gown was fashioned with a portrait neckline formed by pleated nylon tulle, a fitted basque bodice and long, fitted sleeves tapering into points over the hands. The bouffant skirt of layer upon layer of nylon tulle over satin was caught up at the hemline with lilies-of-the-valley and enhanced with a deep flounce of pleated nylon tulle going completely around the skirt and train. The skirt cascaded over an old-fashioned hoop and a billowing crinoline petticoat. Her fingertip veil of imported pure silk English illusion fell from a crown enhanced with pearls and she carried a lace and nylon tulle fan centered with a white orchid and surrounded by shattered carnations and lilies-of-the-valley.

The attendants were identically styled floor-length gowns of ombre nylon net with an accent of gleaming satin. The fitted strapless bodices had halter necklines formed by winding satin and the shoulders were covered with loose flowing stoles of nylon net. An extremely full skirt of ombre stripe net cascaded over a billowing crinoline petticoat. They wore matching hair clips with small theater nose veils. Mrs. Irene Rinard, sister of the bridegroom, was matron of honor and wore peppermint green. The bridesmaids were Miss Barbara Matunis, who wore rose, Miss JoAnn Borghese, wearing blue, Miss Stella Renzetti, wearing carmel, and Mrs. Hugh Bennett, who wore orchid. They carried baskets of daisies dyed to match their gowns, with ivy intermingled with the daisies. Their only jewelry was pearl necklaces and tiny pearl earrings, a gift of the bride.

Mr. George Boisvert of Buffalo was his brother's best man. Ushers were Mr. Wilfred Boisvert and Mr. Al Corridi of New York, and Mr. Hank Foerst and Mr. Hugh Bennett of Columbus.

Mrs. Easley chose a waltz length gown of Dior blue nylon over taffeta. It was styled with a jewelry neckline and tucked bodice. The bouffant skirt fell from a cummerband enhanced with a large rhinestone pin. Her hat was a matching velvet pillbox trimmed with rhinestones and her corsage was of pink shattered carnations. The mother of the bridegroom wore a gown of iridiscent toast voille over orchid taffeta with a roll collar and a full skirt. She chose white accessories and a corsage of yellow carnations.

The breakfast for the bridal party and family was held at Persutti's immediately following the ceremony. The evening reception was held at the Fiesta Club. Hostesses were Mrs. Frances Faris, Miss Wilma Russell, Miss Ann Cannon and Mrs. Wilfred Boisvert of Buffalo. Junior hostess was Miss Madryn Haus of Detroit, Mich., cousin of the bride.

The bride was graduated from Holy Family High School and attended Ohio State University. She is employed by Tonti Brothers Real Estate.

The bridegroom was gradutaed from Seneca High School in Buffalo and is now a member of the U. S. Navy aboard the U.S.S. Bearss in Norfolk, Va.

For their wedding trip to Canada, the new Mrs. Boisvert chose a black linen sheath dress and wore the orchid from her bridal bouquet.

Favorite Recipes By Local Club Women

Mrs. Rose Squeo

From Italy came this treasured family recipe. Mrs. Squeo's grandparents operated a restaurant in Italy before coming to this country, and these cookies were a popular specialty of theirs, being traditionally served at weddings.

Mrs. Pancrazio Squeo, 48 Avondale-av, a member of the Holy Family Church, has been a lifelong resident of the West Side. She is chairman of the West Unit of Blue Star Mothers, and has served in that office for the past ten years. She has two children and five grandchildren.

These "Waffle Cookies" were originally baked on old-fashioned irons on top of the stove. Mrs. Squeo has made some revisions in the recipe to adapt it to modern electric waffle irons. The cookies are paper-thin with a delicate texture and a truly different flavor.

Six eggs, 1½ cups of sugar; two tblsp. of butter; 2½ cups of flour, one cup of chopped almonds, one-half teaspoon flavoring extract.

Mix eggs, butter and sugar together and beat until smooth. Add flour and continue beating. Add flavoring of extracts and nuts and bake in a hot waffle iron. Pour a teaspoonful in each section of the waffle iron and bake as waffles.

Notice

In order to present on these pages the news and pictures of weddings, engagements, etc., submitted to The Hilltop Record, it is necessary to reserve the right to edit and cut the pictures.

This decision is necessary in order to meet editorial and engraving requirements. It is most desired that photos submitted be no larger in size than five by seven inches so that cutting of photos will not be necessary.

The Bethany Bible Class will meet July 23 at 9:30 at the home of Mrs. Ethel Worthen, 2567 W Broad-st. Following the meeting there will be a pot-luck luncheon at noon.

Mr. and Mrs. G. H. Greene, 692 S. Ogden-av, and Mrs. Florence Roosevelt, 468 S. Huron-av, along with other delegates of the west unit of Jehovah's Witnesses, will leave July 18 for the international convention to be held in Yankee Stadium, New York City, July 19 to 26.

In New York they will meet with more than 125,000 other Witnesses of Jehovah who are coming from about 100 countries to participate in the largest religious convention ever held in America.

The convention will show that people from all nations and races can have complete unity when God's word and laws are the basis for what they do.

Some of the delegates will visit Cape Cod, tour the New England states and visit other eastern points of interest and beauty on their return vacation trip.

Give your children real security . . .
We don't mean the nicest house in the best neighborhood . . . the newest, sleekest car . . . the right schools, the right camps.
We're talking about the kind of security they can't do without . . . the kind that comes from inside.
Faith. In God, in life, in themselves.
For life is no game for spiritual sissies. Only Faith . . . the armor of the spirit . . . will give them the stamina to meet it courageously, no matter what it brings.
You can show your children where to find faith . . . how to build it day by day, if you make praying a family affair.
Show them the way . . . this week!

MY GRANDMOTHER

she wore bifocals
she told me once
she held her chin high
and through the bottom of the [illegible]

as she lowered her head
and looked through the upper por[illegible]
she could see things distant
then I asked how far she could see
when she bent her head
and looked high over the top

she smiled and told me when
she bent her head
all she could see was God.

Just wondering — how many miles Bess drove from the right side of the "big black sedan" . . . whether Harry meant it as a threat or a promise when he told Indianapolis reporters he would never be a candidate again . . . who cares, just as long as he keeps that promise . . how many "ideal husbands" the Future Homemakers could find in Russia . . why telephone advertisers always call when you are busiest . . what happened to the chain letters? Not one has come for months . . . why God didn't forget to take two oats bugs on the ark . . how people can sleep at night after they have dropped unwanted dogs and cats along the highways . . . why I'm writing this—nobody will read it anyway.

Mail — From my favorite shut-in down Memphis-way: "I'm writing under difficulties. This typewriter might write under water but it won't write very well under difficulties" . . . From a nephew in San Jose: "Our paper (San Jose Evening News) offers five dollars for the best Television Scream of the day. Why don't you send them one? A recent winner wrote 'If you've watched Jackie Gleason, I'm sure you'll sympathize with me. I used to like him but now every time I hear One of these days, etc.; Pow, right in the kisser, or UM boy! You're a good one, I'd like to scream' " . . . From a vacationer at Atlantic City: "Lots of sand and pretty girls and hot dogs and kids and pretty girls and bathing suits and pretty girls."

Here is a success story from Pat's Patter, edited by Patricia Bailey, in Benjamin Franklin Hospital's "Sanaire":

The little man was pushing his cart through the crowded market. "Coming through," he called. No one moved. "Gangway!" he shouted. A few men moved. Then a bright idea struck him. "Watch your nylons," he warned. The women scattered like leaves in a high wind.

Quotes from here and there: If you want a woman to listen to you, talk to somebody else . . . You should be kind to your friends. If it were not for them you would be a complete stranger . . . The reason God didn't make women first was because He didn't want any advice when He created man . . . A politician who can't stand on his own record usually jumps on his opponent's . . . An egotist is a man who thinks he is smarter than you, but you know he isn't . . . Hope for the best; be ready for the worst.

My sincere thanks to the ladies of West Unit of Blue Star Mothers, for their birthday card. It is good to be remembered.

It Happened In Ohio

July 19, 1817: Mary Ann Ball "Mother" Bickerdyke, the famous Civil War nurse from Knox County, was born.

July 20, 1788: Reverend Daniel Breck, a New England clergyman, preached in the "bowery" on the banks of the Muskingum, what is supposed to be the first sermon to American settlers on Ohio soil.

July 20, 1831: The Treaty of Lewiston (Logan County) was made with the mixed bands of Seneca and Shawnee Indians residing in that vicinity.

July 20, 1832: Thomas L. Young, who became governor of Ohio in 1877 when Rutherford B. Hayes assumed the presidency. He died in Cincinnati.

Youth Killed In Train-Car Crash Saturday

Funeral services were held at 1:30 p. m. Tuesday in the Norris Funeral Home, Grove City, for William H. Whittaker, Jr., 17, of 5030 Sullivant-av, who was fatally injured Saturday afternoon when the car he was driving was struck by a passenger train west of city.

Uninjured in the accident was the victim's 13-year-old brother, John.

Also surviving are the parents, Mr. and Mrs. William Howard Whittaker, Sr., of the Sullivant-av address, and a grandmother, Mrs. Elizabeth A. Call.

The accident occurred at the Sullivant-av crossing of the New York Central Railroad, just west of Georgesville-rd. The train struck the right rear, hurtling it on an embankment across the road.

Sheriff's deputies said the boys apparently were en route to the General Motors-Ternstedt plant, where the elder one was planning to look for work. The victim had been employed by Watson Motor Rebuilders, 975 W. Third-av.

Both youths were taken to Mt. Carmel Hospital by New Rome emergency squadmen, where William died a short time later. John was treated for shock and released.

West Franklin Ass'n Approves One Zoning Case

Of the three rezoning applications submitted last Friday to the West Franklin County Association only one received the approval of that organization before being sent to the Rural Zoning Board on Monday. Case No. 253 submitted by the Peoples Development Company was the one receiving favorable action by the association.

The three applications heard by the West Franklin group were:

Case No. 249: Mrs. J. H. Wedemayer, 393 Derrer-rd, has applied for a change of zoning on lots 1 to 24 inclusive, of the Wedemeyer Subdivision, located at approximately 399 Derrer-rd, from a 1-R-6 district to a 2-SDR-6 district.

Case No. 250: Commonwealth Developers, Inc., 42 S. Fourth-st, has applied for a change of zoning on approximately 6.47 acres south of the city corporation line, south of Mound-st, west of the new Mound Street School, and extending west to include Whitethorne and Butler-avs, extended south of the corporation line for a distance of approximately 900 feet from a residential and agricultural district to a 2-SDR-6 district.

Case No. 253: Peoples Development Company, 246 N. High-st, have applied for a change of zoning on a 6.384 acre tract, located approximately 469 feet north of U.S. Route 40 and 333 feet west of Philippi-rd, as follows: beginning at an iron pin on the northeast corner of the above mentioned tract, south along the east line 321.68 to an iron pin, thence west 333.77 to an iron pin, thence north 321.68 to an iron pin, thence east 334.6 to point of beginning, from a general commercial district to a heavy manufacturing district.

Also up for bot debate at the Friday meeting was a motion made inviting the Franklin County Commissioners, Regional Planning Board, Rural Zoning Commission and the Building Commissioners to meet with the organization and to establish a minimum lot size for developments within the township. The association proposed a minimum size of 65 feet by 110 feet plus alley easement for single home lots and a minimum of 75 feet by 100 feet, plus alley easement for double lot homes.

The association scored the loose inspection practices of the Building Commission and charged that builders in the areas of Franklin and Prairie Townships are now doing as they please with little or no attention being being given to good construction practices with the result that inferior homes are being shunted onto the buying public. Immediate remedial action is being asked by the association.

Westgate And Holton Improvements Promised After Tour By City Officials Last Wednesday

Park conditions in the Hilltop area were ordered to be remedied as soon as possible by Mayor Robert Oestreicher last Wednesday after he and members of his official cabinet viewed local park areas which had been brought to public attention by The Hilltop Record.

Pictured above during the tour are a portion of the group, left to right, Harry Metcalf, Mayor Oestreicher, R. E. Greene, editor of the Record; Jack Alkire, president of Hilltop Business Association; Robert Schmidt, president of Hilltop Community Council; Ray Deitz, superintendent of Parks and Forestry, and Nick Barack, City Recreation Department director.

Quick action followed the tour of last Wednesday as can be witnessed in the above photos when early Thursday morning workmen were in Westgate Park spraying the area with weed killer and mowing the weeds and lawns in the park.

Westgate and Holton Parks in the Hilltop area are due for a face lifting operation beginning immediately following a tour of those units last week by Mayor Oestreicher and members of his cabinet from city hall along with representatives of Hilltop organizations last week. The tour was made by the party, following the story which appeared in The Hilltop Record revealing the poor maintenance conditions of the parks.

Promised improvements at Westgate Park are a renovation of all ball diamonds in the fall of this year; cleaning up the site for the sunken garden adjacent to the new shelterhouse, filling with top soil and planting as originally planned; filling in of low spots throughout the park with top soil and seeding and planting of areas where the lawn has been ravaged by weeds, erection of barriers at entrances to the parks to divert cars to the parking areas, erection of permanent lights in the park area, erection of a new drinking fountain at the site of the ball diamonds, removal of all broken light fixtures from the old shelterhouse, spraying the entire area with weed killer and mowing the entire area; oiling of ball diamonds and other dust raising areas in the park, installation of more picnic facilities, and a general overhaul of all facilities.

At Holton Park more picnic facilities will be installed, rest rooms in the area will be renovated, leveling and grading of the unsightly mounds of fill dirt after more has been brought in to have sufficient earth to do the grading, spraying of the area with weed killer, a general cleanup of the entire area and plans for the further development of the park area east of Eureka-av.

While the various improvements were promised it was also requested by city officials that the general public aid them in keeping the parks in good condition once they have been restored.

Parents were asked to encourage children playing in the area to be more conscious of the fact that the park is for their benefit and that when they become destructive in their play they only hurt themselves by taking away facilities which have been placed there for their benefit. This is especially true of the drinking fountains which have in the past been wrecked and the light fixtures which have been broken.

Grown ups, too, are not amiss at causing much damage by driving cars through the park areas and across tree roots, thereby resulting in killing of many oak trees in the parks. Officials asked that no driving be made in the park areas and that autos be parked in the areas provided.

At Westgate Park alone it was estimated that $9,000 would be expended to bring the park area back into good repair.

Accompanying the mayor on the tour of the area were Dewey Garner, Harry Metcalf, Ray Deitz, Nick Barack, Paul Laux and Arthur Miller, representing the city.

West Students Win Honors In Ford Contest

Winner of first-place award in the Ford Motor Company's 1953 Industrial Arts Awards program was a sophomore student of West High School. Joe Seidel, 10A student, and pupil of C. S. Kennedy, West High School instructor of draftsmanship, was one of the few double winners in the national competition held recently for school-age craftsmen.

Seidel, 347 Columbian-av, won $100 as first prize in the mechanical drawing division for his entry, a drawing of a Chippendale highboy. The original, now at Adena, was made in Philadelphia in 1776 and was sold in 1929 for $44,000. He also received an honorable mention award of $25 for a Chippendale desk illustration, entered in the same division.

Also receiving awards were three other West High School students. Norman Chappelear 12B, placed for his color rendition of a motor car, Larry Erwin, 10B, in the fireplace detail division and Dick Trott, 10A, placed with his entry of entrance detail.

WLW Mid-West Hayride Duo Will Appear At Bean Dinner

While the Kentucky Boys present the long and short of it in appearance, there's no shortness in talent and audience appeal with Zeke and Red Turner who comprise the duo. They specialize in folk songs, comedy songs, comedy routines and instrumental numbers. Red and Zeke, as the Kentucky Boys, are one of the most popular acts with WLW and WLW-T.

The Kentucky Boys

Zeke was born in Virginia 29 years ago under the name of James Grisham. He changed his name at the age of eight when breaking into radio on a Lynchburg, Va., station. Recognizing the caliber of his work, other stations negotiated for his services with the result that Zeke appeared on many North and South Carolina hookups. After his discharge from the navy, Zeke realized a lifelong ambition in joining NBC's "Grand Ole Opry." Later he joined WLW with the Pleasant Valley Boys and has recorded with many well known recording companies.

Tagged with the nickname of "Red" because of his fiery topknot, Red Turner actually is no relation to Zeke. Steeped in the heritage of mountain folk music handed down from generation to generation in his native Cumberland Gap, Ky., hills, the 30-year-old Red brings a richness of musical experience and inborn knowledge to the Kentucky Boys songs.

Both Red and Zeke are married and have families. The favorite sport of both is playing golf.

Thousands Are Expected To Attend Tenth Annual Hilltop Bean Dinner

New Rome Street Repairs Ordered

County Commissioners last week granted requests from New Rome residents for street repairs.

They passed a resolution calling for rebuilding and resurfacing these streets: East, West, Brown and Green-sts and Buena Vista-av.

Commissioners ordered County Engineer Guy Elbin to do the work under an agreement with the village council. New Rome will furnish necessary materials, Elbin the labor and the Council will reimburse the engineer.

"Chubby" Distelhorst, for years the ruler of the bean tent at the Hilltop Bean Dinner, will again be on hand this year with plenty of beans and crackers for all comers on Tuesday and Wednesday between 5 and 7 p. m. Chubby is pictured above as he toted one of the bags of beans that will be used at the bean tent.

Model City Envisioned At Lincoln Village Site

The future neighbors who move west of the Hilltop into Lincoln Village will have an entire community planned for them.

Out on W. Broad-st, near New Rome, giant pieces of equipment are doing a face lifting job on old Mother Earth. They are churning up the ground which will be the site for one of the most unusual housing and industrial developments ever undertaken. They are actually doing the first scratching in a project where a city will be built from scratch.

Although American planners are among the foremost in the world, city planning didn't start in the United States until 1916. This, of course, was long after the important cites of the east, with their huge populations, had been distorted into asphalt jungles.

Planners, government agents, individuals and citizens' committees are struggling with the problem of properly planning the future growth of communities. The day of locating the fertilizer plant next to the school playground may soon be an offense as criminal as embezzlement. Tenements adjacent to factories will be legend.

Thousands of man hours and millions of dollars yearly go into the herculean task of rehabilitating almost hopelessly snarled dwelling-factory districts.

Many of the planners who are spending their lives atoning for the sins of their planningless predecessors must often long for the opportunity to "start all over."

An opportunity to build a pioneer city in the middle of the twentieth century, right in the heart of one of the nation's heaviest populated states, is offered the planners of Lincoln Village. No holds are barred by the builder when it comes to offering ideas for the model community. Incidentally, the developer is the Peoples' Development Co., a subsidiary of the Farm Bureau Insurance Companies.

Murray D. Lincoln, president of People's Development, says that the first section of the 1170 acre village will embrace 287 acres of home sites. One hundred thirty-three acres are to be devoted to a shopping center, commercial buildings, apartments, schools, churches, parks, a fire station and a library.

Some 900 single houses are to be built within the next three years, in the initial development. Lots will have an average frontage of 65 feet.

The plans for the shopping center and other buildings are in the formative stage and will be announced in the future.

Lincoln Village will also have 550 acres of land zoned for industrial sites. Part of this property is located north of Broad-st, along the west side of Philippi-rd. It is directly across from the giant Westinghouse plant, now under construction. This land has a frontage along the Pennsylvania railroad.

The balance of the industrial land is located along the south side of Broad-st. It is bordered on the south by Sullivant-av and the east by Georgesville-rd.

This plot is located directly west of the Ternstedt General Motors plant. It has frontage along the New York Central railroad.

A 230-acre plot of land, part of the development, located on the south side of Broad-st near New Rome, will be developed in the

Broken Hydrant Provides Relief From The Heat

While water shortage conscious residents of N. Eureka-av called repeatedly to city officials last Thursday morning reporting a fire hydrant broken by a city truck at N. Eureka and Grace-av, children of the community had plenty of fun frolicking in the cool water gushing from the broken hydrant. Neighbors too, were gathering buckets of water and cooling them onto heat parched lawns in the vicinity. After more than an hour workmen finally arrived and repaired the damage.

Y Intermediate Loop Completes Second Round

By Bob Schmidt

The Hilltop Church of Christ was unable to field a team and automatically forfeited 7-0 in the Hilltop Y Intermediate League last Thursday evening. A practice game then developed between the combined teams from West Park and Church of Christ.

In the second game of the evening DeMolay was blasted by Volunteer Firemen 24-3. Bob Green, Volunteer pitcher, allowed only one hit and four walks. Guyton, Anderson, Fielding and Shorting were the top hitters.

Tonight will be the completion of the second round with the two top teams of the league, Volunteer Firemen and West Park Methodist meeting at Diamond No. 4 in Westgate Park to determine the winner of the second round.

Church of Christ and DeMolay will battle it out for third and fourth place at Diamond No. 3.

About the model village, Mr. Lincoln said, "We do not plan a housing development in Lincoln Village. We are planning a model city, a community where people will be able to enjoy life to the fullest. Many plans have been worked out to reach this goal.

"In many ways we plan on providing a more desirable way of living in Lincoln Village.

Camp Chase Legion Nine Loses Second Game Of Season

Camp Chase-Beasley Grove's Legion Junior baseball team bowed for the second time this season to Bexley 18-1 last Thursday at Capital University.

Jim Cobb's hard hit double and Karl Davis' dingle were the only hits the Camp Chase team was able to make.

Bexley, however, found very little trouble in right handers Karl Davis and Bob Courtney as they belted 13 hits to all parts of the field.

Gary Neibinger and Karl Davis his grand slam homers and Dick Converse homered with none on as Camp Chase-Bexley Grove walloped Charles Bloce 28-1 at West last Sunday.

Eight of Camp Chase's 14 hits were extra base hits as Davis also doubled with his homer, and Cobb and Posey doubled and Pruden and Spratley tripled in the abbreviated six inning game.

Air Forces To Present Unique Display At Tenth Annual Bean Dinner

The Spacemobile, a radio controlled land-bound vehicle, is used by the air force to explain the principle of radio controlled aircraft. The Spacemobile is a miniature "vehicle of the future" which is electrically operated by an airman at the control box much as a guided aircraft would be run.

The above two exhibits are being brought to the Hilltop Bean Dinner by the United States Air Force Orientation Group, Wright-Patterson AFB, O. The mission of the orientation group is to bring to the American people a clearer understanding and appreciation of their U. S. Air Force.

Pictured above is the famous North American F-86 Sabrejet which is the first line United Nations' fighter plane now flying over Korea. The model shown here has been modified to enable the public to inspect the interior of the pilot's cockpit.

The air force announced today that it will participate in the Hilltop Bean Dinner at Westgate Park on July 28 and 29, by exhibiting to the general public two of the air wonders of this era.

On hand for examination by the public will be the famous North American F-86 Sabrejet fighter. Also, air force technicians will endeavor to explain the phenomenon of radio controlled aircraft by utilizing a miniature electrically operated Spacemobile

The Sabrejet, affectionately known to the air force as the "MIG-Killer", is currently the U. N.'s first line fighter over Korea. The 16,000 pound plane is powered by a General Electric J-47 engine which has a thrust rating of 5000 pounds, one pound of thrust being equivalent to one horsepower at speeds in excess of 375 miles per hour.

Its 35 degree swept-back wings measure 37 feet while the fuselage is 37 feet six inches long. The Sabre, though classified in the 650 mph. class, holds the official world speed record of 715 miles per hour.

The "MIG-Killer" which will be exhibited has been modified to permit a close view of the cockpit, instrument panel and the seat and canopy ejection apparatus

The Spacemobile, a small land-bound electrically controlled machine, will be used to explain the radio control principle that is used in many types of air force planes and equipment today.

One of the main uses for radio-controlled planes is target practice for ground anti-aircraft batteries, as well as flight target practice for jet fighters. The speed of the radio-flown plane is a constant factor and cannot be controlled from the "stick-box" control set. Only left and right, or up and down movements are within the realm of control from the ground. The Spacemobile is not capable of flight.

Greased Pole Climbers Get Into Practice

Lou Klass and Dick Steward who are sponsoring the greased pole event at the Hilltop Bean Dinner on Wednesday afternoon get in a little extra practice in the art of greasing up the pole while youngsters of the neighborhood gather around to try their hand at shinnying up the slippery pole. At various points on the pole at Westgate park will be prizes for those lucky enough to get that far in the climb.

New Picnic Fireplace Installed At Westgate

One of the new improvements brought about at Westgate Park within the past week is the construction of this new picnic fireplace in the park picnic area. Construction of one or more of the fireplaces is contemplated in the near future as part of the park improvement program.

"Sandlot Baseball" Interviews Camp Chase Legion Players

After attempting several times to find an open date for some of the Camp Chase baseball players to be interviewed on the Saturday night program "Sandlot Baseball", WBNS answered the situation by using a tape recorder.

Each time an attempt was made to arrange the interview the players they were scheduled to play an out of town game. All of the players do not go out of town every week, but WBNS wanted to cover Legion and Little Bigger baseball both.

The tape recorder was set up in Georgiton's at Broad and Hague, the meeting place for the Little Bigger team before their trip to Chillicothe Vets Hospital last Saturday.

Six of the players from the Legion team were present, Bill Spratley, Gary Nebinger, Karl Davis, Jack Howell, Jim Cobb and Jim Hughes. They were each interviewed after which five of the Little Bigger players, George Watkins, Larry Price, Jim Mentel, Dave Randall and Kenny Clapsaddle were interviewed.

The Little Bigger team then made it's trip to Chillicothe and heard the broadcast at 7:15 after they had played and won a seven inning ball game, had a cooling swim at Mead Park, and had eaten their dinner.

It all added up to quite a thrill for the league leading Little Bigger team.

Cowboy Nine Still Leading The Glenwood Center Little League

The Cowboys continued their winning ways by topping the Cougars 17-4 and the Tigers 12-8 and remain the only undefeated team in the league with a 7-0 record.

In the game with the Tigers, Goodin, the Cowboy pitcher, gave up three runs in the first, but the Tigers were unable to get any more as the game moved along. Hensen and Castle led the Tiger hitting attack with doubles while Goodin poked out a three-run homer off Castle. The Cowboys scored 12 runs on five hits and the Tigers three runs on five hits.

In the game with the Cougars, Goodin had a no-hit ball game with two out in the last of the fifth when two successive singles by Vanskoy and Miller spoiled his bid for a second no hitter. The Cowboys found the offerings of Lefty Bill Karns tempting and hit them for 14 hits. Ammon and Dimmle and Cabora got homers off Karns.

The Dodgers split their schedule this week, winning one from the Cougars 7-0 and losing to the Eagles 0-5.

The Dodgers' pitcher, Mike Wolf, came within one out of the goal of all pitchers when a beat out punt foiled his bid for a no-hitter in the game with the Cougars. Witt laid a bunt down first in the sixth with two outs and beat it out to make the only hit for the Cougars. Wolf struck out 18 Cougars, walked three and hit one. Karns, Cougars' little left hander was touched for five hits, struck out 14 and walked four.

The Eagles' Brown shut out the Dodgers on a three-hit pitching stint. The Eagles got three runs in the first off Hummel who was lifted for Wolf who allowed two runs in the fifth. Hummel gave up five hits in the first inning to set the Eagles up for their win. The Dodgers, having vacation trouble, were able to field only enght players in this game.

The final game of the week's schedule was the most exciting game of the season with the Yankees and the Eagles changing the lead twice and the Eagles coming from behind in the final of the sixth to push across the winning run.

The Yankees used Ohde and Crawford as pitchers and the Eagles used Brown and Rose. The Yankees got seven hits and five runs, were struck out nine times and walked four times, committing three, bobbles. The Eagles got six runs on five hits, struck out 14 times, walked eight times and committed only one miscue.

The Yankees started the game off fast with a single by J. Strickler, a triple by English scoring Strickler, than Al. Strickler slammed out a homer scoring English to take the lead, 3-0. The Eagles came back in their half of the second with a grand slam homer by Jackson. Brown and Smith walked and Rose got on to a fielder's choice, filling the bases when Jackson hit the grand slammer to put the Eagles ahead. The score remained 4-3 until the top of the sixth when the Yankees went ahead on a single by Brothers which scored Al. Strickler. J. Ohde was walked in by Brown with the tie breaking run. After Brown was removed for Rose the Yankee fire was out out.

In the bottom half of the sixth the Eagles cinched the game when Crawford walked Rose who was advanced by Jackson's single and driven in by Fetheroff's single to tie the score again. Eddie Deitrich got his only hit of the day to drive in Jackson with the winning run.

Glenwood

Last Wednesday night was stunt night at Glenwood Playground and a program of 10 acts was presented by a group of talented young people. Included in the show were tap dancing numbers by Marlene Bezold; baton twirling by Nelson Green; tumbling act by Carol Minton and Diane Schrack; two yodeling numbers by Caryl Collins and Jim Cremeans; a quartet including Michael Eberst, Sidney Green and Beverly Diedrich and several group songs. Dee Maxwell and Diane Schrack did a tumbling act and a baton number, bringing the show to a close. Beverly Diedrick was mistress of ceremonies.

Glenwood will be closed on July 23 from 5 p.m. so that all participants may attend the city-wide Pioneer Day celebration at Central High School field.

Glenwood has prepared a float of covered wagons, pioneers and Indians depicting the days of Johnnie Appleseed. This will compete with floats from 58 other city playgrounds. A short program will follow the parade. All are invited.

The Columbus State School girls lost their first softball game 17 to 13 to New Rome Tuesday, July 14, on the State School field.

In the first inning, New Rome was leading 6-2. New Rome was still leading 6-3 in the second and 7-5 in the third. The State girls were trailing by one point in the fourth, 7-6, and the fifth, 12-11. In the sixth and final inning New Rome's five runs to State School's two put New Rome ahead 17-13.

State School girls swamped Columbian Playground 26 to 12 Wednesday, July 15, at the State School field. State School held a slight edge of 10 to 9 over Columbian in the first inning. State School's eight runs to Columbian's two gave the school an eight to 11 lead. Three more runs in the third for State School put them still farther ahead, 21 to 11. In the fourth inning the school brought in five runs to Columbian's one, winning the game 26 to 12.

The league standings at present are:

Blue Eagles, one win, no loss.
New Rome, one win, one loss.
State School, one win, one loss.
Columbian, no wins, one loss.
Speed Demons, no wins, no loss.
Beatty, no wins, no losses.

Holton Park

Next week will be a very busy week at Holton Park Playground.

On Tuesday afternoon, July 21, beginning at 1:30 p. m., there was a parade of dolls. Ribbons were awarded to the prettiest, largest, smallest, oldest and best dressed doll and for the best decorated baby doll buggy. Members of Parents' Advisory Council served as judges.

On Tuesday evening there was the regular weekly free movie of cartoons and sport shorts. Everyone was invited.

Wednesday, July 22, was Holton Park Playground Day on the "Kids Only" TV program sponsored by the City Recreation Department, on Station WBNS-TV channel 10 at 8:45 a.m. A number of the girls and boys appeared on the program with their decorated vehicles and floats which they had prepared especially for Pioneer Day, another Red Letter day for boys and girls from every playground in the city.

Pioneer Day is Thursday, July 23, beginning at 6:30 p.m., at the athletic field, Central High School. Holton Park Playground will be closed at 4 p. m. in order to give every one an opportunity to get to Central High School in time for the parade of floats and decorated vehicles and a short program.

The judges, Jip Huston, WBNS-TV (kids only), Martha Pasco (Ohio State University), Bill Evans (commercial artist), will award ribbons for the following categories: the most original float, the prettiest, the best theme, the most unique idea, the best executed float, the best participants, the best costumed, the most historically authentic, the most artistic float and the most effective float.

Next week during craft period the boys and girls at Holton Park will be busy weaving pot holders, lanyards and baskets.

Mrs. Edna Echols is the girls' supervisor with Floyd Elliott in charge of the boys' programs. Holton Playground opens at noon daily and closes at 8 p.m.

John Burroughs

This was tournament try-out week at the John Burroughs Playground and checker boards and horseshoe courts have been busy.

In midget checkers, Rodger Bruns seems to have the inside track for youngsters under 12. He will be tough competition. In the junior class Larry Steece or Joe Dearwester seem more likely to cop the spot while Dave Brophy has little worthwhile competition to replace him in the senior rank in checkers as well as badminton. Kenny Clapsaddle may be junior top rank.

In junior horseshoe, the single championship may be one of several participants: Don Manley, George Williams or Dick Lewis. George and Dick also have to determine between themselves the basketball foul shoot. If we have passed up any good competition show yourself as we begin meeting other playgrounds this week, by contacting Mr. Beachler, playground supervisor.

Miss Johnson has had excellent attendance in the craft classes for the past week. Place mats have been woven of construction paper and will be shellacked for permanent finish. Braided rugs are much in evidence and are being taken home evenings for greater progress.

Both the small fry and the older youngsters are enjoying the Indian stories and handwork. Hats with many bright feathers and wigwams have been completed.

Don't forget the John Burroughs picnic on Friday, July 24!

Westgate

Participants of the Westgate craft classes are preparing costumes of Johnnie Appleseed, Annie Oakley and Indians for the float parade celebration. The children are making their costumes from old sheets and drawing the designs to represent the characters portrayed. Mrs. Margaret Edwards is in charge of crafts at Westgate.

The Westgate Little League, after four weeks of play, finds the Pennsylvania Bobcats and the Tigers in the lead with a perfect record of three wins each. The Bobcats and Indians are in second place with a perfect record of three wins each. The Bobcats and Indians are in second place with a two won and two lost record, followed by the Reds with a two won and one lost record. The Red Sox and the Yankees are currently tied for sixth place, having yet to win a league game.

The current season has uncovered several promising ball players, among whom are Terry Rinson, Teddy Kruse, Bob Annes and Ned Dodroe, pitchers; Terry Kruse and Bill McLaughlin, catchers; Bill Kirn, Dave Fahrenbock, Bob Wesley, Tom Hartranft and Paul Pohle, infielders; Ned Ries, Charles Pohle and Gary Weigand, outfielders.

The Westgate Fathers' Club, composed of fathers of Little League players, has been functioning as the umpire staff for the league. This group includes several of the well known athletes of past years. Among them are Line, Cook, Kruse, Linson Boeke, Eccles, Howells, Hastings, Fahrenbeck, Weigand and McLaughlin.

Kasio Spilos has been acting as official scorekeeper for the Little Leaguers.

Parents are invited to watch the boys play ball at Westgate on Mondays, Wednesdays and Fridays between 2 and 6 p.m. Phil Fulton is the boys' supervisor at Westgate.

Zoo Trips Are Offered Playground Participants

Pictured are West Mound Street Playground participants getting on bus to go to the Columbus Zoo.

By Pat Martindale

In years gone by the children who took part in playground activities merely played on the various equipment available, but not any more because the playground nowdays goes all out in planning summer programs that entertain the youngsters in many ways. Even if a child doesn't get to go on a vacation trip the time spent on the playground during the summer months makes vacation time worthwhile and exciting.

Last week for instance, West Mound Street Playground participants took a trip to the Columbus Zoo in one of the public school busses. The entire afternoon was spent touring the Zoo followed by a ride on the Zoo train and a picnic. Twenty-two children went on the trip accompanied by Ray Smiley, West Mound's supervisor.

Each week during the summer one of the playgrounds supervised by the Board of Education will take a similar trip.

Other special features of the West Mound Playground are the evening movies, wiener roasts and craft classes. West Mound Playground is the newest Hilltop Playground and as yet doesn't have a regular ball club (but most all of the other playgrounds have a number of ball teams. The registration has jumped from thirty participants during its first week to more than one hundred and by next summer expects to be able to compete with any of the other playgrounds with ball teams and all types of programs.

There are three playgrounds on the Hilltop under the supervision of the Board of Education and five under the supervision of the Recreation Department.

New Hilltop Real Estate Office

Pictured above is the new office of N. C. Berry and Associates, located at 2450 Sullivant-av. The personnel, left to right, are Frank Elbin, Nelson Beesler, Irene Howells, John Kuhn, sales manager; Harry Imes, Clarence Wood, Malcolm Pennell, Ike Warren and N. C. Berry. There are five other members of the staff who were not present for the photograph. With 17 years of business experience, the past two years on the Hilltop, in real estate and general insurance, Berry opened the new office on July 1.

West Side Pirates Capture American Little Bigger Loop Title

West Side Pirates won the championship of the American League in Little Bigger League play by beating Camp Chase 8-5 Wednesday at Central High.

The win assured the Pirates of a place in the state tournament to be held in Cincinnati July 29-Aug. 2. Winners in six states then meet in regional play and the eight regional winners play the finals in Trenton, N.J. beginning Aug. 16.

The loss knocked Camp Chase out of first place and elevated the Buckeye Electric team to the top as they beat Suburban Motors 11-2.

The Pirates hopped on Bill Spratley for five runs in the third and were never headed. Three walks, a hit batsman, and singles by Dencer, Williams and Waldon, and McLain's double did the trick. Another double by Kidd and single by Williams scored another in the fourth. Singles by McLain, Kidd and Pilkington and a walk to Williams produced two more in the sixth.

Two singles and three walks accounted for three runs for Camp Chase in the fourth, and brought in Mike Hixson to relieve Dencer. Mike threw out Posey to end the inning.

The Hilltoppers added one more in the fifth and seventh.

Friday the Pirates won another "big" game, handing the Moose Lodge of Lancaster its first defeat of the season, 5-1, at Miller Park, Lancaster. The Moose team leads the Double A League (15-18 years old) in Lancaster with a 6-0 record. Lowell Dencer pitched good ball, allowing only three hits and walking three. Only six men reached base.

Monday the Pirates Junior team went into first place undefeated, by beating Boys' Club 14-4 at Sunshine Park. The Pirates have a 3-0 record and Boys' Club 2-1.

Freight Terminal Site Purchased

A tract of nearly four acres at 1601 McKinley-av. has been purchased by the Commercial Motor Freight of Indiana, Robert G. Benmead, realtor, 35 E. State-st, announced Tuesday.

Sellers of the property were Nate Berlin and Samuel Wolf, represented by Cecil L. Neff, realtor, 250 E. State-st. Construction is under way on a new freight terminal for Commercial Motor Freight, according to Fred Gierhart, president.

Legal matters in the sale were handled by Schwartz and Gurovitz for Berlin and Wolf, and by Noel Greenlee for the Commercial Motor Freight, which was represented by Howard M. Pratt of the Benmead office.

Witherspoon Opens Used Car Business

Looks natural to see Ed Witherspoon (former owner of the Better Home Center Appliances Stores) advertising in the Record again. He now owns a used car business at Grove City. His many friends will be glad to know that it is just a five or six mile drive out there where Ed will be happy to see them.

Officially, the high seas begin three miles from shore.

At a traffic intersection, the U. S. mail truck has the right of way over all other vehicles, at all times.

Golfing Slants

By JACK KIDWELL

It was hard to tell which was the hottest this week: Carl Yonkin, Art Todd, Mike Hurdzon, Bob Spivey or the weather. The higher the mercury climbed the lower the scores fell.

The most noteworthy happening was the hole-in-one by Carl Yonkin. It happened on number six, the shot being made with a nine iron.

Byron Blume, Milton Joy, and Mihael O'Malley were playing with Carl, and claim he took it as calmly as a new father with his first baby.

Art Todd turned in a brilliant 32-36 for 68 strokes despite a very cold putter. Art has been hitting the ball exceptionally well this summer but must be accidentally broke his old mallet putter he hasn't putted well. Watch out for him in the district amateur if he finds his putting stroke.

Mike Hurdzan fired a nifty 34-36 Saturday, which was good enough to send his playing partners home mumbling in their beard.

Bob Spivey shot a 71 Sunday which is a best ever here at Beacon for him. Bob played with Dave Wills, Angus Orr and Ed Jones who is visiting old friends here on the Hilltop.

Heavy rains flooded greens so bad Saturday that we closed the course for the day. With two days of hot sun since then we can detect no ill effects on the turf as yet.

All players were asked to assist in easing strain to the greens and the cooperation was almost 100 per cent. I'd like to thank everyone for their help.

Club championship matches are under way with 12 matches already played. All first round matches must be completed by July 25.

Al McFadden closed out Bill Wilhelm 8-7 which was quite a surprise.

Roy Aisel stopped Beryl Taylor 6-5. Tom Waters and Herb Shivers went 22 holes before Shivers took the verdict 1 up.

Ed Tonti advanced on a first round bye.

Second flight matches saw Joe Worthen move up on a bye. Vern Niederlitz took Jim Richards to to task two up.

Rex Lynch stopped big Bill Hayes one up. Stan Miller advanced on a bye while Marvin Riley defeated Roger Baird one up. Chuck Wilson disposed of Bobby Brokaw two up. Bobby was four down after nine holes; pulled even on number 13 but Chuck had too many guns left.

Don Skipper lost a heart breaker to Charley Payne, one up on 19.

Ray Johnson shot steady golf and defeated Don Anderson 7-6.

Virg Crawford defeated Art Hoenie two up while Lester Yerian knocked Greg McEttrick out of contention one up.

Robin Schmidt and Leo Phillips, Jr. advanced on byes.

Methodists Lose First Of Season To Avondale

By Woody Owen

The third and final round of play in the West Senior Church softball league opened last Monday evening at Westgate Park, with Avondale EUB handing West Park Methodist its first defeat of the season by a score of 2-0, as Chuck Larkin tossed a brilliant two hitter in besting the Methodists ace Bill Karney who allowed but five safeties.

The defensive play of Sexton for the winners, Dick Nader and Dilley of the losers was outstanding.

In the other contest of the evening Glenwood Methodist drubbed Hoge Memorial by a count of 13-2. Home runs by R. Grashel, Wise and R. Lampreche and a tripple play in the final inning featured for the Methodists.

Vacation Hints Worth Remembering!

NOTIFY postoffice to hold mail, or arrange delivery to a neighbor.

LOCK windows and doors. Remember the basement windows and coal chute.

INFORM police how long house will be vacant and where you can be reached in an emergency.

STOP MILK, newspaper and other deliveries. Ask a neighbor to keep advertising circulars off your porch.

DON'T lower window shades. If you are to be gone three weeks or more, arrange to have your lawn mowed. Prowlers watch for such tip-offs.

SHUT off the gas and water at main valves. Shut off electricity at master switch unless refrigerator or food locker is to be left on. If current must be left on, disconnect lamps and appliances at wall outlets. If refrigerator is disconnected, leave door open to prevent mold.

SERVICE car thoroughly, giving particular attention to safety features such as lights, brakes, tires, steering, windshield wipers.

CARRY a first aid kit and flashlight in glove compartment. Be sure you have all tire tools.

SPEED kills—take it easy. Start a little earlier and don't try to cover too great a distance in a day.

LONG drives at constant speed induce drowsiness. Vary your speed and stop occasionally to stretch your legs.

BE SURE you understand driving techniques in different localities. For example, using the motor compression to assist braking is necessary in mountainous country. A good rule is to use the same gear to descend a grade as you used in climbing it.

DON'T be impatient to make time. It's unsafe, and it's not restful driving. Watch your passing other vehicles. On a mountain road you may have to poke along for miles before it is safe to pass.

SIGNS and signals are not uniform in all states. Read them carefully and obey them religiously. They are your best safeguard on strange roads.

SCENERY can be taken in small doses from a moving car, but if you want to drink deeply of nature's beauty, pull off the road and stop.

R-E-L-A-X. Don't try to crowd a year's exercise into two weeks. Take it easy.

TAKE THE SUN in easy doses. Don't nap in the sun. Wear sunglasses.

STAY OUT of the water for at least an hour after eating, and swim in sight of others. Be sure water is deep enough and free of obstructions before diving. Don't try to swim too far. Distribute the load evenly in boats. Don't stand up. If you fall out and the boat stays on an even keel, climb in over the stern. Most boats won't sink, so stay with it until help comes. Check the weather before going far on a large lake.

DON'T spill gasoline while filling an outboard motor afloat. A small amount of gas may spread on the bilge and set the boat afire when the motor starts.

DON'T sample berries, touch unfamiliar plants, or drink impure water.

STAY away from high ground and single trees in a lightning storm.

APPLY an antiseptic to any scratch or cut, no matter how small it may be.

IF subjected to high temperatures and excessive perspiring, take salt tablets.

Your Shoetrician in SEILLER'S
Says:

FOOT PRINTS

Many a criminal has been convicted by foot-prints left at the scene of the crime. Believe me, foot-prints are revealing to the shoe man, too. As part of our fitting procedure in the two shoe department's in Seiller's, we use an instrument called a Pedo-graph which makes a foot-print. It consists of an inked rubber sheet which pulls like a window-blind out over a pad of papers. When you step in your stockinged foot on the top of the rubber it presses the inked under-side against the paper and makes the print.

From the resulting foot print we can learn a lot about your foot and shoe requirements. It shows whether your arch is high or low, whether you are using your toes properly where the weight rests on your feet. In the case of youngsters, the prints taken at four or five month intervals give a record of the development of the child's arch. We'll have the foot-printing machine at the Hilltop Bean Dinner and if you'd like to see your foot-print, stop at Seiller's booth . . . it is a free service.

Favorite Recipes By Local Club Women

Mrs. Goldye Engle

Many Ohio State Fair visitors will be familiar with these delicious barbecue sandwiches, for they have been a feature of the Blue Star Mothers' booth for the past six years. Mrs. Engle has prepared them on these occasions, as well as for the annual 200 picnic the Glenwood Unit of Blue Star Mothers sponsors for the Chillicothe Hospital veterans.

Mrs. Engle organized the Glenwood Unit eight years ago, is past president of the organization and now serves as hospital chairman. She is also treasurer of Light O' Day Chapter, OES, and has been a member of Glenwood Methodist Church for the past 26 years.

Her husband, Ivor D., is associated with the Gulf Refining Co., and the couple resides at 78 N. Chase-av. They have two daughters, Mrs. Carl Thompson of Cincinnati, Mrs. William Hickson, a Hilltop resident and one son, Wayne, also of the Hilltop. They are the grandparents of four boys.

Mrs. Engle devised this original recipe more than 20 years ago as a delicious answer to a regular Saturday night problem in her household. It was the same problem many of us have, that of having a warm meal ready for a hungry family that appears at uncertain hours for dinner. This sandwich filling may be prepared ahead of time and kept warm, ready to serve at a moment's notice.

We sincerely regret the error made in printing the recipe for "Waffle Cookies," submitted last week by Mrs. Squee for "Favorite Recipes." The amount of butter was listed as two tablespoonsful; it should have been ½ of a pound. Also, the original recipe produced a paper-thin cookie, but since Mrs. Squee revised it to adapt the recipe to modern electric waffle irons, the finished product will have more of a cookie-like texture.

CINCINNATI, O. — Kenneth E. Finnerty, son of Mr. and Mrs. Kenneth P. Finnerty, 2216 Sullivant-av, was one of 84 men enlisted recently in the United States Marine Corps at the marine corps recruiting station at Cincinnati.

Finnerty left Cincinnati in one of two specially chartered planes which will fly the new marines to the marine corps' recruit depot at San Diego, Calif. At San Diego, young Finnerty will undergo 10 weeks of recruit training, including basic instruction in infantry drill, history and traditions of the marine corps, field sanitation and the care and functions of individual arms. Two weeks will be spent learning to use the M-1 rifle, basic weapon of all marines.

Library Offers Free Information Services Dept.

A little-known but invaluable free-of-charge information service is at the fingertips of anyone owning a telephone. It is the reference department of the Columbus Public Library, 96 S. Grant-av. The service handles as many as 2,000 questions a month—and comes up with correct answers nearly any time.

The service doesn't cost a cent. Questions span the ocean of human knowledge.

Where can I get boat-house plans? Where was Roger Hornsby born? What is the boiling point of milk? How much bonus does an Ohio veteran get? Who was press agent for Rudolph Valentino's funeral, later writing a book? What's another word for book-mark?

Seven people are on the jump in the library's reference department—the only one of its size in central Ohio. Letters come from all over the state—and from other states also.

The department has more than 16,000 books to draw on. Microfilms of Columbus newspapers go back over a century. There is information on gardening, traveling, sports, science, numbers, grammar, etiquette, home-making, law and business. Stocks and bonds are included. You can learn the officials or standing of nearly any U.S. corporation, marriage laws in any state, population figures—or whether there is air service in Teeny-Tiny, Ore.

Sometimes librarians search dozens of volumes for an answer—but there are few failures of this little-known public service.

The Panama Canal is 300 feet wide and 45 feet deep.

A gandy dancer is a man who inspects railroad ties for loose rails and bolts.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

Perpetual Novena Services To Begin At St. Mary Magdalene

The next series of Perpetual Novena services in honor of Our Lady of the Miraculous Medal will begin on Monday, July 27 at the Church of St. Mary Magdalene, 488 S. Roys-av. The series will continue for nine consecutive Mondays.

The novena sermons will be preached by the Reverend Hugh Murphy of St. Charles College. The services begin with Mass and Novena Prayers at 8:30 in the morning, followed by another morning service at 10 o'clock. The remaining services are held in the afternoon at 3 and 4 o'clock, and then every 45 minutes from 6:15 until 9 o'clock inclusively. Confessions are heard during and after each exercise.

This Perpetual Novena is held in connection with the Miraculous Medal devotion which St. Catherine Laboure founded in 1830 in compliance with a wish of the Blessed Virgin Mary expressed to the saint in an apparition. The Mother of God asked that the faithful pray to her and that they wear a medal of her own design in honor of her Immaculate Conception. She promised great graces to those who honored her in this way, and so remarkable are the favors she has granted that the medal has come to be known as the Miraculous Medal.

The pastor of St. Mary Magdalene's Church, Rev. Raymond Bauchard, initiated the Miraculous Medal Novena in his parish in May, 1934, and thereby became one of the pioneers in furthering a devotion which has since been adopted in over 3500 parishes throughout the world. The Novena at St. Mary Magdalene's, the only one in the city of Columbus, has been held every Monday since the date of its inception nineteen years ago. During that period, the pastor has received thousands of letters expressing gratitude to Our Blessed Mother for marvelous favors received. These favors have been of every description, spiritual and material, but Rev. Bauchard is most deeply impressed by the great number of letters which state simply, "I wish to thank the Blessed Virgin Mary for having given me peace of soul."

YMCA Little Nine League Race Points For Photo Finish

By Dick Wilson

The Little Blues were the direct cause of a six way tie for second place in the Hilltop YMCA Little Nine League as they upset the Little Greens 10-3 last week at West High School field.

Don Wendel was the winning pitcher for the Little Blues as he went the route and limited the usually hard slugging Greens to three scratch singles. Lefty Lyan Hegele started for the losers and was credited with the loss. Glen Rohrer relieved Hegele in the third inning and held the Blues to no runs until the last of the fifth when the Blues scored three times on two hits, two errors and two walks.

Jim Smiley looked good in the field for the losers as he successfully handled everal hard chances from his second base position. Daryl Corbett, utility player for the Rice coached nine, starred defensively at his first sack spot for the victors.

The Little Browns and the Little Maroons played the thriller of the week as Don Barnes and Bill Ingle had the first real pitcher's battle in league play. Warren Pemberton's Maroons finally came out in the long end of the score as they edged the fighting Brown men 4-3.

Ingle gave up 10 scattered hits, issued no basses on balls and struck out 8 Maroons. Barnes gave up three hits, issued one base on balls and struck out 15 Browns.

Bill Ingle, besides pitching a good game, led his team in hitting with a home run and a triple in three times at bat. Mike Engle short stop for the victors, led his team with a home run and two singles in three trips to the plate.

The Botkin coached Little Purples put together two hits, two walks and three errors for a total of 7 runs in their half of the fourth inning to edge the previously undefeated Little Oranges 10-9. The Purples got 7 hits off the offerings of Little Saint who went the route, and the Oranges collected 8 hits off the left handed slants of Dave Doeram who also pitched the complete game for the Purples.

Jack Sims wielded the "Big Stick" for the Purple nine as he collected two doubles and a home run in four trips to the plate. Don Furry led the loser's hitting department with two singles and a triple in four times at bat. Furry also looked good in handling the offerings of his battery mate. The Little Reds pulled the really big surprise of the season as they upset the highly favored Little Blacks 6-3 to gain their first victory in league play.

Mike Canthlon pitched a no-hitter in this game, but six walks and two errors allowed three Blacks to cross the "old platter" called home. Tommy Morrison, the losing pitcher, also pitched a good game as he only gave up 3 hits and struck out 12 batters. His teamsters made three costly errors behind his pitching.

Jan Lawrence once again looked good for the Reds behind the plate and his teammate Dick Williams looked good defensively in the field. Don Henne once again starred in Centerfield for the Little Blacks from the defensive standpoint.

Next week will see the Reds go against the Oranges, the Blacks will face the Maroons, the Purples meet the Blues and the Browns clash with the Greens. All games are played at West High School field.

Glenwood Athletics

The Glenwood Senior Knothole team, playing its first game in the league after having three rained out, found the St. Leo team offered little difficulty. Pete Cook pitched two hit ball for a mercifully shortened five inning ball game which found his teammates collecting 18 runs while St. Leo's was unable to score.

Five members of the Glenwood team have been selected for the Columbus Senior Knothole All-Star team that is to play Louisville in a three game series at the Red Bird stadium on July 21 and 22. The players selected are Pete Cook, pitcher; Pete Nicholson, Jerry Martin, infielders, Don Brooks, outfielder, and Joe Morland, catcher.

The Glenwood Tribe, hitting its stride in the Knothole intermediate loop, took an 8-3 win from the Boys' Club. Paul Longmire pitched five hit ball and gave up seven walks, and struck out six, while his teammates collected eight hits off Sally and Humphrey, the Boys' Club pitchers. The Tribe was struck out 12 times and walked three times. Longmire, the tribe pitcher, led the tribe hitting attack with two for two.

The Glenwood Junior entries in the Knothole loops did not fare so well in the past week's games. These teams are made up of boys who play in the Center's Little League program.

The Reds tangled with the Boys' Club team and went down to a 15-2 defeat. The Reds, plagued by vacations, were forced to play with seven players, which did not help their chances. Wolf, the Reds' pitcher, was tagged for 11 hits. The Boys' Club pitcher, Halderman, was touched for five hits. Wolf pitched a one-hit Little League game the same day. Robbins was the Reds' big gun at the plate, collecting two for three and scoring one of the Reds' runs.

The Blues were racked up by the Camp Chase team in the Junior Knothole by a score of 18-1. Larry Goodin, stepping in to faster competition in the Junior circuit, was tagged for 16 hits and 18 runs, three triples and a homerun by Mental. The Blues played the game with eight players as vacations pulled several players from the Blues' roster. Ammon of the Blues spoiled Clapsaddle's bit for a no-hitter with a single in the third.

Glenwood Forty Niners lost their opening Junior Boys' Softball League game 10-7 to Sunshine Center Monday, July 13, at Sunshine.

Glenwood led the first inning 3-1. In the second inning, Sunshine brought in three more runs to take the lead 4-3. Four runs in the third for Sunshine made the score 8-3. Glenwood's three runs and Sunshine's two made the fourth inning score 10-6. In the final inning, Sunshine stayed on top of the 10-7 score.

Sullivant Gardens swamped the Glenwood Forty Niners 28-6 Wednesday, July 15, at the State School field.

Sullivant Gardens brought in a total of 20 runs to Glenwood's five in the first inning. Sullivant Garden's six runs to Glenwood's one made the second inning score 26-6. In the third and final inning Sullivant Gardens brought in two more runs to win 28-6.

Glenwood Tomboys lost to Sunshine, 16-4, in the first Junior Girls' Softball League, Tuesday, July 14, at the State School field.

The Tomboys scored one run in the first and one in the second to lead 2-0 at the end of the second. Sunshine brought in 6 runs to Glenwood's two to take a 6-4 lead at the end of the third.

In the fourth and final inning Sunshine brought in 10 runs to win 16-4.

YMCA Leader Club Defeats Cocherl To Take Loop Lead

By Dick Wilson

The "Y" Leaders' Club smashed their way into undisputed first place in the Hilltop YMCA Junior Church League as they beat previously unbeaten Cocherl Memorial last Tuesday at Westgate Park diamonds to the tune of 22-7.

The Cocherl nine started out like a team of wild horses in the first inning as they staged a five-run outburst. This spree, however, was short lived as the Leaders tightened their defense and held the McKinley-av boys to one run in the second and one run in the third for the remainder of the game.

While the Leaders tightened their defense, they also loosened their hitting belts and scored in every inning with the exception of the fifth. John Kuntz was their leading scorer as he scored five runs in six times at bat. All of his mates managed to cross the plate at least once with the exception of one.

Dick and Don Furry were the battery for the winning nine; and Gary Baker and Howard Morris were the losing battery Baker once again hurled a good game but his defense was often faulty and costly.

Bill Williams' Westgate EUB team served notice in their game that they are still in the race for the league championship as they "clobbered" Avondale EUB 27-5.

All of the EUB boys managed to score at least once while Jack Kight, Don Ireland and Mike Ranney led their department with five runs scored apiece. Gary Ragot led the losers as he crossed the plate two times in five times at bat.

Ron Ireland started the game for the visitors and was credited with the win, but he was relieved by Jack Kight in the later innings. Fred Zimmerman went the route for the losers and was charged with the loss.

The closest game of the evening was the 15-9 upset by Hoge Memorial over Glenwood Methodist. This victory by Hoge dropped Glenwood into tie with Hope for the fourth slot in the league standings.

Dick Glass pitched the entire game and was credited with the win. Gary Darby hurled for the Donaldson coached nine and was charged with the loss.

Gary Link looked good defensively at his shortstop position for the victors and Doug Vansky was the defensive star for the losers as he played heads-up ball at his third base position.

The next games to be played will see the "Y" leaders facing Avondale EUB; Hoge Memorial vs. Cocherl Memorial and Glenwood Methodist will face Westgate EUB.

Little Want Ads Make Big Business

You have, no doubt, heard the expression "Little Want Ads make big business." Here is proof of such a statement.

Robert Bettes of 47 S. Princeton-av, who is a carpenter, placed this ad in both the Hilltop Record and the West Side News: CARPENTER REPAIRS OF ALL KINDS. CABINETS MADE TO ORDER. SIDEWALKS A SPECIALTY. JO. 6932.

Mr. Bettes pays 80 cents a week for the ad appearing in both papers, and he tells us "it has paid for itself a thousand times." He said he received $300 worth of work from the ad the first time it appeared in the papers.

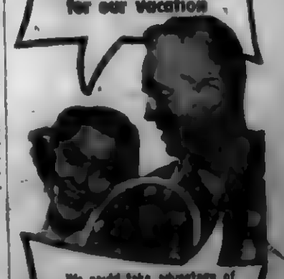
Your Youth

By Bob Schmidt - Dick Wilson

Come on, gang, let's cook breakfast was the cry heard on the first Hilltop "Y" overnight campout. Big Darby river bank west of West Jefferson was the camp site for 15 Y members and Y leaders Orin Menz, Bob Edgar and yours truly, Bob Schmidt. What a wonderful experience to share with the boys, with a swim, cooking and an evening session around the campfire. The Hilltop will be sponsoring another of these campouts on Aug. 4, so hurry and register now.

As a special announcement Aug. 5 the Hilltop "Y" in cooperation with Lockbourne Air Base will conduct a rubberneck tour of the base. We will be the guests of the base, which will furnish transportation and a noon meal for the Hilltop Y members. Let's sign up for this trip well in advance as we are limited to 60.

The Summer Fun Club is proving to be a big success. The boys and girls are securing points by enjoying tours, trips, special events and swims. Each member is working for his or her 50 points in order to be eligible for a Summer Fun Club emblem.



The Wyandotte Tribe enjoyed an outing at Lake Forest. The lunch was tops and the fishing good. Chief Christy caught the biggest fish of the evening. The Little Braves caught a few fish but they really enjoyed the long hike. Don't forget Craft and Hobbies Class every Monday afternoon, 2 o'clock, at the YMCA. Free movies every Friday afternoon, 3 o'clock, at the "Y" office.

We will be looking for all our friends at the Hilltop Bean Dinner July 28-29, Westgate Park. Look for the "Y" tent, where Dick [redacted] I will be showing free movies.

X-Ray Cruiser In Final Week Month-Long 'Neighborhood' Tour

Helen Tanner's story of a battle against tuberculosis has a different ring.

She was only five when her mother died of TB.

After that, Helen had her chest checked every six months against tuberculosis. Then came the time when she was too busy to go to the doctor, and nine months lapsed. The delayed check-up revealed far-advanced TB, and Helen spent five years at Benjamin Franklin Tuberculosis Hospital.

Unbelievable? To the layman, yes, but not to doctors who know the deadly characteristics of hematogenous tuberculosis—a quick spread of TB through infection of the blood stream.

Helen, who lives at 754 Beech-st, took time out from her duties as a volunteer registration clerk at the Christmas Seal X-ray Cruiser to discuss some of her readjustment problems.

The cruiser is now in its final week in its month-long get-acquainted tour throughout the city. The X-ray bus will finish activities Thursday and Friday at Parsons and Barthman-av.

"I felt lost and utterly alone when I first got out of the hospital," Helen said. "So many changes in five years. There were more houses, more businesses, new looks to old stores. Like the Lazarus face-lifting job, for instance. And then my friends. Most of them had long since gone . . . married, or working away somewhere!

Helen was first discharged at the end of four and a half years, but after two months at home and premature attempts to attend business school, she broke down and had to be readmitted.

"I had no conception of how sheltered a life I had to lead," Helen admitted. "Trying gradually to live a normal life after clinging to hospital routine for a period of years is almost agonizing. It's much harder than adjusting to the hospital routine in the first place."

Helen is employed at Benjamin Franklin Hospital as a switchboard operator. She spends eight hours on the job—and then home to bed!

Did she profit from her hospital experience?

Well, she learned to make her own clothes. "Preparing clothes for the rare passes home was almost like making a trousseau," Helen smiled.

But she learned something far more important than that. "Never, never think that one chest X-ray is good for all time," the blue-eyed blonde says. For most people, an X-ray once a year is enough. But for me, even that didn't do the trick!

"And then chest X-rays are available free, six month intervals are not too near together to check on your health. Take it from one who knows!"

Helen Tanner, 754 Beech-st, registers A. C. Nafzger, 222 N. Harris-av, for a free chest X-ray aboard the Christmas Seal X-ray Cruiser. Helen, who was hospitalized with TB for five years, was discharged in April as cured. She is volunteering her services as a registration clerk.

Hilltop Rangers To Perform At The Bean Dinner

West High's Cowboy Musicians, the Hilltop Rangers, will be one of the attractions at the band stand at Westgate Park next Tuesday evening when the Tenth Annual Bean Dinner gets underway. The Rangers pictured above, left to right, are Clarence Dailey, Charles Morris and Carl Dailey.

Sh-h-h . . .

WE'D LIKE to avoid unusual excitement, so we're just quietly letting you know that THE HILLTOP RECORD has something really big in store for visitors at the Hilltop Bean Dinner.

A SPARKLING NEW SUNBEAM COOKER and DEEP FRYER will be given away at our booth Wednesday evening . . . and to be eligible to win this kitchen beauty, all that's necessary is that you register at the booth of THE HILLTOP RECORD any time before the drawing.

BUT THAT'S NOT ALL! . . . There's a $10 CASH BONUS for the winner, if he or she is a paid-up subscriber to THE HILLTOP RECORD.

AND . . . with each year's subscription — new or renewal—paid at the Bean Dinner, a PRESDON VU-RITER ballpoint pen will be given free of charge. TEN YEARLY SUBSCRIPTIONS will also be given away at the awards stand.

But grateful, take the good I find,

AGE ONE

When you are one year old, like [redacted]
There is so much to do and see
But grown-up folks don't like it much;
They always say "No, no, don't touch!"
I know that floors make lots of noise
When I bang 'em with my toys.
Mom says I'm cute, when no one's near
But I won't show off when comp'ny's here.
Mom says I'm smart, like HER family
(Say, what's an infant prodigy?)
There's lots of things I'd like to do—
Do you s'pose I can, when I am two?

Just wondering — how many parents have read Louise Baker's delightful "Snips and Snails" (McGraw-Hill Book Co.) Wish I could have read it when my son was eight or nine. Anyone who loves little boys (and who doesn't?) will love "Snips and Snails" . . . how many trailer camps there are between Waverly and Portsmouth . . . if the young man slept Sunday night, who was in such a hurry that he speeded out of his line of traffic on a two-lane highway, causing the drivers in the other lane to decide "This is it," as they scrambled for the ditch along the road. We know where he spent the night for a Highway Patrol car happened to be in the line and saw what happened. A lot of careful drivers who were near were glad to see the Law take charge of one menace . . . if that tv announcer who is sponsored by two tobacco companies actually smokes either brand of cigarettes he has declared he has smoked both brands for lo these many.

Guess I must have a reputation for liking jokes, anyway if my reputation never gets worse I'll be happy. A friend in Villa Ridge, Illinois, sent a paper titled "Monkey Bizness," which is published by Warren Hastings Motor Co., Inc., of Mounds, Illinois. Here are some of the items under the heading "Have A Laff": Wonder who'll lose out in the race of raising taxes—the government or the taxpayer . . . For indoor sport, just try taking candy away from a kid . . . A man is master of his home from birth to training pants . . . Worry Wart hopes there isn't another war. Wonders where the doctors will come from to test cigarettes . . . Please explain why a man will order his football tickets in June and buy his wife's Christmas gift December 24 . . . Man telephoning the doctor: "My wife has lost her voice. Can you stop by some time next summer?" From the column in "Monkey Bizness" titled "Wish I'd Said That": A wolf thinks every man is entitled to the happiness of pursuit . . . A good line is the shortest distance between two dates . . . If you're at a place where they can seat 75,000 spectators and 1,000 students, "it's the state university.

My favorite five-year-old (my granddaughter, Linda Jean, naturally) was invited to a party the other day. Before she left home she was given the customary instructions—don't forget to thank the hostess, be polite etc. When she reached the door of the house of the party and was greeted by the hostess, she said—all in one breath—"My Mother said I had a good time at your party. Thank you." Then, having polished off the social amenities, she proceeded to enjoy herself with nothing on her mind.

The Lowly Bean Has It's Day At Tenth Annual Hilltop Bean Dinner

Getting their fill of beans at the tenth annual Hilltop Bean Dinner when it opened Tuesday at Westgate Park were these young men, left to right, Jerry Carey, Billy Wiseman, Walter Smith, Jim Thomas and Bob Talmadge.

Hilltop Bean Dinner Queen Louise DeMastry, 17-year-old brunette beauty, is pictured above receiving the coveted crown from Mayor Oestreicher in ceremonies held Tuesday night at Westgate Park. A senior at West High, she lives at 749 S. Hague-av.

Nerve center of the big affair was the office of the HBA in a large tent. On hand to make change, find lost babies and perform a thousand other duties were, left to right, Nelson Greene, Jack Merriman, Don Rice and Bob Kneisley.

Again this year a major attraction at the big show was the display of the army air force. This year the jet planes attracted large numbers of people both Tuesday and Wednesday. Youngsters by the thousands flocked to this display.

Looks Like 3rd Is Looking Over Us

In all our daily blessings, for which we can be so thankful, none perhaps can top the appreciation the people of the world have for the good news of this week, that the Korean armistice has been signed.

A world of faith backed by a vigilance unlike anything this country has ever known, will result in a brighter tomorrow. We can indeed be thankful for the opportunity to again think in terms of peace.

Pfc. Martin Van Hoose, son of Mr. and Mrs. Claude Van Hoose, 647 S. Roys-av, overseas since May, wrote his parents this week telling how, while being assigned to guard an ammo truck, he was talking with two other soldiers when he moved aside slightly, took off his steel helmet and steel jacket only to look up following a loud explosion to see one of his buddies killed instantly, the other wounded.

He writes: "It looks like God was looking over me or I would not be here now."

When we stop to reflect on what horrors we might have been headed for in an all out war, we can indeed be thankful and pause to say, "It looks like God is looking over us."

Painter Asks $500,000 In Libel Suit This Week

Suit was filed in Franklin County Common Pleas Court today by George Painter, Hilltop grocer, against the E. W. Scripps Co., publishers of the Columbus Citizen, asking for damages of $500,000. Attorneys for the plaintiff are Smith, Clark and Holzapfel, 2977 W. Broad-st.

The petition follows:

Plaintiff says that at all times mentioned herein he was engaged in the grocery business and in the real estate business.

On the 4th day of June, 1953, the defendant, an Ohio corporation, then engaged in publishing a newspaper in the city of Columbus, O., under the name of "The Columbus Citizen", which had a general circulation, did publish in said paper of and concerning this plaintiff, a false and malicious libel, containing among other things, the false, malicious and defamatory matter following:

"MAN ARRESTED IN UPDEGRAF DEATH PROBE"
"Sullivant Ave. Man Awaits Lie Tests"
"George Painter to Be Jailed::
"An alleged 'close acquaintance' of Mrs. Madeline Updegraff, George Painter, 1641 Sullivant-av. was ordered arrested this afternoon by Coroner Robert Evans and held in county jail for a lie detector test."
"Possible Murder Weapon"
"A 'definite attempt to hide' the rope had been made, according to Gordon French, National Detective Agency investigator He and another investigator . . . unearthed the possible murder weapon during a fine tooth combing of the field."

Said statements meaning thereby that this plaintiff had been arrested and held in the county jail as a murder suspect.

Plaintiff says that said newspaper article refers to this plaintiff, that the language is viciously false and untrue, and said language is calculated and designed to injure the Plaintiff in his reputation as a man, as a citizen and in the pursuit of his businesses, and to bring him into public scandal, infamy and disgrace.

And plaintiff says that he has been humiliated, disgraced and that his business has been injured.

Wherefore, plaintiff asks that he be given judgment of five hundred thousand dollars ($500,000.00).

While one forced the bag out of his hand, the other stabbed at him several times. The convertible top of Conrad's car was cut and his shirt was torn, but he was not hurt.

Refrigerators Move Fast

Do you have a refrigerator you would like to sell? Evidently there is a big demand for used refrigerators. Lois Gross of 855½ W. Town-st placed this ad in both the West Side News and The Hilltop Record: "SERVEL REFRIGERATOR, NEW UNIT WITH 5 YEAR GUARANTEE. FIRST $30 TAKES IT. AD. 9053 AFTER 6 P.M." Miss Gross tells us she could have sold 12 refrigerators. People were even offering to raise the price if she would hold it for them. She said she had dozens of calls.

Mrs. Leroy Dillion of 165 S. Warren-av also had a refrigerator for sale. She said the phone started ringing shortly after 8 o'clock, and she sold it before she had even received her paper. Mrs. Dillion said she appreciates the coverage The Hilltop Record and West Side News give her, and that she feels the charge is so reasonable, the results so satisfactory, that she never needs to advertise in any other paper.

Again he graduated with highest scholastic honors from North High School, being a member of the graduating class of 1923, the last class at the old North High School.

During his last year at North High School and while he was a student at Ohio State University for Six years, he earned his way through school, graduating in 1927 from the College of Arts with a B A. degree, and in 1929 from the College of Law with an LL. B. degree. While an undergraduate in the Arts College, he was selected as a member of Phi Beta Knappa, honorary scholastic fraternity. Power, prominent local lawyer, in teaching Business Organization courses in the Commerce College. This teaching position he held upon recommendation of Dean Alonzo H. Tuttle, then Acting Dean of Ohio State University Law School.

In May of 1938 Gordon was appointed Assistant City Attorney by John L. Davies, former City Attorney. Local Little Bigger League Team Wins Way To State Championship Tilt At Cincinnati

The Camp Chase-Beasley Grove Little Bigger League team is shown here: left to right, 13 year olds, first row, Paul Pennell rf, Kenny Clapsaddle 2b, Stan Huff c, Larry Price 3b and Mike McDonald ss; 15 year olds, center row, Johnny Edwards c, Dave Randall 1b, Bill Spratley p-cf, George Watkins M, and Jim Wilson rf-1b; 14-year-olds, back row, Mike Posey 2b-p, Larry Dinoch 3b, Ronnie Nebinger lf-rf, Jimmy Mentel p-rf, and Chuck Coe ss.

Excitement ran high at West High's baseball diamond last Saturday as the Little Bigger League baseball team sponsored jointly by Camp Chase Post No 96 of the American Legion and the Beasley-Grove Ford Co. defeated Buckeye Electric 7 to 1 in an important game that sent the Camp Chase-Beasley Grove team to the state championship at Cincinnati yesterday.

The win gave Camp Chase a 9-2 record against the Buckeyes' 8-3 record for the season in the national division. Little Bigger League teams are composed of 5-13 year olds, 5-14 year olds, and 5-15 year olds.

The Camp Chase team was scheduled to play the Hebron, O., team at noon yesterday at Cincinnati in a "lose one you're out" series for the state championship. Provided they beat Hebron, yesterday, they were to play the Newbel Little Bigger team from Norwood at 2:30 p. m. today. Four straight wins at Cincinnati would give them the state championship and send them to the regionals against the state champions from Indiana, Illinois, Michigan, Kentucky and Wisconsin. The Little Bigger League Regionals will be held at Arnold Park in Newark, O., this year If the Camp Chase team would be fortunate enough to win there, they would then go to Philadelphia for the national finals.

Last Saturday's game against the Buckeye team was rescheduled from earlier in the season after it had been postponed due to an umpire not showing. All Camp Chase officers were in Cleveland attending the Legion convention, including Bill Ferguson, who coaches the team. Ferguson flew from Cleveland to be present for the important game.

Right-hander Bill Spratley started on the mound for Camp Chase. After he got into trouble in both the first and second innings by loading the bases with walks, he was moved to center field in Ronnie Nebinger's position, who moved over to right field in Jimmy Mentel's place, and Mentel took the mound for Camp Chase in the third inning. This war all done after Camp Chase had the advantage of a five-run lead in the bottom of the second.

The second inning rally was started by catcher Johnny Edwards as he doubled to center, moved to third on shortstop Chuck Coe's single to left, and scored on Ronnie Nebinger's single. Coe was later thrown out at the plate on a fielder's choice but Nebinger scored as he tagged up on an outfield fly with what proved to be the winning run. Two more singles and a walk accounted for three more runs in the big second inning.

Relief pitcher Jimmy Mentel had two singles that scored two RBI's and Dave Randall's double and single accounted for two more RBI's to his credit.

Two umpires were assigned to the game instead of the usual one, which only brought more pressure on the players before the game. In addition and out of the ordinary, a downtown sports editor was present, the president of the Central Ohio Little Bigger League was on hand to certify the winning team for the state championship, and many more than the usual number of parents were on hand. All added up, the players on both teams had even more butterflies.

As soon as the game started, however, both teams settled down and played a brilliant brand of baseball.

Pitcher Bill Spratley was questioned as to why he was off his usual stride and had issued seven walks in the first two innings. It was learned he had been cutting grass for six hours prior to the game. Camp Chase officials say there will be a "no grass cutting before games" contract next year.

Cowboys Remain Out In Front In Glenwood Little League Play

The Cowboys remain undefeated after this week's Glenwood Little League play with a 8-0 record after beating the Eagles 20-6 and the Yankees 10-10. The Cowboys got 20 runs on 15 hits off the combined pitching efforts of Moman, Fetheroff and Brown of the Eagles with Jackson catching. The Cowboys' Goodin gave up two hits and six runs, in winning the eighth in a row.

The ninth game was a decisive win over the second place Yankees. Goodin gave up one hit, struck out 14 and pitched his fourth shutout in the league. The Yankees' pitchers, Crawford and Richards, gave up eight hits and 10 runs.

The Cowboys have only to top the Dodgers on Tuesday to have a clean record for the season. If they were to lose the game they would remain league champions and enter the city-wide play-off in August which will determine the Columbus City Little League championship.

The Yankees have Eagles, Cougars and Tigers remaining on their schedule. The Yankees were given a game early in the week when vacationists struck the Dodgers and they were unable to field a team. The Yankees and the Eagles are in hot contention for the second place in the league and for a chance to enter the city play-offs.

The Cougars were caged by the Tigers by the score of 15-0. Castle pitched shut-out ball for the Tigers, allowing only two hits and striking out six. The Tigers avenged their loss to the Cougars, which was the only game the Cougars have won in the league. Bill Karns of the Cougars was wild, giving up 12 walks, striking out nine, and allowing nine hits.

The Cougars are definitely out of the league contention but the Tigers with games with the Dodgers and Yankees have an opportunity to be in the upper division of the league.

The final game of the week's league play pitted the Tigers against the Eagles. The Eagles came from behind to beat the Tigers 10-8. The Tigers went out to lead at the third, 6-4, when the Eagles began to move A homerun by Jackson with one on in the fourth started the Eagles to their victory; in the fifth Fetheroff put the finish on the Tiger chances with a triple with three on base. He repeated in the sixth with one on.

The Tigers' pitcher, Bill Castle, fanned 16 Eagles and walked six, allowing six hits. Brown, pitching for the Eagles, gave up six hits and struck out 16, walked seven and allowed six hits.

This victory by the Eagles puts them in third place and makes them strong contenders for the second place now held by the Yankees. The Eagles have Yankees and Cougars left on their schedule. The Tigers will face Dodgers and the Yankees in the rest of the league schedule.

West Park Methodist Wins 'Y' Intermediate Second Round

Volunteer Firemen were in the game down to the last out. It was anybody's game when the Volunteers had runners on second and third but West Park tightened their defense and pulled the game out of the fire with a pop-up and a double play to win 3-2. Both pitchers had good control and only the outstanding defense play of West Park entitled them to the victory.

With one round left in this league you can look forward to another close game. These two teams battled to a tie game the first round, which gave each team two wins and one tie.

In the second game DeMolay outplayed Church of Christ to claim third place and Church of Christ placed fourth. Both of the teams were evenly matched out DeMolay was to collect a homerun with bases loaded off Church of Christ pitcher Moose ending and winning the ball game 13-9.

Tonight is the beginning of the third round with the following games:

Volunteer Firemen vs. Church of Christ, Diamond No. 3.

West Park Methodist vs. DeMolay, Diamond No. 4.

First Round Ends In Looper League

First round play was completed in the Hilltop "Y" Looper League last Thursday with three evenly matched contests.

New Rome, lost 4-3, but gained a protested win over the Hilltop Post Office; Hilltop Record edged Hilltop Kiwanis 10-8 and Westgate EUB staggered through a 20-14 win over Hillcrest Baptist.

The Hilltop-Record Kiwanis game was also a real thriller all the way. The Record squad tied up the game in the seventh inning and then won in the eighth on a homer by Owens with Shively aboard.

The New Rome-Hilltop Post Office game was featured by excellent offensive work by both squads. Greer's single in the seventh, scoring Pitcher Williams proved the telling blow of the game. The mailmen's loss was the result of using an ineligible player and cost them a tie for the first round championship.

New Rome, as a result, is still unbeaten and only a postponed game with Hillcrest Baptist stands in the way of an undisputed title. This week's games will start the second round of play with the Hilltop Record facing New Rome; Hilltop Post Office squares off against Hillcrest Baptist and Hilltop Kiwanis goes against Westgate EUB. All games start at 6:15 p. m.

Second game at Westgate Thursday, Aug. 6, 2 p. m.

The league picture, with one full week and two games to play of the league schedule, indicates that the Cowboys will be the champions with the second place in a four-way scramble that will be cleared up by this week's games. The Tigers, Eagles, Dodgers and Yankees have mathematical possibilities to take second place. The Cougars are definitely out of the running but by tripping some of the leaders they could make some changes in the league standings.

Golfing Slants

By JACK KIDWELL

Play in the club championship was marked by three or four outstanding matches.

All pre-tourney favorites won their matches but were forced to the limit to do so.

Chick Keller left his railroad golfing buddies long enough to tangle with Dick Murray, but was scratched by Dick 5-4.

George Ours carried Mike Hurdman to the 18th green before going down to Mike's excellent golf. He was one under for the route.

In another tight match Harold Todd was forced to the limit to take Wayne Montague 2 up.

Troy Brown played a good steady game against Herb Wiesenberger but Herby had one of his better days, closing Troy out 7-6 with a 2 under round.

Other first round winners were George Kanovel over John Allen 2 up, Norm Hannish, default.

A mild surprise was Elmer McDermitt's win over Al Niederlitz. Al has played a lot of golf this season while Mac has spent the summer on a bulldozer.

In three hotly contested matches Al Huth, Ed Berg and Don Meyers won over Kelly Graham, Thurman Rice, and Don Gilmore by the same margin, 1 up on the 19th hole.

Frank Frey and Steve Swarney eliminated Dusty Rhoades and Phil Worthen 3 and 2 while Dusty's playing companion, Dean Mathews, was clobbered 5-4 by Leroy Green.

Rod Baird defeated Leo Phillips, Sr., 2-1, Harry Dunigan defeated Bill Williams 3-1.

Lefty Randed Andy Blum beat long-hitting Chuck Ranney 3-2, in a mild surprise.

Other winners were Jim Elkman over Ray Boles 4-3; R. Whitley over Bill Morris 6-4 and George (the Sheriff) Conners, 7-6 over Joe Jubert.

Little dynamite, Benny Huffman, stopped Lee Dienst in a close match, 1 up.

The following players [illegible] second round winners, Les Yerian over Dick Slager 6-5, Chuck Wilson over Ed Berg 4-3, Don Meyers over Ray Johnson 1 up, and Frank Frey defeated Virg Crawford 2-1.

All second round matches must be completed by this Sunday evening.

Details of the Seiller Handicap will be in this paper next week.

C. Scott led the Brethren attack with two safeties, including a homerun.

West Park Methodist turned loose a homerun barrage to trounce Hoge Memorial by a score of 12-0. D. Smith with two, T. Arnold and O. Dowd with one each, were the four base clouters for the Methodist. Bill Duppy registered his second shut-out and allowed only six safeties.

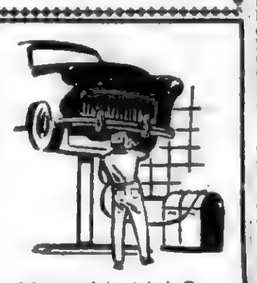
Former Hilltopper Has Built Life Of Active Interests

From Basil, O. comes an interesting report of the activities of a former Hilltopper, familiar to many because of her active participation in organizations, particularly the City Firemen's Wives Auxiliary. She is Mrs. George R. Weatherman, formerly of S. Eureka-av.

Asked to fill in temporarily during vacation time last summer as correspondent of the Lancaster Eagle-Gazette, Mrs. Weatherman has progressed to writing most of the material for the Twin City News of Baltimore and Basil.



She was in the midst of the Eisenhower-Nixon campaign as county chairwoman, is prendent of the local Women's Republican Club and holds a position as organist at the Christian Science Church in Lancaster.

Her many friends will not be surprised to learn that, although they are retired, Mrs. Weatherman is still very active, filling her life with worthwhile activities.

Second Round of Hilltop YMCA Jr. Church Loop Gets Underway

The second round of the Hilltop YMCA Junior Church Softball League got underway last week at Westgate Park diamonds as the three top teams in the league continued with their winning ways.

On Diamond No. 2 the Hilltop YMCA Leaders' Club once again thrashed a green but scrappy Avondale EUB nine to the tune of 31-5 as errors and walks hurt the losers considerably. John Kuntz and Warren Pemberton was the battery for the victors, and Gary Rayot and Fred Zimmerman were charged with the loss.

Rayot was high in the runs scored column for the losers with a total of two while all members of the victors scored at least two times. John Kuntz was high in this department with a total of seven.

Cocheri Memorial bounced back from last week's defeat to win a 26-6 victory over Hoge Memorial on Diamond No. 3. Dick Glass and B. Rector was the losing battery and Gary Baker and Howard Morris were credited with the win.

Gary Link once again starred defensively for the Presbyterians as he handled several hard chances from his shortstop position. Gary Webb was outstanding for the winning Johnson coached nine as he played heads-up ball in his centerfield position and successfully got on base five times in seven times at bat.

Bill Williams' Westgate EUB team continued with their winning ways over on Diamond No. 4 as they "clobbered" the Donaldson coached Glenwood Methodist nine 23-7. Herb Conad and Gary Darby was the losing battery, and Jack Kight and Mike Ranney was the winning battery. Kigh gave up 10 hits and issued five walks while striking out three. Conad gave up 16 hits and issued 12 walks while striking out three.

The big innings for the United Brethren were the first, when six runs were scored, and the sixth, when five runs crossed. The sixth was the big inning for the Methodists as they scored three runs on three hits by Bob Kreig, Conad and Doug Vansky.

This week's schedule shows that Hoge meets Westgate, Glenwood meets Hilltop YMCA and Cocheri clashes with Avondale.

Little Oranges Still Lead Hilltop YMCA Little Nine League

By Dick Wilson

The Little Oranges retained their first place posititon in the Hilltop YMCA Little Nine League as they out-slugged the fighting Reds 11-7 last week at West High Field. Bob Saint and John Peterson divided the pitching chores for the winners with Peterson getting credit for the victory. Mike Cantlon and Jan Lawrence shared the mound for the losing nine with Lawrence being charged with the defeat.

Dick Williamson led the losers' scoring attack with two runs, scored while the Furry coached nine was led in this department by David Brady, who marked up three of the winners' total.

Fred Lanch's Little Browns won their game by forfeit from the Little Greens, who were unable to field a team by scheduled starting time. This was the first forfeit in the league play of this season.

The Little Maroons, without the services of their star pitcher, Don Barnes, managed to keep on the right side of the ledger as Big Mike Engle pitched three hit ball to defeat the Little Blacks 4-2. Tommy Morrison and Don Henne shared pitching chores for the losing nine. Morrison was charged with the loss as he gave up five runs and six hits in the three and a half innings he worked. Henne gave up three runs and five hits in the remainder of the game. Both pitchers struck out a total of ten batters. Winning pitcher Engle struck out a total of 12.

Jerry Stewart looked good defensively behind the plate for the Pemberton coached Maroons and Jimmy Ricketts showed lots of defensive ability and know-how for the blacks.

Lefty Dave Doersam pitched a two hit game against the Little Blues in the final game of the week to give the Little Purples a 10-2 victory. Daryl Corbett started for the losers but had to be relieved in the early innings by Jim Rinehart, Corbett was charged with the loss. Jack Sims once again starred for the victors in the runs scored department as he scored three times in four times at bat. Rinehart and Don Wendel scored the only tallies for the losers.

Next week's schedule will see the Reds face the Maroons, the Oranges vs. the Blues, the Blacks go against the Greens and the Purples clash with the Browns.

The Little Nine All Stars will play Holton Park at West High on Monday at 1:30, the Westgate All Stars at Westgate Park on Wednesday at 5:30 and the Hebron All Stars at Hebron on Saturday, at 7.

The Glenwood Tribe played the Camp Chase Frogs this week in the KH West League and emerged victors by a 6-3 score.

Camp Chase jumped to a 3-2 first inning lead but the Tribe came back in the next two innings and scored two in each to make the score 6-3 at the end of three.

At this stage the Frogs left the field. The game will be counted a league victory for the Tribe who now have a 1-1 record in league play.

Longmire of the Tribe gave up one hit while Dave Williams got a homer with one on for the Tribe.

The Senior Knothole team from Glenwood was idle, due to the Knothole all-star game with Louisville.

The Glenwood Reds journeyed to Arlington Tuesday to play the other Arlington entry in the Junior league and were treated roughly. The Reds dropped a 16-4 contest to Arlington.

Village Of Rome To Get Dressed Up As New Street Lights Go On

The village of Rome is about to be "lit up."

Monday morning power equipment moved in for the erection of 60 poles which when completed will provide the lines for the street lighting of the village, thus making it the "bright spot" of W. Broad-st. Pictured here are Dr. W. G. O'Hara, president of the Rome Business Association and Delmer Kunz, president of the West Franklin County Association, as they substitute for the workmen as the job gets started.

First pole erected is shown here as workmen and interested spectators look on. When the project is completed this fall the community plans a large celebration.

Shades of the past!

This is one of the old interurban cars that made its way down through the main street of Rome years ago when the old Columbia Light, Heat and Power Co. provided power and light for the village. This company was organized with Dr. O'Hara as president and was owned by the citizens of the village. Power lines at that time were erected when the entire populace turned out to help.

Jack Dempsey held the heavyweight boxing crown for seven years.

Its nine-feet wing spread makes the condor the largest bird that flies.

Harry Graham
Your Shoetrician in SEILLER'S
Says:
GUESS-WORK SHOE FITTING
If your child needed eye-glasses you would most certainly take the child to an eye specialist and have the needed glasses fitted. Yet you could buy eye-glasses in the dime store. What I am getting at is this . . . shoes for children should be fitted to the foot by a competent fitting specialist, too. This thing of guessing at the shoe size and buying shoes for a growing child without having the child along to try them on, is certainly an open invitation to future foot troubles. Children in the early growing years can grow as much as a size and a half in a three month period and most parents think their children's feet are smaller than they usually are. When these guess-work shoes are brought home, the child is no competent judge . . . he wants new shoes and if they hurt a little, he won't say much about it. But when his poor little toes have become crooked and distorted trying to shove the end of his shoe out, he pays up. Take your child to the store and have him measured each and every time he gets shoes.

Mrs. Jewell Gives Recipe For Cake, Favorite For 20 Years

The donor of this week's "Favorite Recipe" is well known to many Hilltop shoppers. She is Mrs. Ethel Jewell, manager of the Fays' Shop, since March of this year. Her husband, Claude, is associated with the Sunoco Station, W. Broad-st at Burgess-av, and the couple resides at 176 S. Terrace-av.

She holds the office of conductress in R. T. King chapter, OES, and has been a member of Glenwood Methodist Church since she moved to the Hilltop more than 30 years ago. She is also a member of

Mrs. Ethel Jewell

the Thirty-Year Club, an organization which had its beginning during the first World War when the group formed to do Red Cross volunteer work. They are now actively engaged in projects to benefit Children's Hospital.

This impressive dessert has been a favorite of hers for 20 years, as it will be to anyone whose schedule allows little time for meal preparation. Its festive appearance belies the fact that the separate parts may be prepared the day before and easily assembled at serving time.

SPONGE SHELL CAKE

2 eggs
½ cup granulated sugar
½ cup flour, sifted three times with ½ teaspoonful of baking powder

Beat the whites and yolks separately. To the whites, add ½ cup sugar and beat very lightly; add to yolks ¼ cup sugar 1 teaspoonful of vinegar and 2 teaspoonsful of water; beat all together; then fold flour mixture in lightly. Bake 20 minutes in a moderate oven.

Grease Mary Ann shell pan thoroughly with lard and a little flour mixed together, carefully fill pan with batter, spooning it around the circle; bake as directed. When baked turn pan upside down on cake cloth; let it remain in this position about a minute; remove pan by lifting and tapping edges lightly.

FRESH RASPBERRY TOPPING

½ pint heavy cream
2 cups raspberries
1 cup [illegible]
2 tablespoons cornstarch
Pinch of salt

Wash berries, save some of the nicer ones for top. Mash balance of berries, add sugar and salt. Bring to a boil and add cornstarch. Thicken. Pour in baked cake shell. Place in refrigerator to chill. When ready to serve, top with whipped cream, and then add berries that were saved for the top. Any fresh fruit or berries may be substituted for the raspberries.

Fire—

(Continued from Page 1)

printed in the July 9 edition of the Record.

Those who were left homeless by the blaze were Mr. and Mrs. Wilbur McCord and their four children, Billy, 7; Linda, 5; Patricia Ann, 3, and Jackie 1.

Mr. and Mrs. Dale Vance, Sr., and their daughters, Barbara, 12, and Mrs. Alma Ball and her daughter, Donna 1.

Mr. and Mrs. Nollie Jarvis and their two daughters, Maxine 12, and Virginia 8.

Also burned out was a roomer, Ray Rodgers.

The McCords lost all their clothing and furnishings in the blaze, but the others saved most of their belongings. None of the victims had insurance, Sheriff's Deputy Robert Butler said.

In the house when the fire struck were the Vances, the Balls, Jarvis and Rodgers. The McCord family had left their apartment a few minutes earlier for an outing. Mrs. Jarvis and her two daughters were at church.

First firemen to answer the alarm came from the Prairie Township Fire Department at New Rome. Fire Chief Jack Richards sent out calls for assistance from fire departments of Franklin Township, Hilliards and West Jefferson. Altogether, seven pumper trucks responded.

William H. Coulthard of 6959 W. Broad-st, managing trustee of Sunset Cemetery, estimated the loss to the building alone at $15,000. He said even though the lower portion of the building was still in fair condition, the structure probably would have to be torn down.

Coulthard said all of the homeless families had been placed in temporary living quarters. The McCords will stay in a rented cabin at the Ten-Mile Inn, 7229 W. Broad-st; the Vances will reside with relatives; the Jarvises will room with the Coulthards and Rodgers will stay with a friend.

McCord, Jarvis and Rodgers are all maintenance men at the cemetery.

Coulthard reports that the response to the fire victims' needs, beginning early Monday morning from individuals as well as from the Red Cross, has been most heartwarming. The most immediate need is, of course, for housing.

Westgate

Rich Wolcott racing under the banner of Westgate Park in the Soap Box Derby captured the "Class B" championship for the second consecutive year. Rich was forced to defeat his brother, Dennis, in capturing the title, thus making the race a family matter. He won a valuable electric saw for his efforts while Dennis was the recipient of an electric drill.

Tim Edwards, racing in "Class A" division had the dubious honor of being defeated by the boy having the fastest time in the entire day's racing. Tim's time was 29 seconds. Tim is looking forward to racing next year, having started plans for a complete new racer.

On July 20, the Yanks registered their first league win of the season by swamping the Indians with a score of 17 to 5. Dave Mack led his team at bat, hitting two home runs and a single in four times at bat. The battery for the Indians was Linson and Houck.

In the evening game the Tigers defeated the Reds 9 to 4. Bob Ames with fine support registered his fourth win against one loss. The battery for the Reds was Orr and Newkirk with Ames and McLaughlin going for the Tigers.

The league standings now find the Pennsylvania Bobcats leading the league with the Tigers one game behind. In the third place the Braves hold fast followed by the Indians, Reds, Yankees and Red Sox.

Playground participants of Westgate won second place in the costume division at the Pioneer Day celebration held at Central High field last week. The children had made costumes of the "Wild West" out of old sheets and painted Indian designs on them.

Mrs. Edwards, Westgate's supervisor for girls, appeared on TV last week to demonstrate some of the crafts taught at Westgate playground.

Glenwood

Climax of several weeks of preparation came for Glenwood playground participants last Thursday night when their float, competing against 52 other playgrounds, won second place for the prettiest and first place for the best all-around theme. It consisted of a train of four covered wagons with pioneer settlers and their wives and families, followed by a float containing Johnny Appleseed (Joe Zanetos, 199 Lechner-av). This was a forest scene of brushes and vines, with rabbits, foxes, turtles and other clay and papiermache animals including a whole family of skunks and "Johnny" wearing his tin pot hat, stood in the center of the clearing under a blossoming apple tree. Twenty children were in the float dressed as Indians, pioneers and settlers. The wagons for the float were loaned by Sue Martindale, Robert Grove, John Roush, Larry Mead and Carol Scheiblich.

Contestants may still sign up for the Glenwood Center Horseshoe tournament which is to be held at the playground during the week of Aug. 2. Registration deadline is July 31.

Winners of each classification, boys 13 and under, 14-15 and 16-18 and girls 13 and under, 14-15 and 16-18 will represent Glenwood in the city tournament which will be held the week of Aug. 9.

In the junior girls softball, the Glenwood Tomboys played at the Washington and Town playground Friday, June 24. At the end of five innings the game was tied at 20 to 20. The Glenwood pitchers, Dee Elliott and Donna Berlo gave up 14 walks and two runs. Hauffman of Washington and Town went all the way, giving up only three walks with 20 runs.

The Glenwood team led throughout the game until the fourth when Washington chalked up 11 runs to again take the lead, 20 to 18. However in the last of the fifth Washington added two runs to their game, 20 to 20. The game was then called because of time. The game was played-off July 29 at Glenwood.

John Burroughs

Tryouts were still continuing in badminton, particularly for the tournament. Practice is also being held in foul shooting, horseshoes, checkers and the boys gave way to one of three softball games to be played with Dana in the quarter finals. The score was 7 to 6, Dana leading.

Vacations and conflicting games riddled the regular line-up Thursday evening at Dana, but Dick Thomas, pitcher, got two hits in six innings. Larry Steece, with a homer, brought in the runs with Urillie and Doersam on for an error and a walk. Hill sacrificed in second to bring Joe Dearwester on by an error. Another run was brought in by Rich Steece getting a hit in the third inning.

Craft classes at John Burroughs were as full as the rest of the grounds last week. Much pretty work was done on Indian hats, flimsy dolls, and dresses, mats, etc. Mrs. Johnson invites all to drop in to see what the John Burroughs neighborhood is doing in crafts.

Coronation Theme Wins For Rome Youngsters

Pictured, left to right, Jim Whalen, Jr. (Royal Guard), Steven Meckstroth (Royal Guard), Ricky Meckstroth (the Duke), and Virginia Whalen (Queen Elizabeth). (Jim and Virginia Whalen are the children of Mr. and Mrs. James W. Whalen, and Steven and Ricky Meckstroth the sons of Mr. and Mrs. Edward Meckstroth)

Undaunted by the heavy morning showers on Saturday, the youngsters pictured above won first prize in the bicycle division at the sixth annual Prairie Township Fireman's Festival held on the Prairie Township School grounds, Norton-rd, Saturday afternoon. They spent their vacation time planning and creating the coach and the rainy weather did not dampen their spirits. When they won first prize they felt that it was well worth it. Queen Elizabeth and the Duke of Edinburgh could not have been more thrilled than these youngsters upon receiving first prize.

Other very thrilled prize winners were Carol Johnson (Miss Liberty) second in the Bicycle Division and Billy Smith, third prize in the Bicycle Division.

First prize in the Dolls Division was awarded to Marian Smith and Sharon Streitenberger for their dolls representing the Coronation; second prize was given to Donna Sue Crabtree, with her lovely doll advertising the fish fry, and the prizes awarded for costumes were given to Judy and Shirley Holt, first prize, and the second prize was presented to Martha Smith, who was "Going Fishin'".

Judges for this parade were Mrs. Jack Elliot, 385 Lawrence-av, New Home; Lester Buckelmeyer of 205 Cole-rd, Alton, and Ben Huiss of Columbus.

Hilltop Man Killed In Texas Accident

The family of Harold (Pete) Ewing, 31, of 75½ N. Harris-av, was notified of his death, Tuesday, in Sulphur Springs, Tex, where he had been working since April.

An electrical supervisor, Ewing was killed while checking a transformer in a valve manufacturing plant under construction in Sulphur Springs. The fatal accident occurred while he was on a ladder, testing a 440-volt transformer with a volt meter. A fellow worker heard him cry out and saw him double up over the scaffolding. Employes pulled the victim free, but attempts to revive him by artificial respiration were unsuccessful.

Ewing had been working since April in the Texas plant which was to be leased to the Rockwell Corp. for the manufacture of oil and gas valves. He had been employed by the Westgate Construction Co. here since 1948.

Survivors include his wife, Mrs. Addie Ewing and three children, Natalie 9, Russell 7 and Kathy 2.

Services and burial were made Friday in Hazen, Ark, Ewing's original home.

Police reported Hamilton, heading west, drove into the rear of Brewer's auto, knocking it into the rear of a car driven by H. J. Hartsook, 17, of 2966 E. Tenth-av.

Brewer and Hartsook had halted for a red light at Washington-blvd, police said.

The faults I must accept in folks I see,
But this is true, they all have good to give,
And have so much to overlook in me.

Mail—From a physician in Korea to whom an aunt had air-mailed roses from her garden. "When the roses came two American nurses cried . . . we are homesick over here . . . some of the Koreans had never seen roses" . . . From Mrs. Marie Spaith, a typical mother: "I never go to sleep till the whole kit and kaboodle are safe in bed. Then I sigh a big sigh of relief—another day, and I have them all safe and sound". From my favorite shutin. "I must be several things to several people. Today I received four letters, one began 'Hi, Pie Face'; another, 'You lowdon, connivin' female, of course you owed me a letter'; another, 'Hi, Angel', and the fourth, 'Dear old lady.' (My f.s. is all of 30) . . . "Here is a little verse I thought you might like to use in your column—

The weaker sex is understood
To mean the whole of womanhood,
But I have yet to find a man
Who knows whom it is weaker than."

Something I have never forgotten: 'Way back in the dim past when I graduated from high school, our class was standing on the platform, resplendent in our white dresses and big white hair-bows. The principal of the school said to a lady in the front row, "Mrs. Smith, did you ever see anything finer than this group?" Mrs. Smith's little son was sitting with her. She put her arm about him and pulled him closer to her but she didn't say a word—she didn't have to.

Here is a poem most mothers will understand. It is reprinted from The Columbus Citizen, and was written by Sue Elliott of Worthington:

REMODELED

My little china angel
Is handsomer to see
Wearing a tiny, broken scar
Where her halo used to be.

The gold-leaf pattern on out chair
Has blossomed something grand
Since it bears a small, five-pointed star,
Smudged by a baby hand.

Our house is lovely disarray
Seems gayer than before,
With tooth-marks on the furniture
And foot-prints on the floor.

Many of us are missing Blanche Meachum on WTVN, and hope that that tv station will see fit to carry "Just Neighbors" again after the baseball season is over. The program was very popular with those of us who are a little tired of ultra-sophisticated singers (?) who spend their half-hour or hour looking pretty and rolling their great big beautiful eyes. Blanche is down to earth and sincere and you know it when you hear her sing. She still collects sales tax stamps to buy dogs for the sightless, too.

Hot-weather quotes from various sources: The average woman likes plain, specific, direct statements—like "Yes, Dear" . . . A good place to spend your vacation is inside your income . . . My dog may fill an empty space in my life, but a hot dog does a much better job on that empty space in my tummy . . . A rich man is nothing but a poor man with money . . . The only thing we know about the future is that there will be a lot of it.

Frances Beal Meblek of Cleveland says in her book (The Good Old Days): "The phrase, 'It's a man's world', was coined, no doubt, by a woman of Grandma's day. It was she who kept her figure, if not her temper, by dragging buckets from the old well. And she wasn't yodeling any romantic tunes to that moss-covered monstrosity, you can bet."

The annual picnic of Courage, Incorporated, will be held at Norwood Park on E. Main-st Saturday, Aug. 8, starting a 2 p m. Anyone who can furnish transportation or food may call Rachel Irwin, La. 9059, or Irene Parthemer, Un. 4308 They can use, men for lifting cot patients who will attend the picnic, and they can also use sandwiches, cold drinks, or anything you would care to donate. Everyone knows about Courage, Incorporated, and I'm sure everyone will want to help this very worthy group.

To a young man who's walking on clouds

You're a little prouder of her than other girls you've known.

When you've a date with her, you take a bit more time picking out a tie.

You stand a little taller when she's walking with you down the street.

There's something about her that brings out the finer feelings in you . . . something that makes you realize how wonderful women are.

Why not show her how you feel about her—by taking her to church this week?

There's not a girl in the world who wouldn't deeply appreciate and treasure the respect such an invitation implies.

And there isn't a surer foundation for a young couple falling in love than going to church together each week to renew and enrich their faith.

Let her know how you feel about her. Take her to church this week.

Take someone to Church this week . . . you'll both be richer for it

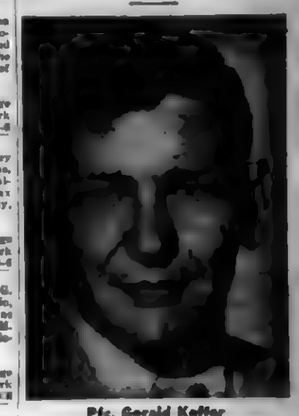
WITH HILLTOPPERS In The Armed Services

CINCINNATI, O.—Ronald G. Carver, son of Mrs. Millie M. Wren, 1930 Floral-av, was one of 84 men enlisted recently in the United States Marine Corps at the Marine Corps Recruiting Station in Cincinnati.

Carver left Cincinnati in one of two specially chartered planes which will fly the new marines to the marine corps' recruit depot at San Diego, Calif. At San Diego, young Carver will undergo 10 weeks of recruit training, including basic instruction in infantry drill, history and traditions of the marine corps, field sanitation and care and functions of individual arms. Two weeks will be spent learning to use the M-1 rifle, basic weapon of all marines.

The 84-man group, largest to be sent since the early days of World War II, will train as a unit and be known as the Southern Ohio Platoon.



Upon completion of recruit training, Carver and his 83 companions enlisted at one time at Cincinnati

Ronald G. Carver

from southern Ohio will be assigned to regular marine corps units for duty or to a school for further training. The platoon contains representatives from some 30 towns in southern Ohio.

Enlistments in the marine corps are open to men 17 years of age or older. Parents' consent is necessary for those who have not yet reached 18.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

With sleepy eyes and nodding heads, a group of 20 boys, most of whom had been on our overnight hike the night before, took a rubberneck tour to the Richer Dairy last week. The boys saw how milk was bottled and put up in paper cartons as well as how ice cream was made and packed. All of the boys were given free samples of ice cream at the close of the tour; so Bob and I would like to say "Thanks a million" to the Richer Dairy for being such a wonderful host to us and the "Y" boys and parents.

The next tour is scheduled for Aug. 5 when the boys will be guests of Lockbourne Air Base. This will be a special tour; so the boys and girls desiring to go must sign up at the "Y" office because we have room for only 60. Transportation will be furnished by the army bus line

Speaking of sleepy eyes and nodding heads reminds me of how our "old men of the Hilltop" are playing ball in the Hilltop YMCA Looper Slo-Pitch League. All of the men nevertheless are having a lot of fun and all six teams in the league are displaying very good sportsmanship whether they win, lose or draw. Last week's games were not quite so full of errors as previous games; so it is the prediction of Bob and myself that these ball players of yesteryear will soon be playing the type of ball that will make their wives and kids proud of them.

So far in the league, the outstanding players have been Ray "Makin' Hay" McVay of the Hilltop Kiwanis, "Wild Bill" Williams of Westgate EUB, "Versatile Ren" Greene of The Hilltop Record, "Shorty" Tallman of Hillcrest Baptist, "Slugger Bob" Jackson of Hilltop Post Office and Jim "B for Business Manager" Smith of New Rome.

In closing this week's column, I would like to remind all you Hilltop boys and girls that the Summer Fun Club is going strong but time is getting short as far as earning the 50 points for an award is concerned. If you have not signed up yet, you can do so by coming down to the "Y" office at 2502 W. Broad-st, or by calling Bob or me at JO. 4641. The Summer Fun Club Awards Night will be held at Westgate Park Shelter House on Aug. 12 at 7:30 p. m.

Report Hilltop Men As Missing In Plane Crash

Airman Richard Emilio Spiert, 21, son of Mr. and Mrs. Anthony Spiert of 529 S. Oakley-av, has been reported missing in the crash of a patrol plane off Luzon in the Philippines last Thursday, according to an Associated Press report from Washington.

Spiert, who attended school at Etna, and who entered the Navy two years ago, was one of 15 Navy men involved in the crash. Ten were reported missing and five seriously injured.

The Navy airman has 10 brothers and sisters, nine living in Columbus. They are: Carmen of 1430 Manchester-av; John of 2984 Grasmere-av; Nicholas of Lancaster; Vincent, who is returning from Army duty in Japan; Arthur of 1406 Eastwood-av, and Tony and Joseph, both of the Oakley-av address; Mrs. Anne Russell of 1404 Eastwood-av; Mrs. Mildred Hunt of 2160 Margaret-av, and Mary of the Oakley-av address.

Also aboard the ill-fated plane and reported missing is: Aviation Machinists Mate 1c Charles Canoy Stewart, husband of the former Helen Buehler, daughter of retired city fireman and Mrs. Joseph Buehler, 233 S. Eureka-av.

Hilliards Will Annex 2 Tracts For Subdivision

Two subdivisions consisting of eight acres, located east of Hilliards, will be annexed by the village, according to Hilliards Mayor Edward Patterson's announcement last Thursday.

The area includes the Conor-McDavid Addition and the Milburn-Hoffman Addition. More than 25 homes are to be constructed in the new subdivisions.

Proceedings have been delayed because of an injunction filed by Hoffman, who required that the projects be delayed uhtil a road connecting Hilliards Cemetery-rd to both subdivisions was completed. Patterson said the road has been built and the injunction suit will be withdrawn.

Village officials will schedule a hearing within a few weeks with the Public Utilities Commission in an attempt to force the Pennsylvania railroad to provide a watchman at a crossing in the center of Hilliards, particularly during the school season.

Filling Station Operator Ired

Ray Angevine, operator of the Pure Oil Service Station at Haldy-av and W. Broad-st, is a man whose patience has been tried too much and he this week warned that anymore problers who enter his station in the wee small hours are taking their two chances on getting some thing more than just a surprise.

Twice within a 5 day period the station has been entered with attempts apparently being made on the station safe and much damage being done. The first was last Tuesday night and then again on Saturday.

Angevine in addition to being quite peeved at the prowlers also is a bit ired by lack of police protection, asserting that more patrols should be added to the expanding Hilltop area.

Special Air Base Tours Planned

Special tours through Lockbourne Air Base have been arranged for children who are interested in seeing the base and various planes. Teen-agers are particularly invited and reservations can be made by registering with any of the city playground supervisors. Bus transportation will be furnished by the base and lunch will be served after each tour.

Starting this week and each week during the remaining summer months the tour will be held daily (Monday through Friday). Groups up to 30 can go at one time or two groups (60 children) may occupy two buses.

Recipe Feature Of Interest To Many

The recipes printed each week in the new Hilltop Record feature are certainly proving to be of widespread interest. From a subscriber in San Antonio, Texas, comes a note, requesting another copy of the July 23 issue.

Mrs. Graham Ingles writes, "I destroyed the paper before clipping the recipe for 'Waffle Cookies' and would like very much to have another copy."

If you have an interesting or unique recipe, or know of someone in your organization who has a "specialty," we would be happy to know of it. Call RA. 1125, or write to Hartley Printing and Publishing Company, 2466 W. Broad-st.

Westway VFW Post Purchases New Home

Announcement was being made this week of the occupancy of a new Post Home by members of Westway Post 3441 of the Veterans of Foreign Wars. The new location of Westway Post is the former Community House of Ros-Rainbow Addition. This past week they moved their headquarters from this location at Broad and Wayne where they had been for more than 20 years. George Bradley, 261 S. Terrace-av, commander of the post this week said that an open house would be held for the membership and their guests on Friday, Aug. 14.

Cowboy Grid Campaign To Start On Aug. 20

Coach Pemberton

West High Coach Mack Pemberton this week sounded the annual call to his Cowboy gridders and grid hopefuls for the forthcoming season when he asked all junior and senior prospects for the team to report for pre-season practice sessions on Aug. 20.

The West High grid mentor, who is planning to be in Canton on Aug. 14 to attend the annual Ohio Coaching Association School and witness the Ohio High School All-Star game, said this week that equipment will be issued to reporting gridders on Aug. 17, 18 and 19, beginning at 5:30 p. m. each day and that physical examinations would probably be made sometime next week.

Pemberton while having not as yet seen the material he will have available for this year's campaign said this week that he expects a team which will be lighter but much speedier than last year's squad.

Schedule for West this year will be:

Sept. 11 — Preview game at Grandview. Teams, Upper Arlington, Grandview, North and West.
Sept. 18—Marion Harding — here (Mother's Night).
Sept. 25—Upper Arlington — there.

Norwich School Transfer Fight Goes To Court

Members of the Norwich Special School Board in a suit filed Thursday in Common Pleas Court, charged that members of the Franklin County Board of Education were "conniving" to eliminate the Norwich Special School District.

The county board was accused of joining some residents of the community, located in the southeastern corner of Norwich Township, to transfer nearly half the valued property in the district to the Norwich Local School District.

They asked the court to issue an injunction barring the transfer of property to Norwich Local and order the county board to rescind its July 7 approval of the transfer.

The suit said the Norwich Special board had planned to place a bond issue for modernization of the Dublin-rd school before district voters next year, but the transfer would leave the area without enough funds to pay for remodeling.

County Board of Education members first considered the transfer last spring, passing it at an Apr. 7 meeting. They rescended their action when residents submitted an objecting petition containing 75 signatures.

At the July 7 meeting, the board eliminated objecting areas of the special district and transferred the remainder to Norwich Local.

New Seiller Golf Tourney Starts Aug. 15

A new Seiller Handicap Golf Tourney will get underway soon at the Beacon Light Golf Course, according to announcement made this week. The new tourney will be run off in a different manner than heretofore where there was only one cup winner.

In this year's tournament there will be four classes, A, B, C and D with winners in each class being awarded a loving cup trophy. All play will be on a handicap match play basis with each individual's handicap to be established at his own club or by league handicap. No entry fee is necessary to enter the tournament.

The new method of conducting the tournament was established after Earl Carper, last year won permanent possession of the Seiller Trophy. All entrants for the tourney must register at Seiller's Department Store on or before Aug. 14 to be eligible for competition.

Play in the tournament is expected to begin on Aug. 15.

School Bus Death Draws Prison Term

The driver of the semi-truck which crashed into a school bus in Jackson-pk Apr. 10, killing an eight-year-old school girl and injuring 13 others has been sentenced to Ohio Penitentiary for a one-to-20-year term for manslaughter.

Jacob F. Dahms, 34, of Covington, Ky., pleaded guilty and was sentenced Thursday, July 30, by Common Pleas Judge Joseph M. Clifford.

Dahms' north bound truck crashed into the rear of the parked school bus, killing Joyce Haimerl, 3019 Democrat-rd. Twelve other children and the woman school bus driver were injured.

Hilltop Street Improvement Bids Granted

Robert F. Werner, chief engineer of the City of Columbus, announced bids received for the improvement of Harris-av from Eakin-rd to the south corporation line. The pavement will be 26 feet wide, with concrete base, asphaltic concrete surface, curbs and gutters, together with approximately 850 feet of 36-inch storm sewer. The low bidder was Complete General Construction Company, at price of $44,242.20.

Also included in the letting was the improvement of Orel-av from W. Broad-st to Grace-st. Orel-av will be 32 feet wide from Broad-st to the alley north of Broad-st, and the remainder of the street will be 26 feet wide. Construction will be similar to Harris-av. The low bid of $12,743.60 was submitted by Concrete Construction Company.

Both of these projects are scheduled for completion by Oct. 31 of this year.

Bargain Prices On Hardware Are Offered By Fell

Observing their first anniversary on the Hilltop as Fell's Westgate Hardware, located at 3109 W. Broad-st, Harry J. Fell, manager of the firm is this week offering many bargains to Hilltop residents for their patronage during the past year.

An advertisement "chuck full" of money saving prices on hardware, kitchenware, fishing tackle and appliances appears on page 6 of today's Hilltop Record.

It was exactly one year ago that formal announcement was made in The Hilltop Record of the purchase of Westgate Hardware by Harry E. Fell, 41 S. Huron-av, a longtime Hilltopper.

Water Shortage Crisis Averted

The West Side and Hilltop areas narrowly escaped a recurrence of a water crisis Monday after one of two motors in the W. Mound-st booster station at W. Mound-st and for water in the areas served by Ryan-av burned out.

Week-end rains reduced demands the booster station. But city officials took no chances, immediately transferring a motor from the Joyce-av booster station to bolster the Mound-st facilities until the damage could be repaired, probably by Friday.

Our Error

Our apologies are extended to Pete Scholten, manager of the Modern Finance Co., with offices at 2500 W. Broad-st. Last week The Hilltop Record erred in using his photo in the servicemen's column This was our error and we assure you Pete plans to be around for some time yet.

Gala Community Festival Said To Be Best In Years

Veteran observers and police estimated that approximately 70,000 persons attended the two day showing of the Hilltop Bean Dinner last week at Westgate Park. Members of the Hilltop Business Association, who have during the past ten years sponsored the community event concurred with the estimates saying that it was the largest Bean Dinner ever held by that organization on the Hilltop.

Exhibits, rides, games and varied contests held the attention of the throngs who wended their way through the park last Tuesday and Wednesday with the lowly bean reigning supreme at the huge bean tent where more than a ton of beans was dished up daily to thousands who braved the heat and long lines to be served.

Hilltop Bean Dinner Queen Louise DeMastry, 17-year-old brunette beauty of West High School topped a field of 15 entrants to win a $25 War Bond prize and reign for the two day period of the festival.

Winners of the Baby Contest, one of the opening features of the bean dinner were Roberta Sue Tier, girl of 772 S. Harris-av, and James Phillips, boy, 2653 Eakin-rd in the three to 12 months age class and Linda Lee Fisher, girl, 5300 Fisher-rd, and Roy Stanton Rockefeller, boy, 328 S. Sylvan-av, in the 12 month to 24 month age classification.

In the Casting Club Contest held Wednesday afternoon on Harder Lake, winner of the junior meet for youths 14 years of age and under were, first, Dick Distelhorst with a 92 score, and second, J. Galloway also with a 92 score. For the junior class of 15 to 17 years honors were taken by D. Kessler, with a 92 score to win first and M. Steller with an 87 for second.

In the men's division Rickt Hutchison scored a 98 to take first, while William T. Behnen counted 97 to win second place. For the ladies' division, Roxana Rudolph won first with an 87 while M. Highfield grabbed second place with a 77.

Winner of the greased pole climb on Tuesday was Eddie Simpson, 260 S. Ogden-av. His prize was 15 silver dollars in a bag attached to the top of the slippery pole. Wednesday's winner was Chuck Kimball, West High football star who took down the prize of a watch.

A three man team combined forces to win the greased pig contest which was sponsored by the R. Wilke Meat Co., with a prize ham being given. The threesome who managed to catch the slippery porked were Bill Staley, 84 Haldy-av; Bob Reeves, 148 N. Harris-av, and Bill Greene, 228 Southampton-av.

Other contest winners in the afternoon events were:

Eddie Simpson, 260 S. Ogden-av, greasy but $15 richer, gives a victory grin at the Hilltop Bean Dinner after he had successfully shinnied the well greased timber to capture the prize offered by Fox IGA Food Shop and the Hilltop Jewelers. Next day Simpson was on his way to San Diego, Calif., to begin training as a Marine.

Fast Feature Is Scheduled For Franklin County Fair

A new feature will be introduced at the Hilliards Franklin County Fair race track this year beginning Aug. 20 in both afternoon and evening racing events. The new event will feature horses that have never run on a track and their drivers will likewise be just as green as the horses they pilot in the event. The new feature is The Green Race.

Thus far five drivers have indicated their desire to show their wares during the race, which promises to be an exciting event. Hilltoppers Russell Carter, Loren Galloway, Harold Cunningham and Bailey Bradley will find their mettle tested by Hiram Diddlehopper from Slipperyville, O.

Diddlehopper, who will be accompanied by his wife, Dillie, will drive Green Pasture, sired by Hay Seed, dammed by The Fool. He avers that he has always wanted to attend the Franklin County Fair, but has been restrained by his wife, who is a bit bashful in public. This week, however, he declared that he would show them whippersnappers from the Hilltop really how to drive a horse.

In the meantime, the foursome of Carter, Cunningham, Galloway and Bradley say that no matter how fast Green Pasture can go, they, too, will have fast horses, some of which have never had bits in their mouths.

Our Want Ads Do the Job

Bob Jones the "sign man" of 158 N. Hague-av, has been watching the Record and News want ads for some time. He was interested in buying a movie projector. One day he found just what he wanted advertised in the Record.

Here is the ad "REVERE 8MM PROJECTOR, MODEL NO. 88, WITH CASE, $80. JO. 8565 or 88 Stevens-av.

Mr. Jones answered the ad immediately. He is very happy with his purchase and needless to say so is the advertiser. Imagine getting such quick action from his ad.

The Record and West Side News combined cover 25,000 homes, so if you're in a hurry to sell something you'll find you will get it twice as fast if you advertise in The Record and West Side News.

Do you want to avoid living to a ripe old age? It's easy. If you're a motorist, it's especially simple. Here are a few easy and deadly rules to follow: 1. Always pass on curves or hills. 2. Change tires in the middle of the highway. 3. Don't dim your lights for approaching cars. 4. Ignore all train-crossing signs. 5. Always take a few drinks before driving. And 6. Listen to the Safety Council of the Columbus Chamber of Commerce announcements and do just the opposite. If any more information is desired on how to die young, just send a card or letter to "Lunkhead." If you tuned in late, we're only kidding.

Jack Alton City Attorney Makes Bid For

Jack R. Alton

Jack R. Alton, the only Democrat candidate for City Attorney, stated that a complete housecleaning is necessary in the City Attorney's office to give Columbus the type of legal representation it deserves. Alton stated that since all of his opponents have worked together in the same office and all have the same political affiliation, he is the only candidate who can accomplish the job.

Alton is a life long resident of Columbus, a graduate of South High School and Ohio State University. He has tried lawsuits of all types in the various courts of Franklin County and the adjoining counties. He is also attorney for the Village of Whitehall. Alton says this combination of trial experience in the private practice along with his municipal law experience gives him the qualifications needed for City Attorney.

Alton is a veteran of World War II, married, has one son, and is a member of Southway Post, American Legion, South Gate Lodge, F&AM, and Southwood Church of Christ, and numerous other civic and professional organizations.

He resides at 183 E. Welch-av, and maintains offices at 17 S. High-st.

PRIMARIES AUGUST 11th

Paul M. Herbert, Chairman, Columbus, Ohio

I PLEDGE TO FIGHT FOR

1. A complete accounting to the taxpayers on why big, promised projects have not been delivered. This includes water and expressways.

2. An end to continued bus troubles. Better service to all sections even if we must give the drivers more money and set a higher rate.

3. Speedier slum clearance; more results and less talk.

4. End expensive fees to out-of-town advisers by hiring local citizens.

5. Increased police and fire salaries with equal pay rates for both.

6. Cooperation with Negro groups. No city is strong when some citizens suffer because the color of their skin is different.

7. Elimination of emergency ordinances by City Council. The people deserve more time to learn about their laws.

8. Strengthen Civil Service.

9. An end to using vital service operating funds for special projects.

10. Less juvenile delinquency and a vigorous youth program. More playgrounds and swimming pools.

An Editorial

A New Voice In Politics

In the political field a new voice was sounded out, with a 10-point program that rings with sincerity, asking the support of Columbus voters at the ballot box in next Tuesday's Primary Election. M. E. "Jack" Sensenbrenner, long time resident of the Hilltop, civic leader and booster, is the newcomer on the political scene who has tossed his hat into the ring and asked for the nomination as Mayor.

From the outset Jack Sensenbrenner has very definitely voiced his views as to "Where I Stand." He announced early in his campaign that he is an Independent Candidate, although he is a registered Democrat. In the months that have followed he has steadfastly refused to become embroiled in any "deals", and has as a result, won a huge following. The regular Democratic organizations have endorsed him and other political factions which would shy from a regular party candidate have aligned themselves on "The Sensenbrenner Bandwagon."

It is a foregone conclusion that the Republican organization will nominate their candidate, Mayor Robert T. Oestreicher as their banner carrier for the forthcoming November elections so that the chief concern now is the nomination of a strong candidate to oppose him. In this primary election Sensenbrenner is the logical choice.

Sensenbrenner is making his campaign particularly on the basis of religious, civic, fraternal and youth organization activity over a period of many years. His work with the Boy Scouts, Camp Fire Girls, Big Brothers Association, Kiwanis International, Hilltop Business Association, Presbyterian Church as elder and teacher, Parent Teacher Association, Urban League and others have won for him friends that number into the thousands. These groups if they go to the polls on Tuesday and give him their support will assure Sensenbrenner of the nomination for the November election.

One thing that has been particularly in favor of Sensenbrenner is that he has come before the public with a program that clearly states what he is for, and if elected, what he intends to do. He has departed from the time worn pracice of "being against everything" that the previous parties have done.

Instead he has injected into the political scene a new line of attack, in that he intends to see that worthwhile projects now in progress are completed, and that any that are impracticable will be stopped. This in the opinion of most people is good common sense.

Sensenbrenner has pledged himself to fight for better bus service and an end to the constant hassle between city officials and transportation companies; speedier slum clearance; hiring of local advisors instead of those from out-of-town; increased police and fire salaries with equal pay rates for both; cooperation with all racial groups; elimination of emergency ordinances by city council in order that the general public have full knowledge of the laws that govern them; strengthening of civil service; to halt transfer of service operating funds for special projects and to insist upon better and more youth recreational facilities.

There are without a doubt some weak spots in Sensenbrenner's platform, but there have in past administrations also been instances of weakness in their performance. On the other hand, there are in Sensenbrenner's platform strong points sufficient to merit his nomination as the candidate to oppose Mayor Oestreicher in the November election.

For the past few years the affairs of the City of Columbus have been handled in a fairly commendable manner, but it also is a well known fact that during those years the patronage system has brought to the desks at city hall many whose sole qualifications for the jobs has been that of being faithful to the party. It is a healthy situation that has arisen in this primary election in that a new voice is being heard, a new name has appeared on the political horizon, and an independent candidate is knocking at the door and asking for an accounting from city hall to the people of this city.

It is well then to remember, . . . that to choose the man you want to head your city government . . . You must first get him by the big hurdle of a primary election. You must remember it is your right and privilege to cast a ballot for whomever you please.

Jones Summarizes His Campaign

Paul "Slim" Jones

Paul Jones, 1305 Oakwood-av, owner of Slim's Sinclair Service at summarized his campaign for may-Thurman and High-sts, this week or as follows:

"Columbus is one of the fastest growing cities in the country. Our city government must keep pace with this great growth and get out of the hick town rut it is in.

National Sports Car Races Are Scheduled At Lockbourne Air Base This Sunday

Jim Kimberly, Chicago business executive, crosses finish line in his Ferrari. Kimberly holds a speed record of 148 miles an hour in this car.

Lockbourne Air Force Base will throw open its gates on Aug. 9, when the runways and taxi strips will be the scene of the Ohio Sesquicentennial National Sports Car Races. The all-day event promises to be one of the biggest sporting attractions in the 150-year history of the Buckeye State.

General Curtis E. LeMay, boss of the Strategic Air Command and a sports car enthusiast himself, conceived the idea of opening SAC fields on week-ends, when the mammoth jets weren't flying, for this new popular sport. The arrangement not only promised an ideal facility for the drivers, but an opportunity to raise funds for the improvement of airmen's living conditions.

All proceeds from the races, according to strict SAC regulations, are put into the Airman's Living Improvement Fund at the host base, to buy day room furniture and other items not available through appropriated Air Force funds.

On a specially prepared road, spectators will enter the base and proceed along the usually restricted flight line. Along this route they will see many of the Air Force's latest planes, including the streamlined Boeing YRB-47 Stratojet, with its swept back wings and its six powerful jet engines. They'll also see the huge KC-97 tanker plane, the power-packed North American RB-45 Tornado, the Boeing KB-29 and the newest jet trainer, the T-33.

But the best show will be the eight sports car races, beginning at 9:30 a. m. and ending at 5:30 p. m. Refreshment booths, rest rooms and everything needed for an enjoyable time will be available. For those who wish to bring picnic lunches the shady base picnic area will be available, and religious services will be held at the base during the morning for those who wish to attend.

Tickets are on sale for $1.00 each. Children under 10 will be admitted free.

Tickets may be obtained locally from Joe Lamb's Sohio Station, New Rome; De Victor's Restaurant, San Margherita; Lts. Earl Brownlee and Ellsworth Best of Franklin County sheriff's office.

Cocherl, Westgate, "Y" Leaders Win In Junior Church Loop

By Dick Wilson

Cellar-dwelling Avondale EUB threw a scare into league-leading Cocherl Memorial Alliance last week at Westgate Park as the Avondale team was margined 9-8 in the closest game of the season. The EUB team got its eight runs on 10 hits off the pitching efforts of Gary Baker of the Cocherl nine, with Howard Morris catching. Pitcher Thomas of Avondale gave up 12 hits and nine runs as he was charged with the loss.

Gary Rayton was the offensive star for the losing Devol coached nine as he scored three times in four times at bat. The runs scored honor for the victors went to Baker, Morris, H. D. Arnold and Vernon Schmidt as each boy got credit for two scored runs.

Coach Donaldson's Glenwood Methodist team served notice in its game with the Hilltop YMCA Leaders Club that it was out to play the role of "giant-killer" in the second round. The "Y" boys had to play heads-up ball to keep their victory string unbroken as they edged the churchmen 10-6. This was the lowest number of runs the "Blue and Gold" had scored in a game so far this season.

Dick Furry hurled the entire game for the victors and gave up nine hits and issued 11 bases on balls. Herb Cozad once again handled the mound for the losers, and he was charged with the loss as he gave up only seven hits and issued eight bases on balls.

Woodie Waltman led the victors in the runs scored department as he tallied three times in four times at bat. John Puritt, John Hummel, Cozad, Steve Byerly, Ron Fulton and Gary Darby each scored one run for the losers' total.

The only lop-sided game of the evening was a 28-6 thrashing of Hoge Memorial by Bill Williams' Westgate EUB team. Dick Glass was the losing pitcher and Jack Kight and Mike Ranney shared the hurling duties for the victors.

From the defensive standpoint, the star of the evening was Westgate's Tom Reeves as he displayed a great deal of know-how as well as ability from his shortstop position. David Morris looked good afield for the losers.

Next week will see the "Y" Leaders go against Westgate, Hoge vs. Avondale and Cocherl faces Glenwood. This will be the first time this season that these teams have met because they were postponed in the first round on account of rain.

Reds, Oranges, Greens, Browns Win In YMCA Little Nine Tilts

By Dick Wilson

What started out like a scoring-free-for-all, with both teams scoring in the early frames, developed into a tight game before it was over, with the Little Reds defeating the Little Maroons 10-9 last week in the Hilltop YMCA Little Nine League held at West High Field.

Dick Curtiss was the star for the visitors as he hit a home run in the bottom of the sixth to tie the ball game and put it in extra innings. He continued with these hero ways in the seventh when he drove Little Fisher home with a smashing single to right field. The winning pitcher was Mike Cantlon who relieved Dave Thomas in the third inning. Big Mike Engle was charged with the loss.

The Little Oranges held onto their undisputed first place spot in the standings as they "clobbered" the Little Blues to the tune of 12-4 in the second game of the week. The game was a close contest until a seven run spurt in the fifth decided the contest in favor of the Orangemen. Little Saint, Dave Brady, Don Furry and Little Timmons each scored two runs for the visitors. Big Saint and David Davis each scored two for the losers.

Little Saint handled the mound all the way for the winners and was credited with the win. Don Wendel, the first of three pitchers used by the losing Blues, was charged with the loss.

The Little Blacks threw a scare into the Little Greens before finally going under 7 to 6 in the third league game of last week.

The Blacks had a 1 to 0 margin for three innings but the Greens changed the picture in the fourth with a six run barrage. The Blacks came back with one in the fifth and four in the sixth, but their bones faded as Jim Smiley drove Jart Lawrence home with a single to center in the last of the sixth with the winning run.

Tommy Morrison and Don Henne shared the mound for the losers with Henne being charged with the loss. Glen Rohrer went the route for the winners and got credit for the win.

The Little Browns edged the Purples 7 to 5 in the last league game of the week to retain their second place tie. The game was tied 5-5 in the fifth, but Larry Fox held the Purples scoreless for the rest of the game while the Browns worked on Jack Sims and Ken McKenzie for two more runs. McKenzie was charged with the loss and Fox received credit for the win.

The Little Nine All Stars played Holton Park last week and won 14 to 4. They continued with their winning ways at the Bean Dinner as they downed the Westgate Park All Stars 12 to 4.

This week the All Stars will play at Plain City on Friday and journey to Hebron on Saturday.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

Thanks to all our firends who visited us during the Hilltop Bean Dinner. It was wonderful to visit with the parents, boys and girls, and also to meet some new friends. In case you haven't received the Hilltop "Y" Summer Fun Club schedule for August you may obtain one at the Hilltop "Y" office.

There are again many special events for all boys and girls. Free movies, Treasure Hunt, Splash Party, Track and Field Meet, Little Nine Baseball, Boys' Craft and Rubberneck Tours. Boy, you kids can't afford to miss any of these events.

We have been receiving some good reports from the Hilltop "Y" boys who are attending Camp Alfred Willson. The following boys have enjoyed two weeks camping: Stewart Randall, Garry Weigand, Ronnie Louden, Jack Lamano, Dick Rice, Bill Botkin, Alan Daft, Elmer McComas, Eddie Schmidt, Rickey Banker, Bill Ingle, Terry Murray, Eugene Neal, Charles Castle and William Castle. This year the Hilltop Lions and Hilltop "Y" Mothers' Club are sponsoring boys to Camp Alfred Willson.

"How many points do I have?" That's the question nowadays at the "Y". Each member of the Hilltop Summer Fun Club is working for 50 points to win a Summer Fun Club emblem. Bill Ingle is high boy with 84 points, Jerry Corbet is a close second with 61. The high point winner will be awarded a grand prize at the annual Hilltop "Y" Summer Fun Club award nite. This program will be held at the new Westgate Shelter House, Aug. 12 at 7:30 p.m. and all paren's are cordially invited.

Do you like to run? Sure you do. All boys and girls do. But do you know you may be speeding? The Safety Council of the Columbus Chamber of Commerce says you're speeding if you're running so fast you can't stop in time to avoid an accident. Running is fun. But an accident isn't fun for anyone.

Gordon Hits Special Interests In Race For City Attorney

City Attorney Richard W. Gordon, a candidate for re-election as city attorney at the non-partisan primary election Aug. 11, says the issues in the city attorney race are clear-cut. Gordon asks: "Shall the voters of Columbus re-elect a seasoned and experienced city attorney to fill the second most important position at city hall, or elect an unseasoned, inexperienced candidate to that important office?"

"Shall the voters re-elect a city attorney who has constantly and with certainty demonstrated that he considers a public office a public trust, or an inexperienced candidate whose administration of the city law department in the people's interest is an uncertainty since he is obviously being sponsored by, and necessarily obligated to certain special and powerful private interests."

City Attorney Richard W. Gordon, with 15 years experience in the city attorney's office, says that he considers a public office a public trust and that he has steadfastly refused to be a "Yes" man or "errand boy" to certain private interests.

Gordon charges that certain special interests owning and controlling two metropolitan newspapers have assigned "hatchet men" reporters to politically assassinate him by a deluge of irresponsible, false and distorted articles.

City Attorney Gordon recently said: "I challenge the right of this powerful and selfish vested interest to rule; I deny its right to ruin. Newspapers have no right to crucify any candidate for public office, or public official who refuses to submit to their control, by publishing, in a controlled press, false, irresponsible and slanted statements deliberately calculated to distort the truth and the facts and thereby to mislead the public."

De Vore Promises More Economy At City Hall If Elected Mayor

Ronald E. De Vore, 329 S. Terrace-av, a tax accountant and economist, says he is a candidate for mayor at Tuesday's Primary Election because he can no longed stand by and see his home town taken on a "spending-mad" spree. De Vore is convinced that the city can be operated more economically and be less burdensome to the taxpayers.

De Vore's platform offers an efficient and economical administration free of political pay-offs and machine politics in general and selection of city employees for their ability to be proficient in their duties. He promises close watch over civic affairs to provide the best at the least possible cost and to work closely with council. DeVere vows to keep the citizens informed of the administration's activities, especially on important controversial issues and to limit city inspectors' authority.

He believes police should give more effort toward crime prevention and expedition of traffic rather than devoting too much time to parking and traffic violations.

Ronald E. De Vore

De Vore promises to provide adequate downtown parking, a traffic system that will immediately provide for express transit buses and better flow of traffic with less tie-ups and stops along the way, and a program in conjunction with the ministry of Columbus for advancement of Christianity.

De Vore feels that his program can and will bring Columbus out of the red with repeal of present system of city income tax an eventuality.

Ronny De Vore, a registered Republican, is running as an independent.

Schickler Hurls New Charges Of Inefficiency

John R. Schickler, Independent Republican for City Attorney at the non-partisan primary on Aug. 11, made this statement of interest to this community:

"As special examiner for the State Auditor, I helped to conduct an investigation of Columbus Municipal Light Plant. Shortly after entering the plant, City Hall blocked me from taking a physical inventory of the plant, although none had been taken for 11 years. Therefore the investigation was confined to observation, interrogation and examination of paper records.

"Nevertheless, I was able to point in my report of Mar. 3, 1953, that the plant had overpurchased. Although the report was denied by Supt. Robert Tucker, I believe a trip through the plant's warehouses will show the abundance of street lighting supplies.

John R. Schickler

"Yet, Mr. Tucker recently told a Main-st group that he had but $60,000 left from his one million dollars for street lighting. He further said they would have to pay for any modern street lights, because of the shortage of funds.

"On Nov. 28, 1952, I charged the Light Plant with waste in an exclusive article and interview with the Columbus Citizen. The sixth charge I made was that 'metal poles for white-way lights were erected without painting and collars not caulked.' Further I said: 'Why these poles were not painted when erected is a mystery.'

"The W. Broad-st poles had suffered from nicking caused by the boys throwing the loose collars up and down the poles. As a result of this interview, the paper followed up my charge and the Service Director ordered the poles painted this spring. Of course, they were painted at far more cost to the city than would have been the case if they had been painted when erected.

"I am glad to see that the W. Broad-st poles were the first ones painted green. I am glad that my public charge was of service to the people of the Hilltop and the West Side.

ARE YOU SICK OF HIGH TAXES?

The Socialized Public Housing Scheme Would Make You Build $60 to $80 Apartments For 524 Favored Tenants And Force YOU To Pay Up to Half Their Rent for 40 Years

ASK YOURSELF THESE QUESTIONS . . . .

1—Can you afford higher taxes for ANOTHER FEDERAL SPENDING PROGRAM?

2—Can you afford to guarantee to pay up to $376 EVERY YEAR FOR 40 YEARS for every tenant in the housing project in rent subsidy alone?

3—Can you afford to make up $130 in real estate taxes EVERY YEAR for every apartment in this tax-exempt housing scheme?

4—Can you afford $350 EVERY YEAR for fire, police, health and education services for every one of these 524 apartments?

5—Are you in favor of half-price rent for a favored few in a housing scheme which last year excluded housing for indigent old people and families on relief from 82 PERCENT of its apartments?

6—Do you know that this is just the beginning of another drive for more socialized housing, with 1676 more to come all over town?

7—Do you know that your neighborhood MAY BE NEXT to have this socialized housing octopus reaching out to your doorstep?

8—Do you know that NOT ONE CENT of all the millions these public housing schemes would cost will go for SLUM CLEARANCE, URBAN REDEVELOPMENT or TRAFFIC EXPRESSWAYS?

Camp Chase Little Bigger Nine Is Handed Rough Tourney Deal

Troubles galore hit the Little Bigger baseball team sponsored by Camp Chase Post and the Beasley Grove Ford Co. last week in their bid to be State Champions at Norwood. First, they were notified at the last minute the Hebron, O., champions were unable to attend the state playoffs and that Camp Chase had won their first game by forfeit. That held up the coveted trip to Cincinnati a whole day, which seemed like an eternity to the Camp Chase team.

The team met Thursday at the corner of Broad and Hague to board their chartered bus for Cincinnati. All aboard and in high spirits, the team started the trip. About half way there the bus motor started smoking and puffing and chugged to a definite halt. A quick inspection showed a hose connection had come loose from the water system. Mechanics were hurriedly summoned and after about two hours it was determined there were no hopes of finishing the trip in that bus.

A school bus close by was appropriated and away the team went again on the big trip. Game time was close by so the boys changed into their baseball uniforms on the bus. Seeing that minutes were flying by faster than the bus was traveling, a call to Little Bigger League officials in Norwood resulted in an escort meeting the bus.

The Camp Chase team arrived at the ball field five minutes before game time. With no hitting practice and a very short infield, the game got under way 20 minutes late.

Camp Chase lost the flip so the Newbel team of Norwood was the home team, not unusual to them, as the tournament was being played on their home diamond. The first batter up for Camp Chase, right fielder Ron Nebinger, grounded out second to first. The second batter was Bill Spratley who played center field this game. He hit a mile high pop fly to outfield, one that didn't travel far but just straight up, for a—get this—home run.

Those responsible for inventing the National Little Bigger rules incorporated in these rules "the center field fence shall be 200 feet from home plate and the right and left field fence shall be 240 feet from home plate at the foul lines."

The youngest of baseball players know that is a very, very short fence. At West High an outfielder stands at about those distances from home plate. So Spratley got a home run off what would have been an easy out at West High. But the Newbel team got six such home runs, making the final score Camp Chase 1, Newbel 17.

Another Little Bigger rule is "each team shall be composed of five 13-year-olds, five 14-year-olds, and five 15-year-olds." But after a team wins its championship in its league and the right to go to the state tournament, Little Bigger rules permit an "All Star" team to be selected from the league to take the place of the 13 and 14 year olds. In other words, cut the players of the team who have stuck with the team all season and take an "all 15 year old" team to the state tournament.

Camp Chase baseball officials refused to even consider such a proposal. They took the same team that had been playing ball all summer to the State Tournament, well indoctrinated with what their chances would be against all 15-year-olds. They lost and lost bad, but they enjoyed their much deserved trip and took the loss without a quibble, knowing it pays, at Camp Chase, at least, to stick by the team.

The players stayed at Xavier University while in Cincinnati. Thursday evening they visited Coney Island amusement park after a banquet at Mill's Restaurant in Cincinnati. Some went back to Coney Island Friday, while others went swimming in Norwood's fine pool.

Mr. Grove and Mr. Fishinger of the Beasley-Grove Ford Co. came through, as usual, and paid for 50% of the trip. The other 50% was paid by individuals and organizations on the Hilltop.

Hilltop "Y" Looper League Scores High

Slugging was the order of the day as the Looper League inaugurated the second round of play last Thursday at Westgate.

New Rome clobbered Hilltop Record 21-2, Westgate EUB outscored Hilltop Kiwanis 17-13 and Hilltop Post Office came up with the first shutout of the year, blanking Hillcrest Baptist 7-0

Murphy, Bower, Ryan and Fenner combined for 14 runs as New Rome buried the Record squad under a barrage of 31 hits and 21 runs (errors not counted). Mansfield and Greene scored the only markers for the Record. Batteries for New Rome were Smith and Courter; for the Record, Greene, Koontz and Maxwell.

Westgate EUB also had their sharp batting eyes as they tallied eight times in the sixth inning to outscore Kiwanis. Ranney and D. Horne each scored three times for the winners, while Boyer, Johnson and Sensenbrenner paced the losers. Batteries for Westgate were Williams and Ranney; for Kiwanis, Sensenbrenner and Weaver.

The Post Office squad played tight defensive ball to blank Hillcrest in the only shutout of the season to date. Both squads came up with outstanding defensive plays by their left fielders, both Dickenson of the mailmen and Gurina of the Baptists coming up with spectacular catches. Batteries for Post Office were Williams and Click, for Hillcrest, McInturf and Anderson.

Double headers are on the docket for this week and all teams are asked to be on hand early.

Farm Bureau Group Picnics On Sunday

Farm Bureau Council Group No. 2 held its annual picnic, Sunday, at the home of Mr. and Mrs. Charles Durban, near Pleasantville. The members present were Mrs. Caroline Becker, Mr. and Mrs. Frank Woodruff, Mr. and Mrs. George Purdum Mr. and Mrs. Walter Elliott, Mr. and Mrs. Paul Shoemaker Mr. and Mrs. William Schilling and Mr. and Mrs. Charles Spring. Other guests were Louise Durban, Mr. and Mrs. Marvin Durban and Mr. and Mrs. Lowell Durban and children.

A pot-luck supper was served, and in the evening Louise Durban entertained the guests with music.

Now that summer's here, a lot of boys and girls are out playing ball. If you find your ball rolling out into the street, remember this advice from the Safety Council of the Columbus Chamber of Commerce: Stay on the curb until you are sure there are no cars coming. Then watch for cars as you get the ball.

Our cause is just, our union is perfect.—John Dickinson.

3 GREAT SALE DAYS
THURSDAY
FRIDAY
SATURDAY
Aug. 6 - 7 - 8
9 A.M. - 9 P.M.

We will discontinue our Women's and Men's wearing Apparel, Dry Goods, Shoes and Furnishings Depts. with the result that the entire and complete stocks of the Women's and Men's Clothing Depts., Dry Goods Dept., Shoe Dept. entire and complete, must and will be closed out to the bare walls, regardless of cost or loss of profits during the next few days. BUT THAT'S NOT ALL—In order to make room for a bigger and better Furniture, Housewares, Paint and Floor Covering Store—which will continue after this sale is over—our entire and complete stock of Furniture, Housewares, Paint, Electrical Appliances, Rugs, etc., will be included and will go on sale at the most drastic and substantial price reductions of the entire 38 years of our business life in a sale that is a sale.

BIG $150,000 MERCHANDISE DISPOSAL SALE

THE REASON FOR THIS GREAT SALE

After 38 years of honorable and successful business dealings and studying the needs and the buying habits of our customers, we believe that we can render a better service to all the people of our trading district by disposing of our Men's, Women's, Children's and Dry Goods Departments——lock, stock and barrel—entire and complete—in order to enlarge our Furniture, Housewares, Paint, Floor Coverings and Electrical Appliance Departments and stock with Nationally Known and Advertised Merchandise, bearing the label of famous name makers.

The people of Columbus and our trading area who have been customers of Danziger's Department Store since the business was established 38 years ago, know that our advertising slogan: "TRUTH ALWAYS—FACT ONLY—FACTS WITHOUT EXAGGERATION OR SENSATIONALISM" and every promise we have made we have lived up to 100%.

We promise you, our customers, the greatest bargains and values on high grade department store merchandise of our entire career. It will pay you well to come to our store and clear out our stock, slick and clean, during the next few days. We caution you to come early and often, as long as our stocks last, for a genuine money-saving opportunity like this Great Sale may never happen again. COME SEE FOR YOURSELF, then "YOU BE THE JUDGE."

CLOSING OUT ALL OF OUR ENTIRE SOFT GOODS LINES SUCH AS MEN'S, LADIES' AND CHILDREN'S WEARING APPAREL — DRY GOODS, SHOES AND FURNISHINGS DEPT. TO THE BARE WALLS AND INVOLVING EVERY DEPARTMENT IN OUR STORE AT THE MOST DRASTIC PRICE REDUCTIONS OF OUR CAREER.

When you come to this Great Sale tomorrow (THURSDAY MORNING) and see over $150,000.00 worth of Nationally Known Department Store Merchandise, consisting of Men's, Women's and Children's Clothing, Furnishings, Hats, Shoes, Sportswear, Work Clothes, as well as Housewares, Paints, Floor Coverings and Electrical Appliances, at the most drastic and substantial price reductions that we have ever made in the 38 years of our business life. You will know beyond any question or doubt in your mind that here — at last — is a sale that is a sale — where you can buy real, genuine money-saving bargains in high grade department store merchandise, for we have made prices on our entire stock, in every department, the like of which you have often read about, but which seldom if ever have been demonstrated. We have but one object and one aim, and that is the complete CLOSE-OUT of every dollar's worth of merchandise in our Men's, Women's and Children's Apparel, Shoe and Dry Goods Departments, and the reductions of our entire stock, consisting of Housewares, Paints, Floor Coverings and Appliances, and hundreds of articles that this space will not allow us to mention will go on sale in what we firmly belive to be the greatest money-saving and value-giving sale of department store merchandise ever held in Columbus. Plan to be here early tomorrow — THURSDAY MORNING, AUGUST 6 — promptly at 9 o'clock. The order of the sale will be first come, first served, while our stocks last, and we caution you to come early for a genuine money-saving opportunity like this may never come again.

WE ARE CLOSING OUT OUR MEN'S, WOMEN'S and CHILDREN'S WEARING APPAREL, SHOE AND DRY GOODS DEPTS. — LOCK, STOCK AND BARREL ENTIRE AND COMPLETE

— BUT —

We are enlarging our Furniture, Houseware, Paint, Rug, Floor Covering and Electrical Appliance Department in a bigger, better and more complete way, in order to promptly serve the people of Columbus and its trading area.

Hilltop Sorority Plans New Projects In Service Program

Members of the Alpha Nu Chapter, Gradale Sorority, a service organization affiliated with the YMCA and composed of Hilltop business and professional women, have plans under way for their new project. Feeling that most similar groups devote their efforts to aiding children and young people, they have decided that they may be of more service to the often-neglected elderly people.

At present they are interested in finding a clock, preferably, electric, that will chime, needed by a blind woman who is able to care for herself in every way except that she has no way of telling time. Anyone interested in donating a clock for such a purpose may contact Mrs. Robert Trott, JO. 8217, or the Hilltop YMCA at JO. 4641.

Aug. 14 Deadline For Fair Entries

All women of Franklin County and surrounding counties are invited to exhibit their work, such as baking, sewing, crocheting, etc., in the 1953 Fair at Hilliards.

Anyone interested may call the fair office from Aug. 8 until Aug. 14, at FR. 8-7235.

The Guiding Light Chapel Church will give a chicken supper on Friday evening, Aug. 7, at 5:30, at the home of their pastor, Rev. Keller, 143 E. Fourth-av. The public is invited.

Mary Braithwaite Is Sunday Bride Of Franklin Rowe

Mr. and Mrs. Franklin J. Rowe (J. Curtis Allen Photo)

Boulevard Presbyterian Church was the setting for the Sunday, Aug. 2, ceremony uniting Miss Mary Evelyn Braithwaite and Mr. Franklin J. Rowe in marriage. Rev. A. J. Wold, pastor of Hoge Memorial Presbyterian Church, officiated at the 3:30 p.m. ceremony.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. Everett J. Braithwaite of 36 N. Huron-av, and the bridegroom's parents are Mr. and Mrs. R. F. Rowe, 67 S. Eureka-av.

Her bridal gown was fashioned of nylon over taffeta with lace inserts. The long sleeves fit tightly at the wrists, and the chapel train featured nylon ruffling. The bride carried a white prayer book topped with a white orchid and stephanotis, with satin streamers.

Mrs. Harriett Williamson, matron-of-honor, was gowned in blue; Miss Bernita Stahl, bridesmaid, in lavender; Mrs. Donna Braithwaite, bridesmatron, was in pink, and the little flower girl, Susan Braithwaite, in yellow.

Their identically styled ballet-length dresses of taffets and net featured lace jackets and they carried puff bouquets of contrasting carnations with matching ribbons.

Attending the bridegroom as best man was Mr. William Rothfuss, Jr., and the ushers were Mr. Fred Braithwaite, Mr. Edward Braithwaite, Mr. Max Schlishter and Mr. Taylor Lutz.

The mother of the bride wore a navy blue gown with a neckline of white dotted satin and a corsage of pink carnations. The bridegroom's mother chose a navy blue dress and her corsage was of white carnations.

Immediately following the ceremony, a reception was held at the church with Mrs. Carl Braithwaite, Mrs. Constance Urton and Mrs. Louise Groves serving as hostesses.

For their wedding trip to the South, the new Mrs. Rowe chose a navy blue dress and wore her white bridal orchid.

Mrs. Miller, Son, Enroute To Tokyo

Mrs. George P. Miller and son, George, sailed Thursday from Seattle, Wash., on the SS Buckner for Tokyo, where they will join her husband, Col. Miller, who is stationed there.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. Edward P. Slyh, 224 S. Huron-av, and the bridegroom's parents are Mr. and Mrs. Adolph Lawrenz, 210 S. Sandusky-st.

The bridal gown was fashioned of white chantilly lace and nylon tulle over satin with a slight sweep, a portrait neckline formed by the scallop of the lace with a fitted basque bodice and long sleeves of chantilly lace tapering into points over the hands. The bouffant skirt of layers of nylon tulle was enhanced with a side swept panel of chantilly lace and was worn over an old-fashioned hoop and billowing crinoline petticoat.

Her fingertip veil of imported silk English illusion fell from a chantilly lace pillbox encrusted with seed pearls, and she carried a cascade arrangement of white roses centered with a purple-throated white orchid.

The bride was attended by Miss Mary Lawrenz as maid-of-honor, and Miss Annette Lawrenz and Miss Jo-Ann Stevens served as bridesmaids.

The attendants wore identical floor-length gowns of ombre nylon net, styled with a softly shirred bustline and fitted midriff. Their shoulders were covered by a loose flowing stole attached at one shoulder. The bouffant skirts of layers of nylon net in ombre tones of pink, rose and samba featured a huge pouf at the left side. Their head-pieces were of pink net on pink velvet headbands, with a pink nosegay at the side, and they carried crescent bouquets of pink carnations.

Serving as best man was Mr. Robert C. Hausfeld and seating the guests were Mr. Edward P. Slyh, Jr., brother of the bride, and Mr. William Elgin.

Ex-Hilltopper Writes Of Life In Pakistan

From Pakistan comes an interesting account of the arrival of the first boatload of wheat from America. Mrs. S. N. McIntosh the former Ruth Merriman, daughter of Martha A. Merriman, 65 N. Brinker-av, writes of the event.

She and her husband were sent to Karachi Pakistan, in January, as part of the Government's Agricultural 4-Point Program. She is also the sister of Jack Merriman, 44 Sylvan-av.

An occasion for celebration was the arrival of "The Anchorage Victory", in port, carrying American and Pakistan flags, and bearing on its side the sign, "Wheat From America To Pakistan". Mrs. Merriman writes that the Pak government officials set up canopy tents on the water front, spread Persian rugs and matting strips on the ground and set up tea tables and chairs for the ceremonies.

She watched big cranes unload the first of 9800 tons of wheat and place it in box-cars to be shipped up-country for distribution to the needy people. The country is rejoicing over the well-deserved gift of relief.

Mr. and Mrs. Edward Fredendall of 282 S. Burgess-av and family are leaving for Los Angeles, Aug. 10, to spend three weeks with Mrs. Fredendall's family.

When you take that vacation trip in your car—take safety with you all the way. The Safety Council of the Columbus Chamber of Commerce reminds you that the welcome you receive in any state or town does not give you the privilege of cheating on the traffic laws or on the common-sense rules of the road. Obey the laws and traffic signs wherever you drive . . . Drive with caution and stay alive.

Is the situation getting any better in fatal traffic accidents? The Safety Council of the Columbus Chamber of Commerce estimates that 8,310 people died in motor-vehicle accidents in the first three months alone this year. This figure is four per cent higher than last year. Let's keep this proportion down for the rest of the year. When driving use care . . . You'll arrive . . . alive!

Then join hand and hand, brave Americans all—
By uniting we stand, by dividing we fall;
In so righteous a cause we may hope to succeed.
For Heaven approves every generous deed.—John Dickinson.

GOOD SHOES

There is nothing so cheap and shoddy that some manufacturer can't take a little out of it and sell it cheaper. That applies to almost any sort of merchandise, but a pair of battered sandals I took off a freckled little boy Saturday brought it to my mind. They were too short, too wide, too pointed and made of very little leather—mostly composition and oil-cloth. Of course you couldn't expect much for the small amount they cost. But that particular youngster had very flat feet and should have been wearing shoes that supported his feet.

Those cheap sandals may prove very costly. I could never figure why some parents buy the very best shoes for their children to wear in the winter when the child is cooped up and comparatively inactive and then want a pair of 98c play shoes for the summer when the child is most active.

Mrs. Case Shares Family Recipe With Hilltop Record Readers

Mrs. Alli Case

To the many swimming enthusiasts in this community who regularly visit the Hilltop Swimming Pool, Mrs. Case is a very familiar figure. Her husband, Robert, has operated the pool since 1945, and Mrs. Case manages the office. The couple reside at 236 Powhatan-av, and have one son.

Despite the fact that sh does devote a great deal of time to the business, Mrs. Case's pet project is Twig 77, of which she is chairman. Although it is a comparatively new Twig, its members have established a wonderful record of achievement. As is the case of all Twigs, they work for the general benefit of Children's Hospital, raising funds through bake sales, square dances, card parties, style shows, etc. Each Twig is affiliated with the Thrift Shop, operating the shop a designated number of days. Mrs. Case is also a member of Beta Sigma Phi, international business women's sorority.

A recipe for a Finnish dessert, a familiar dish in all Finnish households, is Mrs. Case's contribution. Her father and mother came to this country from Finland, bringing this favorite along. She suggests that this may also be served as a breakfast dish because of its cereal content, and that it is a particular favorite of children.

Finnish Dessert
1 quart cranberry juice cocktail
½ cup Cream of Wheat (regular)
¼ teaspoon salt
2 cups sugar
1 tablespoon vanilla

Bring the liquid to a boil. Slowly add the Cream of Wheat and salt. Boil gently about five minutes, stirring occasionally to prevent sticking. Add the sugar. Pour into large mixing bowl and beat with electric beater (as for whipping potatoes) until light pink in color (at least 10 minutes). Add the vanilla while beating. Mixture will be light and fluffy like beaten egg whites when done. A few tablespoons of cold water may be added if it seems too stiff. Serve with milk or cream.

Fresh cranberries may be used in season. Boil 4 cups of water with two 2 cups cranberries until they pop open. Then force through a strainer. A little less Cream of Wheat will be needed in using the fresh cranberry juice for the liquid.

Swim only in well-guarded areas . . . And avoid going in over your head unless you're an expert swimmer. Enjoy your swim, but obey safety rules.

Boys and girls are full of fun in the summertime. And some grown-up people who drive cars think they're having fun when they drive fast and dangerously. The Safety Council of the Columbus Chamber of Commerce asks you boys and girls to remember there are reckless drivers. That's why you must be extra careful crossing streets.

Got a new job? Ask questions. Don't just fumble along hoping you'll catch on before trouble sets in. The Safety Council of the Columbus Chamber of Commerce reminds you to ask. That's the way to learn — safely.

Rea and Rainbow News

By Jo Ann Kidd

The VFW Post No. 3441 has purchased the hall at Whitehead-rd and Clarendon-av (Rainbow Addition), The hall formerly belonged to the Rea-Bow Imp. Assn. We welcome the VFW to the community.

These young people were visitors Sunday afternoon at the home of Mr. and Mrs. French Morris of Whitethorne-av, Mr. and Mrs. Erwin Morrison, Bill Miller, Sue Riley, Doris Stanton, Jimmie Morris, and Mr. and Mrs. David Underhill and son, who have just returned from a year's stay in Tucson Arizona.

Mr. and Mrs. Noah Glassburn have bought property on the corner of Whitehead-rd and Highland-av and are living there.

Mr. and Mrs. Norman Kimberling and Beverly of Midland-av, are visiting relatives in Iowa.

Mrs. Robert Kidd and Jo Ann of Vadis-st, had as visitors Saturday evening, Mrs. Venus Sturgill, Karen and Connie and Jean Swindle of Wheatland-av.

Mrs. Earl Grimes and Randy of Midland-av are visiting with the Grimes family of Philadelphia, Pa.

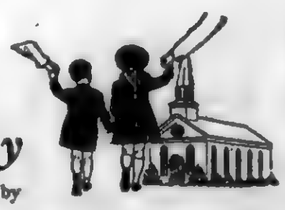
Scoutmaster Harold Arnold and seven boys from Troop 219 of Rainbow spent all last week at Camp Lazarus. Their thanks to the Midland Baptist Church for their donation to help with expenses.

Mrs. Bertha Irvin is ill at her home on Midland-av.

Mr. and Mrs. Oren Jackson and children of Midland-av, and Mr. and Mrs. Ralph Barnett and children of Vadis-st, went picnicking at Madison Lake, Sunday.

Carolyn Kimbering of Midland-av, are visiting with her cousin, Chloe Thompson of Zolinger-rd.

Bill Mercer of 919 Clarendon-av, who is with the U.S. Merchant Marines returned Saturday to Camp Le Jeune after spending a month at home.



Boys and girls. Those fences around the animals at the zoo are put there to protect you from the wild animals. Think of parked cars as a fence to protect you from moving traffic. The Safety Council of the Columbus Chamber of Commerce reminds you: Cross streets only at the corners, not through the fence of parked cars.

Parents, toys are to play with, not to fall over. The Safety Council of the Columbus Chamber of Commerce therefore suggests that you teach your child to put his toys away. Otherwise, a slip or a trip may break a hip.

Something missing in Mary's life?
Mary's just turned six. Pretty like her mama and apple of her papa's eye. There's nothing they wouldn't do for Mary. And yet . . . well, Mary's missing something.
Other boys and girls may not have as many toys . . . but their mothers and fathers have given them something that comes from the heart. They've given the gift of faith.
A gift that lives forever . . . to bring them joy and comfort, strength and love for as long as they shall live.
In a world of such uncertainties, is it any wonder that so many parents put Faith above all as their hope for the children?

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatlandav, isn't quite sure which of the old adages apply to him. "Misery loves company" or "Like father like son," but one thing he is certain of is that "It never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W Broad-st (between Clarendon and Highlandav). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 18-year-old Kenny lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

It's Fair Time Again

Next Wednesday will mark the opening of the annual Franklin County Fair at Hilliards and hundreds of people of this community will be on hand during the four big days.

This year being the 25th anniversary of the Future Farmers of America a special part in the program will be played by this organization and appropriate recognition given them.

Monday evening we heard that 811 entries have been received in the Junior Fair division and an unusually large number of exhibitors will be on hand for all other departments.

This year's fair will be among the best county fairs in the state. Thursday has been set as Hilltop Day. Why not plan now to take the family over for the afternoon or evening and see Franklin County on display.

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 377 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can provide a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Breakdown of the balloting in Tuesday's non-partisan primary election is as follows:

Local Soldier Freed By Reds In POW Trade

Pfc. Howard Estell

Monday night a Hilltop family gratefully received the news they had been waiting and praying for during the past 33 months. James L. Estell, 227 N. Eureka-av, and his wife, Blanche, were informed that their son, Howard, had been freed by the Communists during the exchange of prisoners of war in Korea, Monday.

A member of Co. L, 8th Regiment of the 1st Cavalry Division, he was reported missing in action Nov. 2, 1950. Months later the family was notified that he was a prisoner of the Communists. They received their first letter early in August and have had some 16 letters from him since then, the last, three weeks ago.

Howard enlisted in Oct. 1948, when he was 17, and a student at West High School. In Feb. 1949, he went to Japan, where he served with a military police battalion in Tokyo.

In the last letter his family received before he was reported missing, dated Oct. 23, 1950, Pfc. Estell wrote his outfit had participated in the liberation of Seoul, and was in Pyongyang awaiting further orders. He was a bazooka [illegible].

Sharing the parents' heart-felt joy last night were Howard's sister, Mrs. James Campbell, and a younger brother, Harold, 21, of the N. Eureka-av address, and another brother, James L. Estel, Jr., of 1648 Ashland-av, a World War II veteran.

The elder Estell and James, Jr., are employees of the Columbus Die Tool Machine Co.

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatland-av, isn't quite sure which of the old adages apply to him. "Misery loves company" or "Like father like son," but one thing he is certain of is that "It never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W Broad-st (between Clarendon and Highland-av). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 16-year-old Keany lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

It's Fair Time Again

Next Wednesday will mark the opening of the annual Franklin County Fair at Hilliards and hundreds of people of this community will be on hand during the four big days.

This year being the 25th anniversary of the Future Farmers of America a special part in the program will be played by this organization and appropriate recognition given them.

Monday evening we heard that 811 entries have been received in the Junior Fair division and an unusually large number of exhibitors will be on hand for all other departments.

This year's fair will be among the best county fairs in the state. Thursday has been set as Hilltop Day. Why not plan now to take the family over for the afternoon or evening and see Franklin County on display.

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 877 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can provide a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Breakdown of the balloting in Tuesday's non-partisan primary election is as follows:

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 577 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an Independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can promise a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Breakdown of the balloting in Tuesday's non-partisan primary election is as follows:

Local Soldier Freed By Reds In POW Trade

Pfc. Howard Estell

Monday night a Hilltop family gratefully received the news they had been waiting and praying for during the past 23 months. James L. Estell, 227 N. Eureka-av, and his wife, Blanche, were informed that their son, Howard, had been freed by the Communists during the exchange of prisoners of war in Korea, Monday.

A member of Co. L, 8th Regiment of the 1st Cavalry Division, he was reported missing in action Nov. 2, 1950. Months later the family was notified that he was a prisoner of the Communists. They received their first letter early in August and have had some 18 letters from him since then, the last, three weeks ago.

Howard enlisted in Oct. 1948, when he was 17, and a student at West High School. In Feb. 1949, he went to Japan, where he served with a military police battalion in Tokyo.

In the last letter his family received before he was reported missing, dated Oct. 23, 1950, Pfc. Estell wrote his outfit had participated in the liberation of Seoul, and was in Pyongyang awaiting further orders. He was a bazooka man.

Sharing the parents' heart-felt joy last night were Howard's sister, Mrs. James Campbell, and a younger brother, Harold, 21, of the N. Eureka-av address, and another brother, James L. Estel, Jr., of 1648 Ashland-av, a World War II veteran.

The elder Estell and James, Jr., are employees of the Columbus Die Tool Machine Co.

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatlandav. isn't quite sure which of the old adages apply to him, "Misery loves company" or "Like father like son," but one thing he is certain of is that "It never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W Broad-st (between Clarendon and Highlandav). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 15-year-old Kenny lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatland-av, isn't quite sure which of the old adages apply to him. "Misery loves company" or "Like father like son," but one thing he is certain of is that "it never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W Broad-st (between Clarendon and Highland-av). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 18-year-old Kenny lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

It's Fair Time Again

Next Wednesday will mark the opening of the annual Franklin County Fair at Hilliards and hundreds of people of this community will be on hand during the four big days.

This year being the 25th anniversary of the Future Farmers of America a special part in the program will be played by this organization and appropriate recognition given them.

Monday evening we heard that 811 entries have been received in the Junior Fair division and an unusually large number of exhibitors will be on hand for all other departments.

This year's fair will be among the best county fairs in the state. Thursday has been set as Hilltop Day. Why not plan now to take the family over for the afternoon or evening and see Franklin County on display.

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 577 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can provide a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Breakdown of the balloting in Tuesday's non-partisan primary election is as follows:

Local Soldier Freed By Reds In POW Trade

Pfc. Howard Estell

Monday night a Hilltop family gratefully received the news they had been waiting and praying for during the past 33 months. James L. Estell, 227 N. Eureka-av, and his wife, Blanche, were informed that their son, Howard, had been freed by the Communists during the exchange of prisoners of war in Korea, Monday.

A member of Co. L, 8th Regiment of the 1st Cavalry Division, he was reported missing in action Nov. 2, 1950. Months later the family was notified that he was a prisoner of the Communists. They received their first letter early in August and have had some 18 letters from him since then, the last, three weeks ago.

Howard enlisted in Oct. 1948, when he was 17, and a student at West High School. In Feb. 1949, he went to Japan, where he served with a military police battalion in Tokyo.

In the last letter his family received before he was reported missing, dated Oct. 23, 1950, Pfc. Estell wrote his outfit had participated in the liberation of Seoul, and was in Pyongyang awaiting further orders. He was a bazooka [redacted]

Sharing the parents' heart-felt joy last night were Howard's sister, Mrs. James Campbell, and a younger brother, Harold, 21, of the N. Eureka-av address, and another brother, James L. Estel, Jr., of 1648 Ashland-av, a World War II veteran.

The elder Estell and James, Jr., are employees of the Columbus Die Tool Machine Co.

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatland-av, isn't quite sure which of the old adages apply to him. "Misery loves company" or "Like father like son," but one thing he is certain of is that "It never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W. Broad-st (between Clarendon and Highland-av). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 18-year-old Kenny lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

It's Fair Time Again

Next Wednesday will mark the opening of the annual Franklin County Fair at Hilliards and hundreds of people of this community will be on hand during the four big days.

This year being the 25th anniversary of the Future Farmers of America a special part in the program will be played by this organization and appropriate recognition given them.

Monday evening we heard that 811 entries have been received in the Junior Fair division and an unusually large number of exhibitors will be on hand for all other departments.

This year's fair will be among the best county fairs in the state. Thursday has been set as Hilltop Day. Why not plan now to take the family over for the afternoon or evening and see Franklin County on display.

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 577 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can provide a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Breakdown of the balloting in Tuesday's non-partisan primary election is as follows:

Local Soldier Freed By Reds In POW Trade

Pfc. Howard Estell

Monday night a Hilltop family gratefully received the news they had been waiting and praying for during the past 33 months. James L. Estell, 227 N. Eureka-av, and his wife, Blanche, were informed that their son, Howard, had been freed by the Communists during the exchange of prisoners of war in Korea, Monday.

A member of Co. L, 9th Regiment of the 1st Cavalry Division, he was reported missing in action Nov. 2, 1950. Months later the family was notified that he was a prisoner of the Communists. They received their first letter early in August and have had some 18 letters from him since then, the last, three weeks ago.

Howard enlisted in Oct. 1948, when he was 17, and a student at West High School. In Feb. 1949, he went to Japan, where he served with a military police battalion in Tokyo.

In the last letter his family received before he was reported missing, dated Oct. 23, 1950, Pfc. Estell wrote his outfit had participated in the liberation of Seoul, and was in Pyongyang awaiting further orders. He was a bazooka man.

Sharing the parents' heart-felt joy last night were Howard's sister, Mrs. James Campbell, and a younger brother, Harold, 21, of the N. Eureka-av address, and another brother, James L. Estel, Jr., of 1648 Ashland-av, a World War II veteran.

The elder Estell and James, Jr., are employees of the Columbus Die Tool Machine Co.

In Passing

By ESTHER WEAFLEY

I know not what the future hath
Of marvel or surprise,
Assured alone that life and death
His mercy underlies.

J. G. Whittier.

JUST DOWN THE ROAD

When your mind is full of trouble
And your heart is full of woe
And it seems that every man you meet
Must surely be your foe,
Just down the road a little way
You'll find a neighbor who
Has troubles of his own to face—
He is much worse off than you.
But still he's finding pleasure
For he laughs with all mankind,
And he tells the world his joys
But his troubles, leaves behind.
Just look around a little
And you'll find your troubles few
Compared to those of someone
Living down the road from you.

Adah Carol Webber.
(Reprinted.)

Thoughts while ironing and listening to the radio—Who invented ironing anyway? . . . Who has more trouble than Our Gal Sunday? Why doesn't somebody break a rule and write a cheerful soap opera once? . . . Why don't I turn the dial? The radio is over there and I'm over here . . . The this-big headline in The Journal this morning, telling of the end of the bus strike and the smaller one telling of the armistice. Nobody seems very optimistic about the truce's lasting . . . The car with the Oregon license that parked here gave me a thrill. I thought it might be a relative, of which I have many in that state . . . Our Gal Sunday has excited, sobbing . . . Another martyred heroine will stare her being very brave as soon as the announcer gets through . . . Ironing!

Mail — From my dirt-farmer friend: "Here it is, the peak of summer. It is blackberry time—fresh blackberry pie and fried chicken make me glad I live here instead of in the city" . . . From Mrs. Webber on Richardson-av: "I enjoy the poems you use in the column" (thank you) . . . From a Hilltop mother, who wishes her name withheld: "The boys have grease all over the garage. They would have it all over the house too if I didn't watch them every minute. They are practicing to catch the greased pig or climb the greased pole or something, at the Hilltop Bean Dinner" . . . From a friend in Washington, D. C.: "I am learning to drive. In this town that's quite a feat, what with this terrible Washingon traffic, all the circles and the big wide streets where everyone tries to out-run the other guy. My teacher made me drive right through the downtown traffic; neither of us was killed and the car still has its paint but I don't know why."

My favorite shutin sent this: A backwoods justice of the peace used to consult what looked like a law book but which was in reality a mail order catalog. One day a man was taken before the J.P. on a charge of being drunk and disorderly. The squire heard the evidence and after consulting the book, fined the culprit $4.78 to be worked on the roads at 50 cents a day. The prisoner said "I'm sure an unlucky man!" A fellow prisoner said "Unlucky, nothing. If the squire had happened to open the catalog to the pre-fab house section instead of the pants pages, you might have been working on the road the rest of your life."

Don Alban might have thought this one up, but I don't think he did: A gold-digger is a gal who falls in love at purse sight. Somebody else said: Before publishers' blurbs were invented, authors had to make their reputations by writing.

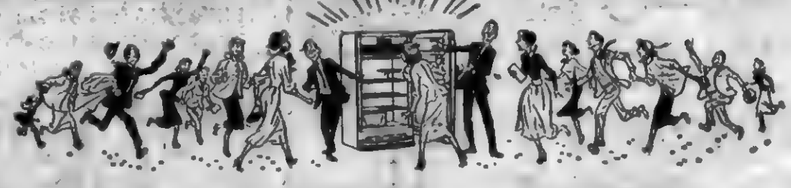
About the only thing that travels faster than rumor is a squirrel scampering up a tree. . . Why do tenement steps always seem to go down; never up? . . . Any bend in any road leading out of Columbus is a new adventure. The little roads, not the wide paved highways, although they have their place too.

I am grateful to Courage, Incorporated, for my honorary membership in that organization. The membership cards are most attractive and I am proud to have one.

Hope nobody will forget their picnic at Norwood Amusement Park on East Main-st, at 2 p. m. Saturday, Aug. 8. They need transportation and food, and I'm sure you all want to help this group that helps so many physically handicapped folks.

Here is a quickie Gil Somastine told me, during one of our enjoyable phone visits: A dog had won a blue ribbon so he stopped at a tavern to celebrate. After a drink or two he went home. His wife asked for an explanation and when she asked where his blue ribbon was, he told her he had left it at the tavern so she sent Junior Dog back for it. When the bartender asked Junior what he'd have, he said "I Want Pup's blue ribbon." Gil will kill me but it will be worth it to get that out of my system.

Summertime is car-riding time, boys and girls. But your family's fun could turn into sadness if you play around roughl while riding in the car. The Safety Council of the Columbus Chamber of Commerce says such play might cause the driver to lose control of the car and have a wreck. So be a good car rider.



Mr. Motorist, the Safety Council of the Columbus Chamber of Commerces slogan for the vacation month of July is: "Let Safety share your vacation trip!" This extra passenger may save your life.

It's Fair Time Again

Next Wednesday will mark the opening of the annual Franklin County Fair at Hilliards and hundreds of people of this community will be on hand during the four big days.

This year being the 25th anniversary of the Future Farmers of America a special part in the program will be played by this organization and appropriate recognition given them.

Monday evening we heard that 811 entries have been received in the Junior Fair division and an unusually large number of exhibitors will be on hand for all other departments.

This year's fair will be among the best county fairs in the state. Thursday has been set as Hilltop Day. Why not plan now to take the family over for the afternoon or evening and see Franklin County on display.

Three Hilltop Men Win Nominations During Non-Partisan Primary Election

Wednesday morning as the final tallies of the 377 voting precincts were being made, it was revealed that another Hilltopper had forged ahead to the political front with Maynard E. (Jack) Sensenbrenner, local civic leader and businessman being a nominee for mayor. Running as an Independent with the blessing of the Democratic Organization Sensenbrenner tallied 9,911 votes and will oppose current Mayor Robert T. Oestreicher in the Nov. 3 elections. Oestreicher the Republican candidate polled 23,449 votes.

Sensenbrenner in a statement Wednesday said, "It is indeed gratifying to have been selected as your candidate for mayor in November. I want to thank everyone who gave me their support during the primary and ask such continued support.

"I went into this race with the idea in mind that Columbus people are entitled to some new approaches to their political problems. We have been going along on the same track for too many years. It is time that the people have an administration that is not dominated by a political party that has been in power for so many years. I sincerely believe I can provide a fine administration for Columbus, one under the direction of capable business men and women. I am looking forward to such an opportunity."

While Sensenbrenner was winning his nomination, still another Hilltop man, Jerry Spears, Jr., Republican incumbent to Columbus City Council, was showing surprising strength at the polls in his first test at the ballot box. Spears led the voting by garnering 32,071 votes, higher than any other candidate who had opposition. R. P. Barthalow, current city auditor, who was unopposed, was the only candidate to receive a higher vote than Spears. Barthalow gathered in a complimentary vote of 37,487.

Eddie Walker, another Hilltopper with his hat in the political ring for the first time, also won nomination to run in the November elections for Columbus City Council polling 12,320 votes to stay in the race. Walker is a Republican.

Ronald E. Devore, another Hilltop aspirant in the race for nomination as mayor, ran last in the balloting on the entire ticket by gathering in 4,346 votes.

Local Soldier Freed By Reds In POW Trade

Pfc. Howard Estell

Monday night a Hilltop family gratefully received the news they had been waiting and praying for during the past 33 months. James L. Estell, 227 N. Eureka-av, and his wife, Blanche, were informed that their son, Howard, had been freed by the Communists during the exchange of prisoners of war in Korea, Monday.

A member of Co. L, 8th Regiment of the 1st Cavalry Division, he was reported missing in action Nov. 2, 1950. Months later the family was notified that he was a prisoner of the Communists. They received their first letter early in August and have had some 16 letters from him since then, the last, three weeks ago.

Howard enlisted in Oct. 1948, when he was 17, and a student at West High School. In Feb. 1949, he went to Japan, where he served with a military police battalion in Tokyo.

In the last letter his family received before he was reported missing, dated Oct. 23, 1950, Pfc. Estell wrote his outfit had participated in the liberation of Seoul, and was in Pyongyang awaiting further orders. He was a bazooka man.

Sharing the parents' heart-felt joy last night were Howard's sister, Mrs. James Campbell, and a younger brother, Harold, 21, of the N. Eureka-av address, and another brother, James L. Estel, Jr., of 1648 Ashland-av, a World War II veteran.

The elder Estell and James, Jr., are employees of the Columbus Die Tool Machine Co.

GOOD HEALTH FOR ALL

Use Your Head, Save Your Feet

Your back aches, or you have a headache.

Or you are tired-all the time.

You may find it hard to believe, but the cause of your woes may be your feet.

Most of us walk without thinking about it, according to the Columbus Tuberculosis Society. If we drove our cars the same way, we would expect the accident rate to soar. We can save ourselves a lot of grief if we give a little thought to the way we use our feet.

The importance of the foot, on which the whole body structure depends, does not lie in its shape but in the way it is used. If we walk properly, the arch and supporting muscles and bones carry our weight evenly and easily.

However, if we walk so that the weight presses off center, the Columbus Tuberculosis Society warns —on the inner side of the foot, for example—the pivot of the foot will shift position and cause severe pain. The pressure may eventually result in weak, painful flat feet, and a shuffling, uncomfortable gait.

You may find it hard to believe, but the cause of your woes may be your feet.

The end results are often backache, short temper, and headache. Both prevention and correction of the trouble must begin in the head. If you have flat feet, you must consciously try to stand and to walk with your feet parallel, the toes turning neither in nor out. Think while you walk. Be sure to bring your feet down on the ground with the whole sole touching, instead of banging down the heel first. In this way the muscles will be strengthened to support the arch and maintain the proper position of the foot.

If voluntary exercises do not correct the difficulty, your doctor may prescribe an artificial support for the foot.

"Things Could Be Worse" Says Floyd Unger, Shoe Repair Man

Floyd Unger and son, Nicky

Floyd Unger, 33 N. Wheatlandav, isn't quite sure which of the old adages apply to him, "Misery loves company" or "Like father like son," but one thing he is certain of is that "It never rains but what it pours."

Floyd was handicapped by polio as a youngster and since that time has had several bones broken that added to his handicap. In spite of his trouble he secured training in the shoe repair business and some years ago opened his own shop on W Broad-st (between Clarendon and Highlandav). Everything seemed to be going fine until last month when Floyd slipped and fell in his home, breaking his leg just below the hip, which caused him to be taken to Doctors Hospital for an operation. He is now at home in a cast from his waist down.

This is only half of Floyd Unger's story, however. Nicky, the Ungers' nine-year-old son, fell from a scooter this month and broke his arm which must also be carried in a cast.

Aside from the bad luck, the rest of the family has pitched in to keep their dad's business going. Danny, the 14-year-old son, is running the shoe shop with 18-year-old Kenny lending a helping hand after his regular working hours, and Susie, the youngest member of the family, is helping Mrs. Unger to care for the patients and do the house work.

Although it's extremely uncomfortable to lie in bed in a cast in such hot weather, Floyd is thankful for two things: first, that he has such a wonderful family, and second, that it was his leg instead of his neck that was broken. "Things could always be worse," said Unger.

Unger is a member of Courage Inc. and the Fortitude Club.

Annual Franklin County Fair Will Open Next Wednesday

County Fair time is here again and the Franklin County Agricultural Society invites the general public to visit its 1953 fair at Hilliards Wednesday, Aug. 19, through Saturday, August 22.

Wednesday will lead off with the judging of Junior Fair livestock. A Western Horse Show will be held in the afternoon and evening, conducted by the Western Horse Exhibitors' Association.

There will be plenty of harness racing, with night racing being held on Thursday, Friday and Saturday nights, and afternoon racing on Thursday afternoon. Some of the best race horses and most prominent drivers of the sport will be at the fair.

The livestock exhibits are expected to exceed all previous years with cattle taking the lead. Three breeds of cattle, the Ayrshires, Jerseys and Guernseys will hold a district show at the Franklin County Fair. There will also be a large show of Polled Shorthorn cattle.

There will be cattle judging at the fair under lights for the first time. The Junior Fair Dairy Cattle Showmanship Contest will be Wednesday night; the District Ayrshire, Thursday night; and the Polled Shorthorn Show, Friday night, beginning at 7:30 each night.

This being the silver anniversary of the FFA organization, special emphasis will be placed on their exhibits. A new feature of the fair this year will be the Activities Tent where fair visitors may watch various features such as Grange, one-act plays; 4-H demonstrations, style revue, selection of Junior Fair king and queen, 4-H talent program, safety speaking contest, and many other events.

Saturday will be designated as Youth Day with 4-H Tractor Rodeo and FFA Safe Driving Contest in the morning. The Saturday afternoon program will consist of various Junior Fair contests, presentation of trophies, and a colorful parade featuring floats made by youth organizations, livestock and farm machinery.

Another new feature will be the tractor pulling contest for Friday afternoon supervised by the Franklin County Farm Machinery Dealers Assn. There will be a large number of tractors pulling in the four different weight divisions of the contest.

New Date Set For VJ Party At Camp Chase

Due to a prior committment the VJ-Day Party scheduled at Camp Chase Post 98 of the American Legion will be held Aug. 22 instead of Aug. 18 as previously announced. The party is scheduled as an affair for all veterans of this area.

It was also announced this week, that the installation of newly elected Post officers will be held on Sept. 11 at Schmelser's Restaurant instead of at Westgate Park Shelterhouse.

Post executive committee meeting for the month is slated for tonight at Post Headquarters, 3211 W. Broad-st beginning promptly at 7:30 p. m.

Church Provides Wheel Chair For Polio Victim

A few weeks ago little Virginia Lee Jarvis felt that everything had just gone all wrong for her. While recovering from effects of polio she fell and fractured her leg. A wheel chair was needed and the story carried in The Hilltop Record. Today she is much happier for the WSCS of Alton Methodist Church has furnished her with the much needed chair. Pictured above at the presentation, left to right, are Mrs. Mack Stovall, 7332 Feder-rd, Galloway; Maxine Jarvis, Virginia Lee in chair, and Mrs. Edward Leach, 589 Amity-rd, Galloway.

H. Diddlehopper Challenges Best Drivers At County Fair

Hiram Diddlehopper and Dillie

Hiram Diddlehopper and wife Dillie, of Slipperyville, O., arrived in this area this week all prepared to attend the Franklin County Fair which opens at Hilliards on Wednesday of next week. The unique couple aver that the last time they attended a fair was at St. Louis near the turn of the Century.

Hiram and his coy wife say that they have always heard so much about the Franklin County Fair and decided that this would be the year for them to get away from their cows and chickens at Slipperyville and sort of go out on a little spree.

Hiram's chief interest though seems to be centered on the Green Race which is to be one of the features of the county agricultural exposition. As a matter of fact he has decided, that despite his advanced age, he is still a much better driver than others who have announced their intentions of competing in the affair. He has entered his own horse, Green Pasture in the event and swears that the only thing that has kept Green Pasture out of the Little Brown Jug and Hambletonian is the fact that he's too fast for entries of former years.

Diddlehopper and his wife Dillie, this week met members of the Franklin County Agricultural Society at their annual dinner Monday evening after the festivities and as a result of the meeting have been invited to be special guests of the board during the four day long fair. They are scheduled to arrive at the Hilliard Fairgrounds on Thursday at 1:00 p. m. and will be formally introduced to the grandstand crowds as the only persons visiting the fair who arrived in horse and buggy transportation.

It was announced this week that a purse of $100 would be given to the winner of The Green Race. This purse is being given by Hilltop Kiwanis, Conklin Furniture, Hilltop Lions, Camp Chase Post 98 American Legion, Hilltop Business Association, West Franklin County Association, Rome Business Association, Home Furnace Co., Frank E. Kirkpatrick, insurance and The Hilltop Record.

Judges for the featured event will be: M. D. Hartsook, Arch Alder and Clarence Latham. Starter will be Briggs Mercer.

Intermediate "Y" Church Loop Ends Third Round Tonight

Volunteer Firemen and West Park Methodist battle it out for third local championship honors tonight at Westgate Park. League standings find Volunteer Firemen and West Park tied for the first round and West Park winning the second round.

Last Thursday's games listed the Volunteer Firemen a 12 to 5 win over a rapidly developing DeMolay team. DeMolay was ahead until the last of the fifth inning when Swisher was reached for eight runs.

West Park took Church of Christ 7-1, giving them an easy win. The Church of Christ pitcher, Moose, gave up only three runs until the top of the fifth inning. Then West Park blasted out four additional runs, tying up the ball game.

Tonight's schedule is: Volunteer Firemen vs. West Park Methodist Church, Diamond No. 3; Church of Christ vs. DeMolay, Diamond No. 4.

New Rome Wins Looper League First Round

There was plenty of action last Thursday as the Looper League got in a full set of double-headers with six games being played.

New Aome nailed down the first round championship by defeating Hillcrest Baptist 9-0 for their fifth straight win.

The Baptists bounced back in the second game to take a 4-2 decision and give the Roma squad its first setback of the season. Rhodes' homer in the third with two mates aboard was the big blow of the game.

Westgate EUB maintained its undefeated pace in the second round by winning both games from Hilltop Record by scores of 18-1 and 13-3. Hysell set the pace for the winners by scoring five runs in the two games while Roberts tallied three of the four runs scored by the Record Squad.

Hilltop Post Office took two games from Hilltop Kiwanis by 6-5 and 21-3 scores to remain in the running for second round honors. Greer's single in the last inning scoring Dickenson gave the mailmen their first game win while some lusty hitting settled the nightcap.

All managers are requested to be on hand Thursday evening at the "Y" office to discuss plans for a league picnic and possible all-star game with the Bexley Old Timers.

The following are final first round standings and to date in the second round:

Young People Attend Week-end Camping Trip

About 35 young people from the Eastwood Seventh Day Adventist Church went on a week-end camping trip to Old Man's Cave this week. Others came for the Sabbath services and Sunday's activities, making about 35 in all. Katherine Abbott, Mr. and Mrs. Clarence Dunbebin, Mr. and Mrs. Thomas Hastilow, Mr. and Mrs. Dale Martin and Mrs. Richard T. Minesinger, youth leaders for the young people of the local church, accompanied and helped direct the group. Warren Wittenberg, youth leader for the Ohio Conference, and E. J. Barnes, educational secretary, and Mrs. Barnes were also directors and instructors in this camping expedition.

Camp was pitched Friday afternoon, supper served and the first vesper services ushering in the Sabbath were held at 7:30 p.m. Sabbath school was held Saturday morning in the shelter house. Elder Wittenberg was the speaker at the church services which followed. He spoke on the subject of nature in the Bible, of trees, rocks and water which portrayed the character of Christ. After dinner was served Sabbath afternoon, the young people went on a hike through Old Man's Cave. Supper and Sabbath closing vesper services with camp fire story hour followed.

Sunday morning began with a bird hike at 5:30. After breakfast, Sunday morning was spent engaging in hand crafts and camp craft in which the young people painted fabrics and glorified glass and learned how to put up and take down tents, prepare camp, make camp stew and camp bread. After dinner Sunday, the afternoon was spent in games and sports. The tents were then taken down and camp closed at 6 p.m.

Camp Chase Defeats Pirates; Point For The Ohio LBL Title

Last Friday at St. Charles, the St. Charles Little Bigger League baseball team pulled a surprise upset over the West Side Pirates, 9-3, in the first game of the Central Ohio Little Bigger "lose two you're out" tournament.

With the draw naming the loser to play Camp Chase at West on Sunday, and all concerned knowing the long standing rivalry between Camp Chase and the Pirates, a large crowd put in its appearance for the big game.

A loss for the Pirates would put them out of the running for the Central Ohio Championship. Having won their league, the American, with ease, and having beat Camp Chase earlier in the season 8-5, the tension ran high before game time.

Camp Chase had finished the regular season with a 10-2 record, to win the National League Championship. The Pirates were undefeated with a 12-0 in the American, and St. Charles undefeated with 11-0 in the International. St. Charles' upset of the Pirates had handed them their first defeat, and now they were faced with either winning or losing all, and to their arch-rival, Camp Chase.

Too, their manager Frank Evans, had been instrumental in starting Little Bigger baseball in Columbus. A win was a must today.

The pre-game draw named the loser as the "home team", so Camp Chase was first at bat.

Right fielder Ron Nebinger grounded out, short to first. Second baseman Mike Posey singled to center and moved to second as center fielder Bill Spratley walked and first baseman Dave Randall forced Spratley, short to second, sending Posey to third and making first himself. Randall stole second and then left fielder George Watkins drew a walk to load the bases with two out. Jimmy Mentel, who was given the assignment for his right handed deliveries, beat an infield single to score Posey and give himself a one run margin before he took over the mound.

The Pirates' first batter, second baseman Ernie Mawhirter, singled to center, but the next three were retired in order. Both sides were retired in order in the second inning, also.

In the top of the third, Posey was safe on the third baseman's error, Randall singled. Watkins singled to score Posey, Edwards walked, and then came the hit that broke the backs of the Pirates, with the bases loaded and again two out, short stop Chuck Coe lashed a double to left to score Randall and Watkins to give Camp chase a 4-0 lead.

The rest was history. Nebinger's walk, Spratley's sacrifice and Randall's single added another in the fourth. In the fifth, Mentel's single, a walk to Edwards and Nebinger safe on an error by the short stop again loaded the bases, and once again with two out, Posey doubled to right center to score three, making the score 8-0 in favor of Camp Chase. Every Camp Chase run was scored after two were out.

Camp Chase was scheduled to play St. Charles Tuesday at West too late to make this edition. They will play St. Charles tonight at 5:30. If Camp Chase wins or loses both games, the tournament will be over. A split between the two remaining teams will see them back at West Saturday at, 2:30, which would be the final game. Either Camp Chase or St. Charles must win two games and the winner will be the Central Ohio Little Bigger League champions.

Glenwood Knothole Loop Notes

The Glenwood Tribe, the Glenwood Center intermediate team, has finished league play and is playing extra games to finish out the season. On Thursday the Cats from Arlington played the Tribe at State Hospital field in a game that was terminated by pre-arranged time at the end of eight innings, with the Tribe leading 7-2.

The Tribe used Flannagan for three innings and Longmire to finish the game with Scott catching. The Tribe bunched 10 hits for their seven runs, while Arlington got seven scattered hits and their runs on errors.

Poston was the Tribe's clubber, with two for two, both extra base blows. Williams, Thompson and Hill helped the Tribe cause with two singles for three trips to the plate.

The Glenwood Senior Knothole team played the Boys' Club to a 4-4 tie in a game that was called in the sixth by darkness. The Seniors are well on the way to a league championship with two games scheduled for the week of Aug. 10 to complete the league circuit.

Both the intermediate and senior teams are looking for additional games for the rest of the season. Any teams interested should contact "Doc" at the Center.

The Glenwood Reds in the Junior Knothole Loop went down to a 19-2 defeat at the hands of the Boys' Club in the only game played by the Glenwood entry in the junior loop. The Glenwood Blues were rained out of their scheduled game this past week. Both teams are scheduled for a full week of games in this coming week as the schedule is to be played out during that time.

So You Think You're Good?

Truck Roadeo Held At The Sohio Terminal On Wilson-rd Is A Toughie For Best Drivers

First prize winners in the Columbus Division of Standard Oil of Ohio Truck Roadeo held at the Wilson-rd terminal last week are these four drivers pictured above, left to right: James Brammer, tandem axle class; Robert Husted, straight truck; Charles Shy, single axle class; Richard Holt, tank class.

So you think you are a good driver—You may be, but you'll have your serious doubts about your own abilities after you have once witnessed a Truck Roadeo, such as was staged at the Standard Oil of Ohio, Wilson-rd terminal recently.

Seven events were listed in the competition and 15 drivers from the Columbus District participated in the events. Each had to compete in at least two classifications which were witnessed by over 200 spectators and wives and families of the contestants.

You don't get into this type of competition easily. First in order to qualify you must have no chargeable accident against your driving record for a period of one year. And, according to Sohio officials, that means not only in traffic, but such things as spillage from trucks, maintenance of truck by driver, etc. You're graded close before you even get a look in.

In the competition consisting of the seven events it's so easy to lose points. Even the time factors have been figured out so that in a matter of a minutes time one way or the other you can be ruled out. Safety is stressed at all times.

Out of the field of 15 competitors four men finally emerged as winners and they will compete in the District eliminations and State Roadeo to be held Friday, Aug. 28 at Lesourdsville Lake. This competition is sponsored by the Ohio Trucking Association and will determine a state champion who will be entered in the national competition.

The successful driver in the national competition, according to local Sohio officials, is a driver par excellence who can practically write his own ticket. Trucking firms from the entire nation keep their eyes on that competition and offer fantastic sums to get a driver on their payrolls. For instance, the winner of last years meet now earns $75,000 per year.

Truck drivers as a whole are the best on the roads, so various officials aver. They point out that in competitions such as these each man is given difficult tests which tax his driving abilities to the utmost. In these tests they determine the proficiency of a driver and his safeness on the road. He is constantly impressed, with the necessity of safety and the essentials of road courtesy.

Next time you're on the highway and see one of the big trucks ahead of you, remember that nine times out of ten, he is a much better driver than you are now, or hope to be. If he is going slow, he's playing it safe both for himself and for you.

If you think this is an easy maneuver, you're invited to try it. It is known as the straight line drive wherein the driver must drive his truck between the two rows of 10 balls, guiding through his front right wheel and the rear tandem wheels without disturbing any of the balls. Only a one inch clearance is allowed on either side of the tires of the tandem wheels for this exacting driving class.

Do you think that you could back one of these tandem tank class trucks into an area allowing only three-inch clearance on either side of the truck without scraping the barrier and bring the truck to a halt within six inches of the back of a loading dock. This is one of the exacting conditions of the competition at the Sohio Roadeo. Drivers are scored rigidly in this class, for if they hit the truck against the imaginary dock they are ruled out, and lose points if they are too far over on either side. Another factor is that there is a time limit for going in too fast or too slow. Try it sometime, but be sure the insurance is up-to-date.

Don't be hasty in censuring him. . . he may be a championship driver who has proved himself in competition to be the safest man on the highway today and one who can probably handle his big tandem truck far easier than you can handle a kiddie-car.

She is in the unique position of serving as president of the PTA of West Broad Street School, the same school she attended as a child. She group is hoping to put into effect this year a plan to include fathers in the organization by appointing a husband and wife team to positions of board members and committee chairmen. She also is a member of the Hilltop Church of Christ.

Her husband, Jim, is associated with the Westinghouse Electric Supply Co. and the couple has two children, Jim, seven and Lynne Dogene, six.

Mrs. Jackson's Brownies are a wonderful solution to the problem of an easy-to-prepare snack for guests. You are sure to find many more occasions to serve them for their chocolately goodness makes them a favorite for everyone.

1 cup sugar
Add—2 eggs
Blend in
6 level tbsp. cocoa
1 tsp. vanilla.
Stir in
½ cp. flour (sifted)
½ cp. walnuts.

Place in greased 8x8x2 pan. Bake in oven 325 degrees for 35 minutes. When Brownies are done lightly press around the edges of the pan with the bottom of a glass to make the top level. Spread with chocolate frosting.

Combine
1 cp. xx sugar
1 tbsp. cocoa
2 tbsp. cream
1 tbsp. butter.

Cook until mixture boils around the sides of the pan. Remove from heat and cool to spreading consistency. Frost and cut into squares while warm.

Briggsdale And Brown Road

By Mrs. Harry C. Downing

Mr. and Mrs. Charles P. Nardin and sons, David and Billy, 1029 Brown-rd, have returned from their vacation. The trip was enjoyable but the family had an unfortunate experience while visiting at Fox Lake, Wis. A cyclone struck the resort and a large falling tree uprooted by wind, badly damaged the top of the Nardins' new car while it was parked in the yard.

Mrs. Howard Bilis, 2806 Climer-rd, spent a week recently with her son and his family at South Charleston, W. Va.

The Briggsdale Methodist Church plans to hold its annual family picnic at Blacklick Woods Sunday, Aug. 23, at 1 p.m.

Several ladies of the Franklin Township Fire Co. No. 3 Auxiliary had dinner at Howard Johnson's on Cleveland-av and later attended the Palace Theater last Friday evening. They were Geneva Yarkes, president; Ruth Jahn, vice-president; Wilma Reiter, treasurer; Thelma Huffman, secretary; Eloise De Long, reporter; Wilma De Long, Marie Brooks, Edna Jahn, Elizabeth Benjamin and Mary Sullivan. The first fall meeting of the group will be held early in September when plans for a rummage sale will be discussed.

The True Blue Class of Briggsdale Church met Monday evening, Aug. 3, at the home of Mrs. Dorothy Point, Hart-rd.

Mary Alice Dailey, 11-year-old daughter of Mr. and Mrs. John Dailey, 1667 Central-av, Briggsdale, is recovering at home from an emergency appendectomy performed at Mt. Carmel Hospital Aug. 1.

Little Oranges Win Hilltop "Y" Little Nine Loop League Title

By Dick Wilson

The Little Oranges of the Hilltop YMCA Little Nine League won the loop championship last week as they beat the second place Browns 7 to 1 at West High field. Little Saint was the winning pitcher as he struck out 13 batters and gave up only four hits. Terry Beard went the route for the losers and was charged with the loss as he gave up 10 hits and issued two walks.

The hitting department for the victors was led by John Peterson, who got four singles in four times at bat. Jack Morical scored the lone tally for the losing nine as he was driven home in the fifth inning on a single to left field by Ernie Di Gioia.

The Little Purples gained a tie for second place as they blasted the Little Blacks into a cellar tie with an 11-2 shellacking. David Doersam was credited with the win and Tommy Morrison was charged with the loss. Tony Hartranft looked good afield for the Purple nine while Doughty starred defensively for the losers.

The Little Maroons and Little Greens had the game of the week as the maroon-clad team battled its way into second place with a 7-6 victory. Big Mike Engle and Mousey Barnes shared the mound for the victors and Jim Smiley went the route for the losers. Engle was the hitting star for the Pemberton coached nine as he smashed out two singles and a double in three times at bat.

The Kuntz coached Little Reds fought their way up the standings ladder in the final game of the season as they blasted Dick Rice's Little Blues 8-2. Mike Canthon was the winning hurler and Tom Sines, the first of three hurlers used by the Blues, was the losing pitcher.

Golfing Slants

By JACK KIDWELL

Golf gave way to heat, rain and humidity, over the week end.

Golfers; usually a hardy lot, gave way almost completely to the pressure cooker atmosphere that existed Saturday. It was one of the few times in years that play was brought to a stand still by heat.

Despite the weather a few club championship matches were played. In the championship flight Herb Weisenberger beat Herb Shivers 2-1 to gain a semi-final berth.

In the first flight Vern Neiderlitz defeated Joe Worthen 2-1, Stan Miller shot a 79 to hurdle Norm Hannish 5-3 and George Kanavel came from a 4 down deficit at the turn to squeeze out 1 up over Rex Lynch.

In the second flight it was Chuck Wilson over Ed Berg 4-3, Don Meyers over Ray Johnson 1 up and Big Al muth eaked by Leo Phillips Jr. 1 up.

In the third flight Frank Frey defeated Virg Crawford 2-1. Steve Swarney took a 5-3 decision from Carl Birle and Harry Dunigan surprised Roger Baird 3-2.

Fourth flight winners were R. Whitley 5-4 over George Conners, Les Yerian 6-5 over Dick Slager and Bill Brokaw over Benny Huffman 3-1.

Fritz Wilhelm and Beryl Taylor were two of the happiest golfers in the city this week. Fritz shot a best ever 77 and complained on every hole while doing it. I saw him about 4 different times during the round and Erv Friend the same, and in each case he was knocking the ball on his tee shots. He reminds me of the little boy that kept hollering wolf.

All kidding aside 77 is a fine round of golf for anyone, whether they're hitting tee shots or not.

Taylors round of 33-37 was unique in as much as Beryl's golf lately has not been up to his standard. He, Al McFadden and Bill Wilhelm combined for a best ball of 29 on the first nine.

Bobby Brokow, sharpening his game for the caddy championship had two excellent rounds of 73-70 this past week.

One of our most avid golfers is Rev. Harold Dutt who in my book, is the best, and I think everyone who has been privileged to know him feels the same as I.

I came across a poem in an old issue of Golfing, and as I read it I couldn't help but think of Rev. Dutt and his golfing partners of Roy Kisner, Don Meyers, Henry Rugg, and Homer Ranney.

The poem was written by Stanley Hofflund, entitled "The Parson and the Sand Trap," it goes like this:

Staring at the broken handle
Of the niblick in his hands,
Deep within the blasted sand-trap
Rigidly the parson stands;
He's just missed his third explosion,
Ruined a darned good medal score;
It's a par-three hole, a short one,
But the parson's lying four.
Sand is in his eyes, his nostrils,
Sand he grits between his teeth;
Sand is on his shirt and trousers,
Both outside and underneath.
Will the parson let his temper
Gain the upper hand, will he
Be just one more cussing golfer,
or a dignified D. D.?
Is he praying as he stands there,
Seeking strength for self control?
Is he thinking of his score card
or salvation of his soul?
Will he cuss the ball, the niblick
Though he hit too far behind?
Does he know enough good cuss words
To relieve a bursting mind?
Golf, like music, often enters
Into realms that seem unreal.
In the trap the silent parson
With the devil made a deal:
Spitting on his ball, he clubbed it.
With a crushing downward stroke
And the cloud that rose about him
Was not sand, but acrid smoke.

Glenwood Little League

In a close battle that saw the lead change hands twice, the Yankees nosed out the Eagles 4-3 to take possession of second place in the Glenwood League and the right to be the second league representative in the City Little League play-offs.

The Yankees got off to a slow start in the game, coming from behind in the third and fifth with two runs in each inning to beat the Eagles.

The Little League City playoff tourney got under way this week. The Glenwood League had two teams in the tourney, the Cowboys and the Yankees. The tourney rules permit the teams to pick up three players from some other team in the league for the tourney.

The Cowboys added Mike Wolf of the Dodgers and Bill Castle of the Tigers. Other members of the Cowboy squad are Larry Goodin, Pete Caborn, Bill Hamilton, Dan Maring, Dan Weigant, Vaugh Ammon, Don Seagle, Pete Howe, Bernie Alderman, Jerry Jaynes, John Warren, Butch Miller, Jack Switzer.

The Yankees have added Jerry Hummel of the Dodgers, Bill Karns of the Cougars and Steve Fetheroff of the Eagles. The remainder of the Yankees squad includes Allen Strickler, Jerry Strickler, Marty Crawford, Dick Brothers, James Ohde, Dick Ohde, Kelly Richards, Bill Lysen, Jim Simpson, Cal English, Jack Neil and Dick Underwood.

Both teams from Glenwood were scheduled to open action in the Little League tourney on Wednesday. The Yankees' game was scheduled at 1 p.m. and the Cowboys' at 6 p.m.

The Yankees came through with a victory after coming from behind in the bottom of the sixth with four runs to tie up the game. In the seventh the Yankees scored Jerry Strickler on Richards' double.

The winning pitcher was Crawford, who relieved Karns in the sixth. Al Strickler caught all the way.

The Cowboys were not so successful in their tourney game, going down to an 8-1 defeat at the hands of the Tigers from American Legion Playground League. Larry Goodin, the Cowboy ace hurler, was touched for seven hits and eight runs, while his teammates could get only one run on four hits. Costly errors in the third put the game on ice for the Tigers.

The Yankees were scheduled for their second game on Friday at 6 p.m. at Sunshine, where they met the American Legion Playground No. 2 team, the Reds. The Yankees wasted no time getting under way in the last of the first when they scored four runs after D. Ohde had gotten to first on an error and A. Strickler drove him in with a single. Crawford singled and Steve Fetheroff poled his only hit of the day, a round tripper. The Yankees scored three more in the fourth to finish on top with a 7-1 victory.

The Yankees bunched seven hits to seven runs. The Reds were unable to solve the slants of the Yankees' 10-year-old hurler, Bill Karns, who allowed only four hits, one a homer by the Reds' catcher, Kinsey, to account for the Reds' only tally.

Lefty Bill Karns pitched a very tight game in giving up the four hits, walking three, striking out nine of the 25 batters who faced him.

In the return game of the All-Star series between Glenwood and Westgate Little League all-stars, the Westgate team came out on top 2-1 in a close, well played game. Costly errors by the Glenwood team put both Westgate runs on base. Sharp hitting of the Glenwood stars scored their only run but failed to produce the necessary punch in the sixth with the bases loaded.

The Glenwood stars pitched Karns, Castle and Wolf. Both of the Westgate runs and the three Westgate hits came off Karns. The Glenwood Stars were able to get five hits off the offerings of McLaughin and Kruse but were unable to bunch them to produce runs.

The interest in Little League is growing at the Glenwood Center and already the boys are planning for next year's season. There is a possibility that the Glenwood Stars will play additional games during the next week before disbanding for the season.

We at Glenwood were happy to have had a part in introducing boys to the "great American game" and are looking forward to the next year's season, and are planning a larger league for the coming year.

Getting ready for that vacation trip you've been planning for months? Before you leave, be sure to check your car, especially your headlights, brakes and tires. You should also have a flashlight, flares or fuses, a spare tire, a first-aid kit, well-marked maps, keys, permits, passes and identification. That's quite a list, but if you forget any of them, your vacation can be spoiled. The Safety Council of the Columbus Chamber of Commerce hopes you have an enjoyable time, and reminds you: "Let safety share your vacation trip."

Golfing Slants

JACK KIDWELL

Golf gave way to heat, rain and humidity, over the week end.

Golfers; usually a hardy lot, gave way almost completely to the pressure cooker atmosphere that existed Saturday. It was one of the few times in years that play was brought to a stand still by heat.

Despite the weather a few club championship matches were played. In the championship flight Herb Weissenberger beat Herb Shivers 2-1 to gain a semi-final berth.

In the first flight Vern Neiderlitz defeated Joe Worthen 2-1, Stan Miller shot a 79 to hurdle Norm Hannish 5-3 and George Kanavel came from a 4 down deficit at the turn to squeeze out 1 up over Rex Lynch.

In the second flight it was Chuck Wilson over Ed Berg 4-3, Don Meyers over Ray Johnson 1 up and Big Al nuth eaked by Leo Phillips Jr. 1 up.

In the third flight Frank Frey defeated Virg Crawford 2-1, Steve Swarney took a 5-3 decision from Carl Birle and Harry Dunigan surprised Roger Baird 3-2.

Fourth flight winners were R. Whitley 5-4 over George Conners, Les Yerian 6-5 over Dick Slager and Bill Brokaw over Benny Huffman 3-1.

Fritz Wilhelm and Beryl Taylor were two of the happiest golfers in the city this week. Fritz shot a best ever 77 and complained on every hole while doing it. I saw him about 4 different times during the round and Erv Friend the same, and in each case he was knocking the ball on his tee shots. He reminds me of the little boy that kept hollering wolf.

All kidding aside 77 is a fine round of golf for anyone, whether they're hitting tee shots or not.

Taylors round of 33-37 was unique in as much as Beryl's golf lately has not been up to his standard. He, Al McFadden and Bill Wilhelm combined for a best ball of 29 on the first nine.

Bobby Brokow, sharpening his game for the caddy championship had two excellent rounds of 73-70 this past week.

One of our most avid golfers is Rev. Harold Dutt who in my book, is the best, and I think everyone who has been privileged to know him feels the same as I.

I came across a poem in an old issue of Golfing, and as I read it I couldn't help but think of Rev. Dutt and his golfing partners of Roy Kisner, Don Meyers, Henry Rugg, and Homer Ranney.

The poem was written by Stanley Hofflund, entitled "The Parson and the Sand Trap," it goes like this:

Staring at the broken handle
Of the niblick in his hands,
Deep within the blasted sand-trap
Rigidly the parson stands;
He's just missed his third explosion,
Ruined a darned good medal score;
It's a par-three hole, a short one,
But the parson's lying four.
Sand is in his eyes, his nostrils,
Sand he grits between his teeth;
Sand is on his shirt and trousers,
Both outside and underneath.
Will the parson let his temper
Gain the upper hand, will he
Be just one more cussing golfer
or a dignified D. D.?
Is he praying as he stands there,
Seeking strength for self-control?
Is he thinking of his score card
or salvation of his soul?
Will he cuss the ball, the niblick
Though he hit too far behind?
Does he know enough good cuss words
To relieve a bursting mind?
Golf, like music, often enters
Into realms that seem unreal.
In the trap the silent parson
With the devil made a deal:
Spitting on his ball, he clubbed it.
With a crushing downward stroke
And the cloud that rose about him
Was not sand, but acrid smoke.

Glenwood Little League

In a close battle that saw the lead change hands twice, the Yankees nosed out the Eagles 4-3 to take possession of second place in the Glenwood League and the right to be the second league representative in the City Little League play-offs.

The Yankees got off to a slow start in the game, coming from behind in the third and fifth with two runs in each inning to beat the Eagles.

The Little League City playoff tourney got under way this week. The Glenwood League had two teams in the tourney, the Cowboys and the Yankees. The tourney rules permit the teams to pick up three players from some other team in the league for the tourney.

The Cowboys added Mike Wolf of the Dodgers and Bill Castle of the Tigers. Other members of the Cowboy squad are Larry Goodin, Pete Caborn, Bill Hamilton, Dan Maring, Dan Weigant, Vaugh Ammon, Don Seagle, Pete Howe, Bernie Alderman, Jerry Jaynes, John Warren, Butch Miller, Jack Switzer.

The Yankees have added Jerry Hummel of the Dodgers, Bill Karns of the Cougars and Steve Fetheroff of the Eagles. The remainder of the Yankees squad includes Allen Strickler, Jerry Strickler, Marty Crawford, Dick Brothers, James Ohde, Dick Ohde, Kelly Richards, Bill Lysen, Jim Simpson, Cal English, Jack Neil and Dick Underwood.

Both teams from Glenwood were scheduled to open action in the Little League tourney on Wednesday. The Yankees' game was scheduled at 1 p.m. and the Cowboys' at 6 p.m.

The Yankees came through with a victory after coming from behind in the bottom of the sixth with four runs to tie up the game. In the seventh the Yankees scored Jerry Strickler on Richards' double.

The winning pitcher was Crawford, who relieved Karns in the sixth. Al Strickler caught all the way.

The Cowboys were not so successful in their tourney game, going down to an 8-1 defeat at the hands of the Tigers from American Legion Playground League. Larry Goodin, the Cowboy ace hurler, was touched for seven hits and eight runs, while his teammates could get only one run on four hits. Costly errors in the third put the game on ice for the Tigers.

The Yankees were scheduled for their second game on Friday at 6 p.m. at Sunshine, where they met the American Legion Playground No. 2 team, the Reds. The Yankees wasted no time getting under way in the last of the first when they scored four runs after D. Ohde had gotten to first on an error and A. Strickler drove him in with a single. Crawford singled and Steve Fetheroff poled his only hit of the day, a round tripper. The Yankees scored three more in the fourth to finish on top with a 7-1 victory.

The Yankees bunched seven hits to seven runs. The Reds were unable to solve the slants of the Yankees' 10-year-old hurler, Bill Karns, who allowed only four hits, one a homer by the Reds' catcher, Kinsey, to account for the Reds' only tally.

Lefty Bill Karns pitched a very tight game in giving up the four hits, walking three, striking out nine of the 25 batters who faced him.

In the return game of the All-Star series between Glenwood and Westgate Little League all-stars, the Westgate team came out on top 2-1 in a close, well played game. Costly errors by the Glenwood team put both Westgate runs on base. Sharp hitting of the Glenwood stars scored their only run but failed to produce the necessary punch in the sixth with the bases loaded.

The Glenwood stars pitched Karns, Castle and Wolf. Both of the Westgate runs and the three Westgate hits came off Karns. The Glenwood Stars were able to get five hits off the offerings of McLaughin and Kruse but were unable to bunch them to produce runs.

The interest in Little League is growing at the Glenwood Center and already the boys are planning for next year's season. There is a possibility that the Glenwood Stars will play additional games during the next week before disbanding for the season.

We at Glenwood were happy to have had a part in introducing boys to the "great American game" and are looking forward to the next year's season, and are planning a larger league for the coming year.

Heart Of Hilltop Sale Draws Hundreds To Stores

Pictured above is but a portion of the crowd that flocked into Seiller's Department Store at 2404 W. Broad-at Thursday morning at the opening of the Heart of The Hilltop Sale. At this, one of the bargain counters, both men and women vied for the many items offered at drastically reduced prices.

Getting ready for that vacation trip you've been planning for months? Before you leave, be sure to check your car, especially your headlights, brakes and tires. You should also have a flashlight, flares or fuses, a spare tire, a first-aid kit, well-marked maps, keys, permits, passes and identification. That's quite a list, but if you forget any of them, your vacation can be spoiled. The Safety Council of the Columbus Chamber of Commerce hopes you have an enjoyable time, and reminds you: "Let safety share your vacation trip."

What I do not wish men to do to me, I also wish not to do to them.—Confucius.

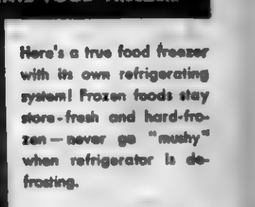
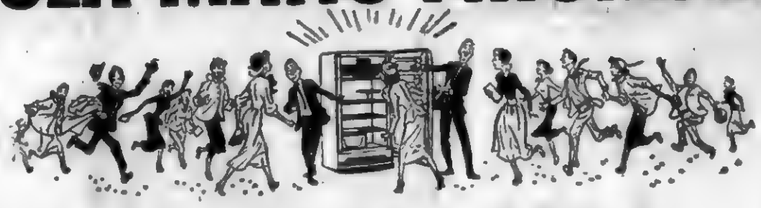
With the hustle and bustle of the Heart of the Hilltop sale over with, most of us are looking forward to evaluating the new Fall styles, which are arriving daily.

Contrary to the edict, handed down by French designer Christian d'Or, not all heroines will be flirting with dimpled knees. Some of the gals just can't be persuaded to adopt the styles of the "Roaring Twenties" without a battle—at least for the time being.



Doesn't seem too many years ago that they were up in arms over the "New Look", which also called for some radical changes in Madam's wardrobe. 'Twasn't long, however, before they gave up the battle and the change in scenery was accepted — reluctantly or otherwise.



So, shades of the flapper, the black bottom, the Charleston and the short skirt—at lease for those who simply must be chic. Will it "take?" Well, we'll see. To those of you who feel like saying, "They shall not rise", we suggest that you not be too emphatic in denouncing the abbreviated hemline. You might be sticking out your pretty little neck. Adv.

All types of accidents increased last year . . . except occupational. Does this mean you're safer at work than anywhere else? Are you really safer around dangerous machinery? Or do you just drop your safety habits as soon as you leave the job? These are questions you should ask yourself. The Safety Council of the Columbus Chamber of Commerce can only report these figures and give you reminders from time to time on safe habits. The rest is up to you. Get the safety habit. The life you save may be your own.

New Schoolrooms Are Added For Fall Term At The St. Aloysius Church School

John Laubmeister, maintenance man for St. Aloysius School and Church, puts the finishing touches on the new school rooms to be occupied this fall by first grade. Several years ago the first grade enrollment was in the 30's but now it has gone over the 100 mark. Mr. Laubmeister is also the chairman of the grounds for the St. Aloysius Summer Festival, as he has been in many past years.

By Pat Martindale

When school starts this fall the children of St. Aloysius will find that something new has been added to their school during the summer vacation. As a matter of fact a number of new additions have been made to make St. Aloysius School more pleasing to the children, more modern and more efficient.

For the almost doubled enrollment of first graders two new class rooms have been established in the part of the parish that was the rectory before the new rectory was built. Also a dining room for the sisters, a nurses' room and a rest room have been placed in the new addition. Every room in the school will have new light wood modern desks, redecorated walls and floors and new black top has been put on the school grounds.

The 47th annual St. Aloysius Summer Festival which is to be held on Aug. 19, will help to pay for the new equipment at St. Aloysius, as its proceeds have been used for school and church repairs in the past years.

The festival has been planned for enjoyment of all ages. Games, fun and refreshments of all kind will be available on the school grounds at Midland-av and W. Broad-st from late afternoon throughout the evening. A ham dinner will be served in the annex from 5 to 7 p. m. and sandwiches, coffee, cake and ice cream will be served the remainder of the night. There is to be a fish pond especially for the children along with many other games and novelty booths.

A Rocket Oldsmobile "88" will be awarded at 11 p. m. and an award of a Schwinn Bicycle will be made for the benefit of the children. The public is invited.

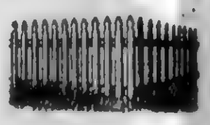
Harry Graham
Your Shoetrician in SEILLER'S Says:



BACK TO SCHOOL SHOES

There are some things you can buy on the spur of the moment. You can dash in and grab them off a counter . . . but not so, shoes. And very particularly, not children's shoes. Children's shoes should be fitted to the foot every time. And that is most true of school shoes. Smart parents don't wait until the day school opens to get them. Right now, most stores have complete stocks of back to school clothing and shoes and if you buy now, you get unhurried service and a much more complete selection. And speaking for shoes, we always anticipate growth when we fit school shoes. We allow enough space so that there would be no special advantage in waiting three or four weeks. So, if you have a young "leather-wrecker" and his tennis shoes are getting pretty ragged, get his school shoes early and avoid the rush.

CHORUS MEMBERS SUPPLY SPECIAL VACATION MUSIC

Gift Street Methodist Church, during the vacation of the regular choir, has been enjoying something unusual in the way of special music. Former choir members have been invited to sing, and special music has been supplied by the members of the chorus of Robert Morris Chapter, OES.

Among the soloists have been Margaret White, 541 Townsend-av, who sang in Gift Street choir when she was a young girl. Ida Ginstead, 64 N. Princeton-av, choral director of the Robert Morris Chorus, and Virginia Price, 2741 Livingston-av, have also been guests. Irene Briggs, 2736 Sutton-av, a regular member of the church choir, will sing in the near future. They are all members of the Eastern Star Chorus of Robert Morris Chapter.

Mon-E-Bak Addition

By Irene Hayslip

Mr. and Mrs. Carl Lind and children, Teddy, Thelma and Becky, left July 31 for Norwalk, Calif., to visit the Linds' daughter and her family.

Cora Bennett spent several weeks vacationing at the home of Jean Ann Bennett in Washington C. H. They spent last week daily visiting the Fayette County Fair.

"Get well wishes" are extended to Mrs. Lawrence Six of Brookside-blvd, recuperating at Mt. Carmel Hospital after surgical operation on Aug. 6.

Mrs. Bonnie Van Sickle and children spent a week in Lucasville, visiting her sister-in-law, Mrs. Mary McDonald.

Mrs. Effie Baker just returned home from a week's visit at the home of her sister, Mrs. Phoebe Pittibaro.

Jimmy Luton, son of Mrs. Matilda Luton of Plainview-dr was injured last week when he stepped on a coffee can while barefooted. His foot required 15 stitches, when treated at Mt. Carmel Hospital.

Congratulations are extended this week to:

Mr. and Mrs. Withrow Jenkins, 3254 Dover-rd, daughter, born at Grant Hospital, July 29.

Mr. and Mrs. Louis White, 3566 Brookside-blvd, son, at White Cross Hospital, Aug. 7.

Mr. and Mrs. Sherman Skaggs, Plainview-dr, son, at Doctor's Hospital.

Mr. and Mrs. James Wolfe and children, Mr. and Mrs. George Hayslip, Dr. Gordon Hayslip and daughter, Jeanne, spent Sunday at Fort Ancient, picnicking with the family of Mr. and Mrs. Earl Campbell in Wilmington.

Mr. and Mrs. Charles Fleming and children have just returned from Hays, Kan., after several years absence, and will make their home in Columbus again. They are visiting at the home of Will Fleming of Brookside-blvd.

Teensters, the Safety Council of the Columbus Chamber of Commerce agrees with screen-star Robert Young when he says you should ask for a driver's license only when you consider yourself able to "control the car within the laws of the state and with concern for the welfare of yourself and everybody else."

Are you shutting your child behind an "IRON CURTAIN"?

It is every child's right to share in the religious heritage of our nation . . . to have the doors of our churches and synagogues freely open to him . . . that God's house may become as dear and familiar as his own.

This blessed privilege . . . denied to the children of the Iron Curtain countries as a matter of state policy . . . is unhappily denied to many of our little ones because we are indifferent, or busy, or careless of our responsibilities.

Worship together this week . . . you and your children . . . and give thanks for the right to worship in the church or synagogue of your choice.

John C. Boase, 99 N. Brinker-av. is the current exhibitor at Hilltop Branch Library. Boase was among the first artists to display their paintings when the library began exhibits in 1951. Besides being a Hilltop man himself, Mr. Boase's parents are residents of the Hilltop on S. Eureka-av.

Mr. Boase served in the U. S. Navy from 1941 to 1946. He has studied at Ohio State University, from where he received his Bachelor's and Master's degrees, at Mexico City College, and at the Studio Offernand Leger in Paris. He has previously exhibited at Wooster College, the Ohio State Fair, and Wilson's Restaurant in addition to the former Library engagement.

Local Ternstedt Employe Will Receive Award

Keys are awarded to those graduates who are recommended by management based on their accomplishments and future potential.

Bartlow was employed by the Ternstedt Division, General Motors Corporation, Detroit plant, while attending General Motors Institute and for a period immediately following his graduation.

In January, 1944, he entered the United States Navy with the rank of lieutenant junior grade. He was assigned as a repair officer on a P.T. repair ship and was discharged from the navy in August, 1946.

Upon his discharge from the navy, he joined the Ternstedt Columbus plant organization as production engineer, and due to the ability and initiative he demonstrated on his job he was appointed superintendent of the plant maintenance department on Mar. 1, 1953, and is still serving in that capacity.

Hilltop Man Escapes Death In Air Crash

A Hilltop man was one of the two Fort Sill officers who narrowly escaped death on Aug. 1 when they pulled themselves out of a burning plane after the light craft crashed while attempting to land on a strip near the Wichita Mountains Wildlife refuge.

Lt. William Eddy, Jr., the pilot, son of Mr. and Mrs. W. H. Eddy, 168 S. Ogden-av, suffered second degree burns and multiple lacerations and abrasions.

The light craft, coming in for a landing on the small strip, was blown from its pattern by a cross current and downdraft, the wing tip struck a limb, flipping the plane into a crash.

An unusual coincidence resulted in young Eddy's father arriving on the scene within seconds after the crash. The father had driven to Fort Sill to watch his son receive his wings at graduation exercises. He had gone for a drive in the refuge when he noticed smoke from the burning plane and arrived at the wreckage to find his son already free from the plane.

Kumler Will Oversee Housing At Lincoln Vill'ge

Karl W. Kumler will resign as Columbus Director of the Federal Housing Administration to become housing manager of the Peoples' Development Co. The concern, a subsidiary of the Farm Bureau Insurance Companies, is building Lincoln Village model city west of Columbus.

His resignation will become effective Aug. 28, and Carl R. Frye, vice-president and general manager of the development company said Saturday that Kumler would join his firm on Sept. 14. It will conclude some 14 years of FHA service for the well-known official.

He joined the staff of the government agency in 1938 and served until 1946. After World War II he became vice-president and loan officer of the Guarantee Title and Trust Co. of Columbus. In Jan. 1950 he returned to FHA and became head of the big Southern Ohio district the following month.

As director of the 42 county area he approved millions of dollars worth of insured housing loans in Columbus, Cincinnati, Dayton and the sprawling Pike County Atomic region.

A native of Fairfield County, the 47-year-old housing expert lives with his wife and two children at 870 Francis-av, Bexley.

In his new job, Kumler will work on the financing and construction of an entire community. Lincoln Village will be an 1170-acre model city located on both sides of U.S. Route 40 between Columbus and New Rome. It will include hundreds of single and multiple unit homes, a shopping center, and 550 acres of land zoned for industrial sites. Ground was broken for the development on Apr. 16.

In announcing Kumler's appointment, Frye said, "We are indeed fortunate to be able to add Karl Kumler to the staff of men who are building Lincoln Village. His excellent background in housing and home financing will be invaluable to the people who plan on making the model community their home."

ber of years, becomes general manager.

The Beasley-Grove Co. was originally organized by Beasley and the late Frank Lawwell in 1932 with Grove joining the concern following the death of Mr. Lawwell.

Beasley said there will be no further personnel changes and announced plans for an extensive business expansion program, including purchase of property opposite the concern's quarters in W. Broad-st. The property, he said, was acquired from the Evans Construction Co.

A house, which formerly occupied the newly-acquired site, is being razed to make way for a modern used car lot. Plans also call for a parts storage and new car storage building, in addition to a new and modern body shop in the rear of W. Gay-st.

Beasley said the newly-acquired property has a frontage of 110½ feet on W. Broad-st, extending to a depth of 198 feet. There will be a total of 27,000 square feet of building space on the newly-purchased site.

In addition to its present quarters at 750 W. Broad-st, the Beasley-Grove Co. operates a tractor sales unit at 2846 W. Broad-st, and a used car location at 784 W. Broad-st.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

A close one and a hard one were the result of two games played by the Hilltop YMCA Little Nine All Stars last week. The close one was a 5-4 defeat at the hands of Plain City, and the hard one was an 11-0 beating the boys took at Hebron the following day. The two defeats gave the All Stars a won 2 and lost 3 record for the season. They will have to play a return game with Hebron and the Westgate All Stars.

Awards Night for the Summer Fun Club was held at Westgate Park Shelter House on Aug. 12, at 7:30 p. m. Awards were given to all Little Nine baseball players, the Little Nine Champions, the Little Nine All Stars and all members of the Summer Fun Club who accumulated 50 points or more for attendance at the various events. Free movies were shown after the presentations.

Last Monday night was the last night for Hilltop youth to gain free admission to the Columbus Red Bird ball games. The "Y" has sponsored six of these trips over the summer, and a good time was had by all who attended. Bob and I would like to take this opportunity to publicly say "Thanks a million" to General Manager George Sisler and the Red Bird Club for being such wonderful hosts to our Hilltop youth. The club also gave the league free baseballs for practice use and for use in the league.

While we are passing out thanks we would also like to thank Lockbourne Air Base personnel for showing 60 Hilltop boys and girls a wonderful time on the Rubberneck tour which was held last week. Many interesting sights were seen and a good meal was enjoyed by all.

In closing, I would like to drop a gentle reminder that the Hilltop YMCA membership enrollment will be from Sept. 21-30. Membership is $1 for youth and $2 for adults. Be seeing you!

At The Playgrounds

By Pat Martindale

Glenwood

Glenwood Playground is preparing a scene from the Johnny Appleseed story for the city wide pageant to be held at Central High on Aug. 20, as a climax to the summer recreation program sponsored by the Columbus Dept. of Public Recreation. Fifty-two playgrounds will participate, each with a short act entertaining the "Men from Mars" on their visit to earth to get ideas for the celebration of their millionth sesquicentennial. When they come to Ohio they will find a historical parade, and are captured by the Walt Disney version of "The Song of Johnny Appleseed," sung by the children from Glenwood Center.

A preview of Glenwood's act was presented at the Drama Festival on Aug. 6 at Sunshine Park where Glenwood presented a skit called "Johnny Appleseed and the Indians."

In the softball games, Glenwood Tom-boys defeated Schiller Junior girls 26 to 19 on Tuesday, July 28, at the latter's field.

The Tom-boys took a 9 to 2 lead in the first inning and seven runs in the second to Schiller's one which made a score of 16 to 3. In the third Schiller brought in 10 runs to Glenwood's 9, making the score 25 to 13 and in the fourth and final inning Schiller scored six runs to Glenwood's 1. The 26 to 19 victory over Schiller was the Tom-boy's first win of the season to one loss.

New Rome defeated Columbian 23 to 12 on July 29 at the Columbian field. The New Rome pitchers gave up 10 walks while their opponents gave up only 3. The highlight of the game came in the second inning when the New Rome team scored a triple putout.

At the end of the first inning New Rome led 7 to 5 and at the end of the second Rome had added 11 runs to lead 18 to 6. In the third, Rome added 5 runs and Columbian added six to make the final score 25 to 12.

John Burroughs

John Burroughs Playground picnic held at Blacklick Woods recently proved to be a "dandy" as you've probably learned from the 80 youngsters who took the bus ride to this fine metropolitan park.

Mrs. Reynolds and her assistant gave a most interesting hour on the nature trails and at the nice little zoo before the group opened their picnic boxes. The mothers who helped with the children were also very much appreciated.

Tournament practice was held all week at Burrough's Playground but just one quarter-final match was held with Larry Steece winning a junior checker match with Dana.

Ball games, a horseshoe pitch and more checker contests are on the program for this week. The evening neighborhood games on the horseshoe court have been very interesting. All are invited to join anytime.

Craft classes have been big and busy, following the fine story hour at 2 p. m. each day. Miss Johnson is planning an evening for everyone in the near future, and she wishes all to watch for the announcements carried by the youngsters and this paper and then come over to John Burroughs and join in the fun. The season is nearing a close so take advantage of the remaining craft classes.

Highland

The girls at Highland Playground made a great showing in the West Sectional Junior Olympics by winning 47 points. Mae Brown won first place in the 50 yard low hurdles, second place in the 200-yard shuttle relay and second place in the running broad-jump, second place in the 75 yard dash, second place in the 50 yard dash and second place in the 12-inch ball throw.

Alice Jones won third place in the 50 yard dash, fifth place in the softball throw and second place in the 200 yard shuttle-relay.

Carolyn Davis won second place in the 200 yard shuttle-relay, third place in the running broad jump, fourth place in the 50 yard low-hurdles, third place in the softball throw and second place in the broad jump.

Connie Davis won third place in the 50 yard low-hurdles, fifth place in the running broad jump and second place in the broad jump.

Last Thursday these girls and four boys competed in the South and East sectional track meet at South High School.

Holton

The fifteen participants in the float parade from Holton playground gained much attention with their covered wagon, bicycle built for two, and Sunday School float.

The children are now preparing for the Drama Festival which will be held at Sunshine Park on Aug. 6. Those taking part are Sharon O'Dell who plays the heroine, Lynne Burns as the hero, Kathy Lucas as the mother, Gary Reynolds playing the father, Mary Alice Garrison as the maid, Patti Jones as the thief and Larry Frazee playing the cop. The name of their drama is "The Ah Skit".

Last Monday's variety show under the supervision of Tom Crawshaw, music master of Glenwood Methodist Church, was well attended. Holton will put on its variety show a little later on this season.

The traveling zoo stopped at Holton Park Tuesday, Aug. 4, at 4 p. m. and movies were shown in the evening to complete the day's special activities.

Hand craft items from Holton will be included in the display at City Hall next Saturday along with crafts from all Columbus playgrounds.

Practice for the horseshoe finals is now underway and the winners will compete at Sunshine Park on Thursday, Aug. 13, at 6 p. m. The tennis tournament will be held sometime before Aug. 15.

Holton participants will take part in the biggest event of the season, the city-wide pageant, on Thursday, Aug. 20, which will bring to a close the special playground events for the summer of 1953. This affair will be held at Central High School as has been the custom in past years.

Westgate

In the Westgate Little League, after five weeks of play by the Bobcats team, they hold a perfect record of five wins and no defeats. The team, coached by Herb West, is playing fine ball. Ned Dodroe, the Bobcat pitcher, has had little trouble fooling the hitters to date, turning in a no hitter early in the season. The rest of the league follows the Bobcat team in this order, Tigers, Yankees, Braves, Indians, Reds and Red Sox.

The Westgate All-Stars met the General Motors Little League team on the Industrial team's diamond Thursday, July 23, playing the "G. M." team to a 5 to 5 tie, called by darkness. Ames, Linson and Kruse pitched fine ball for Westgate with Mack and Kruse doing the catching. The All Star team was made up of the following players: Collard, Orr, Gunderson, Mack, Wesley, Howells, F. Smith, J. Sexton, Schmitt, P. Pohle, C. Pohle, Teddy Kruse, Terry Kruse, Mann, Blackburn, McLaughlin, Ames, Fahrenbach, Hastings, Andrews and Rees, Linson.

The city-wide Junior Olympic Swimming Meet will be held Friday, Aug. 7, at Maryland Park Pool. All swimmers interested should contact the park supervisor to enter.

Fortieth Annual Franklin County Fair Now Underway At Hilliards

Production Is Curtailed At Local Ternstedt Plant

Effects of the $50 million dollar fire at General Motors, Livonia, Mich., plant were being felt here this week as a 25 percent cut in production was foreseen at the General Motors Ternstedt Division on Georgesville-rd as workers returned to duty following a one-day plant shutdown.

The huge General Motors plant on Georgesville-rd was shut down Monday. The Livonia plant manufactured transmissions for Cadillacs, Oldsmobiles, Pontiacs and other auto manufacturers.

The local plant manufactures body hardware, such as locks and door window regulators.

"It's our lock lines that are affected," according to Paul Jones, resident manager of the local plant. "The locks here are made for Cadillacs, Pontiacs and Olds, mainly, and the resultant curtailment in the number of cars produced, due to the fire, hits us."

Jones also pointed out that the door window regulators department will not be affected as these are made for Chevrolets. Chevrolet has its own transmission plant.

Layoffs of temporary employes and elimination of the sixth day of the work week probably will take care of the 25 per cent reduction, Jones said. Ternstedt employees have been working an extra day per week at overtime rates.

"We have been handling about 30 per cent of our production in overtime," Jones said. "But this week, we'll be back to normal time operation."

Ternstedt division officials expect the Saturday shutdowns and the layoff of temporary employes will take care of the production cuts. There is no way to determine the length of the production cutback, according to Jones.

Jones pointed out that Pontiac and Olds might begin fitting most of their cars with standard transmissions, and if the public accepts them it would mean a quick swingback to near full production at the local plant. These two makes—Olds and Pontiac—still fit some of their cars with standard transmissions.

Ternstedt division employs 4607 hourly workers and 633 salaried workers.

Camp Chase Wins Central Ohio Loop

Camp Chase-Beasley Grove is the Central Ohio Little Bigger League baseball champion.

The West Side Club wrapped up the championship last week by tripping host St. Charles 8-2 in the final game of the double elimination playoff series.

The Camp Chase-Beasley Grove team, which beat St. Charles twice and the West Side Pirates once during the playoffs, finished the season with a 13-2 record compared with 12-2 for St. Charles.

Five runs in the fourth inning, scored on three hits and as many walks, iced the game for the champs, who outhit the Saints 7-2.

Bill Spratley went the distance for the winners. Pacing the champions' attack was George Watkins with two hits in four trips.

Future Farmers of America from Union County were on hand Tuesday at Hilliards, grooming their prize sheep for the annual Franklin County Fair which got underway Wednesday. This prize wooly is being groomed by Thompson and Son of the Union County Chapter.

County Fair to Emphasize Junior Activities this Year

This year's Franklin County Fair opened Wednesday at Hilliards filled to capacity and is judged one of the best in the forty year history without reservation. The tremendous cattle exhibit numbering 577 head breaks all records for this dept. The four district shows of Ayrshire, Guernsey, Jersey and Shorthorn are a feature at the fair. Extra tents were put up Sunday to accomodate the great overflow of entries in the sheep and swine departments.

The Junior Fair has swelled the tents to capacity and is breaking all records in numbers of exhibits and in quality of exhibits. Four extra tents were added to take care of the additional Junior Fair entries this year.

The Future Farmers of America celebrating their silver anniversary has helped to contribute to a larger fair this year in the Junior division. The last count on entries for the Junior's, according to Harold Hart, president of the Franklin County Agricultural Society, was 1156 far surpassing last years 884 entries.

The tractor pulling contest has a record number of entries and considerable interest has been developed among the county machinery dealers in this activity. This contest will be held Friday and a huge crowd is anticipated.

The night Ayrshire and Shorthorn shows along with Harness racing and square dancing supplements the evening program to capacity. There is something of interest and entertainment for everyone all the time at the 1953 Franklin County Fair.

With Thursday being designated as Hilltop Day at the Franklin County Fair, one of the outstanding events will be the running of the Green Purse Race for the first time. In this event which is to take place as the fifth heat, in both afternoon and evening, drivers and horses entered for the $100 purse are all novices.

Thus far seven horses have been entered in the event. They are: Amish Pride being driven by Baily Bradley; Undertaker, driven by Nobel Allen, sr; Lady Brooke, driven by Loren Galloway; Personality Genius, driven by Russell Carter; Frank's Pride driven by Frank Green; Nosebag, driven by Harold Hart and Green Pasture driven by Hiram Diddlehopper. John Nippert riding Gold Flame will be outrider for the event and Joe Dobbins of WCOL will announce the race.

Events slated for Thursday were the judging of Jr. Fair Beef Cattle and Showmanship at 8:30 a. m. Judging of Hereford and Angus Cattle at 10:00 a. m. and an Open Class Hog Show and Junior Fair Sheep Show in the morning. Afternoon events are Horse racing, Jersey District show, Open Class Sheep Show and 4H Demonstration. In the evening there is night horse racing and the Ayrshire District Show.

Friday events are: Judging of Holstein and Brown Swiss Cattle and the Junior Fair Livestock Judging Contest in the morning. Tractor pulling Contest and Judging of Guernsey Cattle in the afternoon. Horse Racing and the Polled Shorthorn Show comprise the evening events.

Saturday has been named Youth Day for the fair and will feature a 4H Tractor Rodeo, FFA Safe Driving Contest and Selection of a Junior Fair King and Queen in the morning. In the afternoon there will be a number of Junior Fair contests and a hugh parade of floats by youth organizations and livestock and farm machinery followed by the presentation of trophies.

Horse racing in the evening will be the finale of the 1953 Fair.

Lincoln Village Street Paving To Start Soon

The next step in the building of Lincoln Village was taken this month with the signing of contracts for nine miles of streets and storm sewers. The Complete General Construction Co., 1221 E. Fifth-av, was awarded the paving contract.

The streets in the model city will be of concrete and range in width from 28 to 62 feet. Carl R. Frye, vice-president and general manager of the Peoples Development Co., builders of the project, said that it would take approximately one year to complete the concrete network.

In announcing the start of the street paving program, Frye said, "We plan on using the 'superblock' type of street layout in Lincoln Village. The conventional 'gridiron' plan for streets produces some 20 dangerous intersections to the mile. With the 'super' system, it is possible to reduce the number of intersections by 75 per cent, or more."

Frye referred to a survey which showed that in towns and cities, 34 per cent of the automobile accidents involving pedestrians occurred at intersections. He said that more than one-third of the children who lost their lives in accidents involving motor cars were playing on streets or roadways.

Frye pointed out that some street widths in Lincoln Village were graduated down to 28 feet. It is hoped that in residential areas, where children cross the streets frequently, through traffic will be discouraged.

The Peoples Development executive said, "Eight per cent of the pedestrian fatalities occur because people walk into the streets, or roads, from behind a parked car. The very wide lots in Lincoln Village will provide plenty of space for side garages and carports and it is hoped that street parking will not be a problem. Long sight distances at the corners which do exist can be a big boon to safety," Frye added.

Lincoln Village is an 1170 acre model city now under construction on W. Broad-st, adjoining New Rome. It was started on Apr. 16 of this year and the street contract is the latest major utility agreement to be signed. The first section of the project, which is to include some 900 single homes and 700 apartments, is scheduled to take about three years.

The Peoples Development Co. is a subsidiary of the Farm Bureau Insurance Companies.

Cool Weather Prevents Possible Hilltop Tragedy

Cool weather Tuesday night probably forestalled a tragedy on the Hilltop. The freshness of cool night breezes kept many from the Hilltop Swimming Pool where there is usually an overflow crowd.

A car driven by a Valleyview resident Tuesday night crashed through the steel fence at the popular swimming pool after hurdling a rock pile built as a barrier to protect the fence and the persons at the pool.

Bob Case, proprietor of the pool, said that had it been a hot night the area into which the car crashed would normally have been packed with people. As it happened, no one was in the area at the time of the accident.

Case said that about $300 damage was caused.

West High Band Practice Starts

Clair Barnard, director of West High School's marching band announces the first rehearsal of the season will be held Monday, Aug. 24 at West High School in the band room, in preparation for the football season.

West Jefferson Plans Ox Roast For Labor Day

For the third successive year the West Jefferson Business Men's Association is holding a free ox roast on Sept. 7, Labor Day, at the West Jefferson High School grounds. The event, which is expected to draw more than 8,000 people, is open to the public and will get underway at noon and continue until midnight.

Purpose of the ox roast is to garner funds for better recreational facilities for the youth of West Jefferson, according to Charles Hays president of the business association.

A huge parade will be staged during the afternoon festivities, featuring wild buffalo, oxen, antique cars and a number of bands from the area. Motif of the parade will be more or less a pageantry of the evolution of varied modes of transportation and travel.

It was also announced this week that a total of $1,200 in merchandise prizes offered by the business men and merchants of the community would be given away during the course of the day's activities.

Committee chairmen for the annual event are Bill Strauss, tickets; Ben Edwards, refreshments; Bob Miller, publicity; Jim Arganbright, police and traffic; Orville Rings, concessions, and Bryson Evans, dance and farmer relations.

Pre-School Schedule Is Announced

Sept. 2, meeting of the entire administrative staff, Administrative Building, 270 E. State-st, 9 a. m. to 12 m.

Sept. 4, orientation meeting for new teachers, Administration Building, 270 E. State-st.

Sept. 8, general teachers' meeting for all members of the professional staff, auditorium, North High School, 9 a. m.

Sept. 9, secondary schools will go into session at 8:45 a. m. and the elementary schools at 9 a. m.

Valleyview Mayor Warns On Speeding

Speeders this week received their last warning from Mayor Charles J. Ringer of Valleyview after three accidents within the week occurred within the village limits, all traceable to driving at high speeds.

Said Mayor Ringer this week, "We have tried in every way possible in our village to be considerate of persons who drive through, but of recent months many people have tried to make a speedway of our streets. It is going to stop. As of this date anyone driving over 35 miles an hour in Valleyview will get a ticket. Over the 40 miles an hour limit it is going to be a fine. I have instructed Marshal Louis Blem to bring in all who are guilty of excessive speed in the village."

The mayor pointed out that many would probably refer to Valleyview as a speed trap from now on, but said, "We want our children and our citizens to feel that they are safe on the streets of Valleyview."

Miles V. "Cap" Hoover Asks Leave Of Absence From YMCA

Miles V. "Cap" Hoover

Jim Wagner

Miles V. Hoover, 83 West Parkav, affectionately known as "Cap", the executive secretary of the South Side Branch of the Young Men's Christian Association of Columbus, has been granted a year's leave of absence according to the joint announcement made by C. L. Dumaree, chairman of the committee of management of the branch of the YMCA, and C. J. Dyer, general executive of the association.

"Cap" Hoover has served the South Side Branch with distinction for the past 30 years and this leave has been granted at his request and is effective Oct. 1, 1953.

James Wagner, associate executive, becomes the acting executive. Wagner, a graduate of Ohio State in the school of social work, has been with the South Side Branch for the past seven years and is well known among the youth of the community.

He will have associated with him Edward Cherryholmes, who is at present a part-time member of the staff. Cherryholmes is a divinity student at Otterbein University and will continue on the staff until June, 1954.

In addition to Cherryholmes, Jerry D. Honaker, boys' secretary of the Wheeling, W. Va., YMCA, has accepted the invitation to be Jim Wagner's associate and will come to Columbus Sept. 1 to take up his duties at that time. Honaker is a graduate of Marshall College and took graduate study at George Williams College in Chicago, the professional training school for YMCA secretaries. He is married and a member of the Methodist Church.

Shamrock Club Picnic Aug. 23

The Shamrock Club will hold its first annual basket picnic Aug. 23, at Catalpa Park. It will begin at noon and continue until 9 p.m. Games, contests, music, and group singing will be featured.

Daniel F. Cannon, president of the club, announced the following men will handle details: Bob Dempsey and Emmet Bain, chairmen; Joe Neal and Bob Foley, finance; Joe Enright, refreshments; Harold Dempsey, Tom Timlin and Frank Brown, games; Bob McNerney, tickets; John Hardgrove, entertainment; Teck Bell, Jack Ryan, Jim Bell and Mike Murphy, children's games; Larry J. Corcoran, publicity.

Tickets may be obtained at the Knights of Columbus, Council 400, or from members of the Shamrock Club.

Central Point Annexation Seen Possible

Indications are that a strong possibility exists for the Central Point Shopping Center to ask for annexation of the area covered by the huge 35 store business center to the city of Columbus.

At present several of the stores in the unit and portions of others are in the corporation limits while the same condition exists for the remainder which are partially in Franklin-twp and partially in the city of Columbus.

Inasmuch as the center straddles the dividing line between the city and the township, even to dividing some of the stores, a number of perplexing questions have arisen concerning police protection, fire protection and city income tax.

Don M. Casto, Jr., one of the developers of the huge center, however, pointed out this week that, even though the problems do exist, no one as yet has asked that the huge multi-million dollar development be annexed into the city of Columbus.

Amusing is the fact that if a burglar gained entry through the front of some of the stores he would be subject to chase by the Franklin County Sheriff providing he left by the same means, but if he entered the store from the rear and departed by the same means Columbus City Police would be after him.

As to fire prtoection half of the stores are protected by Columbus Fire Department while the other half are under the protection of Franklin Township Volunteer Firemen.

One of the puzzlers is the matter of income tax to the city. Since some of the stores are divided by the corporation line the question as to whether or not you pay depends on which half of the store you work in. This one really has some of the bookkeepers in a dither.

Thus arises the question "Annexation to the city, or Franklin-twp?"

Hilltoppers Take Attorneys Oath

Among the group of 32 new attorneys who were administered the oath of office Monday by Chief Justice Carl V. Weygandt, in the Supreme Court chambers in the State House, were a number of Hilltoppers.

They included Richard C. Ison, son of C. V. Ison, 220 S. Huron-av; Dwight Shipley, 85 S. Ogden-av; Mary E. Smith, 2977 W. Broad-st; Howard E. Wilson, 89 Powhatan-av, and Norman J. Wintermeyer, 335 S. Roys-av.

VJ Day Party At Camp Chase Is Saturday

The once postponed V-J Day party scheduled by Camp Chase Post 96 of the American Legion will be held this Saturday, Aug. 22, beginning at 2 p. m. in the afternoon and continuing until late in the evening, according to announcement this week.

All veterans of World Wars I and II and of the Korean conflict are being extended an invitation to visit Camp Chase Post at 3211 W. Broad-st during the day or evening.

Post members were especially being urged this week to attend the affair, and to bring with them a veteran friend or neighbor. The affair will mark the opening of the Camp Chase Post drive for 1954 membership. At the present time Camp Chase has a membership of 612 and is endeavoring to better that mark by more than 100.

Armistice Day, Nov. 11, has been set as the initial date for the Post to attain its district quota of 979 members.

INJURED IN FALL

Carrie Dickinson, 39, of 1716 Union-av, was removed to St. Carmel Hospital by emergency squadmen after she was injured in a fall early Monday evening.

New Wedgewood Shopping Center Construction Now Underway

The largest housing project yet undertaken on the west side of the city is now under way on Sullivant-av in the vicinity of the General Motors Ternstedt and new Westinghouse plants.

It is called "Westgate Manor" and will, when completed, contain 1,000 rental units of four and five rooms each, renting for an average of $85 per month.

Also under construction on the south side of Sullivant-av in front of Westgate Manor is the "Wedgewood" Community Shopping Center, containing 40,000 square feet of retail floor space comprising 22 stores.

It is said that "Wedgewood will have the highest ratio of automobile parking to store area yet built in Franklin County, being an 11 to one ratio—completely blacktopped and to accommodate a maximum of 2,000 cars.

Wedgewood Boulevard, beginning at Sullivant-av, winds south through the 50-acre business center and housing development and is being paved as part of the construction operation.

The shopping center will contain a balanced variety of stores suitable to the community, including a limited number of professional offices. Leasing is now in progress through the Hayden Edwards Co.

The initial project of 360 living units now under way will be immediately followed by two others of about the same size, and built south of the initial project on both sides of the new Wedgewood-blvd.

The completed project of 1,000 living units and the shopping center will cost approximately ten million dollars.

The developer and contractor is Vernon C. Neal of Pittsburgh. The firm has built in Pittsburgh and elsewhere a number of large construction projects, the most recent in Puerto Rico.

They will have some of the housing units ready for occupancy before the end of the year.

Lois O'Toole, chief home economist, Oklahoma A&M College: "Men at work in the house is no longer sissy—it's the thing to do."

"Y" Indian Guides Plan More Outings

Despite a heavy schedule of vacations the five YMCA Indian Tribe Guides still continue their regular meetings. The summer meetings have consisted mostly of picnics and family outings.

The Miami Tribe under the leadership of Chief Larry Surrell enjoyed a family picnic at Blacklick Woods. After consuming much food, Big and Little Braves and their families took a nature hike through the woods. Several of the Dads and Sons also enjoyed a game of softball. The Miami Tribe is also planning a Saturday trip to the Columbus Zoo.

The Cherokee Tribe with their Chief Jim Jackson are planning a family picnic at the South Side "Y" Park on Aug. 23. This tribe has also held several evening meetings at one of the members home and have enjoyed several handicraft projects.

The Kickapoo Tribe with Big Chief Stan Ruoff enjoyed a family get-together at Westgate Park shelter house with the Big and Little Braves conducting a Tribal Meeting for their Mothers. Each Little Brave repeated the Purpose, Aims and gave a report. This Tribe is planning a Rubberneck Tour and another outing in the early fall.

The Shawnee Tribe will hold a family picnic at the home of Big Chief Ray Anderson, 392 Wiltshire-rd. tomorrow evening. The Chief has promised heap big food and Medicine Man, Bob Schmidt, of the YMCA, is anxiously looking forward to this Poo Woo. This meeting will also be guest night and several new prospective members have been invited to attend this outing.

The Wyandotte Tribe with Big Chief Louis Christy have been very active during the summer months. Several meetings ago they enjoyed a Father and Son picnic and fishing trip out to Lake Forrest and the Little Braves enjoyed catching many catfish and bluegills. Last week the Tribe met at the home of Big and Little Brave Hartley on Wilson-rd and enjoyed making birch bark canoes. Big and Little Brave Hartley brought the bark back with them from the North Woods and they taught the other members to construct the canoes.

Robert L. Kneisley

Robert L. Kneisley, manager of the Hilltop office Ohio National Bank, will leave Aug. 24 to attend the School of Banking at the University of Wisconsin.

This will be Kneisley's second year at the school which requires a two week resident attendance each year for three years to earn the certificate of graduation. Glenwood Briefs

The Glenwood Tribe, intermediate knothole team, with the season league finished had scheduled some additional games for this week. On Tuesday they went down to a humiliating 18-0 defeat by the West Side Pirates. Handicaped by the lack of players and using more experienced junior team members, the Tribe was able to get three hits from the offerings of the Pirates Thompson. The Pirates shelled the Tribe pitchers, Williams, Longmire and Flannagan for 17 hits.

The Tribe was scheduled to play the Boys Club on Thursday but the game was cancelled. The Camp Chase Frogs substituted for the Boys Club in the Tribes last game of the season.

The Tribe pitching staff was spaced over the 6 inning route with each pitcher going 2 innings in the 7-2 win which climaxed the season for the Tribe. Longmire gave up no hits or runs and struck out one; Williams struck out three, gave up two hits and two runs; Flannagan struck out one and gave up no runs and one hit. Furry the Frogs pitcher gave up four hits and seven runs.

The Tribe will re-organize again next year for the knothole season with many of the team members advancing to the senior group and some will remain with new players filling in the vacancies.

The Tribe roster for the 1953 season was: Paul Longmire, Dick Flannagan, Jim Topping, Bill Bryant, Ronnie Hill, Al Nichols, Larry Witherup, Orville Scott, Byron Poston, Larry Williams, Jim MacDonald, Larry Thompson, David Williams.

The Tribe finished the season with an over all record of six wins and four losses.

The Blues blew their game with the Arlington team and with it a chance for the city Junior play-offs. The Blues started in the first to score one and again in the second but Arlington got two in their half of the 2nd. The Blues moved again in the third to get two more and to hold a lead 4-2 going into the bottom of the fourth when three successive errors and a hit gave Arlington three runs and the lead.

The Blues could not get a run in their half of the fifth but Arlington put together a series of errors and single and a triple to score five runs which iced the game for them.

Larry Goodin pitching well; spaced six hit ball was credited for the 10-4 loss. His team mates could only get four hits while committing a total of 10 errors.

The game with Arlington wound up the Glenwood Junior Knothole action for the season. The two Glenwood teams were composed entirely of Little League players from the Glenwood Little League which indicated that the Glenwood entries in the 54 junior knothole should be strong contenders for the title.

The Reds were composed of: Mike Wolf, Bill Karns, Steve Fetheroff, Bill Quinn, Wayne Robbins, Bob Sargents, Otis Moman, Bob Jackson, Larry Fritzlan, Bob Kreig, Kelly Richards and Norman Esterbrook.

The Blues were composed of: Jerry Hummel, Marty Crawford, Al Strickler, Jim Jordon, Larry Goodin, Bill Hamilton, Bill Lysen, Pete Howe, Vaghn Ammon, Pete Caborn, Jerry Jaynes and Dan Weygandt.

The Glenwood Reds were given their only win of the season when the Arlington entry in the league forfeited the game to the Reds when they could not field a team due to vacationitis.

The Glenwood Blues with three games secheduled this week had a busy time, making up the rained out games of the past and completing the schedule for the season.

Monday morning the Blues tackled the Krause-Pagura team and emerged winners with a 14-8 edge, The Blues banged out 11 hits for their 14 runs. The K. P. squad got six hits and eight runs off the offering's of Lefty Larry Goodin.

The Blues built a lead of 8-1 at the end of the third and blew it in the fourth when a series of walks and errors followed by some timely hitting by the K-P team gave them seven runs and the lead 8-7. The Blues came back in the fifth to score six which was the margin of victory.

The Blues tangled with The Westgate Lions on Wednesday and again emerged victors with a 4-3 win in a very tight game. The Blues were having hitting trouble and scored their first run in the third without a hit. Ammon got by on an error and scored when the short stop errored on Crawfords ground ball. The Lions rebounded in the fourth to score three runs on two hits to take the lead and finish their scoring for the game.

The Blues got a single run in the bottom of the fourth and iced the game with two more runs in the fifth.

The final game of the league was scheduled at Arlington for Friday.

The Yankees, the last Glenwood Little League team in the city play-offs, went down to defeat and elimination in the play-offs in their third game. The Sunshine Scarlets took the game 8-0 behind the convincing pitching of Martin who allowed but one hit. The Yankee pitchers Crawford and Richards were tagged for seven hits. The Scarlets began shelling the Yankee pitcher in the first for three hits and five runs, a blow the Yankees could not counter.

This game completes the Little League action at Glenwood Center for the year. The center is planning to be the hub of Little League next year as the Little League season gets under way.

RICH MAN, POOR MAN . . .

GOOD HEALTH FOR ALL

Too Hot to Eat?

Little Tommy shoves his dinner plate away. He's not hungry.

And Mother is sympathetic. She hasn't much appetite herself. It's too hot to eat.

But Tommy, and his mother, too, need food as much in warm weather as in cold. People who are just as active in summer as in winter should consume about the same amount of calories.

Those who exercise a lot in summer—and sit by the fire all winter—actually need more! If Tommy is in good health, his appetite ought to be equal to his need for food, even in the dog days.

The Columbus Tuberculosis Society says that it will do Tommy more harm than good to try to force him to eat. That can bring on feeding problems that will haunt the family for years. The aim is to let the child's natural appetite come to the surface so that he will want to eat.

Now there are steps Mother can take to remedy this problem. Children's senses are keen and they are attracted or repelled by the texture of food and the way it is prepared. Actually, the Columbus Tuberculosis Society maintains, everyone tastes with his eyes first. Color stimulates appetite. Certain shades of red and peach are tops, according to army tests. But unnatural-colored foods are uninviting. A little extra effort by the housewife to make meals look attractive and play colors that have eye appeal will be welcomed by the entire family.

This need not mean that Mother has to slave over a hot stove all day. That's the quickest way to ruin her appetite. Food does not have to be hot to be nutritious.

The Columbus Tuberculosis Society suggests that a half-hour nap before dinner would help Tommy's appetite. No one should eat the large meal of the day at breakfast time, after a night's sleep.

The conventional mealtime order has been determined by society rather than by the facts of digestion.

Summer might be a good time to try the innovation of serving the main meal of the day in the cool early morning. In addition, five meals a day are better than three. If he gets a light snack—not sweets—half way between each of the main meals of the day, Tommy will eat better and, as an extra dividend, his behavior will improve.

Parents Volunteer Association Provides New Playground For State School Children

Besides having fun on the new playground equipment at the Columbus State School the young students are able to acquire the physical exercise they need and at the same time learn how to adjust themselves among other children. The children using this playground are more able to cope with each other than if they were among normal children inasmuch as they associate with other children with the same mental capacity.

By Pat Martindale

Children at the Columbus State School thoroughly enjoy the new playground which has been pro- Volunteer Association.

This association which is composed of parents and friends of the students at the school is now a state-wide organization and is similar to the public school's PTA, and has 300 active members. Although this group is less than two years old they have provided many worthwhile and helpful needs for the students which the state does not furnish.

Besides the $3300 playground equipment they contribute $1200 yearly to be used for craft material; they have fenced in an area for small children who are inclined to wander away and donated radios and TV sets for those who are unable to get out to play.

The purpose of the Parents' Volunteer Association is to function for further understanding of the mentally retarded; to assist with added facilities for the education and pleasure of the students and to acquaint the public with the State School program and needs.

Among the many other organizations which contribute with help and material to the Columbus State School is the Volunteer Services Committee which is composed of local civic, social and church organizations.

Meetings are held each month from September through June in the Administration building of the State School and any Hilltop or West Side group interested in charitable work for the school is invited to attend the meetings or visit the school to become acquainted with its program.

Lloyd Ferguson is the director of the Volunteer Services and will give any information concerning the school or Volunteer groups.

Dates for the Volunteer Services Committee meetings can be found in the Hilltop Record and West Side News for future meetings.

At The Playgrounds

By Pat Martindale

West Mound

This is the last week of supervised activities at all school playgrounds. It has been a rather successful summer at West Mound Playground considering the fact that it was the first year the playground has been open to the public. During the eight week period, 122 boys and girls have enrolled and enjoyed playing kickball, badminton, croquet, softball, and checkers as well as using the playground equipment. Several movies, including "Morning Star", "Adventure of Chico" and "Spring Comes to a Pond" were well received and enjoyed by the playground group.

Thursday August 13, another "Family Night" is being planned with horseshoes, volleyball, softball and badminton games scheduled for the parents. The parents are especially invited to come and bring weiners, buns and marshmallows for a get to-gether around the fireplace.

The playground officially closed at 4 p. m. Friday August 14. Ray Smiley has been the playground supervisor throughout the summer.

John Burroughs

With the closing date for John Burroughs being very close, the finals for the tournaments will be played at Central High School by the time this news reaches the Record readers, but [illegible] reason of win or district entry, the playground will have been well represented.

Dave Brophy, the several repeat winner, plays senior checkers and badminton. Bill Winnestaffer hopes to have time for senior horseshoe pitch and foul shooting. Larry Steece won first round at junior checkers from Dana then won the semi from Southwood and Roger Bruns who made the checkers for under the age of 12, has made the finals in the tournament. George Watkins has the junior foul shoot.

The classy softball team finally got together and walloped Dana 18 to 3 and only need to get-by Indianola to enter the finals.

Craft classes following the interesting daily story hour have been exceptionally well attended in these last weeks. The fine work of the youngsters can be seen at the social hour Thursday evening.

Mr. Beachler, John Burroughs supervisor, expressed thanks to everyone for their cooperation and hopes that the parents have enjoyed having their children attend the playground during these summer weeks.

Highland

The Traveling Zoo visited Highland on Tuesday Aug. 4 from 1:30 to 3:30 p. m. and was very much enjoyed by the children.

On Thursday Aug. 6 Highland presented 16 children in a "Salute to Ohio" at the Drama Festival at Sunshine Park.

Highland again made a good showing at the South Sectional Track Meet. Mae Brown and Connie Davis scored 13 points together.

There will be four boys representing Highland in the horseshoe tournament Aug. 18 at Sunshine Park.

Four girls and three boys attended the Junior Olympics at Ohio State University on Aug. 15 to represent Highland playground.

Holton

The following Holton participants took part in the Drama Festival at Sunshine Park: Patty Jones, Nancy Graham, Mary Lynne Burns, Marie Morrison, Ronald and Susan Sloter and Mrs. Sloter, Mark Renner and Larry Frazee.

Rehearsals are now being held at Holton for the pagent which is to be held at Central High School on Aug. 20 and which will include all City playgrounds. Dress rehearsals were held for the various playgrounds on Wednesday Aug. 19 at Central High. Registrations for the Central Ohio Olympics closed at noon on Aug. 14 and the meet was held on Aug. 15 at Ohio State University.

Exhibits of crafts from Holton can be seen with exhibits from all City Playgrounds at the City Hall which is now on display.

Boys and girls who have acted as playground assistants during the summer and members of the Parents Advisory Council will be invited to attend a theater party on Saturday Aug. 22 in appreciation of their help over the summer months given to the city playgrounds.

Glenwood

Craft classes at Glenwood have been making baskets, potholders and puppets. Puppets have been made out of wooden picnic spoons decorated with crepe paper, yarn and crayon. Other finger puppets have been made out of plaster. Circus wagons were made from paper plates and filled with paper horns, snakes and monkeys to celebrate the arrival of the traveling zoo.

Glenwood has many items of interest in the playground crafts display now being shown at City Hall. Spoon puppets, masks, a circus wagon train, several paintings and a family of plaster skunks are among the craft items. Exhibits were offered by James Minton, Carol Scheiblich, Carol Diedrick, Norman Esterbrook, Sue Martindale, Jane Squeo and Beverly Diedrich.

Carol Scheiblich played the part of Johnny Appleseed Thursday afternoon when Glenwood troopers gave an excerpt of their play. The cast included a tribe of Indians; Bobby Frasher, Robert Justice, Anthony Zanetos, Jane Squeo, Steve and John Hank and James Minton. The pioneers were: Fred Strickler, Harry Dickard, Linda Gardner, Sondra DeVoe, Franklin Archer, Carol Ann Minton, Sue Martindale and Glen Houdashelt.

The "Y" Summer Fun Club Awards night officially closed the club but the boys still want some extra swims, rubberneck tours and treasure hunts—so, fellows check your schedule for the time of these special events.

For the next two weeks Bill Botkin, Bill Ingle and Dick Rice are attending Camp Willson as representatives of West Junior Hi-Y Club. This is an Officers Training session and we know each of these boys will bring home many new ideas for their club. Also during the next two weeks at Camp Alfred Willson, the following boys sponsored by the Hilltop Lions Club will attend the camp: Elmer McComas, Terry Murry, Eugene Neal, Charles Castle and William Castle. Boy don't we envy you fellows.

Special thanks to Jack Alkire, Ray Anderson, Wayne Engle and Carlton Hartley for their part in making the Second Annual Summer Fun Club Awards Night a big success. It was a wonderful thrill to see so many parents, friends and guests in attendance. This type of interest more clearly indicates the great need for adequate Y M C A facilities on the Hilltop.

MOUNTAIN NIGHT
Night comes gently to the mountains
The canyons first are filled with purple shadows
That draw soft draperies over the harsh rocks
And turn the river's turbulent refrain into a lullaby.
Then one by one, the high peaks yield
Their golden banners of the sun's last warmth
Tonight's cool, insistent fingers,
That tuck them down to sleep
Beneath a dark blue blanket
Drifted with silver stars.

It is good to get away from windows that always need cleaning, a typewriter that rebels in hot weather, fans that blow papers all over, a phone that keeps ringing (usually the wrong number or that "*$%—&'()°°!! telephone advertising), the messy oven where the juice ran out of that last awful berry pie, the noise of traffic and the newspaper headlines. It is good, but it is better to get back home again, though the oven and the windows are still here. Also the headlines.

Mail—From a mother: Why do parents put small children in the back seat of their car and not notice when they lean far out of the windows, and why don't parents see that the doors are securely locked. Better still, why don't they have two-doors? . . . From a vacationing friend: We are really seeing New York, what we can see through the haze of heat that seems to rise from the sidewalks. Grant's tomb and the Statue of Liberty look just like they do on the picture post cards . . . From a gal down Louisville, Ky. way: The goldenrod is lovely this year. It reminds me that it will soon be time to start worrying about Christmas shopping.

Here are some wrong [illegible] sent in by an ex-school [illegible]. The Red Sea and the Mediterranean Sea are connected by the Sewage Canal. A sentence has two parts—the subject and the predicament. In India a man in one cask is not allowed to marry a woman in another cask. Mountains in Pennsylvania are the Poke and know Mountains.

Things I'm going to do—some day: Ask Mr. Hartley how he happened to get into the newspaper game . . . Write fan letters to my favorite tv programs . . . Ask Ye Editor why he uses this stuff. Guess I'd better not though, for he might say it's to show how bad a column can be . . . Tell the people at the Superior Drug Store how much their courtesy is appreciated and how shining-clean the store always is . . . Ask somebody how to tell a good cantaloupe—wonder if Fern Sharp knows . . . Tell two of Columbus' finest, Patrolmen Allen Dolby and Sidney Hoyt, that they shouldn't grow up so fast. I'm sure it was only a year or two ago that they were little boys, coming here to play with my little boy.

The thing that makes
Your nerves go amash
Is hearing brakes squeak
And waiting for the crash.

From somewhere: "My husband is easy on his clothes," said Mrs. A. "He bought a hat 10 years ago, had it cleaned and blocked twice, exchanged it four times in restaurants, and it still looks like new."

His Lucky Day

Sonny — Daddy, do you remember where it was that you first met mamma?

Daddy — Yes, son, I recall that it was at a party where there were 13 at the table.

"Why do you call your house a bungalow?"

"Well, if it isn't a bungalow, what is it? The builder made a bungle of it, and I still owe for it."

LETTERS TO THE EDITOR

Editor, Hilltop Record

I solicit your most able support on a project of my own, one that I have not consulted the VFW about, but one that I feel is worthy of the full support of all citizens of this community.

You carried a picture of the newly acquired home of VFW Post No. 3441 and a blind man can see that it must have a roof.

We have been solicited for Bundles for Britain, China, Burma, Korea, France, Germany and practically every nation under the sun but seldom are we solicited for anything for the American fighting men who fought America's foreign wars, and I propose to find out if the citizens of this community will back a plan to show our appreciation to our fighting men, by proposing the following plan to finance roofing this new home.

I propose that a local concern of the Hilltop be selected, which deals in roofing; that when selected, each person or firm who cares to contribute a bundle of roofing shingles call the supply house selected and authorize them to bill such contributor for one bundle of roofing shingles.

In this way, we would not handle a single dollar and the same weight and kind of shingle would be furnished to do the entire roofing job.

I will be glad to send the name of the firm to all who care to contribute and will publish the names of all who do contribute, unless they request that their name is not published.

Knowing this post and its members, I realize full well that they do not have the necessary finances to make many needed repairs and that they would never consent to asking for such aid from our fellow citizens, so this is strictly my own idea.

You have been asked in the past to support many community projects, but this is, to the best of my knowledge, the very first time that any one has asked you to aid one of your community veterans' organizations and as a citizen of this community for the past half century, I have faith in this community and feel quite sure that they will back my efforts.

Call me at RA. 4549 and I will furnish you with any additional information you may want.

Your neighbor,
The Old Serge

Distance Is No Barrier As Group Meets For Reunion

Grouped about the telephone last Thursday evening were these women as they talked to a missing member of their club in Miami, Fla., who could not be present at a reunion of their former high school club. Left to right in the photo are Elaine Johnston, Elizabeth Butterbaugh, Arvine Schmidt, Jeri Dickerson, Anita Dewhurst, Mildred Nichols, Frances Rinehart and Mary Lou Nippert.

Back in 1929 at Central High School a group of girls, nine to be exact, held a meeting and vowed that regardless of the fact that they were to graduate the next year, they would always keep in touch with one another and that so long as they were anywhere close to one another they would meet regularly at least once per month.

Strangely enough, that group throughout the intervening years has kept that vow. In the 24 years they have met regularly. Sometimes not all could be present but the meetings were held and the nine girls of 1929 are now all married.

Last Thursday marked another year to their record when they met at the home of Mr. and Mrs. Donald Dewhurst, 24 S. Richardson-av. The unique part of this meeting was that another of the girls, Mrs. Ralph Johnston, who had not been present at all meetings, was passing through the city on her way to her home in Glendale, Calif., and was able to be present. The lone missing member of the group, Mrs. Ruth Floyd of Miami, Fla., attended via long distance telephone.

Attending the open house meeting last Thursday evening were Mr. and Mrs. Frank Schmidt (Arvine Lee), 143 N. Huron-av; Mr. and Mrs. Mel Rinehart (Frances Minnameyer), 674 S. Oakley-av; Mr. and Mrs. John Butterbaugh (Elizabeth Gilbert), 651 S. Hague-av; Mr. and Mrs. Howard Nichols (Mildred Koger), 143 Richards-rd; Mr. and Mrs. Paul Nippert (Mary Lou Wilson), 163 S. Roys-av; Mr. and Mrs. John Dickerson (Geraldine Deyo), 1498 Westwood-av; Mr. and Mrs. Ralph Johnston (Elaine Wilson), Glendale, Calif.; Mr. and Mrs. Donald Dewhurst (Anita Jones), 24 S. Richardson-av. Attending the meeting via long distance telephone was the ninth member of the group, Mrs. Ruth Floyd (Ruth Walpole), Miami, Fla.

NATION TO EXPLORE OHIO

Governor Frank J. Lausche, as chairman of Ohio's Sesquicentennial, discusses plans for National Aircraft Show with Ben T. Franklin.

The entire state of Ohio will hold open house for the nation this summer in celebration of 150 years of statehood as programs of committees in 88 counties and the Ohio Sesquicentennial Commission attract hundreds of thousands to gala events all over the state.

Top events include the presentation of "The Seventeenth Star," colorful drama with music by Paul Green as a feature of the Ohio State Sesquicentennial Fair in Columbus starting the last of August; the Glidden tour by hundreds of antique automobiles from all parts of the country which will stop-over in Cleveland, Toledo and Columbus from Sept. 14 through 17 and the National Aircraft Show at Dayton Municipal Airport, the Labor Day week-end of Sept. 5, 6 and 7.

Greatly enlarged successor to the National Air Races, the 1953 National Aircraft Show honors the Fiftieth Anniversary of Powered Flight in the home town of the Wright brothers, and is an official event of the Ohio Sesquicentennial, as well as the only air show of the year endorsed for exhibits by the Aircraft Industries Association. In addition to aircraft exhibits in eight hangars, there will be events in the air by the four armed services: Air Force, Navy, Marines and Army.

Cook Pitches No-Hitter For Glenwood 9

Pete Cook, the Glenwood Senior Knothole pitcher, turned in a dream game against the Sunshine team when he pitched a no-hitter last Wednesday. Cook faced 20 batters and struck out nine, walked two and allowed only one man to get to second. The Glenwood boys scored seven runs on six hits off the offerings of Grannon of Sunshine.

The Glenwood team began the game by getting five runs in the first inning. Fath walked, Brooks flied out and Nickolson struck out to make things look dark in the first but O'Day walked and Whil followed with a single that scored Fath and O'Day. Wareham then doubled to score Whil.

Cook was safe with an error and successive singles by Fluor and Nye loaded the bases and scored Wareham.. Fath struck out when he batted the second time in the inning.

The Sunshine pitching was tight for the rest of the game and Glenwood could get hits in the fourth and fifth but no runs. In the sixth Glenwood scored two more runs on no hits. Flour started the inning with a walk and Nye struck out, Fath walked after Fluor had stolen second; a passed ball put him on third and in an attempt to pick off Fath the Sunshine players committed an error that allowed Fluor to score and Fath to advance to second. On the next pitch Fath stole third, Brooks was walked and put out attempting to steal second. Fath scored on the put out, Nickolson struck out to end the inning.

This win and with only one game left on the schedule put the Glenwood team in position to be in the Senior Knothole playoffs this season.

TV Star At Central Point

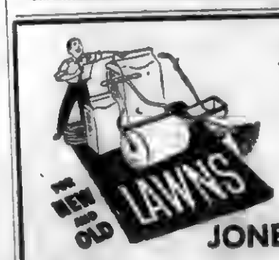
The appearance of "Clarabell," TV idol of youngsters who follow the antics of Howdy Doody at the Salvatore Shea Store in Central Point Tuesday afternoon was the occasion for a rally of hundreds of his young friends who came to meet the non-talkative character in person. Clarabel is pictured above surrounded by admirers.

Food Sense — Not Nonsense

Calories Make the Difference

KEEP IT BALANCED

Peck's bad boy couldn't have taken more punishment than has the abused calorie, yet no one could live without it. Whether you are big or little, you need energy to work and enjoy life. That energy can come only from calories furnished by food.



Today, good diet has an indirect enemy—the calorie—because some folks forget that a key to healthful living is balanced eating. So much is said about hazards of overweight that the food needs of the underweight person or the energetic youngster are overlooked. Extreme thinness, though fashionable, is a real hazard.

It is easy enough to see the results of too many calories. Likewise a lack of calories is evident before the lack of proteins or any one of the vitamins or minerals sounds a warning. Undereating leads to nervousness, irritability, loss of appetite, indigestion, listlessness, lack of vitality and lowered resistance.

The energy to live comes from food and the amount of energy supplied by that food is measured in terms of calories. Actually, food is fuel. Fuels be they gasoline or apple pie, put the "go" in your car or your body. Your age, how hard you work physically, and your size decide how many calories you need. Too many calories go to waste, on your waist.

Fats give about twice as many calories as do sugars, starches or proteins. Foods high in fat have a high calorie count. Some foods, such as a few fruits and vegetables, due to their large amounts of cellulose and water are very low in calories. Nutritionists consider bread and lean meat as having in-between calorie values.

Calories from enriched bread and cereals are economical sources of energy. In some cases, these foods furnish good protein for as much as one-half the cost of high-protein foods.

First President Had Only $1,000 For Opening Year AT Ohio University

As Ohio University in Athens prepares to celebrate its Sesquicentennial in 1954, it presents a picture vastly different from the one that the Reverend Jacob Lindley saw when he became its first president. After 150 years, the university has grown to a size that Lindley probably never imagined. Shown above is the $750,000 Lindley Hall, a women's dormitory, which commemorates his achievements. Under Lindley's administration the university grew from an opening enrollment of three to a position of importance by 1822. The left half portion of Lindley Hall was completed in 1962.

Sightless Boy Is Winner Of Baby Popularity Contest

By Pat Martindale

Twenty-one-month old Michael David Hargrove succeeded in winning first place in the baby contest held by the Colored Welfare for the Sightless at the Masonic Temple, recently.

Michael's pleasant personality paid off in the popularity contest both for him and the organization inasmuch as each vote was purchased with the proceeds being used by the organization to promote their work for the blind.

Michael David Hargrove

Although Michael has never been able to see, he plays with toys and thoroughly enjoys life. He has learned much by feeling objects with his hands and can tell who each person in his household is by merely touching their face. He knows most people with whom he comes in contact, by their voice. In spite of his very young age, Mike has acquired a great love for music and will listen by the hour to the radio and television.

Michael's parents, Mr. and Mrs. Albert Hargrove, 92 Clarendon-av, are hoping that his love for music will develop to the point that he will have a desire to study music when he becomes a few years older. In the meantime he is being taught as any other child, to live in normal surroundings.

His mother says he is very easy to care for because he is such a good baby and is always so pleasant that everyone finds him a pleasure to be around. As a matter of fact that is why so many votes were cast for him in the baby contest and why he led his closest opponent with more than twice as many votes.

Housekeeping

Women are funny. A lady in our neighborhood is such a finicky housekeeper that she always has to tidy up the place before the maid arrives to clean up the house. Foley (Ala.) Onlooker.

Melon, juicy and ice cold, makes an exceptionally enticing summer dessert. A sherbert glass of melon balls, half honeydew and half canteloupe, topped with Frosted Mayonnaise Squares is a favorite of mine.

★ ★ ★

How to make mayonnaise squares: Combine 1 cup real mayonnaise with ½ cup heavy cream, whipped. Fold in ¼ cup maraschino cherries, chopped, and freeze in a refrigerator tray. Cut in squares and serve on melon balls or other fruit dessert salads. P.S. If you're no melon ball cutter, use one of the spoons in your metal measuring spoon set.

Jewelry experts say "never" to the idea that pearls should be cleaned by dipping them in soapy water. The best and safest way is to carefully wipe them with a damp cloth.

A tip to teen-agers! Did you know your sneakers can be dyed to match your favorite sports ensembles? Just make an all-purpose dye solution of the desired color and apply with a small brush or sponge. Many of the younger set have several pairs dyed in their favorite shades. And occasionally I've seen them wearing two colors.

Barbecued Spareribs Recipe Is Offered By Mrs. Durban

Mrs. Rose Durban

A Hilliards resident of the past six years is the donor of this week's recipe contribution. She is Mrs. Rose Durban, 3878 Alton-Darby-rd, Hilliards. Her husband, Howard, is a salesman for Richer Dairy Co., and they have two sons, Neal and Ned.

A member of St. Paul's Church in New Rome, she belongs to the Rhoda Guild of that church and the Birthday Club, composed of members of the PTA. She is also a member of the Mothers' Club of Hilliards School.

"Barbecued Spareribs" is the favorite meat dish of her family, and has been since she first learned to prepare it as a bride, 16 years ago. It's the sauce that transforms this inexpensive meat into a delicious treat, sure to please even your most discriminating guests.

Barbecued Spare Ribs

2 lbs. spare ribs
1 tablespoon vinegar
⅓ cup catsup
½ cup chopped onion
1 tbsp. Worcestershire sauce
1½ teaspoon salt.

Brown ribs on both sides in hot fat. Place in baking plan and add onions. Mix other ingredients and pour over meat. Bake in 350 degrees F. oven, basting occasionally, until tender (about one hour). Serves five.

Professional Knows Best

Stanley Peters and Wayne Schultz

Never discount the advice given by a professional fisherman. That's the conclusion drawn by Stanley Peters, proprietor of the Kiddie Shop, and Wayne Schultz, a Hilltopper residing on Roys-av.

The two men recently set out in Lake Erie from Sandusky as paying "guests" aboard a fishing boat with only one thought in mind, to secure as many of the finny tribe as was legally possible.

However, their ideas as to where the biggest and best fish were to be taken differed with that of the boat's captain, and it was only after some words with the master that the two Columbus men condescended to follow his advice.

Off they headed to Pelee Island and the accompanying photo indicates that the captain knew what he was talking about.

In Canadian waters they caught their limit in almost nothing flat, walleyes, weighing from two and a half to six pounds. Though the cost per pound may have been a little more than the market price, expenses considered, they claim the thrill far exceeded the outlay of cash.

Polio Patient Returns Home

Charles Leppert, 14-year-old son of Mr. and Mrs. Joseph Leppert, Leppert-rd., Hilliards, returned home Thursday, from Children's Hospital where he had been confined for a week with polio.

Because of crowded hospital conditions, the Hilliards High School student will receive treatments at home.

BOY FALLS FROM PORCH

Two-year-old Tommy Welch, 635 Nashoba-av, fell from his porch Saturday morning. He was all right, however, when the emergency squad arrived.

LITTLE, Mr. and Mrs. Clarence, 213 S. Ogden-av, son, Monday, August 17, in University Hospital.

BENDER, Mr. and Mrs. Donald, 633 S. Roys-av, son, Monday, Aug. 17, in White Cross Hospital.

Mary Ellen Says:

Freezing-Storing Frozen Foods

All foods can be frozen satisfactorily in a home freezer at zero to -10 degrees F., providing the freezer is not overloaded by placing too much unfrozen food in it at one time.

Place each package of unfrozen food into a chest type freezer as close as possible to the outer walls of the freezing compartment, to facilitate rapid cooling. On upright models place packages on shelves so that each package rests directly on the cooling surface. If possible, foods should be cool (60° F. or lower) when first placed in freezer.

Leave the packages in the location for 24 hours. The packages can then be rearranged as desired. Space the packages at least one inch to permit cold air to circulate around each package. Baskets and dividers are furnished to make it easier to arrange the packages for easy access on chest type models.

The proper temperature for storage is 0° F. The temperature should be checked by placing an accurate thermometer on top of the food in the freezer. If the temperature is too high the cold control should be adjusted for a lower temperature. Temperature higher than 0° F. shortens the storage period, accelerates the loss of vitamins, and hastens the loss of attractive color in green vegetables. Bush or pole beans and pork usually are the first foods to show the bad effects of too high a storage temperature. Certain microorganisms are capable of growing at low temperatures, although comparatively few grow to an appreciable extent below 19°, and the lowest limit for growth is believed to be about 14°. The dangerous botulinus toxin is not known to be capable of developing below 32°. Zero storage provides provides a wide margin of safety in preventing the growth of spoilage organisms. From a bacteriological viewpoint, frozen foods remain sound at temperatures recommended for storage.

Sundae for Any Day!

In foods, just as in fashion, a basic recipe can be dressed up or down to meet any occasion. The basic recipe here might be a scoop of ice cream with a quick pour-on of Log Cabin Syrup from the cupboard shelf, a delicious dessert for any family meal.

For dress-up, add peaches and spice to your syrup, give the combination a quick broil to mellow the flavors and spoon into parfait glasses, alternating layers of ice cream and fruited syrup. The resulting Maple Peach Surprise is designed to be served with a bit of lace and festivity.

MAPLE PEACH SURPRISE

1 cup drained sliced peaches, drained
2 teaspoons butter
½ cup maple-blended syrup
¼ cup peach juice
⅛ teaspoon cinnamon
⅛ teaspoon salt
1 pint vanilla ice cream

Place sliced peaches in greased shallow baking dish. Dot with butter. Combine syrup, peach juice, cinnamon, and salt. Pour over peaches. Place under broiler 5 to 10 minutes, or until peaches are thoroughly heated. Or bake in moderate oven (375° F.) 30 minutes. Arrange alternate layers of peach slices and ice cream in parfait glasses.

Prospective high school students who have not registered for September classes should contact Charles J. Pickens, principal, or M. D. Hartsook, superintendent, before school opens and complete their registration.

Because of increased enrollment, one additional second grade and three high school teachers have been added to the year's staff.

Hilltop Library Party Draws 210 Youngsters To Feast

The "Buckeye Trailblazers" were out in force at the Hilltop Branch Library last Wednesday for their final get-together. On hand for a puppet show and refreshments were 210 youngsters. Each had read at least 12 books during the summer—a minimum total of 2,520 books—but some read even more! Each got an Ohio map with seals of the state flower, flag, bird and seal. For each extra pair of readings, avid readers got a blue star. Some accumulated 17 blue stars—appropriate for Ohio, the 17th state!

Home-made cookies and lemonade—there's nothing better! Mothers furnished refreshments at the library get-together. Above, Mrs. William Schwan, 130 Guernsey-av; Mrs. Orval Minnear, 3350 Wicklow-rd, and Mrs. George Schlegel, 65 S. Burgess-av, dish out the goodies. Unable to attend was Mrs. Howard Waidelich, 143 Binns-blvd, but her cookies were enjoyed by all hands.

Playground Pageant To Be Held Today

A million miles or so away is the planet Mars with its strange Martian people. They've always been interested in the planet Earth. They are now celebrating their 150 millionth sesquicentennial and have decided to take their space ship to other worlds to see what kind of celebrations might be going on there. What better place than in Ohio could the men from Mars learn about sesquicentennial celebrations? Thus, this is the theme for the playground pageant sponsored by the City Recreation Department on Aug. 30 at Central High School.

The 26 city playgrounds will participate in the entertainment, showing the Martians the various steps of progress and entertainment over the past 150 years in Ohio, and the ways of all "earthly countries."

Not to be outdone, the five Hilltop playgrounds have some outstanding entertainment to offer. Westgate playground will portray the Hungarians with a very colorful dance. Highland Avenue Playground will represent the country of India in a still picture. Holton playground will portray the "Horse and Buggy Days" and Glenwood Recreation Center will present a musical number, "The Lord Is Good to Me" from Walt Disney's Movie, "Johnny Appleseed."

Parents and friends of all children who were playground participants this summer are invited to the production which is reserved to be one of the most colorful and entertaining ever presented. The entertainment starts at 7:30 p. m. and is the climax to all special events by the recreation department for the summer season.

News of Rome

By Mrs. James W. Whalen

We had two new little girls arrive in this community this week, Susan, Colleen Malone at Doctors' Hospital, on Thursday at 5:03 a. m., daughter of Mr. and Mrs. Robert (Patty Ann Cox) Malone of Maple-dr, and Catherine Kay Fellows at Mt. Carmel Hospital on Tuesday, daughter of Mr. and Mrs. Robert Fellows (Ladonna Hughes) of 107 Pasadena-av. Congratulations and best wishes are extended to the happy parents and the two new little girls.

Carol Moore, daughter of Mr. and Mrs. Roe Moore, 772 Norton-rd, returned home on Saturday after surgery at Children's Hospital on Friday by Dr. Martin. Miss Moore is getting along nicely.

On Sunday the Constellation airship on which Miss JoBeth Lynch, daughter of Mr. and Mrs. Rex W. Lynch, 130 Galloway-rd, was a passenger, had to make two forced landings and return for motor repair at the Chicago Airport before being able to be airborne and arrive at its destination of Los Angeles safely, even though six hours late. Miss Lynch was met at the Chicago Airport by her uncle, Morris Lynch, and enjoyed a pleasant visit with him. She had not seen him for several years. Later, after having arrived safely in Los Angeles she phoned her anxious parents who were relieved and delighted to learn that she was all right and had a wonderful trip after two bad starts. Miss Lynch plans to be a guest of her aunt, Mrs. C. T. Blankenship.

Miss Marie Beatty, 5155 W. Broad-st, was a guest on Sunday of Mrs. Alma Fisher of Lawrence-av.

Patty, Judy and Donna Kidwell of Zanesville enjoyed a two-week vacation with their grandparents, Mr. and Mrs. L. E. Kidwell, 390 Norton-rd, and their cousins, Sally and Shirley Kidwell, daughters of Mr. and Mrs. Jack Kidwell, 28 Lenox-av. These young ladies from Zanesville are the daughters of Mr. and Mrs. Fred Kidwell.

Mr. and Mrs. Russell Hughes, 107 Pasadena-av, entertained Mrs. Hughes' brother, Walter Benedict, and family and Lon Hughes and Miss Darlene Swindells of Canton, this week-end.

A number of fortunate youngsters from this community were the happy recipients of Pollywog and Turtle badges this past week at Hilltop Swimming Pool, Friday having been the last day for swimming lessons and qualifying tests. The following young people from this area who were in these swimming classes are: Michael and Kathy Hurdzan, Barbara Riggle, Carol Farrell, Linda Kay Pughline, Virginia Whalen, Barton Kaderly, Jim Whalen, Jr., Kim Kaderly, Bobby Denman, Lynda Denman, Teddy Craven, Jackie Craven, Sandra Armentrout, Polly Roesch, Blanche and Beverly Pennington, Blanche Jewett, Beverly Boyer, Sharon Fladt, Caroline and Rebecca Kaderly, and Quinn Krieger. At the conclusion of the Friday lesson each younagter received a box of popcorn and candy.

Hearty congratulations are extended to Ruth Ann Hoffman, daughter of Mr. and Mrs. Ellis Hoffman, 762 Rome-Hilliards-rd, who was the proud and happy recipient of a gold medal for having finished first in the girls' softball throw for ages 11 and under at the Junior Olympics for Central Ohio held at Ohio Stadium on Saturday afternoon. Accompanying Miss Hoffman and supplying moral support were her mother and friend, Mrs. Jack Kidwell. They were greatly impressed by Bob Coldren of the Ohio State University track team who carried the Junior Olympic torch on the last lap of the run from City Hall to Ohio Stadium and lit the Junior Olympic fire to start the city-wide track and field meet. These worthwhile and impressive Junior Olympics are held every year and it is the hope of Mrs. Kidwell that next year some other members of her girls' softball team will also qualify and enter.

Mr. and Mrs. James E. Farrell, 7254 West Broad street, Columbus, and children, Carol, Christopher and Becky, have just returned from an enjoyable vacation in Michigan. The Farrells were at Otsego Lake, 60 miles from the Straits.

Marvene Smith, daughter of Mr. and Mrs. Joseph Smith, 591 Townsend-av, and great granddaughter of Mrs. Belle Boucher, is attending the Baptist Church Camp, located in southern Ohio.

Mrs. Emma Elliott of 4330 Clime-rd, spent Sunday at Buckeye Lake.

The following members from Prairie Gardeners Club entered Beginners Best Class of Darby Valley Garden Club Flower Show held at Harrisburg on Friday afternoon: Mrs. Jack W. Shinn, Mrs. M. A. Howell, Mrs. James W. Whalen, and Mrs Silas Adams

Mr. and Mrs. Ellis Hoffman, 762 Rome-Hilliards-rd, entertained the members and their families of the softball baseball team of the St. Paul's Lutheran church with a pot-luck picnic supper on Friday.

Mr. and Mrs. Robert Little and children, Marcia and Bobby, 6375 Alkire-rd, enjoyed this past week in Michigan at Sleepy Hollow in South Haven. The Littles were delighted with the very beautiful modernistic lodges and were located along Lake Michigan.

Mrs. Irvin C. Gray, 100 Galloway-rd, entertained members of the Ruth Class of the Columbia Heights Methodist Church at her home this past Thursday evening. The ladies sang "Happy Birthday" to their president, Mrs. M. A. Howell and extended their congratulations. Mrs. Howell was delighted with a beautiful purse which she received from her "Silent Sister."

With one week remaining in the Hilltop YMCA Junior Church Softball League, the two top teams point for a photo finish as they come into the homestretch.

Westgate EUB stayed in the running with the Hilltop YMCA Leaders Club as they outslugged Cocherl Memorial 10-8 in an errorless thriller. Gary Baker was charged with the loss and Ron Ireland received credit for the win.

Westgate was never headed in the ball game as they jumped into an early lead by pushing five runs across in the first inning. Mike Johnny led the victors in the scoring department as he crossed the platter three times. H. D. Arnold led the losing nine by racking up two tallies.

Glenwood Methodist pulled a "Frank Merriwell" in their game with Avondale EUB as they came from seven runs behind to edge the scrappy EUB's 19-18. Mike Gozad and John Hummel shared the mound for the victors. Hummel received credit for the win.

The Leaders Club stayed in a tie for the first place position, a gift from Hoge Memorial as they forfeited because they could not field enough men. The league had a double header last Saturday morning to make up two postponed games. Results were not available at press time.

Krieger-Fisher Nuptial Rites Event Of July 26 In New Rome

Mrs. Eugene Fisher

Snow princess gladioli, white asters with greenery, palms and seven-branch candelabra, decorated the altar of St. Paul's Lutheran Church in New Rome on Sunday, July 26 for the marriage of Miss Marian Mae Krieger and Mr. T. Eugene Fisher. Rev. Arthur Rismiller officiated at the 2:30 p.m. ceremony.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Melvin Krieger of Galloway and the gridegroom's parents are Mr. and Mrs. Arthur Fisher of Hilliards.

The bridal gown was fashioned of imported chantilly lace and nylon tulle over white slipper satin. The portrait neckline was of chantilly lace, the fitted bodice of nylon tulle and the long sleeves into points over the hands. A very full skirt draped softly over crinoline and extended into a long, graceful court train.

Seen at Seiller's

Two departments are especially busy this week at Seiller's . . . clothes for the youngsters in getting ready for the back to school movement and . . . fall and winter [illegible].

Young ladies of high school and junior high ages will be interested in seeing the large selection of new novelty and classic sweaters in orlons. And there is a lot of activity around the fall skirt counters.

Ladies of the community are taking advantage of the opportunity to get their new zipper coats on Seiller's Lay-Away Plan. And the very reasonable figure of $29.95 makes this a very popular item. More and more women realize the advantages of the zipper coat . . . just zip in the lining or zip it out and you have a three season coat . . . fall, winter or spring. Seiller's have many very attractive new cashmere blends and the new Kammacuri.

While visiting the store this week we overheard one lady telling the clerk she was buying another of those attractive knit suits. She had done as many women . . . bought one last year and decided on another one this year. They are really popular.

Says:

FIT VERSUS WEAR

Came a mother and six year old son into our shoe department the other morning. While the young man was giving our golden palomino rocking horse a work-out, mother was looking over the school shoes we had displayed on a table. She asked the price of our scuff-proof tipped oxford and on being told that it was six-fifty in her son's size, she said, "Why should I pay that for shoes for him when I can get shoes that wear good like the ones he has on for a couple of dollars less?"

I looked at the shoes the child had on, saw that they were thick soled and badly out of shape so, I removed the right one and looked inside. As I suspected, the toenail of the child had worn a place in the end of the shoe. True, there was months of wear left, but as is most often the case, cheap shoes are fitted short because they do not come in widths and the help in low priced shoe stores don't know or don't care about careful fitting. The young man in question had worn his shoes two months and they had to be discarded. Good shoes, properly fitted would have gone at least four to six months.

Mrs. Elliott Observes Her 80th Birthday On Saturday, Aug. 22

With the sparkle in her blue eyes belying her age, Mrs. Emma Elliott, 4330 Clime-rd, the jolly and attractive mother of five children, will celebrate her 80th birthday on Saturday, Aug. 22.

Mrs. Elliott is remarkable in many ways. She is very active and interested not only in her own family, but the community as well.

She suffered a broken hip in February 1952 and "came through with flying colors", having been hospitalized at Lake County Memorial Hospital, Painesville. Mrs. Elliott was visiting her daughter and family at the time of her accident, and has discovered that while it has been uncomfortable at times, it has not changed her wonderful youthful perspective. She gets around remarkably well with the aid of a walker.

Joining in the chorus of "Happy Birthday" along with her five children, will be her six grandchildren. Her children are Mrs. Clara Jones of Painesville, O.; Mrs. Florence Romosier, 34 Buena Vista-av; David H. Elliott of 125 Lenox-av, New Rome; Ralph A. Elliott, 295 S. Warren-av, and William W. Thompson of 380 Midland-av.

Mrs. Elliott's exceeding charm is created by being young in heart and possessing a nimble wit. She is a woman whose many and varied interests extend far outside her pleasant home on Clime-rd.

Methodists Win Church League Title

West Park Methodist, playing heads up ball, blasted Volunteer Firemen 11-4 to win the third round of the Hilltop YMCA Intermediate Church League.

Pitcher Gates of West Park held the Firemen to five hits while the West Park team collected 16 hits off Green.

West Park Methodists' season ended in a first round tie with the Volunteer Firemen and then winner of the second and third rounds.

On Thursday, Aug. 20, at 6 p. m. West Park will meet the Volunteer Firemen to play off the first round tie. If the Volunteers win next Thursday's game it would mean another game Aug. 27 for the championship of the league.

In the second game of the evening the Church of Christ squeezed out a victory over the Demolays 20-19. Everybody collected hits with Bill Moose, Church of Christ, the winning pitcher. This win gave the Church of Christ third place and the Demolays fourth place for the third round.

Make Bedrooms More Attractive With Plaids

Use These Clan Tartans

BY EDNA MILES

THE innovations in fashions for beds are many. One follows another and most of them not only make a bedroom look more attractive, but cut down on the actual task of bed-making.

News in blankets includes word of a vicara-blend blanket in clan tartans. This is the first such to be made of vicara fiber blended with wool and rayon. The vicara is resistant to moths and mildew, cuts down on shrinkage and is nonirritating to sensitive skins, the makers of this blanket say. It's a covering that's both light and warm and it is priced under $16.

The clan tartans are authentic. There are two: the Ramsay, which is predominantly red and black with white stripe, and the Sinclair Hunting, which is a dark green.

The makers of this blanket have also developed a new fitted blanket, one with mitered corners at the foot. This makes bed-making easier and the final result neater. It also provides for greater sleeping comfort.

In summer weight, it's made of 90 per cent cotton, 5 per cent rayon and 5 per cent wool. It comes in pastels, in both the full and twin-bed sizes. Both sizes are priced under $6.

New in blankets is this first one made of blended Vicara fiber. Woven in authentic clan tartans, it is a perfect complement for an Early American room setting. Shown above is the Ramsay tartan, which is predominantly red and black, with a white stripe. This blanket also comes in the Sinclair Hunting, which is dark green.

Check up or Build up?

The "good old days" of the open road? Well, maybe. . . .

Distance, then, wasn't just a matter of miles. It was a question as to whether or not you'd make the next garage, after coaxing along the valiant little engine that rattled and wheezed its way over the hills.

Sometimes you got there. Sometimes—you didn't.

Although they drive better automobiles these days, wise motorists still realize the value of a periodic checkup in a good garage. They don't wait for something to go wrong.

But they treat their church on a different basis. If all's well, forget about it. Only when real trouble strikes is it time to head your soul into church for a checkup. To these people, the church is a kind of spiritual garage.

They make one mistake. Souls aren't cars. You *check up* on a car. But you *build up* a soul. It cannot be straightened out in one quick Sunday repair job. A man's soul will grow and flourish only in direct proportion to his faith and trust in the Lord—a faith that can be built up through regular, devout church attendance—a trust that grows stronger in the increasing richness and fulness of his years. . .

Therefore shall ye lay up these my words in your heart and in your soul. . .—Deut. 11:18.

This Is Hilltop, Not Kansas

Kansas might be the Sunflower State, but there is no doubt in the minds of Mr. and Mrs. A. C. Skipper of 144 N. Richardson-av that the sunflower now growing in their yard would give any flower in that state a good race. The tall climbing sunflower pictured above with the Skippers measures 11 feet and four inches in height.

New Hilltop Golf Course Naming Seen

Naming of the city's new municipal golf course on the Hilltop at Wilson and Trabue-rds, in honor of Arthur W. Raymond, who died last week, appeared almost certain this week.

A proposal for calling the new course, now under construction, the "Arthur W. Raymond Memorial Golf Course" received strong backing from Mayor Robert T. Oestreicher and City Council President Joseph R. Jones.

Raymond served as head of the city's recreation department from 1913 through 1929 and then became general manager of Columbus Auto Club. While recreation chief, he helped establish the city's first municipal golf course in 1922, the Twin-Rivers course on Dublin-rd.

Mayor Oestreicher recommended naming the city's newest links layout as a memorial to Raymond in a letter to Council President Jones.

"His many contributions to the youth and sports loving people of this community merits recognition in such a fashion that his name be perpetuated in years to come," the Mayor said.

Jones said, "I think it's a wonderful idea to honor a man who gave so much of his time and talent to the city. I'm in wholehearted accord with the request."

The council president said he would present legislation to City Council when it returns from its annual vacation on Sept 14.

Traffic Tragedy

Death Strikes To Mar Couple's Happiness

When the above photo was taken Saturday evening there was no thought in the minds of any of impending tragedy. Nevertheless only a few hours after Rev. Hulbert Marvin (extreme right) of Akron, pronounced the vows uniting his son in marriage, the Rev. Marvin was dead in an auto collision as was the twin sister of the bridegroom. In the photo at the wedding ceremony, left to right are, Rev. Egbert Woods, Mrs. Woods, the bride Avonlea Marvin, Earl Marvin, Mrs. Hulbert Marvin and Rev. Marvin. (J. Curtis Allen photo)

Only a few hours after performing the marriage ceremony at Warren Avenue Nazarene Church for his son, an Akron minister and his 19-year-old daughter—a twin of the bridegroom—were killed in a head-on collision of two autos in Route 3, five miles north of Westerville, early Sunday morning.

Four persons were injured—one critically—in the double tragedy that turned an evening of happiness into a night of grief.

Dead are Rev. Hulbert H. Marvin, 42, pastor of Arlington Street Church of the Nazarene, Akron, and his daughter, Earline Marvin.

Miss Marvin played organ selections at the wedding of her twin brother, Earl, Saturday evening in Warren Avenue Church of the Nazarene. The twins were the only children in the Marvin family.

Thomas Shondel, 22, of Clinton, driver of the other car, whom University Hospital attendants said suffered a "severe concussion" of the brain and head injuries, died Tuesday at 2:30 a. m.

In fair condition in White Cross Hospital are Mrs. Mary Marvin, 46, the clergyman's wife, and Mr. and Mrs. Hanford Gunnerson, also of Akron. Mrs. Marvin suffered a possible fractured jaw; Gunnerson, 30, a possible fractured right collarbone, and his wife, Norma, 28, possible fractured ribs and right leg.

They along with Douglas Gunnerson, 2, son of the injured couple, were passengers in the car being driven north in Route 3 by Mr. Marvin. The boy escaped injury in the crash.

The accident occurred at 12:50 a.m. on a straight stretch of highway in Delaware County. The Marvin party was en route home after the wedding reception, while Shondel, alone in his auto, was traveling south.

No one witnessed the collision, although it was reported a truck driver who may have seen it did not stop to give aid or information. Both cars were demolished by the impact.

The injured were taken to the hospitals by ambulances from the Slack Funeral Home, Sunbury, and the Hill Funeral Home, Westerville.

Mr. Marvin's body was taken to St. Francis Hospital, and his daughter's to White Cross Hospital. They both suffered skull fractures and crushed chests, in addition to other injuries.

The new bridegroom and his bride, the former Avonlea Woods, 18, daughter of Rev. and Mrs. Egbert Woods, 4911 W. Broad-st, were notified of the tragedy at a motel in Pataskala where they were staying. Mr. Woods is pastor of Mount Praise Holiness Church at Mechanicsburg.

The wedding took place in the new Warren Avenue Church because the bride and bridegroom had visited it before and liked its surroundings. He is a seminary student at Olivet Nazarene College, Kankakee, Ill.

Funeral arrangements for the two victims were in charge of the Slack Funeral Home, Sunbury. Funeral services for both have been set tentatively for 2 p. m. Thursday in the H. R. Eckard Funeral Home, Akron.

West High Football Practices Now Underway; Reveal Light Team For Forthcoming Season

Only four veteran linemen from last year's Cowboy football squad are returned this year for the 1953 football campaigns. Here the four are pictured getting some pre-season coaching from Dave Randall, line coach. Pictured are Jim Kruckeberg, end; Rodney Dean, guard; Dick Sensenbrenner, end, and Jim Johnson an end.

Coach Mack Pemberton is pictured above this week as he greeted the six returning backfield men from last year's Cowboy squad. Left to right they are Jim Vincent, Ron Klein, Tom Ongaro, Doug Cole, Larry Nefzger and Rodger Thompson.

West High School's 1953 football squad began its practice sessions during the past week in preparation for the forthcoming season, with 75 prospective players, including 12 varsity letter winners from the brilliant 1952 squad.

They are: ends, Sensenbrenner, Kruckeberg and T. Dean; guards, R. Dean and Johnson; backs, Nafzger, Vincent, Ongaro, Kline, Ealy, Cole and Thompson.

Even with this nucleus to work with the coaching staff really has its work cut out as it must find players to replace nine of the 11 first offensive team as well as several excellent defensive performers from last season's squad.

Those who have either graduated or are no longer eligible are all city ends Trabue and Thornton. The former also was an all city defensive guard as well as the squad's best punter, kickoff and extra point specialist. Somehow must be found to perform these duties too.

Tackles, Thomas, who was an all city selection on both defense and offense; Kimball, the squad's second best punter and kickoff specialist, who was also the second string offensive fullback; Weaver and Myers, guards, Guffree and Ives, Centers, Warne and Raike; backs, Orr, Grant and Haire, with the former two being all city selections.

Tom Ongaro and Doug Cole, two of the city league's finest backs, are the only regulars returning from the first offensive team.

This year's squad will be much lighter than last year's, but makes up in speed what it lacks in size. The heaviest player to report to date is sophomore Dave Randall, who tips the scales at 185 pounds.

The spirit and morale of the entire squad is excellent, which is one of the first requirements of success on any team.

A Hilltop resident, received serious injuries when struck by a truck as he was crossing Long and Front-sts, Tuesday. He was identified from cards in his pocket as Ivor Hayes, 58, of 119 N. Wheatland-av, a yardmaster for the New York Central Railroad.

Police theorized that Hayes was walking west from the northeast corner of Long and Front-st, when he was struck.

The truck driver, police said, was Donald D. Zimmerman, 21, of Reynoldsburg.

Zimmerman was driving a semi-trailer truck of the Cussins and Fearn Co. He told police he had been to Logan, O., and was enroute to the firm's Chestnut-st warehouse.

Zimmerman was making a left turn from Long-st into Front-st, police said. Hayes was thrown 10 feet by the impact.

White Cross Hospital attaches said Hayes was injured about the head, was unconscious when brought into the hospital and was bleeding from head wounds, indicating serious injuries.

Zimmerman stopped his truck at once and was being questioned by police.

Mailmen Take Looper League Lead Position

Hilltop Post Office broke out in front for second round honors last Thursday to feature Looper League play. The Mailmen racked up their fourth straight win by virtue of a 17-7 decision over Westgate EUB and need only a win over New Rome to annex second round honors.

New Rome still clings to its title chances with a 19-9 win over Hilltop Kiwanis. A New Rome win over the Post Office squad would give them a tie for first and necessitate a play-off. New Rome's Dick Ryan scored five times and set a season high in this department to pace the winners.

The other game found Hillcrest Baptist taking a 19-7 decision from the Hilltop Record as the winners came up with a big 9 run 5th inning.

All managers are urged to have their three all-star selections turned into the "Y" office as soon as possible so plans can be completed for our all star game to be held in conjunction with the picnic.

Tentative plans call for the picnic to be held Sept. 13 at "Y" park and definite word should be received soon.

August 22, 1953

Dear Editor:

I have felt for some years that we should seek to counteract the Russian peace offensive with statements of what we want and desire for the German, Austrian and other enslaved, non-Russian people.

The demands should be based on the highest moral and Christian principles, and they should be broadcast not only to the German and Austrian people but to the free world as well.

The Russians have caught us off-guard again by broadcasting a note that they have handed to American, British, and French leaders, so that they could definitely influence the German election which is in September. If by their peace propaganda, the Communists get complete control of Germany, then it will be only a short time until all Europe will come under Russian domination.

We have no time to lose; we should act at once. We should notify Russia that we will talk only about certain matters, such as a united Germany and Austria, giving the German and Austrian people the privilege of establishing their own government, freedom to vote without coercion, freedom of speech, freedom of religion, freedom of the press, free enterprise, and a treaty with all of Germany, accepting them as a free people among the nations of the world.

We should not only let the German people know that we are demanding their freedom, but also the other Russian satellite countries. We should send these messages by Radio Free Europe Voice of America, and balloon barrage. We should also arrange to train and send thousands of refugees back to these countries, and let their fellow countryman know that we want for them all the liberties and freedom that we enjoy in America.

Let them know by every possible means that we are praying for them and are asking God to help us know best how to help them. Let them know that if they put their faith in Christ and in God the Father, pray constantly, and work with others of like belief to help them obtain their freedom from bondage and slavery, they, too can become free men, as God has planned for all men. Let them know that when they are free, we will help them to reach a higher degree of economic freedom than they now have, and that we will join with them as a free, God-loving people to establish a lasting peace and prosperity for all mankind.

May I urge all American citizens to write the President, Secretary of State, your Congressman, and your Senator, and ask them to act quickly to let the enslaved peoples of the world know that we are working and praying for them?

Gas Drying Of The Family Wash Is Superior To Old Method Say OSU Researchers

Now that mother has her new automatic gas drier, helping with the laundry isn't the chore it used to be. The little girl pictured above wouldn't have been able to help much if that basket of heavy, wet clothes had to be carried to the back yard and strung on a clothes line. None of that is necessary with the gas drier, which fits snugly into a few square feet of the laundry or utility room.

Recent tests by staff members of Ohio State University have proven that drying clothes in a gas dryer is superior to drying the family wash on the clothes line.

Line drying allows the sun to fade many colors. The wind can cause accidents by blowing the line down. Dust and soot can blow onto the clothes, requiring re-washing of some items.

White clothes dries 50 times in gas dryers were nearly as white, or even whiter, then when they were new. When dried outdoors all items except pillow cases, diapers and nylon slips were whiter than new. The OSU study proved that in almost every case, dryers are superior to line drying.

Gas appliances dealers on the Hilltop are informing the public about the many advantages of automatic gas dryers. Many makes and models can be seen on the sales floors of local dealers and on the display floor of the gas company.

Differences between dryer and line drying were so slight in the tests that they could hardly be distinguished by a sensitive light meter. Researchers point out that unless clothes are well washed, neither line drying or dryer drying will perform miracles. When soap is used in hard water a curd is formed and often retained in clothes. The sun may oxidize the curd causing a yellowing of white clothes.

All line dried clothes faded during the test, even though they were dried in a partially-shaded area during spring months. When dried in a gas clothes dryer all colors with one exception remained as deep and clear as new although they had been washed 50 times in hot detergent water. Both types of drying affected unstable blue dyes, although stable blue dyes showed less change in gas dryers than when line dried.

A period of 151 days was required to complete the line drying study because only one day in four was suitable for out-of-door drying. Snow and rain occurred on 92 days and strong winds on 67 days. Pollen from trees stained many clothes and numerous items would have been rewashed before wearing because of soot deposits.

On the Hilltop merchants cooperating with the Gas Company in telling the story of the gas dryer are City Furniture, 2238 Sullivant-av; Westgate Hardware, 3109 W. Broad-st; Wolfe Electric Service, 2427 W. Broad-st; Danziger's, 971 W. Broad-st; Arco Electric, 2572 Sullivant-av. and Westgate Electric Co., 2655 W. Broad-st.

Red Cross Makes An Urgent Appeal For Good Drivers

The Red Cross needs volunteer drivers for the Blood Center.

The urgent appeal for women who are good drivers and like to drive is made by Mrs. Ferris Hamilton, chairman, volunteer service groups, and by Mrs. Carl Ohlemacher, chairman, motor service, Franklin County Chapter, Red Cross.

Volunteers drive the chapter cars and panel trucks, so personal cars are not needed.

Driving consists of regular deliveries of blood to hospitals both within Franklin County and to hospitals in the other 25 counties in this regional area serviced by the Blood Center on E. Broad-st.

Besides the regular weekly deliveries of blood, Red Cross volunteer drivers also make emergency runs. Last month, 10 such emergencies arose when blood had to be gotten quickly to hospitals to save lives. Chillicothe, Marysville and Bellefontaine were among the towns outside of Columbus needing blood for emergencies.

Members of Motor Service also drive volunteers such as Canteen workers, registrars and nurses' aides wherever the bloodmobile is setting up within Franklin County.

This is an opportunity for women to be of real service—and to help save lives. Both daytime and evening drivers are needed.

Women who have time to give for service of this kind should call the volunteer office, Red Cross headquarters, 30 E. Town-st, FL. 1511.

An appointment for interview will be made with the motor service chairman.

4-H Farmerettes Rate High Scores At The Fair

Pictured above are members of the 4-H Livestock Farmerettes group and their advisor and assistant advisor taken at their picnic meeting at the Plain City Fair where they attended on "Youth Day". First row—left to right—Carol Moore, Susan Johnson, Ardath Frizzell, Elaine Lehnert, Joan Kreiger. Second row— left to right—Mrs. Roe Moore, advisor, Marjorie Emmelheinz, Joan Sheeh, Patty Kunz, "Bobby" Negle, and Mrs. Harold Hart, assistant advisor.

On Thursday, Aug. 20, members Marcia Little and Jean Krieger gave a joint demonstration on "How to Correctly Cut Up a Fryer" to receive an "A" rating and a lovely hairbrush each. Carolyn Kidwell, junior adviser of this group, also received an "A" rating and a lovely pin for her "Proper Feed Ration for a Calf."

These young ladies are now qualified to represent their group and compete along with other 4-H Clubs at the Ohio State Fair. If they win there they will receive a check for $100 to help pay their expenses to the Chicago National Livestock Show in November.

All the other girls in this club received "A's" for their projects with the exception of two, who received a "B" rating. There are 12 active members and one honorary member in this organization.

On Monday, Mar. 16, 1953, this club was organized at the home of Mrs. Roe Moore, 772 Norton-rd, and has already achieved an enviable record. Achievement and recognition day will be held in the near future and these young ladies and their advisers hope to receive a good rating, as compared to other 4-H Clubs.

Member Elaine Lehnert showed "Nature Boy" on Thursday, Aug. 20 and had a "grand champion steer" while junior adviser, Carolyn Kidwell (who will be a senior at Hilliards High School this fall) has a dairy herd and received 10 "A's" for her projects and had a "grand champion dairy cow."

News of Rome

By Mrs. James W. Whalen

A hearty welcome is extended to another new arrival in this community, i.e., Miss Janet Louise Ranshous, new baby daughter of Mr. and Mrs. William E. Ranshous, 193 Pasadena-av, who arrived on Thursday morning at 6 o'clock at St. Ann's Hospital. The charming new little Miss Ranshous and her attractive mother returned to their home on Sunday. Waiting to welcome them were Janet Louise's older sister, Kathy, and her lovely grandmother, Mrs. M. Green. Both little Janet Louise and her mother are getting along nicely.

An item of interest to the members of this community concerns the New Rome girls' softball team, which has been sponsored by the Prairie Dogs Association, and played five games this summer, having won three and lost two. Manager for this group of fine young ladies is Mrs. Jack Kidwell, 26 Lenox-av. Members of the team are Carol Planck, Carol Irwin, Janice Streitenberger, Beverly Campbell, Nedra Leist, Dorothy Smith, Barbara Craig, Iris Rousch, Ruth Hoffman, Kathryn Benson, Caroline Kaderly, Peggy Gaines and Phyllis and Virginia Ringa. Teams played were the Blue Devils and the Speed Demons of the Glenwood Shelter House, the State School team (our girls have played with this group for the past two years) and the team from Schiller Park.

Transportation was provided by parents of the girls, i.e., Rings, Hoffman, Smith and Campbell, when the girls played in Columbus.

One of the girls' biggest thrills occurred when they pulled a triple play against the Columbia Playground team and retired the entire side with one play.

With the patient and capable guidance of Mrs. Kidwell, the girls have developed into very fine ball players, and a sincere vote of thanks and appreciation is given to Mrs. Kidwell, not only by the parents of these young ladies, but also by the citizens of this community, as it is a fine thing for us all.

The Rome Study Club program committee has been working many hours planning a fine program season for its 35 active members. The chairman of the program committee this year is Mrs. Ernest Schroeder, with Mrs. Russel Brooks, Mrs. Marshall T. Hall, Mrs. Floyd J. Armstrong, Mrs. William G. Lamb and Mrs. Clarence Scheiderer assisting. First meeting for the year has been scheduled for Monday, Sept. 14, in the form of a carnival.

Mrs. William A. Butin, 115 Gladys-rd, entertained the members of the Jolly Twelve Sewing Club in her home with a delicious noon luncheon this past Wednesday. After the luncheon the members viewed and listened to their hostess tell about her recent vacation trip to New Orleans. The next meeting has been scheduled for next Wednesday for the annual "day out" luncheon trip out of the city. The meeting will be held in Canal Winchester. Planning this trip are Mrs. O. Baker and Mrs. M. A. Howell.

Mrs. Russel Brooks, 486 Maple-dr, entertained the members of the Monday Night Basket Club in her home on Monday evening.

Mr. and Mrs. Allen F. Burns and Mr. and Mrs. Frank Oakley of Bexley were dinner guests of Mr. and Mrs. Gerhart Rousch of Chuckery on Tuesday.

Clarence Graham of 7011 W. Broad-st entered White Cross Hospital Monday for tests and observation.

Frank Christy, 208 Pasadena-av, who recently underwent surgery, is convalescing at home.

Charles Tossey of Marysville will exhibit the antique cradle belonging to Mrs. E. C. Sheets, Jr., 48 Buena Vista-av, in his special log cabin display on the Ohio State Fairgrounds during the fair, along with other valuable antiques. It is suggested by Mrs. Sheets for those in this community to look for this lovely old cradle which held her two sons during their infancy, but was painted white at that time. Mr. Tossey has removed the white paint and refinished it, and it is now in its own natural wood color. Mr. Tossey is a collector and an antique dealer and informed Mrs. Sheets that he had never seen anything as lovely as this before and thinks it must be 200 years old or more.

Stephen and Ricky Mecksiroth, sons of Mr. and Mrs. Edward Mecksiroth, 20 Buena Vista-av, summer members of the YMCA, joined the group on an overnight trip to Cincinnati (their former home) and stopped en route at Fort Ancient, attended a Cincinnati Reds baseball game, visited Netherland Plaza and Terrace Plaza Hotels and stayed at Cincinnati YMCA. The next day they visited the zoo, the American Book Company and Coney Island.

Mrs. Charles Bowes and daughters, Wendy and Brenda, 234 Pasadena-av, are due to dock in the New York Harbor on Tuesday, returning home from England, the former home of Mrs. Bowen.

Mrs. G. H. Carlson of Miami enjoyed a 10-day visit with her daughter and family, Mrs. Jack W. Shinn and children, Ricky and Crissy, 201 Pasadena-av, recently. Mrs. Carlson flew here and returned by plane, and had the misfortune to encounter the recent hurricane, but arrived safely in Miami.

This past Friday evening at 8, a garden bridal shower party was given by Mrs. W. J. Stormont, 131 Pasadena-av, in honor of Mrs. Gene Bline (Georgeann Terry). Assisting Mrs. Stormont were Mrs. Theron Repp, Mrs. I. A. Thompson and Mrs. Howard Breckenridge. Approximately 25 guests were present, with the following ladies from out of the city: Mrs. Katherine Bline of Granville and Mrs. John Beckman and Mrs. A. Gebhard of Newark. Everyone enjoyed the games and watching the very attractive bride open her lovely and useful gifts.

Mr. and Mrs. G. H. Nole and children of Mays-rd, Linden, were supper guests of Mr. and Mrs. E. C. Sheets, Sr., 243 Pasadena-av, on Saturday evening. Mrs. Nole is a daughter of Mr. and Mrs. Sheets.

Mr. and Mrs. D. J. Woehrle, Sr., 40 Buena Vista-av, were dinner guests of Mr. and Mrs. Norman Woehrle and sons of Columbus on Sunday.

Mr. and Mrs. Edward Mecksiroth and sons, 20 Buena Vista-av, entertained Mr. and Mrs. Mayo Prentice and four sons of Tacoma, Wash., this past Sunday. Mrs. Prentice was a roommate of Mrs. Mecksiroth for four years while in school and nurse's training in Cincinnati.

The Rome Blue Star Mothers, Unit No. 11, entertained at the Columbus Zoo on Wednesday, Aug. 19, for 29 veterans from the Chillicothe Hospital, who were transported by bus to the zoo. The veterans were given a picnic lunch, including extra treats of ice cream bars, pop, cigarettes and gum. These veterans were welcomed by Mrs. Norman Martin, chairman of the outing and Mrs. Melvin Dutton, Mrs. M. A. Howell, Mrs. Harold Davis, Mrs. Joe Lamb, Mrs. I. V. Hines, Mrs. F. Wolf, Mrs. W. W. Ogden, Mrs. D. J. Woehrle, Sr., and Mrs. W. H. Powers, co-chairmen, as well as the other members of this group. Everyone had a fine time and a wonderful day.

On Tuesday Mrs. E. C. Sheets, Sr., 243 Pasadena-av, entertained her three nieces with a luncheon and party in honor of the visit of Mrs. Irwin Hall of Grand Rapids, Minn. Her other nieces were Mrs. S. B. Adgate of Shawnee-rd, Lima, and Mrs. Lee Friedman of 288 Maple-dr, Rome. Mr. and Mrs. Hall live 180 miles from International Falls, Minn., which occurs so frequently in the news. Mr. and Mrs. Hall also visited Mrs. Adgate for a few days. Mrs. Hall and Mrs. Adgate are sisters.

Dick Terry and Sheldon Hamilton are visiting Mr. and Mrs. Raymond Swaney of Pontiac, Mich., and plan to return home Tuesday.

Mr. and Mrs. John Ditmer and daughters, Carol and Sharon of Centerburg, O., entertained Mr. and Mrs. Allen F. Burns and daughter, Mrs. Carl Cole, and daughter, Sharon, 167 Pasadena-av, with a dinner party on Wednesday.

Mrs. L. B. Helton and sister, Mary H. Whalen, 5011 Fisher-rd, have been enjoying a vacation in New York City this past week, and visiting the various points of interest. En route they stopped in Reading, Pa., and visited their father's birthplace.

This past Wednesday Mr. and Mrs. Norman Link and sons, Jeffrey and Michael of Worthington, sang "Happy Birthday" to Mrs. D. J. Woehrle, Sr., 40 Buena Vista-av, and had a party in her honor. Mrs. Link is the daughter of Mrs. Woehrle. Even though belated—congratulations and best wishes, Mrs. Woehrle.

Your Youth

By Bob Schmidt - Dick Wilson

With the Summer Fun Club officially over the boys and girls are still enjoying various special events at the Hilltop YMCA. The most popular events seems to be the Tuesday afternoon swims at the Central "Y".

The Rubberneck tours are also well attended and have proven very educational throughout the summer. Wednesday the group enjoyed a tour through the Central Police Station and Juvenile Center. This week of events will close the summer program for the 1953 season.

There will be a two weeks break in the schedule to give the boys and girls an opportunity to return to school. The Fall and Winter plans promise to provide a jam packed program for boys and girls 8 years and up.

A word of thanks and appreciation to all parents and friends who have volunteered their time and effort to make the "Y" program a success this summer. This type of spirit is the back bone of the Hilltop "Y" and your interest and effort has greatly profeited the "Y" program throughout the Hilltop.

Don't forget gang, Boys Craft every Monday afternoon "Y" office 2:00 p. m. Free movies Friday afternoon 3:00 p. m. Every boy and girl are always welcome to attend the Friday afternoon movies

INDIVIDUAL FITTING
A couple of Saturdays back we had a little rush in our children's shoe department, most of our 18 seats were occupied, and my wife, who, by the way, is a graduate shoe fitter, and I were both busy measuring feet and putting shoes on our little customers. I noticed that one family waited patiently for about 15 minutes until their turn came, so, I apoligized for the delay as I unlaced their little girl's shoe.
The youngster's mother said, "You don't need to apologize to us. I notice that you wait on each customer individually. We just walked out of a place where the man was trying to wait on four different customers all at once. We'd rather wait a few minutes." And I don't blame her . . . I figured out a long time back that getting shoes is pretty much like getting eye-glasses. They should be fitted individually. Suppose you do wait a few minutes, when your turn comes you get the same consideration and time as those who were ahead of you. If you dislike waiting, shop during the week or on Monday evening, avoid Saturday shopping for shoes.

Mrs. Hartung Submits Recipe For "Moist Chocolate Cake"

Mrs. Ada Hartung

A delicious chocolate cake with a quality of retaining its moist goodness much longer than most cakes is submitted this week by Mrs. Ada Hartung.

She resides at 2440 Sullivant-av and her husband, Arthur, is a retired lieutenant of the City Fire Department.

A member of R. T. King Chapter OES, she is an active member of Ameer Club, a social club affiliated with R. T. King. She is past president of the City Firemen's Wives Auxiliary, president of the Past Presidents Club, a member of the Republican Club, and has belonged to First Church of Christ Scientist for the past 20 years.

Mrs. Hartung recommends her recipe for "Moist Chocolate Cake" for all those times when you need a cake that will be particularly good and give certain results. She tells us that the recipe is one that never fails and is also a very generous recipe; it makes three nice-size layers.

Moist Chocolate Cake

1 cup of white sugar
1 cup of brown sugar
½ cup of lard or other shortening
3 eggs
1 cup of sour milk
3 cups of flour
2 teaspoons of soda added to the flour
½ cup of cocoa dissolved in ½ cup of cold water.

Mix shortening, sugar and eggs together, add half of the milk, then stir in the dry ingredients and the rest of the milk.

Bake ½ hour between 325° and 350° in three layer cake pans.

St. Mary Magdalene Scene Of Gompers-Shannon Ceremony

Mrs. William Joseph Shannon
(J. Curtis Allen photo)

The altar of St. Mary Magdalene Church was banked with ferns and vases of white asters, gladiolas and chrysanthemums for the marriage ceremony of Miss Mary Jaclyn Gompers and Mr. William Joseph Shannon last Saturday. Rev. Raymond Bauschard officiated at the 9:30 a.m. ceremony.

The bride is the daughter of Mr. and Mrs. John J. Gompers, 2926 Wicklow-rd, and the bridegroom's parents are Mr. and Mrs. William S. Shannon, 389 Oakland Park.

Given in marriage by her father, the bride wore a Belle Bride original of skinner candlelight satin and Strauss princess lace designed along princess lines, with a plastron front of lace and a tiny lace collar. The long fitted sleeves and bodices were complemented by the bouffant skirt, worn over hoops and crinoline, and ending in a cathedral train.

Candlelight satin leaf petals, taken from her mother's wedding gown, were formed into a half-hat with a finger-tip length veil of silk illusion. A white orchid, surrounded by stephanotis, was mounted on the prayer book carried by the bride.

Attending the bride were Miss Judith Gompers as maid-of-honor and Miss Joy Gompers and Miss Martha McCormick as bridesmaids. They were gowned identically in aqua net dresses featuring full skirts with lace-edged apron overskirts. The strapless bodices were covered with tiny lace-edged capes and they wore face-framing hats covered with circular illusion. The attendants carried salmon-colored glamellias.

Mr. Thomas J. Shannon attended his brother as best man, and the ushers were Mr. Robert Cook and Mr. Robert Sickinger.

For her daughter's wedding, Mrs. Gompers chose a street-length gown of mauve net with jewelled bodice and full skirt. Her hat was of matching mauve net and she wore mauve accessories and a brown cymbidium orchid.

The mother of the bridegroom was gowned in a street-length dress of orchid lace on black net over an orchid taffeta underskirt. Her accessories were black and she wore an orchid.

A reception was held at the home of the bride's parents from 1:30 p.m. until 3:30 p.m. Hostesses for the event were Miss Martha Hankinson, Miss Lois Jean Stein, cousin of the bride; Miss Betty Bell, Miss Ellen Omior, Miss Carol Haala and Mrs. W. Rex King.

The new Mrs. Shannon is a graduate of St. Mary of the Springs Academy and Mt. Carmel School of Nursing. Her husband attended Aquinas High School and Ohio State University and is now associated with the State Automobile Mutual Life Insurance Co.

The couple will reside at 1217 W. Fifth-av.

Miss Smith and Mr. Kent Wed In Candlelight Service, June 20

Mrs. Thomas Ray Kent

Miss Norma Jean Smith, daughter of Mr. and Mrs. Frank Smith, 837 S. Hague-av, and Mr. Thomas Ray Kent, son of Mrs. John Bland, Port Clinton, O., and Mr. Paul F. Kent, Granville, O., were married on Saturday, June 20, Rev. A. Roth officiated at the 7 p.m. candle-light service at Hillcrest Baptist Church, before an altar decorated with palms and sprays of white gladioli.

Given in marriage by her father, the bride wore a gown of white chantilly lace and pleated nylon tulle, designed with an illusion yoke that was outlined with iridescent motifs, pearls and pleated nylon ruffling and long lace sleeves that formed into points over the hands. The bouffant skirt featured a lace panel down both front and back, with pleated nylon tiers down the sides.

Her fingertip veil of imported silk illusion fell from a crown enhanced with pearls, and she carried a white Bible topped with an orchid surrounded by shattered carnations.

In the all blue and white wedding, the attendants wore identically styled blue waltz-length gowns of blue nylon tulle with halter necklines and lace topped bodices. The full skirts, worn over crinoline, fell from an empire waistline and they wore matching nylon hair clips with small theatre veils.

Miss Shirley Kitts was maid-of-honor and the bridesmaids were Miss Marilyn Valentine, Miss Barbara Kent, sister of the bridegroom, and junior bridesmaid, Kay Pierson, cousin of the bride. They each carried a Colonial bouquet of blue and white carnations. Little Kandy Sue Hunter, cousin of the bride, was the flower girl. She wore a short, blue organdy dress with a ruffled white organdy pinafore and carried a small basket of rose petals which she scattered down the aisle.

Mr. Walt Johansson of New Jersey was best man, and seating the guests were Mr. Harry Hubbard, Mr. Robert Kent and Mr. Leonard Gostos.

For her daughter's wedding Mrs. Smith chose a waltz-length gown of pale pink silk organza over crinoline with white accessories and a corsage of white carnations. The mother of the bridegroom wore a pink silk organza gown trimmed in black, with black accessories and a corsage of white carnations.

Hostesses for the reception, held at the church following the ceremony, were Miss Shirley Willing, Miss Mary L. Trapp, Miss Frances Smith, Miss Mary Ann Ross and Miss Dorothy Penny.

The bride is a graduate of West High School and is now associated with Media Records, Inc. The bridegroom graduated from Hilliards High School, attended Rensselaer Polytechnic Institute in New York and is now enrolled in the college of commerce at Ohio State University.

For their wedding trip to Michigan, the new Mrs. Kent chose a powder blue silk organza dress with white accessories, and wore the orchid from her bridal bouquet.

Miss Demorest Is Engaged To William Maurer

Mrs. Herbert Russell Demorest, 3370 Briggs-rd, is announcing the engagement of her daughter, Harriet Charlotte, to Mr. William Richard Maurer, son of Mrs. William George Maurer, 3732 Sullivant-av.

Mr. Maurer also graduated from West High School and attended Ohio State University. He is associated with Westinghouse Corporation.

The wedding will take place Sept. 26 at Glenwood Methodist Church. Rev. Joseph Shellhaas will officiate.

Mr. and Mrs. Carl McKenney, 451 Josephine-av, and Mrs. Edith Steward, 360 Wrexham-av, vacationed for 10 days at Oak Grove Camp, Lake of the Ozarks, Mo. Mr. McKinney spent much of his time fishing, and brought fish home to prove he had caught some.

Avis Marie Mack Saturday Bride Of Karl Eiginger At St. Aloysius

Mr. and Mrs. Karl Eiginger

Miss Avis Marie Mack, daughter of Mrs. Louis Mack, 132 N. Burgess-av, and the late Mr. Mack, became the bride of Mr. Karl Eiginger Saturday morning in St. Aloysius Church.

The bride, given in marriage by her brother, Mr. Louis H. Mack, was gowned in white chantilly lace over satin and nylon net. Her wedding dress had a Queen Anne collar, fitted bodice and circular train, and a lace Juliet cap caught her veil of illusion.

Mrs. Patricia McAndrew, the bride's sister, was matron of honor, in a gown of pink satin and nylon tulle. The other attendants, Miss Cosmina Pagura, Mrs. Mary Anne Claprood, Miss Donna Goetz and Miss Dorothy Garretson, wore identical gowns in blue. Helen McAndrew was flower girl in white nylon over blue taffeta, and Michel McAndrew was ring bearer.

Joseph Eiginger was his brother's best man. Ushers were Fred Eiginger, another brother, John J. Belcher, Glen Thompson, and Floyd Rowe, Jr. A breakfast followed the wedding, and the evening reception was held at the K. of C. Hall.

The bride's mother received her guests in a pale green dress with black accessories. The bridegroom's mother chose navy blue crepe and both mothers wore pink carnation corsages.

Assistant reception hostesses were Miss Jeanne Grady, Miss Marlese Peacocke, Miss Eileen O'Neil, Miss Mary Timmons and Miss Joan Bright.

The new Mrs. Eiginger was graduated from St. Joseph Academy, and is with the New York Life Insurance Co. The bridegroom, a graduate of Aquinas High School, is with the P. F. Williams Co.

Corn Picker Contest Entry Blanks Available At Implement Dealers

Mechanical corn picker operators wishing to enter the State Mechanical Corn Picker Contest should get their applications for entry in very soon, according to Charles Whitney, contest committeeman and executive secretary, Ohio Farm Implement Dealer Association. The Corn Picker Contest is being held in connection with the First Annual WRFD-Ohio Corn Festival on Oct. 7, sponsored by Radio Station WRFD, Worthington (880 KC).

Whitney revealed that entry blanks have been distributed to local implement dealers throughout Ohio. Prospective contestants should obtain the forms from their local dealers and, upon filling them out, return them to the dealers. From these initial applications, actual contestants in the corn picker competition will be chosen at a later date.

The first such event to be held in Ohio, the State Mechanical Corn Picker Contest is endorsed by the National Corn Picker Contests Association, which means that winners will be eligible for the National Contest to be held later in the year at Bloomington, Ill.

A complete day's program of other events will also be included in the WRFD-Ohio Corn Festival, scheduled for Oct. 7 at the WRFD Radio Farm, five miles north of Worthington on Route No. 23. There will be a corn show, numerous exhibits of machinery and appliances, special features for women, and a giant professional talent show. The one day Festival is expected to attract some 50,000 rural folks to the WRFD Farm. Rain dates have been set for Oct 9 and 14.

Mail—From a friend in Poughkeepsie: (wish she would move to Troy. I can spell that.) Have been trying to write the modern verse and find it is comparatively easy to write outrageous stuff. But I don't like the public it attracts—those who read it for its coarseness and those who consider themselves "smart" and so ultra-modern. It pays well but it is insincere and I feel like a hypocrite, writing it. From a Columbus writer: Yes, novel authors ARE getting by with murder these days, but the people are causing it. I abhor censors and omnipotent editors who think they know what is best for the public to read. A well-known and widely-read author once told me that the best writers are the ones who can see real drama in life. From a relative in Seattle: We don't have a television yet. The programs out here aren't too good yet, and are limited. So many of our friends here are slaves to it and we don't want to be that way. We like to read, go to ball games, ice follies and the Aqua Theatre, and we spend weekends on Mt. Rainier. So we really do not need tv.

• • •

Ohioans may not have a Mt. Rainier but there are so many things in Ohio that are just as wonderful and beautiful. Many busy people have but one free day a week so they appreciate tours around the state that include several of Ohio's wonders. One trip that not many tour-directors have suggested and which affords magnificent views of Ohio is Route 40 to Blaine, 214 from near Blaine to Bellaire, and 147 to Seneca Lake. Then take 313 around the lake to Derwent; 146 to Zanesville. Of course Zanesville's Y bridge is familiar to all central Ohioans, but the scenery between Bellaire and Seneca Lake might not be. When you leave Bellaire on Route 147 you might think you will wind up in somebody's cornfield. The road is winding and narrow for a few miles but after that it is open and the view is breath-taking. It was to me anyway, and I lived near Mt. Hood and Mt. Rainier for many years. Hills are friendlier than mountains, and not as aloof and cold. My favorite shutin said that, and she is a dyed-in-the-wool west coaster. Another day trip is to Lorain; Route 2 to Sandusky, then Route 101 to Castalia, to the famous Blue Hole. That is what my favorite five-year-old calls the "Water Trip."

• • •

Speaking of golf—as everyone has been since the Lewis Martin Como Fisher upheaval — from somewhere comes this: A golfer proceeded to make a swing and removed half an ant hill. Undismayed, he stepped back and swung again. This time all the ants were killed but two. One ant said to the other, "If we want to survive this ordeal we had better stay on the ball."

Here are a few little verses you might enjoy, now that it is cooler:

Atomic Exhibit To Be Shown At The Fair

This map, a part of the atomic energy exhibit to be shown here, shows the major deposits of atomic energy ores. By pressing a button denoting the type of ore, such as pitchblende, carnotite or monazites, lights go on showing the known world deposits of these ores.

A spectacular model of a uranium reactor containing real uranium-235 and producing real radioisotopes will be the central exhibit of the "You and the Atom" exhibit at the Ohio State Fair, Aug. 28-Sept. 4.

The reactor is one of 30 exhibits to be provided for the big exposition by the American Museum of Atomic Energy in Oak Ridge. The exhibits will be on display in the new Exhibit Hall. The fair management is opening the exhibits free of charge to all fair-goers as a public service.

Major exhibits in addition to the reactor include a pool in which radio-active turtles cavort (with a Geiger counter mounted so that the radioactive animals may be picked out), authoritative exhibits on the use of atomic energy products in agriculture, industry and medicine, and samples of uranium ores.

The reactor is similar in design to the famous uranium reactor at Oak Ridge National Laboratory, where much of the early atomic energy research was carried out in this country. This reactor, still a vital research tool, also is the source of most of the radioisotopes—or tracer atoms—produced in this country. The museum model demonstrates the production of radioisotopes by irradiating visitor's coins.

Fair-goers may see the energy released when Uranium-235 atoms are split in the reactor. This reactor is not sustained (as in a full-scale reactor or an atomic bomb), but is maintained by a polonium-beryllium neutron source. Neutrons are released when alpha particles from the polonium bombard the beryllium, which in turn gives off neutrons. The neutron, being electrically neutral, can penetrate the nucleus of the uranium-235 atoms, causing them to split into two approximately equal atoms with an enormous burst of energy.

Trained guides will demonstrate the operation of the reactor to visitors.

Westway Postscripts

The formal opening of the Post and Auxiliary home at the south east corner of Whitehead-rd and Clarendon-av was another milestone in the history of the Hilltop Post of the Veterans Of Foreign Wars.

This Post started out at the Hilltop Fire House, moved to the Glenwood Shelter house, from there to 2393½ W. Broad-st and on Friday evening, Aug. 14, moved into their own home at Clarendon and Whitehead-rd.

The opening was attended by far too many well known VFW members of both Post and Auxiliary to list them all, but we noted good delegations from this city, from Dublin, Delaware, Raymond and several other towns and cities near by.

Our sincere thanks to all who attended and helped us to formally dedicate our home, for without their help we would not have been able to carry out the program that was so well planned and carried out by the committee and by the Post and Auxiliary members of Post No. 2441.

A lot of hard work went into the preparation for this formal opening, starting with the men and women who pitched in and helped move the organization's property from 2393½ W. Broad-st, to the committee work in setting up the plans for the formal opening.

It was gratifying to this writer to see so many of the Post and Auxiliary, pitch in as we did for so many years, when this Post and Auxiliary was in its infancy and it was to these Spanish American veterans and wives, to the World War I Veterans and their wives that we owe a debt of gratitude for making this home possible, for without the solid ground work, laid by them and carried on by them and later carried on so ably by the veterans and their wives from World War II and Korea, that we owe a vote of thanks for permitting us to see the culmination of a dream that started, in the fire house on W. Broad-st many years ago — a dream that reached fullfillment after many years of heartaches and disappointments, to many of the oldtimers in the organization.

Several of our sons who were members of the Post have perished in World War II and in Korea; many of the membership have passed on and did not live to see the fullfillment of that dream and it is to them that we dedicate this home, for many of them were those who steadfastly refused to give up hope and carried on when the going was really tough.

Regular Post meetings will be held on the second and fourth Friday evenings of each month. The Auxiliary will meet on the first and third Friday evenings of each month; The Post and Auxiliary Picnic will be held Sunday, Aug. 23, at Westgate Shelter House.

To Bus riders: A W. Mound-st bus will deliver you to Highland-av and W. Mound. Go one square South to Whitehead-rd and one square east to Clarendon and Whitehead. The same applies by car.

Russell Carter and Personality Genius

Hiram Diddlehopper and Green Pasture

John Nippert and Golden Flame

Effie B. Densmore, woman detective: "It's the men, not the women, who are the most frequent shoplifters in a large food market."

Russell Carter, driving like a veteran in the business of harness racing Thursday afternoon and evening, captured both heats of the Green Race at Hilliards during the Franklin County Fair and swept both trophies and the major portion of the $100 purse to the credit of Personality Genius.

In the afternoon event, which proved a popular and rib tickling event to the hundreds in the grandstands, Carter pulled away from a field of five other horses driven by novice drivers at the quarter pole to win easily in the home stretch with Bradley Bailey and Amish Pride a good second. Time of the afternoon event was 1:38 for the half mile while in the evening the heat was clocked at 1:34.

In winning both heats Carter took the trophies offered by Conklin Furniture of Hilliards and Story Dry Cleaners of the Hilltop.

Thursday, which was Hilltop Day, drew the largest crowds of the 40th Franklin County Fair, with most of the crowds hitting the grandstand for the first running of the Green Races which proved a popular event.

MAKE UP YOUR MIND

Cool off, Mister. Let's take it easy.

We've all gone through this, you know. Every man learns eventually that the choice of a husband's hat is a wife's privilege.

And eventually, she'll make up her mind.

Just as a friendly tip, though—watch out for that number you're trying on now. It isn't quite your type.

Frankly . . . well, look in the mirror yourself.

Indecision, in small matters like these, is harmless enough. In other ways, it can be a serious mistake. Take the choice of a church, for example. Some people put it off year after year. Plenty of time . . .

But the years slip by swiftly, and sooner or later these indecisive people find an emptyness in their lives; some element missing in their bid for happiness.

Make up your own mind about this matter the right way. Near by, there's a church waiting to welcome you as a member.

If you are honest with yourself, you'll see the need—so, make up your mind *today* that you will join a church *this* Sunday!

Ponder the path of thy feet, and let all thy ways be established.
Prov. 4:26.

Margaret Boyd First of 6,000 Ohio University Women Grads

MARGARET BOYD (inset above) was proud of the honor to be Ohio University's first woman graduate in 1873. She expressed her feelings as shown in the excerpt from her diary. She refers to the comments of one of her professors. Miss Boyd will be honored next year during the University's Sesquicentennial celebration. Although she came later in the history of the oldest university in the Northwest Territory, she is recognized as a pioneer. She won the right to be accepted as the first woman student, thereby opening the doors of the school for some 6,000 women graduates who followed her. The woman's dormitory (above) is named Boyd Hall in her honor.

Good Health For All

MIND AND MATTER

One of the most important advances in medical science in this generation has been increased understanding of the inseparable relation between mind and body.

No one thinks of tuberculosis as a disease of the mind, since it is an infectious disease caused by a germ. But doctors have learned that recovery from the disease can depend as much on the TB patient's mental attitude as on his physical equipment.

The Columbus Tuberculosis Society states that an important part of treatment for TB is rest in bed. The person who finds he has the disease is usually faced with the prospect of a long stay in the hospital. Rest takes on a new meaning when it is something that must be done, possibly for months on end, so that the diseased lungs can heal. To accept not only the fact that one has TB, but also the necessity for the type of treatment prescribed, requires a definite mental adjustment.

The TB patient who refuses to go along with the treatment advised by his doctor lengthens his road to recovery. The anxious person who worries about his future and the welfare of his family is not going to rest properly. The Columbus Tuberculosis Society states that mental and emotional attitudes often determine whether the patient stays in the hospital until he is cured or leaves against medical advice, endangering his own life and others, too.

Modern TB treatment includes discovering and dealing with any problems and attitudes which may endanger the success of medical treatment. Doctors, nurses, social workers and others who work with the TB patient and his family stand ready to help him understand his illness and adjust to it. Together with the representatives of many community agencies, they help him prepare for his release from the hospital and the day when he will take an active part in community life.

The Columbus Tuberculosis Society has a supply of pamphlets on tuberculosis, available free of charge. Requests will be honored by calling AD. 3241.
